It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

The Committee on Orphan Home beg leave to make the following recommendation, as no special business has been referred to them. It is well known by all the members of this body, that we have located, within the bounds of this Synod, St. Paul's Orphan Home, located at Butler, Pa., thirty miles from this city. This Home has been under the general supervision of three of the Classes, which, in connection with West New York, constitute the Pittsburgh Synod The debt, which was originally eight thousand dollars, has been reduced as rapidly as possible. There will be another payment due in April the first, amounting to eleven hundred dollars, and no maney in the treasury to meet it. within the bounds of this Synod about forty-eight charges. It will require only twenty-three dollars from each of these, and the requisite amount will be raised. Let there be one united effort, and our Home will be out of all financial trouble. The cause of the orphan is one which meets with a ready response from the Christian heart, and we believe if all our congregations are afforded an opportunity, they will readily respond—We therefore propose the following plan.—That all the charges and congregrations within the bounds of this Synod be requested to lift a collection in behalf of St. Faul's Orphan Home on or before March 18th, 1870.

Respectfully submitted,

D. S. DIEFFENBACHER, Chairman.

A letter from Rev. D. Willers, of West New York Classis, was received and read. He was excused for non-attendance at this meeting of Synod.

Resolved, That the Stated Clerk be requested to publish an abstract of our proceedings in the Reformed Church Messenger, Christian World, Kirchenzeitung, and Evangelist.

Resolved, That the President be requested to furnish a copy of his sermon preached at the opening of this Synod for publication in the Messenger.

The Committee on Educational Institutes, submitted their report. It was received, and, pending a motion of adoption Synod adjourned.

to the patronage of our people.

Respectfully submitted,

J. G. SHUEMAKER, Chairman.

sented by Rev. Bielfeld, asking for mission aid.

C. C. RUSSELL, Chairman.

The Committee on the State of the Church submitted their report, which was received and adopted as follows:

Brethren in the Lord:

This being the first meeting of the Pittsburgh Synod, its principal business being to organize, and to take the preliminary steps in the general oversight and care of the church within its bounds, the report on the state of the church, in absence of reports from Classes, will content itself with reporting some general statistics, as these can be gathered from the minutes of Synod of Ohio and adjacent States, and of the Synod of North America. It is proper to state that these statistics are not strictly correct, especially so far as the Westmoreland Classis is concerned, since the best we can do is to take the statistics of the classical year ending September, 1869. We have in our bounds, ministers, 50; congregations, 122; communicant-members, 7,142; baptized members, 6,610; benevolent contributions during the last classical year, \$8,559.00.

Respectfully submitted, G. H. JOHNSTON, Chairman.

The Stated Clerk was instructed to furnish each Classis with an official copy of the Minutes of this meeting of Synod.

Resolved, That the thanks of this Synod be returned to the members of Grace Church, the First Church Allegheny, and St. Paul's, for their hospitable entertainment of its members.

Resolved, That the thanks of this Synod be returned to the Pennsylvania Central, Pittsburgh, Fort Wayne and Chicago, and Allegheny Valley Railroads for furnishing its members with excursion tickets.

Resolved, That the officers of Synod be instructed to procure a suitable seal for the use of Synod.

The roll was called, and Rev. L. B. Leasure, Elder John Wiegand, and C. Siebert were found absent without leave. Their cases were referred to their respective Classes.

The minutes of to-day's sessions were read, and approved. On motion adjourned.

Closed with Apostle's Creed, Lord's Prayer, the Doxology, and the Apostolic Benediction.

### ARTICLE VIII.

### STATE OF THE CHURCH.

The following report was received and adopted:

In the name of the Father, and of the Son, and of the Hely Ghost,

In presenting the first annual report on the state of the Church within the bounds of this Synod, your committee would not forget that it is our bounden duty first of all to give thanks unto the God and Father of our Lord Jesus Christ, for His great goodness and mercy toward us His unworthy servants, and that portion of His holy Zion which we represent. Hitherto the Lord hath helped us; to Him be glory and honor, thanksgiving and praise, for ever and ever.

From the reports placed in our hands it appears that the state of the Church within our bounds, while it is not all it could be desired, is nevertheless highly encouraging. While there are some things that cause us to mourn, still the general state of our Church is such as to admonish us to take heart, and to be strong in the Lord and in the might of His

strength.

The reports all bear testimony to the fact that, during the period which they cover, the word of the Gospel was faithfully preached, the holy sacraments regularly administered, the children and youth instructed and catechised. Pastors have been earnest and zealous in the work of the ministry, as it is apprehended and understood at this time in the Reformed Church; and the Classical reports in our hands give evidence in various ways that their work has been accepted and blessed by our Lord

Jesus Jesus Christ, the chief Shepherd and Bishop of souls.

The prevailing type of religion among us evidently is what may be called the churchly, sacramental, and educational. We have no faith in any modern inventions and contrivances of men for the regeneration, conversion, and sanctification of sinners; but on the contrary we have confidence in God's own means and ordinances appointed unto this end. This fact is alluded to in several of the reports in our hands. Stress is laid upon the sacraments as grace-bearing, saving ordinances. The Church, we believe, is not only the communion, but also the mother of saints. We are ready to say, with the fathers of old, and that in good faith: He that hath not the Church for his mother cannot have God for his Father. Holy Baptism, we believe, is ordained for the remission of sin and the gift of a new and spiritual life; the holy Supper for the nourishment of the regenerate or baptismal life; the preaching of the Gospel for the illumination of the mind and for growth in the knowledge of our Lord and Saviour Jesus Christ.

Such is our faith, and such the Gospel that we preach. We believe that it is the old Gospel. And that it is still, as it was in the days of St. Paul, the power of God unto salvation to every one that believeth, is evidenced in various ways by the reports before us. These all speak of greater devotion on the part of our people to the Lord and His cause. Our people love the Church more than formerly; and when there is love

to the Church, there must be also love to the Lord.

True, as several of the reports also admit, the effect of the Gospel as we preach it, does not at once manifest itself in the way of outward demonstration and show. But our Saviour himself tells us that the kingdom of heaven cometh not with observation. None of the reports had anything to say of extraordinary effusions of the Spirit, of so-called Pentecostal seasons, and the like; and one of them expressly says that none have occurred. But if we have faith in the one Pentecostal miracle, is not this as it should be? Is not the Holy Ghost continually present in the Church and operative in the ordinances of the Gospel to regenerate, convert, and sanctify? As the dews of heaven are gentle, so also is the power and grace of the Holy Spirit. He is not in the earthquake, nor in the fire, nor in the rushing wind, but in the still, small voice. " bo is the kingdom of God as if a man should cast seed into the ground; and should sleep and rise night and day, and the seed should spring and grow up, he knoweth not how. For the earth bringeth forth fruit of herself; first the blade, then the car, after that the full corn in the ear."

All the reports in our hands speak of a growing Church-consciousness among our people. This manifests itself in a variety of ways: it manifests itself in more earnest attention to the Frenched Word, and a more active participation in the worship of the sanctuary. Our people do not go to Church simply in order to see and hear, but to worship. So also there is beginning to be a more devout and regular observance of the Holy Sacraments. The disproportion between the confirmed and communicant members of the Church is becoming smaller; although it is still too large Parents also are said to be more concerned for the baptism of their children than was the case some years ago, at least in certain sections of this Syood. The Church Festivals are more commonly observed by our pastors and people than was the case in former years, and they always prove to be revivals in the true sense.

One of the reports also refers to the style of our church architecture. New churches are built and old once repaired; and in this case the new is decidedly better than the old. The reports say that the spirit of benevolence manifest among our people is commendable; but they all admit too that in this regard there is still large room for improvement.

But while our present condition as a Church is good and generally encouraging, there is great work before us still. Our territory is large, and as yet in many places but poorly cultivated Within the bounds of this Synod there are cities and towns by the score, in which our Church is as yet unknown. From all these the Macedonian cry counds in our ears, Come and help us! The harvest before us is great—greater perhaps than any of us have any idea now. It will require us to labor faithfully in the future. It will require sacrifices at our hands. And it will require many more men and more means than we have at our command now. "Pray ye the Lord of the harvest, that He may send laborers into the harvest."

We present a summary of the statistics of the Synod: Ministers, 50; congregations, 128; unconfirmed members, 8,110; confirmed members 9,841; communicants, 7,773; baptisms, 1,019; confirmations, 545; received by certificate, 277; dismissed, 108; deaths, 225; Sunday Schools, 80; Sunday School scholars, 4,935; benevolent contributions, **\$6,043** 97.

Respectfully submitted.

WM. RUPP, Chairman.

### ARTICLE IX.

### MISSIONS.

The Committee on Missions offered their report, which was received, but, after some discussion, was recommitted, with the addition of Rev. D. B. Ernst and Elder T. J. Craig to the Committee.

The Committee subsequently offered the following report, which was received and adopted.

Your Committee on Missions beg leave respectfully to report that the following documents have been referred to it, viz:

A letter to this Synod from the Rev. B. Bausman, President of the General Synod's Board of Home Missions.

2. The report of the Committee of this Synod, appointed at its preliminary meeting at Pittsburgh, to which was referred the general subject of Missions within the bounds of this Synod.

3. Item two of the report of the Committee on Minutes of Classes, viz: The request of the West New York Classis that this Synod elect a

Missionary Superintendent for the Synod.

In view of the documents referred to your Committee, as also the instructions given to it, the following action is recommended for adoption,

Resolved, That this Synod elect a suitable person as Missionary Superintendent, who shall act in proper harmony with the General Synod's Board of Home Missions, and who shall have the entire supervision of all the missionary interests within the bounds of this Synod, and shall make a full report to this Synod at its next annual meeting, giving a detailed account of all the Missions. He shall have power to establish new missions at such places and to such extent as he shall be able to provide means for their support.

Resolved, That each Classis shall, at its next annual meeting, elect a Superintendent, or Committee on Missions, to advise with and aid said Synodical Superintendent; and until the next annual meeting of the Classis, the present missionary committees shall co-operate with the

Superintendent.

Resolved, That the Synod pay the said Superintendent at the rate of eight hundred dollars [\$800.00] per annum, and traveling expenses for his services.

Resolved, That the sum of four hundred dollars [\$400.00] be assessed on the different Classes to carry out the foregoing resolution.

Resolved, That the Mission funds contributed by the several Classes, not already appropriated for the support of Missions within their bounds, be paid by the respective Treasurers into the hands of the Treasurer of this Synod, to be paid by him to the support of such new Missions as may be established.

Whilst your Committee recommend this plan, it would at the same time seek to infuse a missionary spirit into each member of this Synod. The election of a Superintendent for Synod, and of Classical Superintendents or Committees, is only to give proper form to the work which should lie near to the heart of every one, and in which every member of this Synod should count it a privilege to engage. Let us seek to keep and cultivate the missionary spirit and zeal of the pioneers and fathers who have cultivated the field embraced by this Synod. They sought out, and laid hold of missionary points, and in this way established many of the congregations of this Synod.

Let it not be thought that because we have a Superintendent and Classical Committees that this relieves others from interest in the missionary work, but that it should rather increase the interest and zeal of every one, and that all should feel themselves called anew to the work of gathering and building up, and in this way give efficiency to the operations of

the Superindentent and Committees.

Respectfully submitted,

J. F. WIANT, Chairman.

REV. F. K. LEVAN was elected Missionary Superintendent.

### ARTICLE XII.

### MISCELLANEOUS.

### EDUCATION.

The Committee appointed to take the general educational interest of this Synod into consideration, and to propose a plan as to place and manner of getting up a Literary Institution in behalf of this section of the church, respectfully beg leave to report as follows:

The subject is one of vital importance. It has a direct bearing upon the great work entrusted to this Synod of developing and furthering the interests of the church within its bounds, for the promotion of man's salvation and the glory of God. By no other single means can it better

accomplish this end than by establishing a good Literary Institution, such as will meet its wants. Such an institution will serve as a centre to bind the Synod, which is now quite a compact body as to territory, still more closely together drawing pupils and parents to itself from every part, and

diffusing Christian light and learning back to its utmost bounds.

What our church needs, to become still more efficient in the Master's cause, is just the awakening of its people to a sense of the great powers still slumbering in its bosom. The more the light of Christian learning shines abroad, the more energetic will our people be in working for the church and the spread of Christ's kingdom. That we have not been as prosperous outwardly and vigorous as some denominations around us, not as old as ourselves, is owing no doubt as much to past remissness in this direction, as to any other one cause. A Christian Literary Institution, that will be able to reach in its influence our hundreds of families, would soon be felt as a mighty power in the Synod, which would be seen in the increased activity and zeal of the people in every department of Christian

Let these statements be admitted, and it becomes a matter of solemn duty for this Synod to make suitable provision for these wants of her children.

As to the kind of Institution that our needs require, we may remark, in the first place, that it should be one that will fall in with the general plan of education of the church at large, with respect to institutions both of a lower and higher grade. It should be of such a character and possess such advantages as to draw students continually from local classical schools, which might easily be sustained in every well-populated district or community, The Synodical School in turn should look to something higher than itself, to a Central Institution of the church at large, or University, which it is now the longing of many of our learned men to establish.

In the second place, our institution should be for both males and females. Our girls and young ladies need to be educated as well as our boys and young men. Should the time come when we will feel ourselves able, and see any necessity therefor, we can easily then establish two separate Institutions. But for a Synodical School of the kind proposed, there are some advantages in the educating of the sexes together that can not otherwise be enjoyed. Members of the same family could be educated at the same place, and the prevalence of a family life, so desirable at this formative period of human existence, would be more attainable, including as it does the cultivation of good manners and habits for mingling in Wherever this plan has been properly tried, it has proved an entire success. By such an Institution we would be able to fit young men for all the ordinary pursuits in life, as well as provide a full course in the case of young ladies

Parents and guardians, after securing for their children or wards all the benefits which their local schools afford, still see the importance of sending daughters and sons abroad for one, two, or three years to some higher institution, to enjoy advantages they can not enjoy at home. Besides, the majority can not have even good local schools near enough to board their children at home. If we do not make proper provisions for their wants, they will either be compelled to send them away to a great distance, which many are loath to do, or else to institutions of other churches, whereby they frequently become lost altogether to their own. No other church can provide for our own children as well as we can provide for them ourselves.

In the next place, our Institution should be properly and permanently located from the beginning. In this respect we ought to learn a wholesome lesson from our past experience. Such a location should be selected as would, in all respects, looking to the future as well as to the present, meet most fully the wants of the Synod as a whole. To this end it should be centrally located in order to draw its patronage from our whole territory, and not so much from any one particular point. It should be on the line of a railroad, so as to be readily accessible from all directions. It should be so situated as to be able to reap the benefits both of country and city life.

The city of Pittsburgh is confessedly the centre of commercial life for the territory covered by this Synod. All the Railways in this section of the State centre there. Our Synod itself is fitly called after its name. It is the home of immense wealth; its importance is continually increasing; its influence is felt and universally acknowledged. Some location in the country, within easy and frequent access by rail to the city, seems to

be a natural suggestion.

In the last place, our Institution should be equal to the best of its class in other churches. This we can make it, by concentrating all our efforts upon it, such as no mere local school could possibly be. Each department should be presided over by a competent teacher, and every facility afforded, for all who desire, to pursue music, painting, and other extra branches. The expenses should be moderate, so as to be within the reach of men of moderate means. But, in addition to all this, it should be a positively Christian School, not in any sense of a sectarian character, but in such sense as to afford the pupils the opportunity at least of enjoying all the blessings and privileges of the Church. For this purpose, a congregation might be organized in connection with the school, and thus have the students confronted all the time with the realities of religion, in the ordinances of God's house. This feature is successfully, and with highly satisfactory results, carried out both at Lancaster, and Mercers-, burg. It can not easily be overvalued. Pupils are away at school mostly from the age of twelve years to twenty, a critical period in their lives, the very period in which they ought to attend catechetical instruction, and be admitted to full communion with the church. Children no less than their parents need the Bread of Life for their growth in grace. While their mental development is attended to, full provision should also be made for their spiritual wants. Education divorced from religion, as it is coming to be universally felt, will fail of its end.

The management and control of the Institution should be left in the hands of a Board of Trustees, elected by Synod. This body should not be large, as experience teaches us that a small number of men, active and zealous, is far more efficient than a large number, living so far apart as hardly to be able to get together, even once a year, to form a quorum. The sum of at least forty thousand dollars will be required to purchase the ground, erect the necessary buildings, and properly furnish the same. We believe that our people will come up to this requirement, if the subject, in all its importance and bearing upon the best interests of the church, be clearly laid before them. What is most needed is for this

Synod to enter heartily into this Christian enterprise, and as heartily commend it to all her people.

Your Committee therefore offer for consideration the following resolu-

tions :

Resolved, That Synod at this meeting elect nine Trustees three for three years, three for two years, and three for one year; and three at

every annual meeting thereafter, to serve for three years.

Resolved, That the Trustees thus elected be directed to meet in the City of Pittsburgh on the 28th day of December, 1870, in the morning at 10 o'clock, who shall elect their officers from their own number, and proceed at once to be incorporated under a proper title, and in general accordance with this action of Synod.

Resolved, That the Trustees be requested to proceed at once to the election of a President for the Institution, who shall visit our various Charges and bring the matter before them, to elicit their patronage, and to secure the necessary funds, or else appoint some other agent for this

ригрове

Resolved, That the Trustees be requested to proceed to the establishment of the School as soon as in their judgment the way be properly open, and to present to Synod at every annual meeting a report of its condition, prospects, and wants.

Resolved, That we hereby heartily commend this subject to the atten-

tion of our Pastors and people.

Respectfully submitted,

W. E. KREBS, Chairman

The Committee on Nominations for Trustees reported a double set of Candidates; an election by ballot was held, which resulted in the election of the following persons as Trustees of the Literary Institution:

Wm. E. Schmertz, Rev. W. E. Krebs, and C. M. Bousch, Esq., for three years; Christian Siebert, Rev. A. J. Heller, and B. Wolff, Jr., for two years; Rev. T. J. Barkley, W. J. Baer, Esq., and Rev. F. K. Levan, for one year.

### ORDER OF WORSHIP.

Resolved, That this Synod rejoices at the peaceable and happy solution

of the question of the Liturgy.

Resolved, That we are glad to learn that both the Liturgies now before the Church are in process of translation into the German language, so that they may be tried by the German churches, as well as by the English.

### ORPHAN HOME.

The following Preamble and Resolutions were adopted:

Whereas, We have within the bounds of this Synod a flourishing Orphan Home, which has been under the care of the Classes in their separate capacity: and Whereas, It would be desirable to bring this Institution into closer connection with the Synod as such; therefore,

Resolved, That the Board of Directors of St. Paul's Orphan Home, at Butler, Pa., be and are hereby respectfully requested to take the necessary steps to have the members of the Board elected by Synod, instead of

being elected by the several Classes.

Resolved, That we hereby commend this Orphan Home to all our people, and earnestly ask them to remember it in their prayers and charities, and request all our Pastors to take up collections at their Christmas Festivals for the benefit of the Home, and make earnest efforts to cancel the debt still resting upon it.

### CHARTER OF INCORPORATION.

#### STATE OF THE CHURCH.

The following report was received from the Committee on this subject, and adopted:

FATHERS AND BRETHREN IN THE LORD:

A spontaneous impulse of the human heart, when it is under the influence of divine grace, is gratitude for temporal mercies. Man is

naturally so frail, that his bosom swells with emotion of gratitude, when the few short years of his earthly pilgrimage pass over him, one by one, leaving him in the enjoyment of a sufficient degree of health and strength to take part in the work of life. The ministers of this Synod, with one accord, render thanks to the Lord, the Giver of all mercies, for life and health vouchsafed unto them, so that they have had power to obey His, will, and work in His vineyard. In all our borders, the voice of thanksgiving and praise goes up to the Father of all; for there has been no famine; seed-time and harvest have not failed us; the pestilence has not devastated our homes; the sword has not slain our young men; we have been permitted to live under our own vine and fig-tree, none molesting us; none making us afraid. The temporal interests of this Synod, in the way of life, health and general prosperity, are all that could be desired. This is encouraging.

The spiritual condition of the Church within our bounds seems also to be healthful. The threefold function of the ministry is represented with considerable talent, untiring industry, and devoted piety. The Gospel is faithfully proclaimed, each minister holding from two to three services every Lord's day. The Gospel is not preached at random, but according to the deepest law of its life, the ministers unfold its true sense and meaning by taking their stand in the bosom of the Church Year, so that they may have power to present the whole plan of redemption in beautiful order, causing all the mysteries of our salvation to pass, one after the other, before the eye of faith, thus aiding the Christian in a way it cannot otherwise be done, to give an answer to every man that asketh a reason for the hope that is In this way, truly, and really, can the faith of each individual Christian have substantial contents upon which to fasten, as a true anchor to the soul. The Gospel has true supernatural reality, centering in, and clustering around, the person of our Lord Jesus-Christ, when made to pass before our spiritual vision in the "heavenly orbit of the Church Year." This once apprehended by faith, grace becomes as power in man, moving him to every good word and work. The character of the piety and practical Christian life among us. certifies to the kind of Gospel that is proclaimed. The tree is known by its fruit. Where the Gospel in its free character, is brought to bear on the heart and conscience of man, it will condition his faith, his worship, his benevolence, his walk and conversation, in all the social and religious relations of life.

So also, the State of the Church is conditioned among us by the constant and faithful manner, in which the holy sacraments, the mysteries of God, are set forth and administered. Parents must see to it, that their children are baptized. "That which is born of the flesh, is flesh." "Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God." "Suffer the little children tocome unto me." The little children are to be suffered to come to Christ. But how shall they come, except the parents bring them? The children are baptized. Not only this, but parents and pastors are engaged in training them up in the nurture of the Lord, so that now.

there are few children among us, baptized members of the Church, that do not in due time also become communicant members, and thus assume for themselves the responsibilities of the Christian life.

The Preparatory services are being attended better than in the past. The Holy Communion, the inmost sanctuary of the whole Christian worship, is approached, not only to show that there is a willingness to observe the Saviour's dying command, Do this in remembrance of me; but it is also a drawing nigh to God in these holy mysteries, that He, by His Spirit, through the Holy Sacrament of His own body and blood, may do something for us, even feed us, upon heavenly realities, unto everlasting life. These seasons of Communion are always times of refreshing from the presence of the Lord; and many an aged saint, with pilgrim staff in hand, as well as those in the first flush of Christian love, gather around the sacramental altars in this Synod, while the tears of penitence and faith moisten their eyes, thankful for the holy privilege of being reckoned among the company of the Patriarchs and Prophets, Apostles and Martyrs, Confessors and Saints of all ages, who lived in the power of the same faith, died in the Lord, and now reign with Him on high. Communion with God is communion with Him in the Church. The communion of saints holds in the fellowship of the Church. How blessed to be in such fellowship, and to be strengthened in it by the powers of the world to come.

In order that the work of the Christian salvation may be carried forward, according to the true sense and meaning of the Gospel, it is not only necessary that preaching, and administering the sacraments, should be faithfully attended to; but Church Discipline must also have its fall right. There is far less stress laid upon this function of the ministry, than upon the others; and yet in its place, it is just as important for the health and prosperity of the Church, as are the preaching of the Gospel, and the administration of the sacraments. is ruling done among us, but there is not enough of it done; there is regard had for the Church Discipline, but it is exercised rather as a necessity, than as a matter of duty, and from a solemn sense of obligation holding in the office of the ministry itself. The state of the Church in our borders would be sounder, more prosperous and happy, if the keys were made to have that prominence, which, in the nature of the case, they were designed to have from the beginning. preaching of the Gospel, in its true sense and character, and the administration of the sacraments, God's ordinances, means of graceappointed for the purposes of salvation, these come to their full right among us; but the exercise of the kingly function of the Church needs to be elevated to the true level of a co-ordinate branch of the ministry, with the prophetical and the priestly functions, and then this Synod will be able to make still greater progress in bearing down the strongholds of sin and Satan, and in building up the saints in their most holy faith.

The work of this Synod is largely a missionary work. Many of our congregations, and a number of our charges, have been receiving aid, and still need it. There are thirteen missions and missionary points

within our bounds, now occupied, and many others might be started. if the men and the means were at hand to bring them to the birth, and nurse them until they could stand on their feet. The communicant membership numbers nearly ten thousand, and the baptized membership is about the same. The prospects are, that, if we push the work as God has given us strength to push it, we cannot only establish all the congregations now organized, but also as many more as there may be material at hand, out of which to construct them. There are fifteen young men now on the lists, studying for the ministry, ten of whom are Beneficiaries. This is well. It shows that there is a missionary spirit among us, and that there is an earnest effort being made to meet the pressing demands upon us. The great majority of the ministers of this Synod are young men; only a few sires with silvery locks, are to be seen. Old and young work early and late, in rain and shine, in cold and heat, for the common cause. There is, perhaps, no portion of the Church characterized with greater activity and buoyancy of spirit, self-denying zeal and love for the cause to which this Synod is wedded—Christ and His Church—than is apparent among us. This can be said, not in the spirit of vain boasting, but in the spirit of Him, who labored early and late for the good of the race.

Christian charity—alms-giving—is on the increase among us. If it is true, as has been assumed all through this report, that there is progress among us, a being apprehended more and more, and therefore a large apprehending of grace and life of our Lord and Saviour Jesus Christ, then also must it follow, that charity and alms deeds must be on the increase. Last year something over six thousand dollars were reported, as flowing into the treasury; and this year just closed, the sum is almost nine thousand, showing quite an increase. Of course, there were many other charities not reported, but these show that there is progress. If this much is done, with so little effort, in comparison with the means at command, what might not be done, if each one laid by him in store something upon the first day of the week, as God has prospered him? The systematic plan of almsgiving, has not been introduced as yet, in many of the congregations of this Synod. That it is scriptural all admit; and we believe we give the sense of this Synod, in saying, there ought to be no rest day nor night among ministers and elders until the conviction is established in the hearts of all our members, that they ought not, and must not come up to the house of God for prayer and praise without bringing their offerings with them. When that day comes, the waste places of Zion will be speedily rebuilt, and the glory of the Lord rise upon her as in the days of old.

The Orphan Home, at Butler is now properly the child of this Synod by adoption, and it is therefore the solemn duty of the Synod to give it its general oversight and care, and particularly also to contribute towards its daily and weekly wants. No interest lies nearer the Christian heart, than the cause of the fatherless and the widow. These are God's poor, which we have always with us. By

keeping the orphan cause before our people, much can be done to cultivate that true charity, which belongs to pure and undefiled religion. Charity is the bond of perfectness. Let alms and prayers be offered up together as belonging to one and the same service, and then will greater prosperity and peace crown our borders.

Respectfully submitted,

G. H. JOHNSTON, Chairman.

#### MISSIONS.

The following report of the Missionary Superintendent for the year ending October, 1871, was received and read, and referred to the Committee on Missions:

#### DEAR BRETHREN :-

The following tabular statement will help to bring somewhat to our view the mission work of the Pittsburgh Synod:

#### WEST NEW YORK CLASSIS.

Almost all these Missions are in a very promising condition; and the most of them in large and growing centres of population. None of them can yet be left to itself during the coming year, and appropriations should be made for Brady's Bend, Parker, and Triadelphia, both left blank in the foregoing statement. Several new points are

about asking for support, and prospective provision should be made for them. This Synod may congratulate itself on having within its bounds one of the best missionary fields in America, abounding in population that solicitously looks to us for support and direction. By husbanding our opportunities, and liberally using our means, we can raise in six years' time our present membership of 10,000 to at least 20,000.

Your Superintendent visited, during the year, almost the entire territory of the Synod, and many parts several times, as necessity demanded. and he must say that the greater his familiarity with the field became, the greater did his joy at the favorable prospects, and his assurance of our Divine call in it become. Let us only rise to the full measure of our privileges, and the pressing calls of our duty.

#### PRESTON, CANADA.

This Mission was organized by the Rev. H. Bielfeld, who has also been its pastor all along, but is now about taking charge of the Zwingli congregation at Harrisburg, Pa. He has labored here with great self-denial. The field embraces two points, Preston and Hamburg. At the latter place our people worship in the Presbyterian Church, which they have helped to build; and at the former there is some prospect that the congregation may be able to build for itself. This Mission seems to be our entering-wedge into the British Dominion, and on that account has special claims upon our fostering care. To get an efficient man the appropriation ought to be raised from \$100 to \$200.

#### EBENEZER, NEW YORK.

This Charge is a child of Zion's congregation in Buffalo. For some time past Rev. John Knie has labored here with success. Until lately the General Board sustained him, but now the Mission is transferred to our own care. The congregation has subscribed liberally for the building of a new, suitable house of worship, but looks to us for an appropriation of \$75 00.

#### MEADVILLE, PA.

The congregation in this thriving city seems to be making steady progress. It has a large fine brick church, and a growing population to work upon. Appropriation \$200.

#### LONDON, PA.

I regret to report that owing to continued ill health, the missionary of this charge, Rev. E. H. Dieffenbacher, has felt himself constrained to resign. He has done a good work, and while it is hoped a worthy successor may soon be found, the prayers of many will be offered for his own speedy restoration. Owing to new mineral developments in the vicinity of the congregations of this charge, there is prospect of a growth of population, and so of the membership. The appropriation should continue at \$200.

#### BRADY'S BEND AND PARKER.

To the Rev. C. A. Limberg is due the credit of organizing the congregation at Brady's Bend, and bringing it to its present flourishing condition. It is now proposed to connect with it Parker, a thriving oil town of several thousand inhabitants, on the Allegheny river. This will be a most promising field in the hands of a right-spirited pastor, who is an immediate necessity. The appropriation must be at least \$100: and may need to be from that on anywhere up to \$300.

#### KITTANNING AND EMLENTON.

After many years of struggling we have now a suitable church, and a promising congregation, at Kittanning, the county seat of Armstrong county. It is proposed to connect with it the congregation at Emlenton, higher up the river. This latter town is growing fast, and now is the time to strengthen our interests there, which is already quite respectable. A pastor is wanted at once. The Clarion Classis, and your Superintendent, have agreed that an allowance of \$400 should be made to this charge.

#### ZION'S VALLEY, ARMSTRONG COUNTY, PA.

This is a new charge constituted by Clarion Classis. The congregation from which it takes its name, was brought to its present flourishing condition, and the new church built, under the superintendence of Rev. T. F. Stauffer. At one or two other points in connection with it, it is presumed organizations may gradually be formed, and thus the good work widened as well as a self-sustaining field constituted. Rev. J. Grant has received and accepted a call, with an allowance of \$150 from the Missionary Treasury.

#### TRIADELPHIA, WEST VIRGINIA.

This is a new Mission, organized through the active efforts of Rev. J. Fuendeling, of Wheeling, who is still its supply. The congregation, St. Paul's, has bought the Methodist Church, and is reconstructing it after the more German churchly style. Seventeen families have so far been gathered. The town in which it is located lies both along the National Turnpike and the Hempfield Railroad. An effort is now making to secure a permanent pastor, who probably will succeed in gathering the scattered Germans in neighboring communities. I would recommend an appropriation of \$150. We have here an outpost in a most promising section of country hitherto unoccupied by us.

#### PITTSBURGH, PA.

In this great city, in which Father Weber, who laid the foundation of our Church within the bounds of this Synod, already organized a congregation in 1783, and which has since been allowed to pass out of our communion, we have at present two Missions, with a third right along its border.

- -·

Total Transition of the contract of the contra

#### ·- - -

Mission, has since become one of our most flourishing, self-supporting charges; I mean the congregation at Frostburg. The present German congregation at Cumberland was gathered by the Frostburg pastor, Rev. J. Ruhl; and raised to the ninety members it now has by the labors of the efficient Missionary, Rev. C. Cast. The Presbyterian Church, in the heart of that growing city, has been purchased, and if the first payment of \$2,000, next mouth, can be met, the congregation will doubtless soon be a complete success. The appropriation is \$500.

This hurried Synopsis of the work in this Synod speaks for itself. Thirteen Missions; some having two or three congregations; with an outlay bordering on \$4,000. Considering our youth as a Synod, and our limited membership, compared with the other Synods, let us thank God for what he has enabled us to do. At the last Classical Meetings ample provision was made for seeing all these stations safe through the present year. Let every one do his allotted share, and not a dollar will be wanting.

I should here add that quite a number of places have made application to me, during the year, asking our fostering care; but, partly for lack of suitable men as pastors, and partly for lack of means, I could not effectively serve them.

In West Virginia I may mention Grafton and Parkersburg.

At Bellaire, Ohio, just below Wheeling, Bro. Fuendeling and myself were at the point of succeeding with the establishment and permanent supply of a congregation, when, by a sharp movement of an English element there, we were, for the time, defeated.

By the active aid of the pastor at Buffalo, N. Y., the ground was prepared, during my last visit, for the formation of a society, with the view of buying a lot and erecting a chapel for a second church in that flourishing city. The movement should now be steadily pushed onward.

The congregation at Johnstown, Pa., is still without a pastor; not because we have no prospects there, but because we are disabled by the possession of an unsuitable and unsaleable church property.

Your Superintendent has traveled much, during the year, over the large territory of the Synod. He has traveled nearly 4,000 miles by railroad, on work connected with his office; and has given to it three-fourths of the Sundays in the year, and well nigh one third his week-day time. The amount of labor required proved much greater than the Synod seems to have contemplated at its last annual meeting, when it held that one-fourth of the year, divided into parts over the whole, would meet the case. It has, however, been cheerfully done, and has carried with it largely, all the time, its own reward. Wherever I could lend a helping hand, not only to the Missions proper, but also to vacant charges, and to pastors in their fields of labor, I refused no request, if time and strength admitted of my service.

Our missionary efforts need a common organization; simple, harmonious, and equal to the demands made upon it. How may this be secured? I would suggest the following method as involving substantially the indispensable conditions of success throughout our entire field, in the blessed work:

- 1. Our Missionary operations must be Synodical, primarily; Classical, secondarily. Thus, bearing each other's burdens, the weak will become strong, and the strong stronger.
- 2. Let the general work be put into the hands of a Missionary Committee, small in the number of its members, and responsible to this Synod. Let there also be a Superintendent of Missions in each Classis, who, with respect to the work within his Classis, shall be a full member of said Committee.
- 3. The amount of money needed for the coming year, must be approximately ascertained by Synod, and apportioned among the several Classes. The Classes apportion their respective amounts among their charges, at the next annual meeting. The charges pay to the Treasurer of their Classis, and he to the Treasurer of Synod, who shall be, exafficio, the general Missionary Treasurer of the Synod.
- 4. The Committee on Missions shall have power, at their discretion, to collect backstanding missionary dues in any of the charges in which they occur.
- 5. Among the specific duties of the Committee on Missions, shall be the designation or approval of Mission Stations and congregations, and the sums to be appropriated to them severally, their amount not to exceed the amount appropriated for the year, by the Synod; and a general care and supervision of the work, singular, and as a whole.
- 6. The Committee of Missions shall also furnish the General Board of Missions, annually, with a full statement of their operations; and cause all moneys in their hands, not needed within the bounds of this Synod, to be paid into the treasury of the General Board.

Yours, respectfully,

F. K. LEVAN,

Missionary Superintendent.

The Committee on Missions presented their report, which was received, amended, and adopted as follows:

Your Committee on Missions beg leave respectfully to report that the following documents have come into their hands:

- 1. A communication from Rev. Dr. Willers asking Synod to hold a Missionary Festival.
- Clarion Classis requests Synod to direct its Missionary Superintendent to report annually to the General Synod's Board of Missions.

- 3. The annual report of the Superintendent of Missions.
- 4. A petition from St. James congregation, Twentieth Ward, Pittsburgh, asking the appropriation of \$100, toward the salary still due Rev. Voeglin, their former Pastor.

Having considered all matters referred to it, and the general subject, your Committee would recommend the following action:

- 1. Resolved, That Synod hold a missionary festival on Monday evening, the proceeds to be appropriated to Cumberland Mission.
- 2. Resolved, That Synod reiterate so much of last year's action as is contained in the first two resolutions of that action.
- 3. Resolved, That Synod annually apportion such amount upon the several Classes, and the Classes upon the several Charges, as will be necessary to meet the demands of the cause during the succeeding year, and that these amounts shall be paid to the Treasurer of Synod by the Classical Treasurers.
- 4. Resolved, That the Superintendent of Missions shall also furnish the General Board of Missions annually with a full statement of the Mission work of Synod.
- 5. Resolved, That the salary of the Missionary Superintendent shall be \$1,000 per annum, and \$150 per annum for traveling expenses.
- 6. Resolved, That Synod grant the request of the St. James congregation of Pittsburgh.
- 7. Resolved, That the several Classes be requested to acquiesce in this plan of carrying on our Mission work.
- 8. Resolved, That the Synod urges all its members to use earnest efforts to awaken and cultivate in the hearts of our people a zealous and self-sacrificing missionary spirit.

Respectfully submitted,

J. A. HOFFHEINS, Chairman.

The Missionary Festival was held on Monday evening. The addresses were delivered, according to the appointment of Synod, by Rev. J. B. Kniest, F. K. Levan, and J. I. Swander. A collection was taken up, and pledges received, for the benefit of Cumberland Mission.

The Treasurer was authorized to pay the sum of \$100 to the St. James Congregation of Pittsburgh.

The Rev. GEO. H. JOHNSTON was elected Missionary Superintendent, and the Stated Clerk was instructed to make out and forward him a call. The apportionment of the amount necessary for our mission-points on the several Classes was referred to a special Committee, consisting of Rev. F. K. Levan, J. F. Wiant, and J. I. Swander, who presented the following report:

Your Committee on the apportionment for Missions would report as follows: They have carefully examined the prospective demands upon the Treasury for which provision should be made at the next annual meetings of the several Classes, and find the whole amount to be \$3,600. They have divided this sum among the Classes on the basis of their communicant membership respectively: Clarion, \$885; St. Paul's, \$885; Westmoreland, \$1,530; and West New York, \$300. Respectfully submitted,

F. K. LEVAN, Chairman.

The report was received, and then referred to the Missionary Superintendent and his advisers, with discretionary powers.

T. F. STAUFFER, Chairman.

The following Resolution was passed:

Resolved, That the Treasurer of Synod be elected annually immediately after the election of a Trustee of Synod.

W. E. SCHMERTZ was re-elected Treasurer of Synod for the ensuing year.

A special Committee, consisting of Rev. J. J. Pennypacker, F. Wise, and Elder W. G. King, was appointed to collect 25 cents from each member of Synod for the remuneration of the sexton. The committee subsequently reported that they had collected the sum of thirteen dollars and fifty cents. They were ordered to pay it to the sexton.

Resolved, That the Directors elected by the said Synod at its annual meeting A. D. 1871 shall go into office at the following annual meeting of this Board.

Correct copy from the Minutes.

T. J. CRAIG, Secretary.

Your Committee on Nominations having reported a double number of candidates, an election was held by ballot, which resulted in the choice of the following persons as Directors of the Home.

Rev. J. F. Wiant, Rev. J. G. Shoemaker, Rev. T. J. Barkley, and Rev. F. K. Levan, for four years.

W. E. Schmertz, C. M. Boush, Rev. C. A. Limberg, and Rev. J. I. Swander, for three years.

T. J. Craig, C. Siebert, L. H. Voigt, and Rev. A. Dale, for two years, and

Rev. W. E. Krebs, Rev. J. B. Kniest, Rev. J. F. Snyder, and Rev. D. D. Leberman, for one year.

The following report was received and adopted:

Your Committee on the St. Paul's Orphan Home would respectfully beg leave to offer the following report:

The enterprise of an Orphan Home was begun with much fear and trembling. The blessing of Him who is a Father to the fatherless has been upon this Institution much beyond our expectation and our faith. The cost of the property purchased was \$8,000. This has all been paid. The value of this property has risen since the time of purchase so that it is now worth more than \$30,000, or four times its first cost.

The St. Paul's Orphan Home opened with the introduction of three orphans. The number has steadily grown until it has reached thirtynine. There is a number of applications for admission of still other orphans into the Home, so that it will continue to grow until it shall accomplish its whole work according to its capacity.

Thus far ample provision, in food and clothing, has always been at hand. Our people have done this freely without special efforts, further than to make a plain statement of what was needed.

The health of the inmates of the Home has been excellent. There has not been a single death among the orphans in all these years. Truly this is a matter that calls for our gratitude to our Heavenly Father.

Many repairs were needed on the buildings and on the grounds. Some, such as roofing the main building and verandas, repairing chim neys, weils, cistern; also of the barn, with other minor matters, were made at an expense of nearly one thousand dollars. Many repairs are yet needed for the proper preservation of the property, and for the health, comfort, and convenience of its inmates. Considerable expense will have to be incurred for making provision for other orphans yet to be received. Therefore, to carry on our Home successfully, we must not relax our efforts in the least degree. Our people should be kept informed of its workings and its wants, that they may become properly interested, and give of their means, and thus realize the blessings promised to those who visit the fatherless; remembering also the words of the Saviour, where He says, "Inasmuch as ye have done it unto one of the least of these ye have done it unto me."

Your Committee, therefore, would suggest the following action:

Resolved, That we heartily recommend the St. Paul's Orphan Home to the sympathies and prayers of our pastors and people.

Resolved, That at our Christmas Festivals, special collections be taken, and that these be devoted to the Home.

Respectfully submitted, .

A. DALE, Chairman.

Respectfully submitted,

F. K. LEVAN, Chairman.

#### PUBLICATION.

The attention of the Synod having been called to the fact that it has no Church Paper of its own to represent its interests, a special Committee, consisting of Rev. G. H. Johnston, J. B. Kniest, D. B. Ernst, Elder Wm. G. King and Wm. R. Barnhart, was appointed, to take this subject into consideration, and report a minute thereon to Synod. They presented their report, which was received, amended, and adopted as follows:

The Committee appointed to report on the publication interests of Synod offer the following:

Our Synod, in virtue of its location between the East and the West, having no College or Seminary within its bounds, and no publishing house or Church Organ, of its own, through which to represent its history and mission before the church and the world, feels itself in somewhat of an isolated condition. The Constitution assumes, that each Synod shall pay attention to the education of young men for the Ministry, shall have some publication facilities, and some organ, or organs, through which it shall be represented. Educational and publication facilities a Synod must have, either as its own property, or else the advantages which these interests afford for the prosperity of the church embraced within its bounds, must be accessible through the educational and publication establishments of another Synod, or Synods, of the Church. Without these advantages, no Synod can do-

the work contemplated in its organization. The question suggests itself, whether it were not best, if the Reformed Church in the United States had but one College, one Seminary, one English Paper and Publishing House, one German Paper and Publishing House, and one English, and one German Sunday School Paper. If the Church were well represented by one central establishment, comprehending these several interests under one controlling headship, animated by one spirit, whose genius would give shape and direction to all these members and functions necessary to do the work of the Church, it might be better for the peace and prosperity of our Zion than it is under existing circumstances. Then there would be no need for each Synod to spend so much of its time and talent in "serving tables."

But we must deal with things as they lie before us, doing what seems to be best. The following is proposed, possibly best calculated to meet our wants at this time:

- 1. Resolved, That this Synod hereby respectfully overtures the General Synod to consider the expediency of taking the necessary steps to concentrate the publishing interests of the Church in one establishment.
- 2. Resolved, That this Synod hereby respectfully overtures the Eastern Synod to take such action as will in the meantime give this Synod some representation in the "Reformed Church Messenger," by making provision that it be represented in the editorial committee of that paper, the persons to be designated by this Synod.
- 3. Resolved, That the Eastern Synod be, and is hereby requested to make a similar arrangement with regard to the German papers.
- 4. Resolved, That an editorial committee of three, two English and one German, be elected at this meeting, who shall hereby be authorized to make the necessary arrangements with the Eastern Board of Publication, in case the above overture be favorably responded to by the Eastern Synod.

Respectfully submitted,

G. H. JOHNSTON, Chairman.

Elder J. David Miller was requested to lay this action before the Eastern Synod at its present meeting in Pottstown.

The election of the editorial committee was referred to the Committee on Nominations. That Committee reported a double number of candidates, and an election by ballot was held, when the following persons were chosen as the editorial committee:

Rev. W. E. Krebs, Rev. F. K. Levan, for the English, and Rev. J. B. Kniest, for the German Paper.

#### INCORPORATION.

The following report of a special Committee appointed last year was received and adopted:

Your Committee appointed for the purpose of having the Charter, adopted by the Synod, confirmed by an Act of the Legislature of Pennsylvania, beg leave to report that they have successfully discharged that duty. At the suggestion of Speaker Wallace of the Senate, one or two technical changes were made. The Charter appears as bill No. 794, page 881, of the pamphlet laws of the State for the year 1871.

The Committee incurred an expense of twenty dollars.

# Respectfully submitted,

F. K. LEVAN, Chairman.

The Treasurer was authorized to pay the above expenses of the Committee.

The annual election of one Trustee of Synod was held by ballot, the Committee on Nominations having reported two candidates, which resulted in the choice of C. M. Boush, to serve for five years.

The Board of Trustees subsequently presented the following report, which was received and adopted:

The Board of Trustees of the Pittsburgh Synod of the Reformed Church in the United States met in the Second Reformed Church at Greensburg, Pa. Present, J. I. Swander, J. B. Kniest. C. M. Boush. On motion, C. M. Boush was elected President of the Board. On motion, J. B. Kniest was elected Vice President and Secretary of the Board.

It was on motion resolved that the terms of office for the members of this Board be as follows: C. M. Boush, five years; W. E. Schmertz, four years; J. B. Kniest, three years; J. I. Swander, two years; and George Reiter, sr., one year.

The Minutes of this session of the Board were read, as above recorded, and approved.

C. M. BOUSH, President. J. B. KNIEST, Secretary.

GREENSBURG, Pa., October 24, 1871.

The following report of a special Committee appointed last year, was received and adopted:

Your Committee appointed to procure a suitable seal for this Synod would report as follows: We selected for the design the figure of a Dove bearing an Olive Branch, with the words, "The Pittsburgh Synod of the Reformed Church in the U. S., 1870," surrounding the same. Both the seal and a suitable press for it are now at the disposal of Synod. The expense incurred amounts to \$9.40.

Respectfully submitted,

F. K. LEVAN, Chairman.

The Treasurer was authorized to pay the above expenses of the Committee.

#### LITERARY INSTITUTION.

The following report was received and adopted:

The Trustees of the proposed Literary Institution, elected at the last meeting of Synod, beg leave to report, that they held two meetings during the year. At the first meeting, held, according to the instructions of Synod, in Pittsburgh on the 28th day of December last, five of the nine Trustees were present. They organized by the election of Rev. T. J. Barkley as President, and Rev. W. E. Krebs as Secretary. At this meeting, B. Wolff, jr., one of the Trustees elected for two years, sent in his declination, which was accepted, and Cyrus Elder, Esq., of Johnstown, elected in his place. At the same meeting, different Committees were appointed to prepare a form of a Charter of Incorporation, and to look for a location for the proposed Institution. An Agent was also appointed to collect funds.

The second meeting of the Trustees was held in Pittsburgh on the 7th of March last. There were again but five members present. The Committee, appointed for the purpose, presented a form of a Charter. Pending the adoption of the same, the Board adjourned until the afternoon. On re-assembling, there was found to be no quorum present. The minority could do no more than adjourn to meet at the call of the President. Since then no meeting has been held.

It will be seen therefore that the Board labored under the difficulty of getting the Trustees together in a full meeting. Consequently very little has been done during the year in the way of carrying out this important enterprise. No Agent to collect funds has yet been secured. It must however be remembered that an enterprise of this kind cannot be started at once, but requires time to be successfully carried out. It is of the utmost importance that such men should be

chosen as Trustees who are able and willing to bestow proper time and attention on the work intrusted into their hands.

The term of three of the Trustees expires at this meeting of Synod. which must be filled by the election of others, to serve for three years.

# Respectfully submitted,

W. E. KREBS, Secretary.

The Committee on Nominations having reported a double number of candidates, an election by ballot was held, which resulted in the choice of the following persons as Trustees of the Literary Institution, to serve for three years:

Rev. T. J. Barkley, Rev. F. K. Levan, and Rev. J. I Swander.

#### THE REFORMATION.

The following resolution was passed:

Resolved, That we recommend to our Ministers and Congregations the regular celebration of the Reformation festival on the Sunday nearest to the 81st day of October, in order that the important results of this blessed era of the Christian Church may from time to time be presented to our people, endearing to them the church of their fathers.

#### COMPLAINT.

The following is the report of the Committee on this subject, which was received and adopted:

The Committee on the complaint of Rev. A. Wanner against the action of Westmoreland Classis, would respectfully report that the complainant failed to lodge with the President of Classis the reason of his complaint, and has not appeared to sustain it. It is therefore out of order.

Respectfully submitted,

H. HOFFMAN, Chairman.

### OTHER COMMITTEES.

The Standing Committee on Nominations presented their report, which was received and adopted, and the time was fixed for the election. The tickets were printed, at the cost of one dollar, which the Treasurer was authorized to pay. The election was

held, Rev. J. J. Pennypacker and L. B. Leasure having been appointed tellers. The result has already been recorded in the respective places.

The Committee on Examination, Licensure, and Ordination reported that no applications came before them.

During the course of the sessions a special Committee on Leave of Absence was appointed, consisting of Rev. D. B. Ernst, J. I. Swander, and J. F. Wiant, who reported from time to time as applications came before them. They were instructed to report no one for leave of absence except on account of sickness in themselves or families, or business over which they have no control.

#### INVITATION.

Synod received an invitation to visit the public schools of Greensburg. The following resolution was passed:

Resolved, That in view of a press of business we respectfully decline the invitation.

#### VOTE OF THANKS.

The following resolutions were passed:

Resolved, That the thanks of the Synod are hereby tendered to the Pastors of the Reformed Churches of Greensburg, to their congregations, and to other citizens, for the kindness and hospitality shown the members of Synod during its sessions, and that the Pastors of these congregations be requested to read this action from their pulpits.

# ARTICLE IX.

### STATE OF THE CHURCH.

The Committee on the State of the Church submitted their report, which was received and adopted, and is as follows:

### FATHERS AND BRETHREN IN THE LORD:-

In entering upon a review of the past Synodical year, we feel that it is our duty first gratefully to acknowledge the love and mercy of our Heavenly Father. By His goodness we have been preserved both in body, soul and spirit. His loving kindness has been our guide by day and our defence by night. Health and strength have been vouchsafed the ministers of this Synod. All, with perhaps only one exception, have attended regularly to the duties of their peculiar calling. The aged fathers are still with us to guide by their example and wisdom. Younger brethren, rejoicing in their strength, and full of zeal for Christ's cause, have been added to our number.

The Congregations within our bounds have also been signally favored and blessed. The earth has again yielded her increase. The barns and the store-houses are filled. Business has prospered. The mechanic and laborer have been rewarded for their toil. As a people the good Lord has preserved us from the pestilence that walketh in darkness, and the terror that wasteth by day. For these evidences of favor and protection, it is our bounden duty to render unto the Lord thanksgiving and praise. To Him be glory in the Church by Christ Jesus, world without end. Amen.

From the Reports placed in the hands of your Committee, we learn that peace and prosperity, generally, prevail throughout our borders. The Gospel has been faithfully preached, and the Holy Sacraments regularly administered. Our own peculiar Church life is being more and more apprehended and appreciated. The divine order, sanctioned by the Church in every age, that the child ingrafted into the body of Christ by Holy Baptism, is to be nurtured in the family and the Church, and thereby prepared for Confirmation and the Holy Communion, and for the duties and responsibilities of subjects of God's Kingdom, is truly preached and believed. The Church is presented as the school, in which the Great Master is Christ, and as the repository of divine grace for the salvation of The result of this teaching is seen in the steady growth of Christian graces in the hearts of the members, and in the fact that but few of the baptized members failed to assume at the proper time the vows made in their behalf at their baptism. That this is God's order seems to be more fully understood now, than in the past. That it is the normal order of the Kingdom of Grace, is the burden of the Gospel preached from our pulpits, as it relates to the practical duties to believe and obey what the Lord has commanded. In this there is cause for rejoicing. While much of the preaching and practice of the day is in a degree conformed to the fancies and fashions of the world, and regards the Church as a mere association of men, and in no real sense, as the body of Christ, the Ministry of this Synod fail not to present the Church as the spouse of Christ, and the mother of us all, of whom we are born by the operation of God's Spirit, and in whose bosom we are nurtured unto everlasting life.

The Reports also furnish evidence of wholesome activity in the cultivation of the waste-places of Zion. The territory under this Synod is large. Much of it has hitherto been partially or totally neglected. Men and means, and especially organized effort, have been wanting. But now earnest efforts are put forth by the several Classes to gather and organize congregations in the large Towns and Cities with which our Territory abounds. The consciousness that the Pittsburgh Synod has an important work to perform, the means for which must be furnished by our own liberality, and the work done by our own self-denying labors, seems to be fully understood by all. The Lord has opened unto us an effectual door, and it is gratifying to know that we are entering in to occupy the ground.

For the more successful cultivation of this field, new Classes have been formed, thus bringing the whole matter before some at least in a new light. New Missions have been organized; old ones have been strengthened, and the doctrines of the Reformed Church heard in places where our name was unknown.

The contributions to the support of our different enterprizes have been large, compared with those of other sections of the Church. Small in numbers, and generally poor in this world's goods, the people nevertheless

respond quite liberally to the calls for aid. And yet much more might be done. We do not come up to the full measure of our ability. The want of systematic effort in this regard, throughout our borders, may be mentioned as the principal cause of the deficiency. The result in charges where alms-giving is part of the Lord's Day service, proves that God's

plan, in this as in every thing else, is the best.

In view of what has been done under the efficient organization of this Synod, the Lord's helping hand is clearly seen. In each Classis, and in each Charge, there are monuments to His love and power. "Ebenezer—Hitherto hath the Lord helped us." This Synod is the pillar, which indicates what He has done, and what He will do. As He has guided, defended and blessed in the past, so will He do in the future. Every success of the Gospel, every victory of Grace over the evil of the human heart is a monument to His praise. As a pillar in the Camp of Israel on the earth, we may then be encouraged for the future, and enter upon the duties and labors of another year, assured that the Lord will be our Helper. May He be our shield and guide. May His Grace be sufficient for us.

It is yet our duty to record the death of one whose presence and counsel we enjoyed one year ago. A beloved brother in Christ, Rev. Q. C. Russell, a member of Westmoreland Classis, and for many years one of its most devoted and self-denying ministers, was called to his rest only a few weeks after the last annual meeting of this Synod. Stricken by a malignant disease, the conflict was sharp but decisive. He fell. In the vigor of his manhood, and in the midst of his usefulness; the Lord said—It is enough. He died in his armor, and has joined the blood-washed throng in Heaven. Blessed are the dead who die in the Lord—that they may rest from their labors and their works do follow them.

# Respectfully submitted,

T. J. BARKLEY, Chairman.

# ARTICLE X.

### MISSIONS.

Report of the Missionary Superintendent of the Pittsburgh Synod, for the year ending October, 1872.

#### BRETHREN IN THE LORD :-

I entered upon the Missionary work of this Synod on the first of January, 1872. This report gives a synopsis of the work embraced in this period, and of the present condition of the Missions, with some reference to the prospects for the future.

Three self-supporting Charges and eight Missions were vacant on the first of January last; two of the Charges are filled with efficient pastors; Somerset Charge by A. E. Truxal, and St. James in Westmoreland Classis

by J. B. Welty.

Of the eight vacant Missions, five are filled, vis: Preston, Canada, by R. Luescher; Titusville, by J. Fuendeling; St. James, Allegheny Classis, by I. C. Mueller; Kittanning and Emlenton, by L. B. Leasure; St. John's, Somerset Classis, by J. W. Alspach.

Four Charges have been vacated since January, viz: Mt. Pleasant and Irwin in Westmoreland Classis, Shenango Charge in St. Paul's, and Luthersburg in Clarion Classis. Mt. Pleasant Charge is filled by D. B. Lady, and Shenango by F. Pilgram. Three new Charges have been formed, Saegertown and Brown's in St. Paul's Classis, Butler in Allegheny, and Emmanuel's in Westmoreland; one of these is about being filled.

Of the old Missions, four are still vacant, viz: Ursina and Dale City in Somerset Classis, Johnstown in Westmoreland, London in St. Paul's, and Triadelphia in Allegheny.

There is good prospect of getting both the self-supporting Charges and most of the Missious, suitably filled, comparatively soon.

The following Missions with, and without Pastors, are located within the different classes of this Synod respectively, as follows. The appropriations are also designated.

# In West New York there are two Missions.

- 1. Preston, Canada—German. Rev. R. Luescher is the Missionary. The Congregations are two; nine families in the one, and sixteen in the other. The one congregation has an interest in a church property. The Mission gives \$250 toward ministerial support. Mr. Luescher is here since about the first of June last. He does not feel encouraged, nor does the Mission seem to promise well. Appropriation \$100.00.
- 2. Ebenezer, N. Y., German. Rev. J. Knie, Pastor. One congregation. Communicant members, 94; Baptized, 74. Increase for the year, four baptisms.

This Mission built a new church this year at a cost of \$3,150.00. Of this amount \$1,500.00 are paid, and \$1,900.00 subscribed. The Mission is comparatively hopeful for the future. Building the church straitened it somewhat financially, which affects the pastor's support. As soon as it recovers a little from this special effort, the interest will be much stronger than before. The church is a good one, and was recently consecrated to the worship of God. Appropriation, \$75.00.

In Buffalo and at other points in this Classis the way seems open for

us to establish congregations.

### ST. PAUL'S CLASSIS.

1. Meadville, (Ger. and Eng.) Rev. D. D. Leberman, Pastor. It has its own church, a large brick building. Debt, \$1,000.00. Gommunicant membership, 173. Baptized, 107. Added during the year, twenty-three communicants and baptized seventeen. Congregation has a cabinet organ. For pastoral support the Mission raises \$500.00. Alms, \$250.00. Home purposes, \$475.00. Appropriation, \$200.00.

Last spring the Classis connected a congregation temporarily with the Mission, and reduced the appropriation \$100.00. This gives the Missionary additional labor, but it helps the treasury. The day is not far, we hope, when this interest will be able to carry forward the work unaided.

2. London, English. Rev. E. H. Dieffenbacher, supply. Two congregations. Two churches. No debts. Communicant membership, 89. Baptized, 62. A loss of 17 communicants and 6 baptized members during the year. This is owing to removals and other causes. The Mission can raise \$300.00 for a pastor. Former appropriation, \$200.00.

The Mission does not promise to be self-supporting for some time to come, and there is no congregation or charge sufficiently convenient, with

which it might be connected.

3. Titusville, German. Rev. J. Fuendeling, pastor since April last. Communicant membership, 216. Baptized, 215. The increase in the Communicant membership is 121, and a like proportion of increase in the Baptized membership. In June last, the corner stone of a new church, in a most beautiful site, was laid; the building has been put under roof, and the basement will soon be finished. A parsonage has also been built in the meantime, and the parson with his family is in it. The church will cost \$13,000.00. It is expected to finish all free of debt.

The pastoral support will reach \$1,200.00 this year. \$200.00 was appropriated last year; the Classis last spring reduced it \$100.00, of which nothing has yet been paid. The Mission needs nothing for the future. \$8.00 was contributed for the orphans.

It is expected that the new church will be finished by the new year.

The Mission is full of good deeds towards the pastor and the poor.

4. Corry. In this thriving town, 30 miles north of Titusville, where the Allegheny Valley and Erie R. R. line is crossed by the Atlantic and Great Western R. R., the way having been prepared for it, Rev. Fuendeling and your Superintendent, last month, organized a congregation of eighteen families. The number has since been increased. There is no German church in the place, and the prospect is that we may be instrumental in gathering into the fold of Christ most of the German element in the town and vicinity.

The Presbyterians seem willing to give us the use of their church, to an extent, for the present, and those entering into the organization say

that about \$300.00 can be secured towards a pastor's support.

#### CLARION CLASSIS.

1. Kittanning and Emlenton, English. Rev. L. B. Leasure, stated supply since the 14th of April, last. Two congregations 40 miles apart on the A. V. B. R.

At Kittanning there is a Reformed Church, two story brick, in good condition, neatly finished and furnished. Debt, \$1,000.00, which the congregation would like to see paid, and it is willing and able to undertake to pay it soon. It has a good cabinet organ, secured and paid for since Mr. Leasure serves it. The communicant membership is 50. Baptized members, 50; additions in 5 months, 6 communicant and 4 baptized members. There is a class of 18 catechumens. Alms for the year, \$119.66. For pastoral support it is raising \$200, and might raise \$300 during the coming year.

The congregation at Emlenton owns a brick church jointly with the Lutherans. Debt, \$1,000.00, their share of which our people are able and willing to raise at an early day. Communicant membership, 46. Additions, 10 by confirmation, and 10 by baptism. Salary promised, \$100.00, now subscribed, \$298.50. Catechumen, from 8 to 15. Alms, \$19.50. One of the members purchased a cabinet organ for \$350.00, and

put it into the church.

2. Zion's Valley, English. Rev. J. Grant, pastor. Congregations, 2. Communicant membership, 65. Baptized, 60. Increase in communicants, 23; baptized, 9. Alms, \$35.73. Amount of support promised, \$320.00. Appropriation, \$150. In one of the congregations there is prospect of building a church soon. The other congregation has its own church. Altogether things seem hopeful in this Mission.

3. Rimersburg, Ger. and Eng., (new).

This is a new interest, created at the last annual meeting of Classis. No pastor as yet. Congregations two, and a preaching point. Communicant membership, 55; baptized, 75; one Reformed, and one Reformed and Lutheran, church property.

This interest is weak and does not promise to be self-supporting very soon. The material upon which a Missionary might work is not plenty; yet more might be accomplished than I anticipate. The Classis promises \$200.00 towards the support of a pastor.

#### ALLEGHENY CLASSIS.

1. St. Paul's, German. Rev. A. Krahn, Pastor.

The Mission has its own Church property, which is valuable. Debt, \$6,000.00. Communicant membership, 63; baptized, 43; addition to the communicant membership, 26; of these, 8 by confirmation; baptized, 20. Alms, \$19.00. Towards Pastor's support, \$600. Appropriation, \$500.

The Mission does not increase as fast as some of its friends expected. There are doubtless reasons for this. That its future may be one of abundant success, is our hope. So far it is constituted of substantial material.

2. Trinity, English. Rev. T. F. Stouffer, Pastor.

This Mission has its own Chapel. It is a neat frame, Gothic style, 50 by 32. The corner-stone was laid last October, and on the 23d of June following, it was consecrated. Its cost is \$3,200.00. Debt, 1,000.00. The Congregation is also building a parsonage. For this purpose, it took a loan from a building association, and it pays back the loan in installments such as it is able regularly to meet.

There is a good cabinet organ in the Chapel, which, together with the neat, inviting character of the Chapel itself, makes it pleasant to worship here. Communicant membership, 35. Sunday-school Scholars, 65. Contributed towards the Missionary's support, \$250.00. Appropriation, \$500.00. The Mission is doing remarkably well, and if it is fostered for

a few years, it will no doubt be a complete success.

3. St. James, German. Rev. I. C. Mueller, Pastor.

It has its own chapel and parsonage under one roof. Mr. Mueller is here since the first of August. He received 10 families in this time. Communicant membership, 56; baptized, 51. He teaches a Parochial School, and plays the organ during the service. The congregation contributes \$200 towards his support. Appropriation, \$150.00. Debt on the property, \$1,700.00. The Mission promises better now than in the past. Its former Pastor, Rev. F. C. Trappe, was arraigned and tried for drunkenness by the Westmoreland Classis last Spring, found guilty, and suspended for one year. He has since left for other scenes and associations. His bad work and example came near breaking up the Mission. Rev. F. K. Levan supplied the Mission until the present pastor came into the field, whom he was chiefly instrumental in securing.

4. Triadelphia, German. This interest is vacant. Rev. J. Fuendeling and Dr. Muelder, of Wheeling, have supplied it, to an extent, during the year. It has its own church, a substantial brick building. Debt, \$400.00. Its membership consists of 18 families, with considerable German material in the community to work upon. It will contribute \$200 towards a pastor's support. \$15.00 per month might be realized by teaching a Parochial School. Appropriation, \$150.00.

The interest does not promise to be large in the future, but with a pastor among them, it might, in a few years, become self-supporting in a moderate degree.

#### WESTMORELAND CLASSIS.

Johnstown, English. No Pastor. We have a property here, bought five years ago, for \$2,100. The Church is good, a neat frame building, but the location is not good. \$1,600 have been paid on it. \$600 remains, including interest. Since Rev. H. F. Keener's resignation, two years ago, the Mission has been without the means of grace. There is a nucleus of substantial English material, around which a congregation might gradually be gathered by an active Missionary. Comparatively little could be done towards supporting a pastor at first, but the city being large and wealthy, and having a large population, that is little, if any, under the direct influence of the churches now there, there seems to be good reason why we should make an effort to do something for the cause of Christ in this City as well as elsewhere.

#### SOMERSET CLASSES.

1. Cumberland, German. Rev. C. Cast, Pastor. We have a church property here costing \$5,500. \$2,300 are paid on it The church is brick, of good size, substantial, with a lecture room at right angles in the rear. The location is good, the property worth much more than it costs us. The old Westmoreland Classis appropriated \$2000 towards purchasing

the property.

The communicant membership is 100; baptized, 67; additions during the year, communicants, 56; baptized, 12. Alms, \$32.00 Towards pastor's support, \$300. Appropriation, \$500.00. The congregation purchased a grave-yard, and is about roofing the lecture-room. The Mission promises well. It labors under the disadvantage of not having the most suitable hours for service. Next Spring it will get full possession of the Church, and then we hope for greater prosperity. A Parochial School is conducted by the Missionary.

- 2. Ursina and Dale City, German and English. No pastor since last January. At Dale City we own a church property jointly with the Lutherans. At Ursina we have no property, save two lots. This Mission is hopeful. Located along the P., W. and B. R. R., right in the heart of extensive coal fields. It will no doubt grow into importance, if cultivated. Communicant membership, 95; baptized, 100. The Mission can raise \$300 towards pastoral support. Appropriation, \$375.00.
- 3. St. John's. This is part of an old charge, for quite a number of years without a pastor, almost destroyed by new measures from within, and ranting fanaticism from without. Rev. J. W. Alspach is this week moving into the charge, and we promised him \$100.00 towards his support for one year. Communicant membership, 130; baptized, 180. The charge promises \$500.00 towards supporting a pastor. It is hoped the dry and scattered bones may be gathered up, served and clothed in the feesh and blood of the Gospel again.

#### NEW MISSIONS.

- 1. Corry. Of this point we have already spoken under the head of Missions in St. Paul's Classis.
- 2. East Liberty, 22d Ward, Pittsburgh, Allegheny Classis. An English interest is being started here. Rev. G. B. Russell is in charge of it. A good lot, in a good locality, 41 by 70, with fair prospects of being able to enlarge it at no distant day, with comparatively small additional cost, has been secured at \$2,000.00. The property being owned by a stook company, the majority of stockholders agreed, on application, each one on his own responsibility, to donate all above the original cost of his stock. There is a shell of a building on the lot, which, at a cost of \$1500, can be converted into a Gothic Chapel, in which to commence the enterprise in this beautiful suburb of Pittsburgh. The property is worth to-day \$2500, and it will soon be much more valuable. Thus the way seemed providentially to open for us to start an English interest in East Liberty, and Mr. Russell was largely instrumental in bringing about the result.

There is a good nucleus of Reformed material in the town and vicinity with which to make a beginning. It is expected to pay for the property and fit it up for worship, without any special assistance from the Synod or the Church at large. About \$400 can be raised towards pastoral support; and \$400 the Synod ought to provide. There is little doubt that the interest will soon be self supporting.

The way has been prepared, to an extent, to get a foot-hold in the city of Erie. Rev. J. Fuendeling has also interested himself in this behalf. There is prospect of success. Erie and Corry might be served by one Missionary for a time, should we be able to organize at the former place.

At Pleasantville, not far from Titusville, Mr. Fuendeling has been holding service for some time, as opportunity offered. The prospects are

good for a small congregation. There is no organization as yet.

In Sharon we tried to find and buy a lot for a Church. We need an organization in town; we ought to have it, and I have no doubt we will succeed soon. There is plenty of material in the town to sustain a German interest, if it can be controlled; and there is also a nucleus of material here for an English organization.

At Washington, Washington Co., Pa., we still have an interest in a church property, and a few German members in the town and neighborhood. A Missionary, stationed at Triadelphia, 30 miles distant by rail.

might revive this interest, and indeed serve both points.

On the P., F. W. and C. R. R., 6 miles below Pittsburgh, there is an opening for us. Emsworth is the place. We have some members there now, one of whom owns an eligible lot which he will sell cheaply to us; give \$50 per year towards a minister's support, and more if needed; give a single minister a home at a nominal rate, until the interest can be put upon its feet. A good school-house is at hand that could be had to hold service in gratis, for a time at least.

At Manor station, in Westmoreland Classis, an organization could be

effected, by the co-operation of the Pastor in whose territory it is.

To name the places in Western Pennsylvania where the Reformed Church might, and ought to organize congregations, is hardly necessary or expected, in this report. Suffice it to say that there are many important towns along all the Railroads traversing this part of the State, Western Virginia and Western New York, in some of which, if not in most of them, with comparatively little labor and expense, congregations might be organized, and a good work done by us for the cause of our holy Christianity. The work already done, in the time, by the effort and outlay required, only shows what might be and ought to be done in the future with the advantages we now have as compared with the past; the demands upon us, and the opportunities open before us, being even greater than in the past.

The acquaintance I have made with the territory, and the information I have gathered, convince me, if I needed conviction on this subject, that much can be and ought to be done by us, towards establishing the Master's Kingdom within the bounds of this Synod; for certainly there are not only many Reformed people like sheep without a shepherd, but there are hundreds besides, whom we ought to be concerned to gather into the fold of Christ.

Much of my time was occupied with looking after vacant charges, preaching for them, and seeking out suitable ministers for them. Visiting the vacant missions, holding service for them, encouraging them, trying to find efficient Missionaries and securing their services; presenting the claims of the Missionary work to charges supplied with pastors, here and there, as I had time, and discovering where we might organize Mission congregations, occupied my time since I entered upon this work. I traveled much, preached often, wrote many letters, lost no time, shunned no labor, and did not spare my purse to discharge my duty.

The Somerset fire, in May last, by which we lost well nigh all our earthly possessions, together with \$24.00 of Missionary money, hindered me, for a time, in attending to my work. Altogether, I have every reason to be grateful for life and health, food and raiment.

The Classes have not all fallen in fully with the plan of Synod for carrying forward the Missionary work. While some of them have adopted Synod's plan fully, and assumed to raise what is necessary to carry forward the work for the year, others accepted in spirit the plan of Synod, but did not see their way clear to assume, pro rata, the amount named by the Synod, owing to old debts. The disposition of all is, however, to do what they can to promote this cause.

The representatives of the different Classes on the subject of Missions gave me valuable assistance in the work entrusted to my hands.

I have no doubt that the Missionary work can be efficiently organized on the general basis adopted by the Synod, and so promote the interests of the Church with large success.

Owing, in part, I suppose, to the formation of new Classes, and old assessments and debts, and the necessity of an effort to rid themselves of these; and the fact that a number of charges were, and a few are still vacant; the Classes have perhaps not been so punctual in sending in their assessments to their respective treasurers for Missions, as they may be the coming year. In some sections of the Synod, money matters are very close now, and this, too, has its effect on the Treasury.

We made no particular effort to organize new points, because the old ones ought to be filled and helped forward, and the vacant charges ought to have pastors as soon as possible. The way is open, to an extent, at a number of places to start churches. There is abundant work to do.

The apportionments for the different points at the last meeting of the Synod, and those made by the Classes, together as necessary to meet the demands until the next annual meetings of the Classes, are about \$3,600. The amount actually needed is considerably less, because a number of the Missions were vacant; some are now vacant; and they may not all be filled at the end of the year.

The prospective needs for the coming year will reach over \$4,000.00

This embraces only the needs of the Missions now organized.

Duty requires that I should here state that some of the Missions do not promise well; and it is very doubtful whether the Synod ought to expend its energies in directions that do not promise to be fruitful, when its means are limited and the demands great, especially in directions that promise to be fruitful.

It is hereby recommended that a committee of one from each Classis be appointed to canvass the claims of each Mission within the bounds of the Synod, for support, the committee to present its report in tabular form, for the inspection and adoption of Synod. This plan has its objections, but as matters now stand it seems to be desirable and proper.

### Respectfully submitted,

GEO. H. JOHNSTON.

The report was received, adopted and referred to the Committee on Missions.

The Committee on Missions presented their report, which was received, amended and adopted as follows:—

Your Committee on Missions would report that they have examined the papers referred to them, consisting of the Superintendent's Report and several items of the Report of the Committee on Minutes of Classes, and carefully considered the entire subject of Missions pertaining to this Synod. As the Superintendent's report is rich and instructive on this subject, we do not deem it necessary to enter into any extended statements and discussions here.

We shall therefore simply give the conclusions of the Committee, by offering the following resolutions:

1. Resolved, That we continue our Missionary work substantially, as already inaugurated, and now in successful operation; and, that for this purpose, we elect a Superintendent of Missions, who shall be the executive head, and who shall co-operate with the Classical Boards, carrying on the work, as far as possible, by correspondence, and visit any points that need his attention, and in general, superintend and oversee the entire work of Missions in this Synod, and who shall receive a compensation for this particular work of \$200.00 per annum.

- 2. Resolved, That the requests and the failure of the Classes which did not make full provision by assuming their portion of last year's Synodical apportionment for Missions, be referred to the Committee on Finance, with instructions to make no reduction in the several assessments on the Classes, unless it can be shown that they have done their duty in this matter.
- 3. Resolved, That the request of Somerset Classis, to give the pastor of Salem Church, Frostburg, permission to collect \$1,000.00 within the bounds of Synod, to liquidate a church debt, be granted.
- 4. Resolved, That the Committee suggested in the Superintendent's report be appointed.
- 5. Resolved, That, as we sincerely sympathize with our Superintendent of Missions, in the loss of his earthly goods at the burning of Somerset, we exonorate him from the payment of the Missionary funds consumed at that time.
- 6. Resolved, That the several Classes be urgently requested to cooperate heartily in the whole plan of Synod, in carrying on its Missionary operations.

Respectfully submitted,

J. KRETZING, Chairman.

The President appointed the Committee called for in the fourth resolution, as follows:

Rev. H. F. Keener, J. I. Swander, J. Fuendeling, F. K. Levan, J. G. Shoemaker and J. B. Kniest.

This committee afterwards reported, which was received and adopted, and referred to the committee on Finance, as follows:

The present Superintendent of Missions, Rev. G. H. Johnston, was permitted to continue in office, at his option, until the end of this year.

At the time appointed for holding the election, Rev. F. K. Levan was chosen to the office of Missionary Superintendent.

Bev. F. K. Levan having declined this appointment, it was

Resolved, That the Missionary Superintendents of the different Classes be directed to hold a meeting at an early period, and elect or appoint a Superintendent of Missions, to serve during the year.

The Special Committee to canvass the claims of Missions, and report in tabular form, would offer the following:

### W. E. SCHMERTZ, Treasurer.

The Report of the Committee on Finance was received and adopted, as follows:

Your Committee begs leave to submit the following items:

This sum it is proposed to apportion among the several Classes, as follows:

As it is of the first importance, in order to keep the finances of this Synod from falling into hopeless confusion, that such dues be promptly paid, year by year; therefore,

Resolved, That the Classes in arrears be and are hereby directed to take, at as early a day as possible, the necessary measures for meeting their dues; and a neglect to attend to this duty, is worthy the censure of this Synod.

The apportionment made at each meeting of Synod is intended for the succeding year, beginning with the next annual meeting of the Classes; with this fact kept steadily before us, each may provide in due time for the current wants, without falling at all behind.

### Respectfully submitted,

G. B. RUSSELL, Chairman.

A Special Committee, consisting of Rev. D. O. Shoemaker, E. H. Dieffenbacher, and Eld. Thos. Armagost, was appointed to collect 25 cents from each member of Synod, for the remuneration of the Sexton. The Committee subsequently reported that they had collected the sum of \$12.50, and paid it into the hands of the Pastor. The Report was received and adopted.

The amount of \$50.00 was ordered to be paid from the appropriation to the Triadelphia Mission to Rev. J. Fuendeling and Dr. Muelder, for services rendered to that enterprise.

### ARTICLE XII.

### ORPHAN HOME.

The Superintendent of the Orphan Home at Butler, Pa., read his Report, which was received, and referred to the Committee on Orphan Home, with instructions to embody the substance thereof in their Report. This Committee subsequently reported as follows:

Your Committee on St. Paul's Orphan Home take pleasure in reporting that the above-named institution, located at Butler, Pa., is in a condition that renders it, not only a blessing to the fatherless, but also a matter of congratulation to ourselves, as well as a monument of gratitude to God. From the Report of the Superintendent, Rev. J. B. Thompson, and other information, we learn that the "Home" is being put in a good state of repair. The little farm is furnished with many of the implements necessary to its proper and profitable cultivation. The large quantities and good qualities of agricultural productions bear testimony not only to the goodness of a bountiful Providence, and the fertility of the soil, but also the good management and industry of those under whose immediate control the institution has been placed by the church.

The house and its surroundings, so well adapted to the purpose for which it was purchased, though not furnished in princely style, is being supplied with those articles necessary to make it home-like and convenient in serving the purpose of family, school and church. The state of morals and religion is reported as satisfactory. The Superintendent and his excellent companion seem to have their hearts in this labor of love, and are both worthy of the church's confidence and deserving of her sympathy. The "Home" should have, and will receive the continued support of those who are disposed to show the spirit of Christians, by feeding the lambs of Christ. The following resolutions of last year are recommended for readoption:

D 1 1 m . . O

Resolved, That, at our Christmas Festivals, special collections be taken, and that these be devoted to the "Home."

Resolved, That the matter of adding further repairs and improvements to the buildings and grounds, be committed to the Board of Directors, with instructions to do as to them may seem most proper.

Respectfully submitted,

J. I. SWANDER, Chairman.

The Report was received and adopted.

The Committee on Nominations having reported a double number of candidates, at the time appointed an election was held by ballot, resulting in the choice of the following persons as Directors of the "Home," for four years: W. H. Brill, Rev. J. F. Snyder, D. D. Leberman, and C. R. Dieffenbacher.

### ARTICLE XIII.

### COMPLAINTS.

Rev. H. C. Heyser vs. St. Paul's Classis.

The Special Committee, to whom was referred Item 6 of the Report of the Committee on Minutes of Classes, and having reference to the complaint, presented their report, which was received and adopted, as follows:

Your Committee have examined the papers relating to the case as thus referred for consideration.

The complaint appears to have been regularly taken, and is therefore in order.

Your Committee would recommend:

- 1. That the time for hearing this case be set for Monday next, at 10 o'clock, A. M.
- 2. That the plaintiff be allowed forty minutes in which to state the grounds of his complaint.
- 3. That the representatives of the St. Paul's Classis be allowed twenty minutes in which to make their defence.
- 4. That the Synod then, without discussion, proceed to vote on the merits of the case.

Respectfully submitted,

GEO. B. RUSSELL, T. J. BARKLEY, T. J. CRAIG.

At the time fixed upon by Synod, the "case" was taken up as the special order of business. The plaintiff, Rev. H. C. Heyser, presenting his reasons for complaint, in person. St. Paul's Classis was heard in defence, through Rev. J. Kretzing. Both parties concerned having been heard, the vote was taken without further discussion, as per previous arrangement. On the question, "shall the complaint be sustained," the yeas and nays were called for and taken, as follows:

### PUBLICATION.

The Committee on Publication presented a majority and minority Report; the majority Report was adopted, and is as follows:

Your Committee, to whom was referred the general subject of Publication, after fully discussing the whole matter, would recommend the following action:

In order the better to meet the wants of our people, this Synod shall elect a Board of Publication, with full power to arrange for the publication of a paper, suited to the wants of our people, as soon as they shall see their way clear so to do. Provided, however, that no pecuniary responsibility shall be entailed on this Synod. And, until they shall see their way clear to publish such a paper, they shall be empowered to make such arrangements with the Eastern Board of Publication, as will, in their judgment, best meet the wants of our people under the circumstances.

### EDUCATION.

The Board of Trustees of the proposed Literary Institution of this Synod, presented their Report, which was received and referred to the Committee on Education.

This Committee subsequently reported, which was received and adopted, as follows:

Your Committee would respectfully submit the following Report:

From the Report of the Trustees of the proposed Literary Institution, your Committee learns that the way does not yet appear to be fully open to go forward in the actual establishment of the Institution proposed. The Trustees elected a President, but he has not yet signified his willingness to accept the position. The Trustees are anxiously awaiting certain developments, looking towards the establishment of Synod's proposed Institution.

In the absence of a School directly under the control of this Synod, your Committee would recommend to the favorable notice of your body, the Allentown Female Seminary, and the Female Seminary at Tyrconnel, under the care of Rev. G. L. Staley, as suitable Schools for our daughters.

F. K. LEVAN.

It was Resolved, that we recognize in the Mission House a very valuable Institution of our Church, and that we recommend it most heartily to our Congregations.

### THEOLOGICAL SEMINARY.

The Special Committee, to whom was referred Item 2, of the Committee on Overtures, presented their Report, which was received, amended and adopted, as follows:

The Committee to whom was referred the communication from the Board of Trustees of the Eastern Theological Seminary of the Reformed Church in the U. S., beg leave to propose the following:

Plan or basis for the union of the Synod of the Reformed Church in the U. S., and the Pittsburgh Synod of the same Church, in the support, management and control of the Theological Seminary.

- I. Each one of the two above named Synods, at its meeting immediately following the completion of this arrangement, shall elect one Trustee for every twenty-five Ministers or fraction of twenty-five, regularly connected with it; one-third for three years, a second third for two years, and the last third for one year. And at each annual meeting, one-third shall be elected for three years. The persons so elected shall constitute the Board of Trustees of the Theological Seminary of the Reformed Church in the U.S. None but Elders in good and regular standing shall be chosen to the office of Trustee. Members are eligible to re-election.
- II. The Board of Trustees shall make annually written reports to the Synods, giving a full account of their actions and work during the year, and make such suggestions as they may deem advisable in regard to the property and management of the Seminary.
- III. Each of the Synods, at its meeting immediately following the completion of the proposed arrangement, shall elect one Minister for every twenty-five Ministers, or fraction of twenty-five, regularly connected with it, and these shall constitute the Board of Visitors of the Theological Seminary. One-third shall be elected for three years, the second third for two years, and the last third for one year. And thereafter, at each annual meeting, one-third shall be elected for three years. The Board of Visitors shall annually report to the Synods the condition of the Seminary, stating the number of students, the number and names of graduates during the year, and such other matters as appertain to the work of the Seminary.
- IV. In the case of any special emergency, such as the death or resignation of a Professor, the Board of Visitors, if they deem it necessary, shall be authorized to take the proper steps to call a special meeting of the Synods which are parties to this arrangement.
- V. Whenever it shall become necessary to elect a Professor, the Synods shall meet together in general Convention, as delegated Synods, for this purpose. When the Synods have organized, a committee shall be appointed, consisting of an equal number of members from each Synod, who shall have power to nominate only one candidate at a time. The election shall be by ballot, and two-thirds of the votes cast shall be required to elect.
- VI. Should any Synod desire to withdraw from this arrangement, it is to be clearly and distinctly understood that it shall not be entitled to claim any pecuniary interest in the endowment, buildings, library or any real or personal property or effects of the Sentinary; but, on the contrary, the institution shall remain intact as to all its property, and shall belong to the Synod or Synods still adhering to this arrangement; excepting, however, from this provision, all such funds as have been furnished by

such withdrawing Synod for the endowment of any Professorship in whole or in part, which funds are to be fully restored to the absolute control of such withdrawing Synod, and that all moneys collected for the use of the Seminary in the bounds of this Synod since its organization, be included in such funds.

### Respectfully submitted,

J. FUENDELING, F. K. LEVAN. JOHN SUDER.

Rev. G. H. Johnston was appointed to present this action to the Eastern Synod at its Sessions in Martinsburg, Va.

It was Resolved, that the agent of the Theological Seminary at Lancaster be invited to collect funds within our bounds, towards establishing a Professorship in that Institution, under the provisions of the plan already adopted.

The following preambles and resolutions were adopted:

### STATISTICAL TABLES.

Whereas, The Statistical Tables of the Classes give only a part of the amounts contributed by our Congregations for the support of the Gospel, therefore,

Resolved, That the different Classes within the bounds of this Synod be requested to add two more columns to their Statistical Tables—in the first of which the amount paid by each Charge to the support of its Ministers, and in the second the amounts paid by each Charge for the erection and repairs of Churches, and the building of Parsonages, shall be given.

### Union Churches.

Whereas, It is a well-known fact, that in some pastoral charges, where the Church buildings are held in union with the Lutherans, the practice prevails of allowing the members of each denomination to vote also in union, each for the other interchangeably, at elections held for Church officers, therefore,

Resolved, That the sense of this Synod is hereby expressed as decidedly opposed to the said custom, as being unconstitutional and liable to serious local evils; and that it be also hereby urged upon the several Classes, who have immediate jurisdiction in the case, to use all proper influence and measures for the entire breaking up and discontinuance of the said custom.

### STATED CLERK.

Resolved, That the term of office for which the Stated Clerk of Synod is elected, be for a term of three years.

The officers of Synod were instructed to make due efforts to secure Rail Road accommodations, to the next meeting of Synod, at reduced rates.

### TRUSTEE OF SYNOD.

The annual election of one Trustee of Synod, was held by ballot; the Committee on Nominations having reported two candidates, which resulted in the choice of Rev. G. B. Russell, to serve for five years.

### VOTE OF THANKS.

The following Resolution was passed:

Resolved, That the thanks of Synod be, and are hereby tendered, to the Pastor and members of Zion's Reformed Church, and other citizens of Greenville, Pa., for the hospitable entertainment afforded us during our sojourn among them; and that the Pastor be requested to read this Resolution from the pulpit.

### ARTICLE XVIII.

### ADJOURNMENT.

The following Resolution was adopted:

Resolved, That the Synod meet in General Convention, at its next annual meeting, and be composed of all the Ministers within its bounds, and one Elder from each pastoral charge.

ST. PAUL'S REFORMED CHURCH, Titusville, Pa., was selected as the place, and Thursday after the 18th Sunday after Trinity, (October 16th), A. D., 1878, at 7½ o'clock, P. M., as the time for the next annual meeting of Synod. .

The minutes of each day's proceedings were read and approved, and the Stated Clerk was instructed to have one thousand copies published, and distribute them as last year.

The roll was called and none found absent without excuse.

Adjourned, after divine service, to meet at the place and time appointed.

WM. RUPP, President.

J. A. HOFFHEINS, Stated Clerk.

# PERUVIAN BARK TONIC.

The above preparation rivals in delicate flavor and positive tonic properties the most prized officinal Bitter. Specially grateful to a sensitive and delicate stomach,

For General Debility, Nervous Prostration, Loss of Appetite, and Dyspepsia, it is particularly indicated. With regained appetite, it soon

Brings Back Healthy Color, Renewed Muscular Force, and Buoyant Spirits.

To assure the public that the Peruvian Tonic is a purely Medicinal preparation of the highest order in Pharmacy, we name the principal ingredients: RED PERUVIAN BARK, of the best quality, and GENTIAN ROOT, two of the most valuable tonics in Materiæ Medica. These being combined in proper proportions with GALANGAL, CALANUS, ORANGE PEEL, CASSIA, and other stimulant aromatics, it enhances their remedial properties, and makes them more palatable and efficient. The medicinal virtue of the above ingredients are extracted by the process of

### The Greatest Neurotic and Relief for Pain on this Continent.

There is no remedy in the country that deserves greater praise than the above efficient preparation. Long before it was introduced to the public it was subjected to the most rigid tests, that its efficacy in curing certain affections might be determined, and in every instance it has proven reliable. At the earnest solicitations of those who have been cured, the inventor was induced to send it forth upon its great mission of relieving suffering humanity; as if by magic, it spread in every direction, performing the most wonderful cures. PHYSICIANS PERSCRIBE IT FOR THEIR PATIENTS DAILY, and attach virtues to it which it was never thought to possess. The most skeptical will be convinced that for NBURALGIA, NERVOUS HEADACHE, TOOTHACHE, and all pains arising from a derangement of the nervous system, it is infallible. It can also be used internally for COLIC, CRAMP, DIARRHEA, DYSENTERY, &c., and will always give relief without injury to the general health.

## Brill's Concentrated Essence of Jamaica Ginger.

The medicinal virtues of Jamaica Ginger as a medicinal remedy are so well known that it is scarcely necessary to enumerate them. It enters into seventeen officinal preparations of the United States Pharmacoposis; and the United States Dispensatory speaks of it as a grateful stimulant and Carminative, given in DYSPEPSIA, FLATULENT COLIC, and f-eble state of the Alimentary Capal, attended upon Atonic Gout. Is an excellent addition to bitter infusions and tonic powders, imparting to them an agreeable, warming and cordial operation upon the stomach. Externally, it is powerfully rubefacient.

The above Resence has all the virtues of the root extracted by careful percolation, and can be fully relied on. Every family should have a bottle in the house in cases of emergency.

All of the above preparations prepared only at the laboratory of the Proprietor, and sent to any address in the United Scates.

### STATE OF THE CHURCH.

The Committee on the State of the Church submitted their report, which was received and adopted, and is as follows:

"In the name of the Triune God. Amen."

DEAR BRETHEEN IN CHRIST:—This fifth report on the State of the Church within our Synodical bounds, is submitted for your consideration with devout gratitude to God for all the blessings of the present life, and all the hopes of a better life to come.

The Classical reports are before us and read. Other proper means of information have been also employed in discharging the duty assigned us. The difficulty of presenting a fair and full report has been realized. At best, we know only in part, and only in part is it proposed to prophesy.

The state of the Church! What is it? Who can tell? What are the achievements of the past, what the considerations at the present; and what the probabilities of the future as reported from the several signal stations within our bounds?

We note first, as a cause of gratitude to God, that none of our ministers have been called away by death. Upon the contrary, our number has

grown from sixty to sixty-seven, an increase of 12 per cent.

While we acknowledge our infirmities, and bewail the corruption of our nature, and confess that, as a consequence, we have not been as faithful and diligent as we ought to have been in using the helps of God's grace for the work within us and before us, we nevertheless claim, with joy and gratitude, that there are obvious evidences of both extensive and intensive progress.

Churches have been built and consecrated to the service of God. Nine new temples have been erected, or put in course of erection, during the last year. An institution for the Christian education of young ladies has been founded under the direction of Synod. The college scheme has been revived with fresh hopes. When these enterprises have once become tangible and practical realities, our children will not need to cross

the mountains to carry forward their higher education under the nurture of the Church. Nearer home shall our sons "be as plants grown up in their youth, and our daughters as corner-stones polished after the simili-

tude of a palace."

Our statistical showing appears to advantage in comparison with that of last year. There is an increase in nearly all the corresponding columns, except those showing the number of excommunications and deaths. There is a numerical growth of 1,200 unconfirmed members, and 600 communicants. Our people have given nearly \$70,000 during the year for different church and benevolent purposes—an average of nearly \$8 to each communicant member.

These evidences of outward ecclesiastical growth, with many others of the same character, are both testimonials and results of corresponding progress in the powers of the inner life. This is not considered marvelous when we bear in mind that Christianity is the highest order of life; and that the Holy Ghost has used His own ordained means to work and confirm "the faith of the Son of God" in the hearts of His people. Our ministers are, without exception, reported as faithful stewards in these

mysteries of God, and the fruit of their labor appears.

This fruit is manifest in the growth of all the Christian graces that are added in an organic way to the principle of faith. It shows itself also in the crucifixion of carnal propensities. Unchristian controversy and bitter strife are giving away to make room for practical Christian work. There is no less disposition to defend the truths of the gospel and the customs of the Church, but a more deep conviction that it is our peculiar calling to perform practical labor for the upholding of the Redeemer's Kingdom in our midst. Placed geographically between polemic fires, our situation is somewhat trying to our patience. Yet we are still disposed to study the things that make for peace, without any intention of healing the hurt of the daughter of God's people slightly.

Another encouraging sign among our people is the cultivation of proper self-respect. There is a finer discrimination between the genuine and counterfeit elements of social worth; and a growing disposition to distinguish between airy flights of empty ostentation and the substantial properties of unassuming dignity. This, under grace, leads us to cherish a proper pride in our Reformed ancestry, and respect for the hallowed customs in which their sacred memories are enshrined. We find a pleasing relish in the consciousness of "traveling home to God in the way the fathers trod." These things are a good omen. They prophesy a better day. They promise us greater strength, and more commanding influence for good.

Now, unto Him that is able to do exceeding abundantly, above all that we ask or think, according to the power that worketh in us, be glory in the Church by Christ Jesus throughout all ages, world without end. Amen.

MISSIONS.

The following communication and reports were received from the Board of Missions, and referred to the Committee on Missions:

To the Reverend Synod of the Reformed Church in the United States:

FATHERS AND BRETHREN:—I herewith transmit to you the reports of the Superintendent and Treasurer of the Board of Missions of the Reformed Church in the United States. Your Board, composed of the members elected by the Synods of the United States, Pittsburgh and the Potomac, have had, during the first year of their operations in this united form, a large field claiming their attention, with small resources, and no little trouble to put things in running order. We hope to secure your approval for the work of the past year, and your hearty co-operation during the coming year, at the end of which we shall furnish you with a more favorable report.

Respectfully submitted.

J. O. MILLER,

President of the Board of Missions.

# REPORT OF THE BOARD OF MISSIONS.

To the Reverends the Synod of the Reformed Church, U. S., the Synod of Pittsburgh, and the Synod of the Potomac:

DEAR BRETHREN:—It is now one year since your Board of Missions was established in its present new form, though organized and active, from no fault of its members, for only ten months. During this period three regular meetings of the Board itself, and many more of the Executive Council, have been held. At the very outstart we were confronted with a number of formidable difficulties. To overcome them, and further the work generally, we adopted the best feasible methods we could think of. We cared for and directed the missions to the extent of our ability; and we shall submit to your attention a number of suggestions, suitable action on which by your reverend bodies, will greatly aid the success of the cause of missions among us.

Of difficulties, we mention the following:

1. The separatistic way, become customary, of acting with respect to this matter on the part of Synods, Classes, even congregations and individuals. Taking the territory covered by these Synods as a whole, we lacked system. Our strength was broken up into fragments, unable to accomplish ends demanding strong united force. Whatever its justification in the past, this state of things had become a great evil, leading the Synods to establish the present Board with the view to a remedy, by awakening and organizing throughout our bounds united action. But its establishment and activity, of course, could not at once completely overcome existing arrangements and old habits. With our best efforts, this still remains, in a measure, a great hindrance. A few Classes, and a number of congregations and pastors, continue to act as before, though the great

majority have gradually, during the year, fallen in with the intent of the action of the Synods. We have the dawn of a better day, thus, for the blessed cause of missions in the Reformed Church, but by no means the fullness of that for which we are to look.

2. Our arrangements for gathering missionary contributions have been for years past, and still are, very defective in many parts of the Church. There are congregations, and probably whole charges, in which missionary collections are not customary. And to a very limited extent were, until now, the energies of our Sunday Schools enlisted in this good work.

3. To this comes the fact, much to be deplored, that we, as a Church, have never yet had the Spirit of Missions active among us as we should. We have a mission with respect to missions, and we have not hitherto fully apprehended it. Our opportunities are great and enlarging, but our practical efforts to meet them come short. There exists in this respect a

lethargy which has impeded all Boards and obstructs ours.

4. Another hindrance has been the feeling among some brethren in the Church, that our elements can neither be brought to concerted action, nor kept continuously, amid the unavoidable difficulties, in the prosecution of far-reaching methods and ends. It is true, the spirit of constant change of plan and division of effort has had a long day among us; but if the Synods and Classes give the Board their firm support by resolve and by deed, it is believed that there will soon be no longer cause for the feeling mentioned.

5. The activity of your Board began just as the full effect of the financial panic began to be felt all over the country, and it became necessarily

a principal sufferer from the common disaster.

6. Some of the Synods made no provision last autumn for carrying forward their missions during the winter and early spring. In these cases there was an official transfer of missions to the Board, but no official provision to sustain them. It was hap-hazard whether we should get the needful means or not.

7. Several of the Classes in different Synods were largely in debt on old claims. The creation of the new Board was their common occasion for settling up with the past. Their contributions for the current year were thus diverted, in some cases entirely, in others largely, from our treasury.

8. We found many of our missions heavily loaded with debt. This fact prevented the rapid decrease of appropriations in such cases, and so tended to straighten the treasury to the disadvantage of other missions.

To overcome these difficulties, and to carry forward the work in hand,

the Board set itself to do the following, among other things:

1. It sought to bring the different Classes, and, through them, their pastors and people, into harmonious co-operation with itself. It strove to

get all to work, and to get all to work in one common channel.

2. The Classes were frankly informed of the amount of money needed to carry forward the missions, which they and the Synods had transferred. An equitable division of this amount was suggested, for the raising of which they were urged to make provision among their charges. The measure was so just as to meet with almost unanimous favor; and its faithful and punctual execution, and it alone, will make possible the prompt payment of the missionaries.

3. We have sought to enlist the sympathy and support of the Sunday Schools; and we shall press our effort until it is everywhere adopted in some suitable form.

4. Only promising new missions will be taken under the care of the Board. None other need apply. And all missions, unless for especially good reasons, will be subjected to an annual diminution of twenty-five per

cent. of their appropriation.

5. The Board set itself, wherever needed, and it could do it, to reorganize the financial arrangements of the missions themselves, with the view of enabling them the sooner to become self-supporting. In a number of cases this has been done with good effect, and needs to be done in others. And, what is of no small account, the Board has set its face against all attempts on the part of missions to involve themselves in large church debts. Far better worship in a neat churchly chapel, than in never so fine a structure, oppressing the congregation with an unmanageable debt.

The following missions have been under the care of the Board; some during the year; others, during part of it. To avoid consuming too much space, leading facts only are given. In the following synopsis, the word "old," denotes the year just past, and the word "new," the year now

begun:

As will thus be seen, this report includes forty-one missions. The report of the Treasurer shows a total income of eight thousand nine hundred and eighty dollars and thirty-five cents, as follows:

Por	missions	directly under the care of the Board	7,608 0	Ю
44	"	in Iowa, and paid to the Treasurer of Iowa Classis	556 0	2
44	"		816 8	3

Old missionary debts of Classes, hereinbefore referred to, probably shortened our income by from two to three thousand dollars. Several hundred dollars paid, came also too late for the Treasurer's Report this year.

#### RECOMMENDATIONS.

- 1. We suggest the holding of missionary services or festivals, at least once a year, in all our congregations; and oftener, where possible.
- 2. A general introduction of missionary services, and collections, at stated times, in our Sunday Schools.
- 3. The amount of funds needed by the Board for the coming classical year is estimated at fourteen thousand dollars (\$14,000). Of this sum we submit the following division:

Synod of United States	87.500	60
Pittsburgh Synod.	8.200	00
Potomac "	3.800	00

4. The manner of sending money to the General Treasurer is at present, in many cases, cumbersome and slow. Punctual quarterly remittances to him, and receipts from him to the several treasurers, would be simpler and preferable.

In conclusion, we submit anew the sacred cause of Missions to your

fostering care and wise direction.

Respectfully submitted.

F. K. LEVAN, Superintendent of Missions.

HARRISBURG, Oct. 13, 1874.

I hereby certify that I have audited the account of Wm. H. Seibert, Treasurer of the Board of Missions of the Reformed Church in the United States, and find it to be correct, showing a balance due him of \$131.73.

W. H. H. SNYDER.

HARRISBURG, Oct. 13, 1874.

The Committee on Missions, to whom the foregoing documents were referred, submitted the following report, which was received, and taken up item by item:

# REPORT OF THE COMMITTEE ON MISSIONS.

# To the Reverend Pittsburgh Synod:

Your Committee on Missions beg leave to report that the following communications were placed in their hands: a letter from Rev. J. O. Miller, President of the Board of Home Missions; the Report of the Treasurer of the Board of Home Missions, and the Report of the Superintendent.

From their communications we learn that the Board of Home Missions, elected one year ago by the three Synods east of the Ohio, has been fully organized, and is now actively engaged in carrying forward the great work entrusted to it. At this time it has under its care forty-one missions, of which twelve are located within the bounds of this Synod. For the purpose of supporting these missions, the Board asks of this Synod the sum of thirty-two hundred dollars, which is about the amount appropriated to its (the Synod's) missions.

Your committee would recommend the following action:

Resolved, That this Synod fully approves of the course pursued by the Board of Missions in prosecuting its work, and learns with pleasure of the success which so far has attended its labors.

Resolved, That the sum of thirty-four hundred dollars be apportioned upon the Classes of this Synod, and that they be urged to make all proper effort to have the same promptly paid to the Treasurer of the Board of Missions, in accordance with the instructions already given with reference to the payment of moneys apportioned upon the Classes.

Respectfully submitted.

J. M. TITZEL, B. KNEPPER, JACOB HERSHEY,

The report was adopted.

The following resolutions were adopted:

Resolved, That the Treasurer of the Tri-Synodical Board of Missions be directed to give, hereafter, in his report to this Synod, a statement in detail of the amounts paid to the several missions under their care.

Resolved, That the Missionary Superintendent be and is hereby requested to furnish each missionary with an order on the Treasurer of the Board of Missions at the expiration of each quarter's services for the amount due; and, also, that he furnish the Treasurer of this Synod with the amount of salary due each missionary up to the time of transfer of Synod's missions to the Tri-Synodical Board.

Note.—This item has been placed twice in both the Dr. and Cr. columns.

By looking at the assessments made by the Synod at Titusville, it will be seen that the Classes are still in arrears. It is in consequence of this that the Treasurer could not meet the just demands made. Though our income has been over seven hundred dollars (\$700) more than last year, yet it is mainly owing to concurrent favorable circumstances that our general indebtedness is much less now than then. We should have had at least fifteen hundred dollars (\$1,500) more paid in to meet all current claims.

W. E. Schmertz, Treasurer, Pittsburgh.

#### REPORT OF COMMITTEE ON FINANCE.

#### To the Reverend Pittsburgh Synod:

Your Committee on Finance offer for your adoption the following report: We find the Report of Synod's Treasurer to be correct. The treasury is empty, and claims to the amount of about fifteen hundred dollars still remain unpaid. This, together with claims that will become due before the next annual meetings of the Classes, has been provided for by last year's apportionment.

To carry forward the work of Home Missions and Beneficiary Education, and to meet the contingent expenses of the Synod, will require at least five thousand two hundred and fifty dollars. To meet this demand

upon the treasury, we propose the following apportionment:

#### ALLEGHENY CLASSIS.

Missions	8520 00
Beneficiary Education	
Synodical Expenses	
•	<b>\$850 00</b>
CLARION CLASSIS.	
Missions	800 00
Beneficiary Education	250 00
Synodical Expenses	
	1,100 00
SOMERSET CLASSIS.	•
Missions	750 00
Beneficiary Education	
Synodical Expenses	
•	1.000 00

#### ST. PAUL'S CLASSIS.

Missions  Beneficiary Education  Synodical Expenses  WESTMORELAND CLASSIS.	300 00
Missions Beneficiary Education	850 00
Missions	75 00 25 00 300 00
Total	<b>\$</b> 5,250 <b>0</b> 0

The Classes having transferred their beneficiary students to the Synod's Board, have provided for them only in part. It seems difficult to apportion the deficiency of what will be necessary to meet the just expectations of our students. We can only commend this good cause to the liberality of the Church at large during the period intervening between this and the next annual meetings of the Classes.

Respectfully submitted.

J. W. LOVE,
H. F. KEENER,
J. F. WIANT,
W. R. BARNHART,
JOHN DAUBENSPECK,

The attention of the Treasurer of Synod, and Treasurers of the several Classes, is called to resolution of the Synod of last year with regard to the publishing of quarterly statements in "Our Church Paper."

The committee to whom was referred the communication of Elder C. M. Bousch, Treasurer of St. Paul's Classis, asking credit for \$1,065.33, claiming that this amount was paid by St. Paul's Classis to missions within its own bounds, offers the following report:

1. Saegertown, with apportionment of \$100, is not recognized by this Synod as a mission.

2. For \$100, paid to Meadville, Classis has credit on the book of W. H. Seibert, Treasurer of the Board of Missions.

We therefore recommend that this Synod give St. Paul's Classis credit for the sum of \$865.33, this credit to be given on apportionments made previous to June, 1874.

Respectfully submitted.

A. E. TRUXAL, JOS. H. APPLE, T. J. CRAIG, Rev. S. Shaw was appointed to collect twenty-five cents from each member of Synod for the use of the sexton. The report is as follows:

Your committee to collect twenty-five cents from each member of Synod, for contingent expenses, would report that the matter, so far as possible, had been attended to, and that \$11 has been collected.

Respectfully submitted.

S. SHAW.

The above amount was paid over to the pastor, Rev. W. Rupp, by order of Synod.

#### ARTICLE XIII.

#### ORPHAN HOME.

The Report of the Superintendent of St. Paul's Orphan Home, at Butler, Pa., which was read and received, was referred to the Committee on Orphan Home.

The following report was received from the Board of Directors, and referred to the same Committee:

To the Pittsburgh Synod of the Reformed Church:

In submitting another annual report of the condition of St. Paul's Orphan Home the Board desires to remind the Synod of the fact that the Lord's blessing has rested, in a peculiar manner, upon this institution, from its commencement until the present time. Nor is this strange. For caring for the destitute, gathering up the fatherless, and training them for usefulness, both in the Church and in the State, is a work more in accordance, perhaps, with the mind of the Master than any other. It is true missionary labor, which has the promise of the constant presence and blessing of the Lord.

With regard to the internal management of the Home, we take pleasure in reporting that it meets the idea of a Christian Home. The children, all of whom are baptized, and therefore members of the Church of Christ, are instructed in the doctrines and duties of our holy religion. They read the Scriptures, sing the hymns and chants of the Church, and address God in the service of prayer. The discipline is strict, but such only as a kind father or mother would use to secure the most hearty obedience of a child. The fruit of this training has already begun to appear. Last spring quite a number, after having received a course of special catechetical instruction, were confirmed, and are now, as far as we have been able to learn, consistent communicant members of the Church.

The school, under Mr. E. H. Diehl, as teacher, during the last year, has reached a much higher point of efficiency than at any former time. The fact that Prof. Wickersham, State Superintendent of Soldiers' Orphan Homes, has pronounced its management and progress as "satisfactory in every respect," is conclusive evidence that it is conducted in harmony with the best principles of our popular educational system.

With regard to external matters we are able to report that the little farm has been well cultivated; and, by the blessing of God, has yielded bountifully in return. The building is now being thoroughly repaired,

and will soon present a new appearance, as it is being repainted both inside and outside.

During the year the Board held one regular meeting. There was a bare quorum present, which, however, was not a new feature, but only a repetition of what occurs every year. We, therefore, suggest to the Synod the necessity of electing only such members as live near enough to the Home, and have enough interest in its prosperity, to attend the regular

meetings of the Board.

In conclusion, the Board asks the Synod to remember that St. Paul's Orphan Home is her own child, and needs the prayers of all her members, and a portion of the means with which the Lord has blessed them. For, notwithstanding our efforts to raise funds, the Home is still in debt. A united, hearty effort in all our Churches would at once enable the Board to wipe out its indebtedness, and, being free of debt and the property in good repair, more orphans could be cared for. For want of means many who knock for admission, and who are baptized members of our own Church, have to be turned away. We ask Synod to take such action as will secure, if possible, a hearty response from all the baptized and confirmed members of our Church.

Respectfully submitted.

T. J. BARKLEY, President of the Board.

The Committee on Orphan Home submitted the following report,

which was received and adopted:

Several documents referred to the committee contain satisfactory statements in regard to the condition and wants of the Home. The Report of the Board of Directors is concise and clear, as stating in sum what should go before the people of our Synod, and is embodied in this report.

(See Report, above.)

It is of the first importance to the success and continued prosperity of this Home, that its daily wants be properly provided for from the benevolence of the Church. As expressing the mind and heart of the Synod in behalf of this noble institution, we offer for adoption the following resolutions:

Resolved, That the St. Paul's Orphan Home presents to the people of our Church an object of most worthy and practical Christian beneficence, and its continuous claims to their hearty love and active charity, are most cordially commended to the people of our pastoral charges.

Resolved, That the several Classes provide for special collections, personal donations, and large gifts from the people of their congregations, so

far as the love of Christ constrains them.

Resolved, That the children of the Church should have an opportunity to make at least one free contribution each year to the support of the Orphan Home.

Respectfully submitted.

#### PUBLICATION.

The following report from the Board of Publication was received, and referred to the Committee on Publication:

To the Pittsburgh Synod of the Reformed Church:

The Board of Publication, elected at the last annual meeting, submit the following report:

During the Synodical year the Board held two meetings; the first about the first of December, 1873, and the second about the middle of the same month. At the last meeting, the Board, by resolution, offered the publication of Our Church Paper to Rev. G. B. Russell, D. D., for one year or more, on condition that he would assume the entire pecuniary responsibility of said publication. Dr. Russell accepted it, and the paper has appeared regularly twice each month since the beginning of the year.

As far as your Board have been able to learn, the paper gives general satisfaction, and is regarded by its readers as a welcome

visitor.

In regard to its success, in a financial point of view, your Board is unable to give any definite information; but refers the Synod to the editor, who has had sole control of the enterprise, in all its departments, and who can, doubtless, furnish the data necessary for the Synod to base any action on that may be deemed necessary for the future.

Respectfully submitted.

T. J. BARKLEY, Secretary of the Board.

#### REPORT OF THE COMMITTEE ON PUBLICATION.

The committee presented their report, which was received, considered item by item, amended, and adopted as follows:

To the Reverend Pittsburgh Synod:

Your Committee on Publication would report the following:

The only papers coming into our hands are the Report of the Board of Publication, and a statement and appeal from the Eastern Board of Publication. From the former we learn that, in December, 1878, the Synodical Board offered the publication of Our Church Paper to Rev. G. B. Russell, D. D., for one or more years, on the condition that he assume the

entire pecuniary responsibility. Dr. Russell accepted it, and has issued the paper regularly to date, and intends to continue its publication.

The committee recommend the following resolutions for adoption:

- 1. Resolved, That Synod endorse the above action of the Board.
- 2. Resolved, That we have noticed with pleasure a marked improvementin the general editorial management and appearance of the paper, during the past year.
- 3. Resolved, That we realize the value of OUR CHURCH PAPER, as a help in our pastoral work, and as a means of educational training in our families, and hence will continue our efforts to increase its circulation.
- 4. Resolved, That in order to make the paper still more interesting and valuable to all its readers, it is only necessary that the ministers of Synod frequently contribute to its columns, and promptly communicate all items of Church news indicating progress and essential growth.

With reference to the statement and appeal from the Eastern Board of

Publication, we propose the following:

Resolved, That this Synod deeply sympathizes with this Board, and hereby pledges its patronage and support, so far as it does not interfere with the publication of this Synod.

Resolved, That we, as a Synod, are pleased with the proposed changes in the form and price of the Messenger.

Respectfully submitted.

#### EDUCATION.

The following Report of the Board of Beneficiary Education was received; the general plan therein set forth approved, and then referred to the Committee on Education, except the item referring to money, which was referred to the Committee on Finance.

To the Reverend Pittsburgh Synod:

Your Board of Beneficiary Education held a meeting at Irwin, Pa.; in April last, for the purpose of organizing and adopting a plan of operations.

After a full discussion, we adopted the following regulations:

To carry out the object of our election as a Board of Beneficiary Education of the Pittsburgh Synod, we hereby adopt the following rules for the management of the trust committed to us:

1. This Board shall meet annually, at such time and place as shall be agreed upon, but special meetings may be called when occasion seems to require, and shall be at the request of any two members of the Board.

2. The officers of this Board shall be a President, and Treasurer and

Secretary.

3. It shall be the duty of the President to superintend, in general, the work of the Board. He is especially authorized to counsel, advise, direct, reprimand, and, if need be, suspend, any student under the care of this Board from his benefice; and this action shall always be subject to revision by the Board, at its next meeting. He shall be Treasurer of all moneys contributed to the cause of Beneficiary Education, and pay out the same under the direction of the Board, as hereinafter specified; and is expected to devise ways and means to carry on the operations of the Board.

It shall be his duty, still further, to submit a full and accurate report of the doings and condition of the affairs of the Board to each annual meeting

of the Pittsburgh Synod.

He shall, also, hold and preserve the bonds of each student, as herein-

after required to be given.

4. It shall be the duty of the Secretary to keep a correct record of all the proceedings of the Board, a list of all the beneficiaries taken under its care, and the appropriation given each one from year to year, and shall furnish each one of them with a copy of the rules relating to the condition on which they receive beneficiary aid, at the beginning of their term of study.

5. Any applicant who feels himself called to the work of the holy ministry in the Reformed Church, in order to be received under the care and aid of this Board, must be a communicant member of the Reformed Church, in good and regular standing; must be well recommended by his pastor, or the Consistory of the congregation to which he belongs, as having the physical, mental and religious fitness to entitle him to assistance. The Board must also be satisfied that he has not command of sufficient funds to enable him to bear the expense of the necessary preparation for

the ministry, and he shall sign the following declaration:

"I do hereby declare that I feel myself called to the work of the holy ministry, and am willing, with divine help, to consecrate myself heartily and unreservedly to this service. I, also, solemnly engage to use all due diligence in preparing myself for its sacred duties, under the proper guidance, counsel, rules and regulations of the Board of Beneficiary Education. And, further, I sincerely promise that I will faithfully, and to the best of my ability, continue in the prosecution of my studies to this end, except only with the consent of said Board; nor will I, during my term of study, make any matrimonial or other engagements, which may interrupt or in

any way interfere with my preparation for the holy office of a minister of

the Gospel."

When these conditions are met, and on receiving the first appropriation, he must give to the President and Treasurer of this Board, a bond, with approved security, in, the amount of a sum sufficient to indemnify the Board for such funds as may be required to complete his preparation for the ministry; so that, should he be suspended from his benefice, or, for any reason, discontinue his studies, or not enter the ministry of the Reformed Church, and continue therein at least ten years (except on account of disability or death,) thereupon he, or his securities, shall pay back, or cause to be paid, to the Treasurer of the Pittsburgh Synod, to be again devoted to the cause of Beneficiary Education, the full amount he may have received as beneficiary aid.

6. The following is the form of such bond to be given by each and

every beneficiary taken under the care of this Board:

full force and virtue.

7. The aid given to each beneficiary shall be according to the necessities of each particular case, but in no instance shall it exceed two hundred

dred dollars per annum.

9. In case of any extended absence from college or seminary, there shall

be a pro rata reduction made from the annual appropriation.

10. The several Classes and Charges shall have the privilege of designating to what beneficiaries their contributions shall be applied, provided they comply with the general provisions regulating this Board.

12. These regulations are subject to such amendments or additions, as may be deemed necessary to carry forward successfully the operations of the Board.

Resolved, That the attention of the several Classes be respectfully called to the fact that this Board is now fully organized, and, in accordance with the desire of the Pittsburgh Synod, that all the work of its Beneficiary Education be carried forward by means of this Board. And they are requested to place all their Beneficiary Students under its care and control.

The Treasurer was instructed to make public mouthly acknowledg-

ments of the contributions received for the Beneficiary cause.

The President was instructed to issue, through OUR CHURCH PAPER, a circular appeal in behalf of Beneficiary Education; and the several pastors are requested to read the same to all their congregations.

On motion, this Board adjourned to meet at Berlin, Pa., Friday, Octo-

ber 16, 1874, at one o'clock, P. M.

SECRETARY.

This action was published in Our Church Paper, as was also an ap-

peal to the Church at large, for funds in aid of the cause.

We received notice that four of the six Classes composing this Synod, have transferred their beneficiaries to the care of the Board. We expect also that they will furnish at least sufficient means to support such students as they have placed under our care.

#### Supplement to the foregoing Report.

At a meeting of the Board, since the above report was received, the following beneficiaries, recommended by their respective Classes, have been taken under the care of the Board, viz.: Ed. Wingenroth, John Schick, W. F. Lechliter, J. C. Tintsman, J. W. Knappenberger, Robert Bowling, J. W. Pontius, and J. N. Apple.

To meet the demands on the Board for the ensuing Synodical year, we

ask the Synod to assess at least \$1,500 upon the Classes.

It is hoped that liberal contributions will soon be sent in, so that the Board may be able to meet the rightful expectations of the young men now at College and Seminary depending upon us for aid. May the Lord open the hearts and purses of our membership, to give abundantly to this good cause.

Respectfully submitted.

J. W. Love,

President.

The following Report of the Trustees of Literary Institutions was received and referred to the Committee on Education:

#### To the Reverend Pittsburgh Synod:

At a meeting of the Trustees of Literary Institutions, held in Pitts-

burgh, on the 3d of March last, the following action was taken:

WHEREAS, The Board of Trustees of Literary Institutions of the Pittsburgh Synod have heard with pleasure, through members of our Church at Greensburg, Pa., that the way is open for the establishment of a Female Seminary at that place; therefore,

Resolved, That we establish a Female Seminary at Greensburg, Pa.,

upon the conditions hereinafter mentioned.

Resolved, That this institution be under the care and control of this Board, in connection with the Principal.

Resolved, That we will attend its annual commencements, and report

its condition in our official character to the Synod.

Resolved, That nothing in the foregoing resolutions shall be so construed as to make either this Board or the Synod pecuniarily responsible.

Resolved, That Rev. Lucian Cort, of Martinsburg, Pa., be elected

Principal of said School.

The Board is of the opinion that if the Reformed Church included within the bounds of this Synod, is to maintain her social standing with sister churches, we must have a female school in our midst, in which our daughters may be afforded the advantages of a full course of literary and scientific study, and of sesthetic culture.

It is proposed, therefore, to make the Female Seminary at Greens-

burg, Pa., a first-class school in every respect.

Rev. Prof. L. Cort, the Principal elect, has purchased an eligible site, and erected thereon a large four-story brick building, in every way suitable for the purpose intended, and capable of accommodating from forty to fifty boarders, and as many day pupils. Rev. Cort is entitled to the thanks and substantial support of the whole Synod for the enterprise he has shown in the cause of female education, and for being willing to invest largely of his own private means in a school property for the benefit of the Synod and the Church at large.

It is expected that the building will be ready to open the school in April or May next, and that when it once goes into operation, it will be found to be in every way worthy of the patronage of those for whom it has

been established.

We, therefore, ask the influence and co-operation of all the members of

this Synod in making it a complete success.

The way does not seem to be open for the establishment of a college for young men, and, therefore, nothing has been done in this direction.

Respectfully submitted.

J. W. Love, President.

The report of the Committee on Education was received, considered

item by item, amended and adopted as follows:

Two papers were referred to the Committee on Education by Synod for consideration, viz.: the Report of the Board of Trustees of Literary Institutions and the Report of the Board of Beneficiary Education.

In regard to Literary Institutions the committee offers the following: From the Report of the Trustees made to Synod, and from verbal

statements made by said Board, the committee learns.

1. That the Board of Literary Institutions has established a Female Seminary at Greensburg, Pa.

2. That they called to the principalship of the Seminary the Rev.

Lucian Cort, of Martinsburg, Pa.

3. That Rev. L. Cort accepted this call on the following conditions, viz.:

That the institution be, under the care and control of Synod's Board.

That the Board attend its annual commencements, and report its condition annually to Synod.

That the institution receive the encouragement and hearty support of

Synod.

That he (Rev. L. Cort,) furnish the means wherewith to purchase the ground and erect the necessary buildings.

It is also a part of the agreement, that Rev. L. Cort assume all financial responsibility, and, consequently, also reap all financial profits.

The committee proposes that Synod adopt the following action:

Resolved, That we approve and sanction the action of the Board in establishing a Female Seminary at Greensburg, Pa., in calling Rev. L. Cort to the principalship thereof, and in entering into the above-mentioned agreement with him.

Resolved. That the Board of Trustees be instructed to appoint three of its own members as a committee whose duty it shall be to aid the principal in arranging a course of study, in selecting teachers, and in managing

the general affairs of the school.

Resolved, That all the members of the Board be expected to attend all public examinations of the pupils as well as the annual commencement of the institution.

Resolved, That we pledge our hearty support to the school, and that we use all our influence to induce young ladies to avail themselves of the opportunities afforded by our Seminary.

In regard to a college for young men, we report that we have learned that Rev. G. B. Russell, acting under his official appointment from the Provisional Board of Trustees, has obtained from Mr. James Kelly, of Wilkinsburg, consent, on certain conditions, to donate a valuable piece of land, of from twelve to fifteen acres, in the Thirty-seventh ward of Pittsburgh, as a site for the proposed college of this Synod, and as it is of the first importance that this noble donation be definitely secured for the groundwork of the plan, therefore,

Resolved, That this Synod has heard with devout gratitude to God of this favorable indication of the divine favor in Mr. Kelly's large-hearted benevolence, and that we should be thereby moved to renewed purpose and zeal in behalf of the college scheme.

Resolved, That Rev. G. B. Russell, provisional President, be appointed and is hereby empowered to enter into a specific contract with Mr. Kelly for the transfer of the site of said land and receive it in trust for the use of the educational interests of this Synod.

Resolved, That in the above resolution we do not confer the power to bind this Synod, without its consent, to the erection of buildings for the proposed college. But in case funds be first provided for that purpose, the Board of Trustees may feel free to go forward under their appointment, in accordance with the purpose of Synod, without involving this body in any pecuniary liabilities.

In regard to Beneficiary Education, we report as follows:

The Board met in due time after its election, organized and adopted a plan of operation; which plan has already been approved by Synod.

The Board has taken under its care eight beneficiary students.

The Board state that four out of the six Classes have transferred their beneficiaries to the care and support of the Board.

We recommend the soloption of the following resolutions:

Resolved, That all the Classes be requested to acquiesce in Synod's plan of Beneficiary Education.

Resolved. That the Board be requested to send its students to our institutions at Lancaster. Pa.

Resolved, That the cause of Beneficiary Education be heartily recommended to the prayerful consideration of all our people.

Respectfully submitted.

A. E. TRUKAL, Chairman.

Rev. J. F. Wiant tendered his resignation as a member of the Board of Beneficiary Education, which was accepted, and the vacancy thus occurring, referred to the Committee on Nominations.

#### THEOLOGICAL SEMINARY.

#### REPORT OF THE BOARD OF TRUSTEES.

#### Reverend Fathers and Brethren:

The Board of Trustees of the Theological Seminary held three regular meetings during the current Synodical year. The first, November 24th, 1873; the second, May 13th, 1874, and the third, September 20th, 1874.

At the first meeting, the Board organized by re-electing Daniel W. Gross, President; David B. Mauger, Vice President; Edw. J. Zahm, Rec. Secretary, and John B. Roth, Treasurer.

At the meeting in May, Bro. Eshbach reported that Miss Mary Morrison, deceased, of Paradise charge, East Susquehanna Classis, had left a legacy to the Church, and authorized her pastor (at that time, the Rev. Henry Moser,) to designate to what particular object it should be He named the Endowment Fund of the Seminary, and, as will be seen by the report of the Treasurer, \$412.93 has been paid to him, and is now embraced in the Endowment Fund of the Seminary.

We have not complied with the action of Synod with regard to the erection of a Seminary building for the following general reasons, viz.:

We do not deem it advisable to erect a building, such as the funds now in hand would pay for, because in a few years it would not be sufficient for the wants of the Seminary, and could not then be altered or changed without detriment to its appearance.

Second. It is well known to every one conversant with the erection of large buildings, that an entire building can be erected at a much less percentage of cost than to erect one part at one time and another part after-

wards.

Third. We cannot use the notes in hand, for the simple reason that notes will not pay workmen, nor buy material; and, while we believe that nearly all the notes that we hold will be paid, yet we cannot realize on these now, nor in any way use them for the purposes of building.

Fourth. The cash we have in hand is bearing interest, and adding to the principal, while, if invested in a building which we could not finish

fit for use of the institution, it would be entirely unproductive.

The Treasurer's statement, which accompanies this report, will explain the financial condition of the institution. From it the Synod will learn that our condition in this respect is steadily improving. With proper care on the part of our pastors, in directing the attention of their people to our institutions, we believe many would be induced to follow the example of Mary Morrison (whose legacy is mentioned above,) and bequeath sums of money to the various objects of benevolence in our Church. Especially should pastors be careful to inform their people of the FORM of bequests, so that the intention of the donors may not be thwarted by any informality in their wills. In this connection, we would suggest that the Board of Publication place in a conspicuous place in the Messenger, a blank form for bequests as a standing reminder to the whole Church, and as a guide to those who desire to make bequests to our institutions, or to any benevolent object in our Church.

REPORT OF THE BOARD OF VISITORS.	\$4,477 82
To the Sunod of the Reformed Church in the United States:	

To the Synod of the Reformed Church in the United States:

BRETHERN: The Board of Visitors of the Theological Seminary

respectfully present the following as their annual report:

The Seminary was opened on the first Wednesday of September, 1873, and its operations were carried forward successfully and without interruption during the year, for which our gratitude is due to the Head of the Church, who has promised to be with His disciples always unto the end of the world.

The following persons, thirteen in number, were admitted to the privileges of the Seminary as members of the Junior Class: Moses H. Diefenderfer, Jos. E. Freeman, Nevin H. Fisher, G. Dickie Gurley, Thomas A. Huber, J. W. Knappenberger, Alpha K. Kline, G. W. Roth, D. Besore Shuey, George M. Zacharias, John J. Crist, Geo. P. Hartzell and Thos. N. Reber. Most of these are graduates of Franklin and Marshall College. The three last named were admitted to a "special course of study arranged by the Faculty, with the approval of the Board, for such persons as wish to prepare themselves for the ministry, but who have not the literary qualifications heretofore required for admission into the Seminary."

The Senior Class, consisting of H. D. Darbaker, John F. DeLong, James W. G. Dengler, Josiah D. Detrick, John Dotterer, David P. Le Fevre, John H. Pannebecker, William C. Shaeffer and Solomon B. Shafer, nine in all, having completed the prescribed course of study, were, at their own request, dismissed and received the usual certificate of Dismission and Recommendation for Licensure. They have all received calls, and are now engaged in the active duties of the ministry in various parts of the Church. The whole number of students in attendance during the year was thirty-five, which is larger than at any previous time.

As usual, some of the students were under the necessity of leaving the Seminary before the close of the year, on account of limited funds. Notwithstanding the efforts of the Board to prevent such irregularities, experience goes to show that they will continue until more system and promptness are introduced into the Church, in raising money to support our beneficiary students. The examinations at the end of the year were listened to with much attention, and were entirely satisfactory to the Board. They were thorough, and reflected credit upon both professors and students. From the reports of the different professors we learn, that the students, as a body, have been diligent and regular in their studies, and that their Christian conduct has been consistent with their position as candidates for the office of the sacred ministry. It is the opinion of the Board that the Seminary, as a whole, is in a healthy condition, and that its prospects for continued prosperity in the future are encouraging. It is only necessary that the Church should continue to bestow upon this branch of her service her prayers and sympathies, in order to render it fully adequate to meet the increasing wants of our Reformed Zion.

It is, however, a matter of regret, that the namber of students is not larger than it is. The yearly addition to the ministry is barely sufficient to compensate for the loss in its ranks, by death or disability. The arrangements in the Seminary are such as would accommodate twice the number now in attendance, without any increase of labor or expense to the Church, and there is no sufficient reason why it should not be so. In no other way can we so effectually build up the kingdom of Christ, as by increasing the number of laborers within our bounds. It is something both possible and practicable, and its urgency and great importance ought to be brought home to the heart and conscience of the Church. The harvest is great, but the laborers are few; pray ye, therefore, the Lord of

the harvest, that He may send forth laborers into His harvest.

But, while peace and presperity reign within the walls of the Seminary, opposition from without continues, which would seriously impede its progress, were it not measurably defeated by the merciful care of our divine Lord and Master. This subject has engaged attention from time to time, and the Board avails itself of this opportunity to reassert its judgment, as contained in last year's report, that, in view of the slandarous charges against the teachings of the Seminary, it regards said teachings as Protestant, Evangelical and Reformed. The Board is further of the opinion, that the attention of the three Synods represented in this Board should be directed to the fact, that certain persons in their connection centinue to misrepresent the teachings of the Seminary and of a large portion of the ministry in the Church.

The Rev. Frederick Augustus Gast was duly installed as Professor of the Hebrew Language and of Old Testament Theology, at the close of the

Seminary year.

The new Board was organized at the last meeting of Synod by the election of Rev. Dr. A. H. Kremer, as President; Dr. S. R. Fisher, as

Treasurer, and the undersigned as Secretary.

As a Board of Education we report, that there have been fifteen beneficiaries under our care during the year. Of these, four have finished their studies and are now in the ministry. The amount contributed for their support was \$1,711.44. Last year it was \$3,748.05. Disbursed, \$1,797.80. Balance, \$339.36 in the treasury.

For further information in regard to the finances of the Board, we refer

the Synod to the Treasurer's report.

Respectfully submitted.

THEODORE APPEL, Secretary.

#### REPORT OF THE COMMITTEE ON THE THEOLOGICAL SEMINARY.

The Committee on the Theological Seminary submitted their report, which was received and adopted. It is as follows:

The Committee on the Theological Seminary respectfully submits the

following report:

The documents placed in the hands of the committee are the following: The Reports of the Board of Visitors, Board of Trustees and Treasurer of the Seminary.

From the Report of the Board of Visitors we learn that the operations of the Seminary have been carried forward during the past year with an

encouraging degree of success.

The number of students has been larger than at any previous time; a goodly number at the end of the term were dismissed in the usual way, all of whom are now engaged in the active duties of the ministry.

The Board express their entire satisfaction with the faithfulness of the Professors, and the diligent application of the students in their studies, as

well as their upright Christian conduct as a body.

The Board reiterates its judgment of the teachings of the Seminary as Protestant, Evangelical and Reformed, over against slanderous charges that have gone forth in regard to them; it calls the attention of the three Synods, under which the Seminary stands, to the fact that certain persons in their connection continue to misrepresent its teachings. The committee are glad to say that, so far as its knowledge extends, such is not the case within the bounds of this Synod.

The Board of Trustees held three regular meetings during the year, elected Mr. D. W. Gross, President; E. J. Zahm, Recording Secretary, and Mr. John B. Roth, Treasurer. The Endowment Fund received a legacy of

\$412.93, from Miss Mary Morrison, of the Paradise Charge.

For reasons expressed in the report, the Board did not deem it expe-

dient to go forward in the erection of Seminary buildings.

As appears from the Treasurer's report, the finances of the Seminary are in a healthy condition. Presuming that this report will be incorporated in the Minutes of Synod, the committee do not deem it necessary to refer specially to the statements of the five funds represented in the Seminary Board.

As no specific action seems to be called for in these reports, your com-

mittee would recommend the following resolution:

#### DISMISSION OF WEST NEW YORK CLASSIS.

The following preambles and resolutions were offered and adopted under

Item 7 of the Report of the Committee on Minutes of Classes:

WHEREAS, West New York Classis requests Synod to be dismissed to the German Reformed Synod of the Northwest, and as we have been informed by its representative, took this action mainly because it was assured of missionary aid, so indispensable to the success of its mission at Buffalo, N. Y., otherwise it would have requested this Synod to be dismissed to a new German Synod to be organized out of the German Philadelphia, German Maryland, New York and the West New York Classes, and,

WHEREAS, It has developed since, that there will be no difficulty in providing the missionary support, so these matters can be arranged satis-

factorily in the course of time; therefore,

Resolved, That the President of West New York Classis, Rev. D. Willers, D. D., be requested by the Corresponding Secretary, to call a special meeting of said Classis, as soon as possible, to consider such action. And furthermore:

WHEREAS, The Synod of the Reformed Church in the United States, to be convened at Bethlehem, Pa., and the Synod of the Potomac, at Hanover, Pa., on and after October 22d, 1874, will be requested by some of the above-mentioned Classes to make provision for the organization of this German Synod of the East, and it is indispensable that the Classis of West New York should unite in the organization, therefore,

Resolved, That we respectfully request these Synods to take such conditional action in this matter, that if the proper conditions are at hand, the organization may be consummated as soon as possible; and that the Corresponding Secretary at once inform said Synods of this action; and,

WHEREAS, West New York Classis might, according to the provisions of the Constitution, still desire not to connect with the East, but

rather with the West: in such case,

Resolved, That if West New York Classis should arrive at such conclusion at its next special meeting, the officers of this Synod are requested to grant papers of dismissal to the German Reformed Synod of the Northwest.

#### MISCELLANEOUS.

The following is the communication presented by a committee of Somerset Classis and reported as *Item* 4 by the Committee on Overtures:

To the Synod of Pittsburgh:

REV. FATHERS AND BRETHREN: The undersigned, being a committee appointed by Somerset Classis, would respectfully call your attention to a note against this Synod, in favor of Catherine Bartholomew, of Cumberland, Md., for \$1,000, and pray you to make provision for the speedy payment of the same. This note was given by Rev. G. H. Johnston, in his capacity of Missionary Superintendent of Pittsburgh Synod, and is endorsed by Rev. J. Ruhl, in behalf of Somerset Classis. The money was applied to the payment of the property purchased for the use of our Mission Congregation in the city of Cumberland. The aforesaid note is now in the hands of an attorney for collection, which attorney has notified the undersigned, J. Ruhl, that he will bring suit on it, in case it is not speedily paid. Somerset Classis is utterly unable to make provision for the redemption of this note, and, therefore, prays this Synod to take such measures as in its wisdom may seem necessary to save the credit of the Church and secure the success of our mission in Cumberland.

Yours in the Lord.

J. Ruhl, WM. Rupp. Committee.

The committee to whom this paper was referred, reported as follows, which was received and adopted:

From facts in the case laid before the committee it appears:

That this claim for the payment of the sum of \$1,000 grows out of the transactions connected with the purchase of the Church property for the Cumberland Mission.

Of the original purchase money, \$2,000 were promised by the Old Westmoreland Classis, on the condition that the congregation assume the payment of \$3,500. The Classis paid its part in full, and the congrega-

tion met \$1,000 on its part.

When, however, another \$1,000 payment from the congregation fell due, they were unable to meet the claim, and the Superintendent of Missions and the Chairman of the Committee of Somerset Classis came to the relief, temporarily, of the Cumberland people, by giving a note drawn by Rev. Geo. H. Johnston, and endorsed by Rev. J. Ruhl, on which to raise the money. This, it appears, was not intended to lift that part of the debt from the Cumberland congregation's part of the original contract. They were merely permitted to provide for their own further relief in replacing this \$1,000, by allowing the Cumberland pastor to go through the charges for the purpose of collecting what he could from the people. This was not done, and this part of the debt remains.

From this it is clear that the Synod never assumed the payment of this additional \$1,000, nor ever authorized its Superintendent to lend its

credit. Giving the note in his official character was not a part of his duty, to which he was called by his office, while acting in the name of the Synod. It was an extra official act, outside of his usual service to the Church, so that by the law of custom it would not bind the Synod by that fact alone, as if it were a transaction common in the discharge of his duty as Synod's officer. And by no act, or even by tacit consent, has the Synod become liable for the note given by the Superintendent, though he had intended (as he certainly did not,) to transfer the liability for this \$1,000 from the Cumberland people's side of the contract to the side of the Synod.

Nor does it appear either that the Somerset Classis assumed this additional payment in behalf of the purchase of said property. By their invitation to the Cumberland pastor to canvass their pastoral charges and collect funds for that mission's church debt, they only proposed a kindly

way for helping to pay that part of the purchase money.

We conclude, therefore, that this unpaid claim of \$1,000 is still most properly due by the Cumberland congregation itself. It was only in kindness that they received temporary relief by the giving of this note. This, together with what they will owe besides, leaves a debt of about \$2,000 upon their valuable property. If now they cannot meet this claim, which is pressed for collection at a time when they are reducing the other part of their debt, we think they should secure a mortgage loan on the church property till such time as it can be paid. It would not unduly encumber the property; therefore,

Resolved, That the Superintendent of Missions and Rev. J. Ruhl be appointed to counsel as to this matter with the Zion's congregation at Cumberland, Md., and help them to arrange this financial item in

accordance with the facts and recommendation above given.

Respectfully submitted.

G. B. Russell, J. W. Love, Samuel Foust,

A request having been made by Rev. Whetstone, of Somerset, Pa., that Synod grant a supply for his pulpit from the number of its members, in

answer the following action was had:

WHEREAS, It would be impossible for a minister of this Synod to supply the pulpit of Rev. Whetstone, of Somerset, without being absent from one of the sessions of Synod and the Synodical Communion; therefore,

Resolved, That we cannot comply with the request of Rev. Whetstone

to supply his pulpit on Sunday next.

Rev. L. D. Steckel asked permission to be absent on Sunday to fill appointments within the bounds of his charge. Under the peculiar circumstances, as stated by Rev. Steckel, the rule with regard to the presence of members of Synod at the Synodical Communion, was suspended, and the request granted.

It is made a rule of Synod that the reports of all Boards of Synod shall

be read before being referred to the several committees.

#### NOMINATIONS AND ELECTIONS.

The Committee on Nominations offered their report, which was received, amended and adopted, and the committee instructed to "post up" a copy of their report for the use of the members of Synod.

At the time appointed of Synod, the election of members to the several Boards was entered into. The tellers, appointed by the President, re-

ceived the ballots and reported the result to Synod.

The Stated Clerk was instructed to incorporate in the published Minutes of Synod, the names of the members of all the Boards, and length of time for which each member is elected.

The Corresponding Secretary was instructed to notify the members of

the different Boards of their election.

The Agent of the Eastern Board of Publication, Elder J. David Miller, laid before Synod, for examination, specimen pages of the new Hymn Book, published by the Synod of the Reformed Church in the United States. No action was had.

Resolved, That the thanks of this Synod be and hereby are tendered to the members of Berlin Reformed Congregation, and other citizens of Berlin, for the hospitable entertainment afforded the members of this body during our sojourn among them, and that this resolution be read by the pastor of this congregation at the next regular Lord's-day service.

Resolved, That this Synod hereby returns thanks to the P., W. & B., the A. V. and the B. V. R. Roads, for the favors extended to the members of this Synod in traveling over their lines to and from Berlin, Pa., and

that the Corresponding Secretary so inform them.

of Synod found absent without excuse.

The members, both ministers and delegated elders, not present during any of the sessions, were referred to their Classes, except Rev. J. J. Pennypacker, D. S. Dieffenbacher, C. R. Dieffenbacher, E. H. Dieffenbacher, D. Willers, H. Bentz, C. Kuss, A. Dale, J. Voeglin, J. B. Thompson, N. P. Hacke and H. E. F. Voigt, who were excused for reasons stated before Synod.

propriate religious services.

2. The President shall take the chair precisely at the hour to which Synod stands adjourned; shall immediately call the members to order, and having opened the meeting in due form, shall ascertain whether a quorum is present.

3. If a quorum be assembled at the hour appointed, and the President be absent, the Synod shall appoint a President pro tempore.

4. If a quorum be not assembled at the hour appointed, any two members shall be competent to adjourn from time to time, so that an opportunity may be given for a quorum to assemble.

13. Adjournment,

6. The Synod, immediately after it has completed its organization, shall define the limits which shall constitute the bar of the house, and no member shall be allowed to take part in the discussion, or to vote

on any question, who is not, at the time, within these limits.

7. It shall be the duty of the President, at all times, to preserve order and guard against the violation of the Constitution, or established Rules of Order; to keep notes of such items of business as have been deferred or assigned to particular days, or times, and to call them up at the time appointed; to appoint all Committees except in those cases in which the Synod shall decide otherwise; and to conduct all business before the Synod to a speedy and proper conclusion,

8. The President may speak with regard to points of order in preference to other members, rising from his seat for that purpose, and shall decide questions of order, subject to an appeal to the Synod, which may be taken by any member with a second. In this case, the member appealing may briefly state the grounds of his appeal, and the President may briefly reply; whereupon the question shall be put in the following form: Shall the decision of the chair be sustained?

and this motion shall be decided by a majority of votes.

9. It shall be the duty of the Stated Clerk as soon as possible, after the opening of Synod, to form a complete roll of the members present, and to put the same into the hands of the President; to keep a faithful record of the proceedings of the Synod; to read all papers handed him by the President for that purpose; and to file all papers in the order in which they have been read, with proper indorsements, and to keep them in perfect order.

10. Business left unfinished at a preceding session shall be ordina-

rily first taken up at the succeeding one.

11. Business referred to the regular committees shall have the precedence, excepting subjects which may have been assigned to some particular hour.

12. After the first day, the minutes of the preceding day shall be read each morning, corrected if necessary, and approved; and before the final adjournment, the remaining proceedings shall be read, corrected and approved. After the minutes have been read, (or corrected), the President will say: Shall the minutes (as corrected) be approved? If no objection be made, he will declare the minutes approved.

13. When the President takes the chair, the members shall at once come to order; and during the transaction of business, they shall not indulge in private conversation,—nor shall one member address himself to another, or to any one present, in a debate, except

through the President.

14. Every member, when speaking, shall address himself to the President, and shall treat his fellow-members,—and especially the President, with decorum and respect, confining himself to the subject in debate, and carefully avoiding all personalities.

.15. When any member, in the course of debate, shall speak out of order, or deviate from the subject under consideration, or at any time act disorderly, it shall be the privilege of any member, and the duty

of the President, to call him to order.

16. No speaker shall be interrupted except by his own permission, unless he be out of order, or for the purpose of correcting mistakes or misrepresentations.

17. No member shall speak more than twice on the same motion,

without permission of the Synod.

18. When more than one member shall rise to speak at the same time, the member who is most distant from the President shall speak first.

19. No motion shall be considered as before the Synod unless it is seconded, and, when required by the President, or any member, reduced to writing; and debate shall not proceed thereon until the President has distinctly stated the question to the house.

20. Any member who shall have made a motion, shall have the liberty to withdraw it with the consent of his second, before debate has taken place thereon, and before it has been amended: but not af-

terward without leave of the Synod.

- 21, When a question is under consideration, no motion shall be entertained except a motion: 1, to adjourn; 2, to lie on the table; 3, to take the previous question; 4, to postpone indefinitely; 5, to postpone to a definite time; 6, to refer or commit; 7, to amend. These several motions shall have precedence in the order named; and the first three thereof shall be decided without debate, and cannot be amended.
- 22. Questions of Privilege and Incidental motions shall be in order when they arise; and shall include the following: 1, motions and questions relating to the rights and privileges of the Synod, or of its members individually; 2, motions for the order of the day; 3, questions of order; 4, motions for the reception or reading of papers; 5, leave to withdraw motions; 6, suspension of a rule of order; 7,

amendment of an amendment. All of these, except the last one, shall be decided without debate.

23. If a motion under debate contains several parts, any member may call for a division, and may have the question taken on each part

separately.

24. The previous question on any motion, after a reasonable time has been allowed to discuss it, may be called. The call, to be entertained, must be made by at least twelve members rising in their places for the purpose. The previous question shall be in this form: Shall the main question be now put? and until it is decided, it shall preclude all further amendment, or debate on the main question. The effect of this motion when sustained, shall be to bring the Synod to a direct vote on all the amendments then pending in their proper order, and on the main question itself.

25. A question shall not be called up again, or reconsidered at the same session of the Synod in which it has been decided, unless the motion to reconsider be made and seconded by persons who voted

with the majority.

26. Members ought not, without weighty reasons, decline voting, as the practice might leave the decision of very important questions to a small portion of the Synod. Silent members, unless excused from voting, shall be considered as acquiescing in the vote of the majority.

27. When different motions are made with respect to the filling of Blanks with particular numbers and times, the question shall always be taken first on the highest sum or number, and on the longest time.

28. When the President has begun to take the vote, no further debate shall be admitted, unless it appears that a mistake has occurred, in which case the mistake shall be corrected, and the President shall again commence taking the vote.

29. When a vote is taken by ballot, the President shall vote with the other members; but he shall not vote in any other case, unless the Synod shall be equally divided, when, if he do not choose to vote,

the question shall be lost.

30. No member snall be permitted to enter a protest against any decision of the Syrod. If a member feel himself aggrieved by any such decision, the yeas and nays in the case shall be recorded, if he re-

quire it.

31. The person first named on any Committee (unless the Committee shall elect its own chairman), shall be considered the chairman thereof, whose duty it shall be to convene the Committee, and in case of his absence, or inability to act, the second named member shall take his place and perform his duties. When a Committee is divided in opinion, and a majority and minority report are made, both may be read and received at the discretion of the Synod.

32. All elections of Officers, Delegates, Members of Boards, etc., shall be by ballot. If on the first ballot, no one of the candidates for the same office, has a majority of all the votes given, the two who have received the highest number of votes, shall again be proposed

and the election repeated. If there still be no choice the voting shall be repeated until one of them shall have a majority.

33. The Synod may sit in private on business, which, in its jud

ment, ought not to be made a matter of public discussion.

34. The Synod can at any time, by a vote of the majority, resolve itself into a Committee of the whole, for the consideration of a particular subject, in which case the President shall call some other member to the chair. In this case members can speak oftener than twice; the previous question cannot be moved,—nor the yeas and nays called, and on points of order, the decision of the Chairman shall be final.

35. No member shall absent himself from any session of the Synod, nor withdraw during the sessions without permission of the President; and if a member leave before the final adjournment, or return home without the consent of the Synod, he shall incur censure, unless ex-

cused by the Synod.

36. At the final adjournment of the Synod, after appropriate religious service, the President shall pronounce the Apostolic Benedic-

tion.

The Bar of the House was defined by the President as extending to the tenth pew from the front of the chancel.

The following Session Hours were adopted: from 9 to 11½ o'clock, A. M., and from 2 to 4½ o'clock, P. M.

#### STATE OF THE CHURCH.

The following is the report of the Committee as received and adopted.—

# Reverend Fathers and Brethren in the Lord:-

To Him who hath created us; to Him who hath redeemed us; and to Him who sanctifieth us, be all glory and praise in the Church by Christ Jesus, our Lord, world without end. Amen.

The reports on the State of the Church from the several Classes, which compose this Reverend Synod present their usual, and it may be said, the distinguishing, features of the Kingdom of God's grace in the world. They furnish evidence of weakness and strength, -of light and darkness,—of faithfulness and unfaithfulness,—of opposition met by the divine heroism of Christian faith,—of prosperity and seeming failure. Were we to consider what appears to belong solely to the outward, we might ask where is the promise of His coming, and of His constant presence in the Church? Has His arm been shortened that He can no longer save? Has His Spirit forsaken the Church and has the candlestick been removed? Where is the power of His Kingdom to prevail over all, and subdue all to the influence of His. Gospel? It is, however, the old story of the burning bush. Human weakness and human reason say,—Her glory has departed; her banner has been trailed in the dust, and her enemies rejoice in her apparent want of power and success. Christian faith, and Christian reliance on the Lord's Almighty power and love, see that the bush has not been consumed. The Church still stands in opposition to the world. The gates of hell have not prevailed against her. The banner of the blood-stained cross still waves upon the ramparts of Zion. The Scepter is still held in the hand of her glorified Head. True, she has felt the strokes of the enemy. But like the smitten rock in the wilderness, from her wounds have flowed the sweet waters of life for the healing of the lame, the sick and the blind among the children of

The fountain is still open, and the living stream still issues forth for the healing of the leprosy of sin. Her table is still spread, and to it the hungry continue to come and eat the bread of life. reports show this. For notwithstanding the weakness, failure, unfaithfulness, and depression of which they speak, and which seem to belong to the very idea of the militant Church, they speak also of earnest labor, self-denying devotion, and intelligent seal in the cause of Christ. The glad tidings of salvation by Jesus Christ have been proclaimed throughout our Synod. The means of grace have been regularly offered and received by faith in Him who is always present in His Church. Our missionary work has been maintained not with as much zeal, perhaps, as the work demands, nor with as great success as might be desired,—but something has been done, and these outpoets of our Reformed Zion are still blessing the Church by their claims upon our sympathy and support. A respectable number have been added to the Church of those who shall be saved. All this is evidence of growth, and a firmer conviction that now is the time to work, because night cometh wherein no man can work. If we have not yet gained the summit of the mountain, we have at least, gotten a little farther up its side than we were one year ago. If we cannot yet get a full view of the promised land, we may at least see its borders. And if we ask, watchman, what of the night? faith answers,—we may see the sun of the day of God, and feel his genial warmth.

But the Lord will remove the clouds, and level the mountains by human hands. Our duty, therefore, is to labor in faith and prayer,

and go forward in the way of suffering and trial.

It is yet our pleasant duty to mention that the ranks of our ministry have been decimated, during the year, by the hand of death. We call it a pleasant duty because they have been called up higher.

## REV. H. E. F. VOIGT.

Westmoreland Classis records the death of Rev. H. E. F. Voigt, who has long borne the burden and the heat of the day, and to whom after a long life of active service, and of unswerving devotion to the Church of his choice, has been given the crown of eternal life. He rests from his labors and his works do follow him. We cherish his memory as a loving friend and a faithful minister to whom the Church owes a lasting debt of gratitude for his earnest self-denying labors in her bdhalf.

# REV. ABNER DALE.

Allegheny Classis reports the death of Rov. Abner Dale, a brother who, by his genial disposition and earnest devotion to his calling, had endeared himself to the whole Church, and died during the past Winter. His memory is affectionately embalmed in the hearts of the brethren of this Synod, and he walked with God; and he is not; for God took him.

#### REV. PHILIP ZEISER.

St. Paul's Classis has placed on record its graceful tribute of reverential respect to the memory of its aged pioneer, Rev. Philip Zeiser. He departed in the brightness of an assured and blsssful hope beyond. His memory is embalmed in the hearts of many, is blessed, and his works do follow him.

#### MISSIONS.

Communications from the Tri-Synodical Board.

Whereas the several Synods under whose authority the Board is operating, meet this year in convention, and this opportunity is offered to bring the subject of Missions to very general attention during their sessions,—therefore resolved,—That we as a Board respectfully request the several Synods fully to consider the following facts:

1. That we owe our Missionaries the sum of \$5500, and need \$9500 to meet the current expenses in carrying forward the work

during the year.

2. That the Board having resolved to borrow no more money on the one hand, and the salaries of our Missionaries being at best small and the cold weather at the door on the other hand, it is of the greatest account that immediate measures be taken to meet our dues in this respect; all monies paid in, of course to be credited to respective charges.

Resolved, That the Synods are generally requested to set apart some time during their sessions to take counsel together on this matter

so vital to the interests of the Reformed Church.

By order of the Board.

W. H. H. SNYDER, Secretary.

#### REPORT OF THE BOARD.

To the Synod of the Reformed Church in the United States, the Pittsburgh Synod, and the Synod of the Potomac.

Dear Fathers and Brethren:—The following Missions have been under the care of your Board of Missions during the Synodical year just closed:

Synod of the United States.

Catasauqua, Pa. Rev. A. B. Koplin, pastor. Has a very valuable property, and is making progress, both internally and externally.

Its debt, however, weighs upon it. Unless East Pennsylvania Classis can either largely relieve this or strengthen the charge by the addition of a good congregation, the present appropriation of the Board will have to be reduced at a very slow rate. Prospects otherwise good, and the pastor's labors successful. App. \$700—till January 1st. Undetermined beyond that time. German and English.

Reading, Pa. Christ Church. Served by Rev. J. Fuendeling for ten months of the year. Since then by Rev. R. Kunz. For several months during the Summer the affairs of this congregation were unsettled; in good condition now. By having the parochial school cease and a small family on the part of the new pastor, we have been enabled to reduce the appropriation from \$700 to \$350, for the year. Prospects promising. German.

St. John's. Became vacant last March. Supplied during the Summer. Oct. 1st, Rev. J. W. Steinmetz takes charge. Appropriation for the first year \$400. Expected to be shortly self-supporting.

German and English.

Philadelphia, Pa. St. Stephen's. Rev A. Romich, pastor. An old Mission. About maintains its own from year to year. The dear brother who serves it as pastor has of late been much afflicted, having been laid low with fever himself and having barried a child. Appropriation, old \$225; new \$200. This latter for six months.

St. John's. Rev. J. G. Noss, pastor. Growing. Our only English congregation in West Philadelphia with a population of 70,000. Good property. Small debt. Appropriation \$400—continued.

Wyoming, Del. Supplied part of the year. Since August, under the pastoral care of Rev. W. F. Lichliter. This mission is central for our future efforts to build up the Reformed Church in the State of Delaware, whither many of our people are moving. A very substantial beginning has here been made. Appropriation \$300.—English.

Harrisburg, Pa. Second Church. Rev. G. W. Snyder, pastor. This mission has gone forward without very material change. It has lost some good members by removal, owing to hard times, and it has gained others by its inner activity and growth. It has built an addition to its church for Sunday School purposes, and has a flourishing school. Appropriation \$300 continued. English.

Zwingli. Rev. M. Noll, pastor. Maintains its own, and would grow in better times. Its inner condition seems to be gaining in permanent character. Appropriation \$300, old; new \$225. German.

Columbia, Pa. Rev. C. Clever, pastor. Prosperous. Appropriation, old \$200; new \$150. English.

Hazelton, Pa. Emanuel's. Rev. I. E. Graeff, pastor. Part of the year vacant. Latterly served by Rev. I. E. Graeff, as pastor. Has been changed from German to German and English, as our first Church in the town is entirely German. Many East Pennsylvania people live here, who need service in both languages. Appropriation \$100.

Overton, Pa. Rev. J. H. Schlappig, pastor. Reports progress. A northern frontier mission of our Church. Appropriation \$75, continued. English and German.

Liverpool, Pa. Rev. W. Donat, pastor. Improving; so that the appropriation could be reduced since July 1st, from \$150 to \$80.

English and German.

Lykens, Pa. Rev. J. Kretzing, pastor. Since July a self-supporting charge by its connection with two other congregations. The late

appropriation was \$350. English and German.

South Bethlehem, Pa. Rev. N. Z. Snyder, pastor. Will be a self-supporting charge, in connection with other congregations from October 1st. Prosperous. Late appropriation \$200. English and German.

# Pittsburgh Synod.

Kittanning, Pa. Rev. D. S. Dieffenbacher, pastor. Quite prosperous. Will soon be self-supporting. Appropriation \$300,—until June, 1875, since then \$225. English.

Meadville, Pa. Rev. D. D. Leberman, pastor. Two congregations, one in town and one in the country. Doing well. An old mission. Appropriation \$150; now discontinued. English and German.

Titusville, Pa. The late pastor, owing to well-known difficulties of the congregation, left with the close of last December. Vacant since. Should form a charge in connection with Corry and Union City. In its present condition, it is next to impossible to run it as a mission. The late appropriation was \$300. German and English.

The late appropriation was \$300. German and English.

Cumberland, Md. Rev. F. R. Schwedes, pastor. Doing well. A number of serious obstacles have been removed or relieved during the year. Church building improved, and painted. A new point begun in connection with it at Keyser City. Appropriation \$400; con-

tinued. German.

Pittsburgh, Pa. St. Paul's. Rev. J. W. Ebbinghaus, pastor. Growing, though slowly. Labors under considerable debt. Building repainted. Pastor hopeful in his work. Appropriation, old \$300; new \$220. German.

St. James'. Rev. C. Borchers, pastor. Gaining every way in solid character. Located amid a large German population. Appro-

priation, old \$225; new \$200. German.

St. Luke's. Rev. P. F. Schulke, pastor. New mission; hard work. Pastor moderately successful; labored earnestly. Now vacant. Appropriation \$200. German.

Trinity. Rev. T. F. Stauffer, pastor. Has been from the first a flourishing mission. Appropriation, old \$400; new \$300, condi-

tional. English.

Zion's Rev. G. B. Russell, D.D., pastor. A thrifty young interest. Paid off some of its debt; down to \$1000. Had some trouble, and suffered from it to some extent. Has stood up for order. Appropriation, old \$400; new \$300, conditional. English.

We use the word *conditional* in reference to the new appropriation to Trinity and Zion's, because the Superintendent of Missions is in

structed to effect such arrangements with them as may be to their common interest, and mutually satisfactory.

Triadelphia, W. Va. Until July vacant. Since then under the pastoral care of Rev. I ouis Miller. A small interest, not likely to be

soon self suprorting. Appropriation \$150. German.

Scottdale, Pa. Supplied part of the year by Rev. Prof. Lucian Cort. Since August under the pastoral care of Rev. W. C. B. Shulenberger. Doing well. Expects to have other congregations united with it so as to form a good charge before very long. Appropriation \$300. English.

Helvetia, W. Va. Rev. A. Kern, pastor. This is a pioneer congregation, in the wilderness. Prospering. Another point has lately been added by the pastor. Appropriation \$100; continued. German.

Buffalo, N. Y. Salem's. Rev. C. Kuss, pastor. Placed by the German Synod of the East, under the care of its own Board, since January, 1875. Appropriation \$300. German.

# Synod of the Potomac.

Duncannon, Pa. Under the pastoral care of Rev. H. Wi-sler, until August. Vacant now. Has a good field for growth in the

ure. Appropriation, old \$400; new \$300. English and German. Washington, D. C. Rev. M. Treiber, pastor. The congregation has connected with the German Maryland Classis, and has ceased to be under our care since July 1st. Appropriation \$300. German.

Baltimore, Md. Emanuel's. Rev. J. C. Hauser, pastor. Placed

by the German Synod of the East, under the care of its own Board. since January, 1875. Appropriation \$300. German.

Winchester, Va. Rev. C. G. Fisher, pastor. Making progress internally and externally. Appropriation, old \$350; new \$300. Eoglish

San Francisco, Cal. Rev. J. H. Krueger, pastor. No particular change during the year Holds fairly its own. Appropriation, old

\$380; new \$250. German.

Stockton, Col. Rev. J. Müllhaupt, pastor. A prosperous mission from the beginning. Since January, 1875, self-supporting. Late appropriation \$80. German.

Napa, Cal. Rev. F. Fox, pastor. Doing well. Missionary encouraged, and doing some service beyond the bounds of his charge.

Appropriation, old \$440; new \$330. English and German.

Portland, Oregon. Rev. J. Gantenbein, pastor. Mission new. Fifty members gathered. No property yet. Missionary feels encouraged, and hopeful. Appropriation \$600. German.

# New Missions.

A number of applications for the establishment of new Missions have come before us; the most of them from prominent places. In each case some preparatory work has been done.

Washington, D. C. An English interest. The membership has been visited, and found anxious for an organization. The Board has instructed the Superintendent of Missions to bring this interest before our liberal hearted people; and as soon as he has secured the promise of a sufficient sum to support a pastor for three years, to cause the Mission to be organized. A good beginning could be made here in the nation's capital.

Allentown, Pa. Salem's. A good chapel built and paid for. Sunday School organized. No pastor yet. A very promising

interest.

Easton, Pa. Grace. New organization. Will build a chapel yet this season. A good subscription for it. No pastor yet. Promising every way. English and German.

Landsdale, Pa. Regular services have been begun here with the view of organizing a Reformed congregation. Can be connected with

neighboring congregations. English and German.

Wilkesbarre, Pa. A large inland city, with many of our people in it; yet no Reformed congregation. Have taken steps toward an organization, and expect to go forward. Can begin with a good nucleus. Left in hands of the Superintendent. Appropriation \$400. English.

Lock Haven, Pa. A congregation was organized here last winter. Rev. J. W. Pontious took charge about July. The place is important; an outpost between the Eastern and Pittsburgh Synods; and a good congregation there would tell directly upon the interests of both. The beginning so far looks well, and the young brother in charge

feels encouraged. Appropriation \$500. English.

Shenandoah City, Pa. Lately taken under the care of the Board. Congregation doing quite well under the charge of Rev. E. D. Miller. The corner-stone for a new church has been laid. The pastor serves also some country congregations. Appropriation \$200. English and German.

## EXPENSES.

It is interesting to study the expenditure required during the past two years, to do he work of Missions in these three Synods, and the prospective cost for the next year on the basis of our present general plan. It must be distinctly borne in mind, that during the year before the present, our Board received simply the Mission work as the several Synods and Classes had shaped it during preceding years. It took and carried forward what was given it ready to hand and on the list. It is true, it declined a few old Missions, and carried a number of the rest only from four to six or nine months; and thus, of course, had its expenses under the figure of actual cost of all during the whole year. Yet the expense account of our Treasurer last October, 1874, stood:

Cash paid out		00
Orders unpaid	4,000	00

Total cost of the Missions to the Board...... \$12,295 09

During the second year, now closing, the Board had its own way to a large extent. It had itself relieved of some of the old Missions, changed the appropriations of a few and carried for part of the year the new Missions, Salem's, Buffalo, N. Y., and that at Lock Haven. and during the whole year, St. Luke's, Pittsburgh. Now the total expenses of the Board amount to \$11,000—which is \$1300 less than the year before. The cost of carrying forward our Mission work for the incoming year is estimated, as will be seen below, at \$9500—including new Missions, to the extent that they will affect us during the course of the year. This will be \$1500 less than our expenses during the past year, and near \$3000 less than when we got the Missions.

For a statement of our income this year and our actual indebted-

ness, we refer to the Treasurer's report.

We congratulate the Synods and the Church on the following points apparently secured in the way of positive, permanent progress.

- 1. The Board has come to have something like the proper control over all the Missions under its care, and in the organization of new Missions, it is consulted, and the general cause is allowed consideration.
- 2. Missions can now be retired and old appropriations reduced to some effect; and this without injuring any one, while saving a large sum to the Treasury. Time and labor and system have brought this about.
- 3. We are rapidly coming to have a fair proportion of new Missions, mainly in large towns and cities, and calculated to inspire enlarged zeal and interest in the Church at large.
- 4. Nearly all the Classes in the three Synods are now actively cooperating with the Board, and apportionments are cheerfully and liberally made for the cause. The meetings of the several Classes last Spring showed a marked improvement in this respect over those of the Spring before.
- 5. Taken as a whole, our Synods, Classes, Congregations, and Sunday Schools are in better, harmonious, felt co-operation in carrying forward this good work than they have ever been heretofore.
- 6. That while the Board had transferred to itself by the Synods and Classes, two years ago, Missions costing full \$4,000 above the then current income, we will henceforth be in shape to pay by steps the debt accumulated in consequence.

As last Spring's apportionments have not yet been met in proportion to the time elapsed since, by the majority of the Classes, the following statement will give a near estimate of the financial wants of the cause of Missions for the coming Classical year.

Probable actual expense for that year	<b>\$</b> 9,500 00
Amount needed to pay deficit past and present	<b>5,5</b> 00 <b>00</b>
Total	\$15,000,00

# Of this amount we suggest the following subdivision:

Synod in the United States	3,200	00
Total	<b>\$15,000</b>	00

In all we have had forty-two Missions under our care. Owing to the pressure of the times, the work had to be carried forward with unusual care and effort. Special thanks are due our Missionaries for their steady labors amid severe self-denial. The Lord will reward them. May He also direct the Synods to devise and do as may best answer the high interests of the Missionary cause, as it confronts us as a Church of Jesus Christ!

Respectfully submitted. F. K. LEVAN,

Superintendent of Missions.

It will be observed, that, although the total contribution from the different Synods is about \$1,500 in excess of last year's, yet, in consequence of the large appropriations needed to support our devoted Missionaries, heavy loans were necessitated, of which \$500 remains unpaid; and orders amounting to \$4,500 are in the hands of the Treasurer, for the payment of which no provision could be made.

The large sum of five thousand dollars (\$5,000) is, therefore, needed, and should be provided at once by the Church, to liquidate the claims of her Missionagies.

The Committee on Missions, to whom the above papers were referred, submitted their report, which was acted upon item by item

and adopted, reading as follows:

Your Committee on Missions learn from the report of the Supertendent that the missions under the Joint Board of the three Eastern Synods—forty-two in number—are, with a few exceptions, in a prosperous condition.

During the past year a number of them have become self-sustaining, others are expected soon to become so, and several new ones have

been taken up.

From the Treasurer's report and a communication from the Board itself, it appears that \$5,500 are required to carry forward our mis-

sionary operations during the year.

It also appears from these documents that we are assessed more to meet the indebtedness of the Board, and that \$9,500 are needed, than twice as much per communing member as the Synods in the United States and the Potomac.

We therefore offer the following resolutions:

Resolved, 1st, That we have confidence in the present plan of missionary work, provided the management be fair and equal in all the Synods.

Resolved, 2d, That we heartily commend the good cause of Home Missions to the enlarged liberality of our people, and this Synod hereby pledges itself to raise its full, just proportion of the funds needed to carry forward the work of the Board.

Resolved, 3d, That we hereby direct the Committee on Finance to apportion Twenty-five Hundred Dollars (\$2,500) upon our several Classes for Missionary purposes—and that they be again urged to pay their apportionments quarterly.

Resolved, 4th, That this Synod desires the management of the Board to be as economical as is consistent with the interests of the cause it represents, and that it be subordinate, in all its operations to the General Synod's Board.

Resolved, 5th, That the Classes in arrears on their apportionments be urged to pay up immediately, in view of the pressing needs of our missionaries.

Respectfully submitted.

J. W. Love,

J. F. WIANT,

J. DOTTERER,

R. STERNER,

DAVID HUMPHREY,

Committee.

The Resolutions found on page 18 of last year's Minutes, giving certain instructions to the Treasurer, and to the Superintendent of Missions, were reiterated, as may be seen in the action taken on the Report of the Committee on the Minutes of Synod.

#### THEOLOGICAL SEMINARY.

Report of the Board of Trustees.

TO THE PITTSBURGH SYNOD OF THE REFORMED CHURCH IN U. S.:

Reverend Fathers and Brethren:

The Board of Trustees of the Theological Seminary held two regular meetings during the current Synodical year. At its first meeting the Board organized by re electing DANIEL W. GROSS, President; WM. J. BEAR, Vice-president; EDWARD J. ZAHM, Recording Secretary, and JNO. B. ROTH, Treasurer.

We have not yet secured an Agent to canvass the Church on behalf of the Seminary, but believe we will very soon obtain one who will devote himself to this work. The financial condition of the country is slowly improving, and the prospects for the success of an agent are certainly better now than one year ago.

For information in regard to the various funds in our hands, we refer you to our Treasurer's Report, accompanying this paper, which

will fully explain our financial condition.

The Semi-centennial offerings have amounted thus far to about \$925—not as much as we should have received, but we trust the Churches will take steps to carry out the plan proposed, and considerably enlarge this fund.

D. W. Gross, President.

EDWARD J. ZAHM, Secretary. JNO. B. ROTH, Treasurer.

## REPORT OF THE BOARD OF VISITORS.

To the Reverend Synod of the Reformed Church in the United States:

RESPECTED BRETHREN: -The Board of Visitors of the Theological Seminary, beg leave, respectfully, to present to your honorable body the following as their annual report:

During the past year the whole number of students on the roll of the Seminary was thirty-four-ten in the Senior, twelve in the Middle, and twelve in the Junior Class.

The following persons were admitted to the Junior Class at the opening of the year, September, 1874:—A. Revallin Bartholomew, Tilghman R. Dietz, Henry Keller, B. S. Metger, Conrad Nagle, M. H. Mishler, J. Alvin Reber, C. W. E. Siegel, Issac S. Stahr, and Monroe P. Zeller—ten in all—of these, four are graduates of the College. Four were admitted to the partial course prescribed for them by the faculty.

The Senior Class, consisting of John C. Bowman, S. R. Bridenbaugh, David N. Dittmar, Geo. Calvin Hall, Jacob B. Kerschner, Wm. F. Liobliter, John W. Pontious, Anthony Shulenberger, and Zwingli A. Yearick, nine in all, having completed their studies, received the usual Certificate of Dismission, and Recommendation for Licensure. They are all College graduates, except one, and were all assisted by the Church during the prosecution of their studies. They have been licensed, and are nearly all engaged in the active duties of the ministry.

Mr. Jacob A. Gerhard, of the Middle Class, was removed by death, during the year. His studies had been interrupted at various times, both in the College and the Seminary, by ill-health. He, however, persevered in the presence of many discouragements, and had the prospect of surmounting, at length, the difficulties in his way, and of entering the ministry, when Providence ordered that it should be otherwise. His desire to labor in the ministry seemed to grow stronger and more pure as he approached the termination of his course of studies in the Seminary. His death was a loss to the Church, and his dying testimony a comfort to all who knew him. He died in the faith of the Gospel.

One of the students of the Seminary was unable to return at the opening of the year, for want of funds, and was under the necessity of pursuing his studies privately, in connection with the profession of Another felt it to be his duty to give up, at least for the present, the idea of preparing for the ministry, on account of ill health, and has entered another profession. It is believed that, with returning health, he will yet see his way clear to return to the Seminary. Two other students withdrew from the Seminary, soon after the opening of the year, one to pursue his studies elsewhere, and the other to engage in a secular calling, for which, however, the Board did not think his reasons were satisfactory. The names of the two latter were stricken from the roll of students.

From the report of the different professors, we learn that the students who were in attendance during the year, were diligent in their studies, and that their conduct as Christians, and candidates for the office of the holy ministry, has been satisfactory. We believe that both students and professors have been faithful in the discharge of their duties, and that the Seminary has been in a sound and healthful condition, satisfactory evidence of which was given in the examination

at the close of the year.

The year just closed has been another prosperous one in the history of our School of the Prophets, in which we see clearly the hand and guiding presence of Him who sits in the midst of the seven golden candle-sticks, and guides His Church by His Eternal Spirit. As we look back and contemplate the feeble beginnings of the Seminary, when founded by our fathers fifty years ago at Carlisle; as we reflect on its varying fortunes, its difficulties and trials during this period, its meagre means of support during the greater part of this time; and now behold its prosperous career in the Church, well organized, with its resources gradually increased, and its faculty enlarged, sending forth, from year to year, workmen that need not be ashamed, we deem it eminently proper, here, and at this time, to put on record our sense of the goodness and mercy of God, our Heavenly Father, to us as a Church. Raising our Ebeuezer of thanksgiving, we may take courage and go forward in the work committed to our hands. Hitherto the Lord hath helped us.

As a Board of Education, we report that there have been twelve beneficiaries under our care. Of these, one has finished his studies and is now in the ministry. The amount that came into the treasury including balance of last year, was \$1,551; disbursed, \$922.89; balance in the Treasury, \$628.47; about \$500 of which is available toward

paying a note given by the Board for \$1,000.

This report, of course, does not by any means give an adequate idea of what the Church is doing for this cause. Many of our beneficiaries are supported by particular Classes or congregations, and are not here reported. If arrangements could be made by which they could also be included in the annual report of this Board, a better idea could be formed of what the three Synods represented in the Board are accomplishing in this particular department of Christian effort. It is a subject that is worthy of their attention.

For further information in regard to the finances of the Board, we

refer the Synod to the Treasurer's Report.

The officers of the Board are the same as those reported last year.

All of which is respectfully submitted.

THEODORE APPEL, Secretary.

The Committee on Theological Seminary made the following report, which was adopted:

Your Committee on Theological Seminary would report that the following papers came into our hands: The Report of the Board of Visitors, and a Communication from the Secretary of the Board of Trustees, stating that the reason why the Reports of the Trustees

and of the Treasurer were not forwarded, was that no meeting had as yet been held, because the Eastern Synod meets one mouth later than usual this year, and asking that the Stated Clerk be ordered to publish these Reports as sent hereafter, with the Minutes of Synod. Also, an invitation for this Synod to unite in the celebration of the Semi-centennial of the Theological Seminary.

It is with great pleasure that we learn of the continued success of our School of the Prophets. We hail with joy the report of the large attendance of Students, and their careful preparation for the vacant

fields of the Church.

We pray the Great Head of the Church that young men. in still larger numbers, may be constrained to dedicate themselves to the work of the ministry.

We recommend the following resolutions for adoption:

1. Resolved, that the Stated Clerk be ordered to incorporate the Reports of the Board of Trustees and of the Treasurer, in the Min-

utes in their proper place.

2. Resolved, That this Synod unite in the celebration of the Semi-Centennial of the Seminary, and that we request as many of our Ministers and Elders as can conveniently do so, to attend the approaching meeting of the Eastern Synod, at Lancaster, Pa.

3. Resolved, That the present members of the Board of Trustees

and the Board of Visitors be continued.

# Respectfully submitted.

# INSTITUTIONS OF LEARNING.

# Report of the Board of Trustees.

Your Board of Trustees of Literary Institutions held a meeting in January last at Greensburgh, Pa. The subject claiming our attention was mainly the course of study to be pursued by the pupils in Greens-

burgh Female Seminary

After obtaining the views of the brethren present, the whole matter was submitted to an Executive Committee consisting of Revs. J. W. Love, J. M. Titzel and J. I. Swander, who subsequently agreed with the Principal in the adoption of what is believed to be a very full and complete course, -- such as will give any young lady who takes it, a fini-hed education in both the ornamental and substantial branches of female culture.

We are happy to say that the school opened with about fifty pupils, and that at present the number of boarding and day pupils is sixtyfive. The patronage from the immediate vicinity has been far beyond what was expected.

It is hoped that when the School becomes better known abroad, its spacious rooms and halls will be crowded with young ladies from abroad, so that the whole Synod may receive the benefit of its thorough culture of the female mind and heart.

Prof. Cort has invested about eighteen thousand dollars in providing and furnishing a large and commodious brick building in every way adapted for the purpose intended. The location is one of the most healthy that can be found, and commands a beautiful view of the town of Greensburgh and surrounding country. The Faculty is composed of six experienced instructors, all of whom have been connected with some of the best schools in the country. We are free to say that we have never known of any better qualified teachers in their several departments. We may add, that so far as we have been able to learn, the school has given entire satisfaction.

The examinations at the close of the first term were attended by a part of this Board, and by a large number of the best citizens of Greensburgh and vicinity. There was but one opinion as regards the efficiency of the teaching viz: that it is of the most thorough kind. This view was embodied in a report of a large Committee of literary gentlemen appointed for the purpose of witnessing and reporting upon the examination.

In addition to the culture of mind and heart, considerable attention is paid to the study of refined manners, to needle-work, and to the healthy exercise of the body. All the young ladies are given a full, scientific course in Calisthenics by a lady teacher who is a graduate in that art.

Thus without investing a dollar of money, the Pittsburgh Synod has a young ladies' school, under the direction of her Board, that is second to none in the country. We, therefore, heartily commend it to the patronage of our own people, and of the public generally.

In regard to establishing a school for young men, we know of nothing to encourage the hope of a speedy consummation of that project. The special Committee appointed to give attention to the securing of a site for a college building will doubtless report separately.

## Respectfully submitted.

# Report of the Principal of Greensburgh Female Seminary.

It becomes my duty as Principal of the Greensburgh Female Seminary to make the first Annual Report of this Institution to your Reverend Body, under whose care and sanction it has been placed. You have already been informed of the establishment of this Institution in the report of the Board of Trustees of Literary Institutions of the Pittsburgh Synod at your lust annual meeting. The object and character of the Institution have been fully set forth, in a circular issued

before the opening of the Institution, to which I refer you, and which is herewith transmitted. The Institution had its origin in the action of Synod's Board of Trustees of Literary Institutions,—and as such, is the child of Synod, and owes allegiance to her, and hence also looks

to her for her protection and sanction.

The necessary buildings have been erected and suitably furnished during the past year, at a cost of over \$18,000. It contains all the improvements and conveniences of a First-class Seminary Building. The School has been in operation since the 7th of April with an experienced and well qualified Faculty of instruction. Fifty pupils were enrolled during the opening term. The School year proper commenced on the 8th of September, when classes were organized in the first and second years of the Seminary course. Large classes were also organized in the Preparatory department. The whole number of young ladies in attendance in the different classes of the Institution is 65. Without entering into details, I am happy to state that the Seminary is in full operation in all its departments. A successful beginning of the Institution has thus been made and the important work of Female Education has been commenced in the bounds of the Pittsburgh Synod. The enterprise, however, needs the encouragement and support of the Church to carry forward and complete its work and mission. I, therefore, commend it to the Synod, trusting that it will receive that attention which its importance demands.

Respectfully submitted.

LUCIAN CORT,
Prin. of Greensburgh Female Sem.

Report of the Board of Directors of St. Paul's Orphan Home.

The Board of Directors of St. Paul's Orphan Home, would submit

the following report:-

Since the last annual meeting of Synod, the Board held one regular meeting. The attendance of members was better than usual, and the interest in the prosperity of the Home all that could be desired. The greater part of the business, however, is transacted by the Executive Committee, whose actions are subject to the Supervision of the Board. Upon this Committee devolves the duty of attending to the wants of the Home, and seeing that its management is in harmony with the purpose for which it was originally founded.

It affords us pleasure to report, that during the past year, the much needed repairs have been completed. The building has been painted, both inside and outside, and now presents a new, fresh appearance; the porches have been repaired, the barn, fences and other surroundings look well, while the little farm has yielded a bountiful harvest of corn, potatoes and other products useful in such a large family. But the repairs have added considerably to the expenses of the year; and as a consequence, the debt reported at the last annual meeting of Synod, has been increased, and now amounts to about fifteen hundred dollars. This sum, however, has not all gone for repairs. The

income is not as large as in former years. The number of Soldiers' Orphans has been diminished and the amount received from the State has been accordingly reduced. The number of Church Orphans has increased, and the contributions from the Church have not increased, but have fallen off. The Board, therefore, asks the Synod to adopt such measures as will arouse a new interest in, and elicit a longer benevolence in behalf of the Home. For if it is to be maintained, and the hopes of its friends realized in the good it may accomplish for the Church, there must be greater liberality on the part of the people. The Board cannot conduct it successfully without means, and looks to the Church mainly for the amount needed to feed, clothe name.

The moral and religious condition of the Home is as good as can be expected. In our former reports there was no occasion to mention any cases of specially bad conduct. Now, however, it is our painful duty to report that one, a soldier's orphan, is about to be discharged for gross immorality, the precise nature of which need not be named in this report. With this exception, we have no hesitation in informing the Synod, that the morals of the inmates of the Home, are good, better, indeed, than those of Institutions generally into which some children, whose earliest impressions are received from dissolute parents and wicked companions, are gathered.

The Board, in conclusion, asks the prayers of the Synod, that the Home may enjoy the full blessing of Him who cares for the needy little ones, and also a full, hearty response to our appeal for larger contributions from all our churches, not only that the number of orphans we now have, may be supported, but that others may be received who are praying to be admitted.

Respectfully submitted in behalf of the Board.

T. J. BARKLEY,

President.

Report of the Committee on Institutions of Learning as received and adopt d:

Your Committee on Institutions of Learning would respectfully report that the following documents have been referred to it:

1. The Report of the Board of Trustees of Literary Institutions of this Synod, together with the first Annual Report of the Greensburgh Female Seminary.

2. The Annual Report of the Board of Directors of St. Paul Orphan Home.

3. The item from the Minutes of General Synod, referring S. S interests to the District Synods.

From Sunday, or Parochial schools, we have no reports. From other sources we learn, that in nearly all our congregations Sunday Schools are kept open at least part of the year, whilst in some the schools are kept open the whole year.

It is with regret we acknowledge, that there are no Parochial Schools in any of the English congregations in this Synod We hope that soon the time will come when we shall have Parochial Schools connected with, and under the control of our congregations.

In reference to Sunday Schools we recommend the appointment of a S. S. Board, who shall arrange a programme for the second day of

our next annual meeting.

Though we have no official report of Clarion Collegiate Institute, at Rimersburgh, under the control of Clarion Classis—it affords us pleasure to record, that it is in a prosperous condition, having an attendance of 65 students.

The Report of the Board of Trustees of Literary Institutions, is mainly taken up with a statement of the opening, management, present status and future prospects of the *Greensburgh Female Seminary*. From this report and the accompanying letters of Prof. Cort, we learn that this Synod has reason to rejoice in the fact of having under its control a *first-class* Female Seminary in full operation, with an attendance of 65 pupils, at no pecuniary expense to the Synod.

In view of these facts-

Resolved, That we heartily commend the Greensburgh Female Seminary to the favorable notice and liberal patronage of our people

and of the public generally.

The Report of the Directors of the St. Paul Orphan Home, makes a brief and satisfactory statement of the financial and moral condition and wants of the Home. On account of the repairs of the property, the current expenses, and the large falling off in the contributions of the churches and friends of the Home, there is now a debt of about \$1,500, which should be speedily met. Therefore,

Resolved, 1st, That St. Paul Orphan Home presents to the people of our Church an object most worthy of practical Christian Beneficence,—and its continuous claims to their hearty love and active charity are most cordially commended to the people of our pastoral

charges.

Resolved, 2d, That all the pastors be directed to take collections in their congregations between this and the first of March, 1876, for the immediate relief of the Home, and that the roll of the several Classes be called at their next annual meetings, to ascertain whether this duty has been attended to in time.

Respectfully submitted.

Report on James Kelly's Gift of Land for the proposed College.

The undersigned hereby informs this Synod, that, soon after the last annual meeting, he met Mr. James Kelley, to whom he reported the action taken. He expressed his entire willingness to set apart

the land as proposed. He had not, as yet, settled upon what particular site should be adopted. At a subsequent interview, we proposed to secure the title by a legal paper properly executed. But in view of the hard times, which rendered it inopportune then to make any general effort in behalf of the College enterprise; and from the fact that he had conceived the idea that the Church was not now making earnest efforts in this work, he postponed further action for the time.

If Synod will now indicate its hearty sympathy with the project and its purpose to use the land offered for the Educational work of the Church at its earliest opportunity, and will continue the Committee, we will endeavor to secure the title to the land by an agree-

ment setting forth such purpose

# Respectfully submitted.

G. B. Russell, Comm.

This Report was received and adopted, and the Committee continued.

#### EDUCATION.

# Report of the Board.

The Board of Beneficiary Education of the Pittsburgh Symod met immediately after the election of last year, and re-organized by electing GEO. B. RUSSELL, *President* and *Treasurer*, and JACOB HERSHEY, Secretary.

The Board fixed the amount to be named in the Bonds given by Beneficiary Students, to be at the rate of \$200 per annum for the time they are to receive aid. This will fully cover their annual appropriations, and any incidental expenses which may be incurred.

The old Bonds held by the several Classes were requested to be transferred to this Board. None of these have come into our possession. Until this request is complied with, the Board will be at sea as to the securities of the Students given according to rule, for their appropriations received. It will be for the Synod to enforce this rule, and the reasonable request under which it can be made effective.

One of the Students, J. C. Tinsman, did not apply for the appropriation; and by the action of Allegheny Classis, he, at his own request, will bear his own expenses when he returns to his studies. Two others of the Beneficiaries, J. W. Pontious and W. F. Lichliter, completed their course during the year, and are now actively at work in the Gospel ministry. May they be a source of glory to the Beneficiary cause, that has put them into the service of the Church! Application has been made to the Board for an appropriation in behalf of another student now half way through College. If the Synod provides the money, he will be aided.

As will be seen by the Treasurer's report, the income of the Board was far below its promises to the students. The appropriations voted by the several Classes to the beneficiaries put in the care of the Board

were not furnished. The Synod's apportionments of last year, only came before the Classes late last spring,—and these are sent down to the pastoral charges for the current year. So that one whole College year was not regularly provided for. This accounts, mainly, for the large deficit of \$600, due on last year's apportionments. It will be for the Synod so to arrange this matter, as to make up this difference, and to keep the Board in funds equal to the demands of this vital interest.

Some of the Classes, as will be seen by the acknowledgements, gave absolutely nothing to this cause last year; perhaps under the wrong impression that as none of the students were from their bounds, there was no duty resting on them. But all should alike take part in the common cause, and thus help to bear one another's burdens. About one thousand dollars of new apportionment will be needed, besides immediate provision for the five hundred dollars now over due to the Beneficiary Students. Shall the Board be authorized to borrow this amount, to meet the pressing need?

Respectfully submitted in behalf of the Board.

GEO. B. RUSSELL, President and Treasurer.

The above report was referred to the Committee on Education, whose report was received and adopted, reading as follows:-

The Committee on Education beg leave to offer the following

report :-

The only paper referred to this Committee, is the report of the Board of Beneficiary Education from which we learn the following: Immediately after the last meeting of Synod, the Board was reorganized by appointing Rev. G. B. Russell, D. D., Pres't and Treas., and Jacob Hershey, Secretary.

2. The Board fixed the amount to be named in the Bonds given by Beneficiary Students to be at the rate of \$200 per annum for the time they are to receive aid. This will fully cover their annual appropriations and any incidental expenses that may be incurred.

3. The old bonds held by the several Classes were requested to be transferred to the Board. This request has not been complied with, and until this is done, the Board will be at sea as to the securities the Students give according to rule for appropriations received.

4. Two Students, J. W. Pontious and W. F. Lichliter, have finished their course of study and entered the Gospel Ministry. Another Beneficiary Student, J. C. Tinsman, at his request, will hereafter bear his own expenses.

5. The Board gave aid to seven students during the past year.

present they have eight students under their care.

6. The appropriations voted by the several Classes to the students put under the care of the Board, were not furnished. Some Classes gave nothing for this cause.

7. The Synod's apportionment only came before the Classes, last Spring, and these are sent down to the pastoral charges for the current year, so that a whole College year was not regularly provided for.

8. Six hundred dollars are yet due the Beneficiaries.

9. To pay the old dues and to carry forward this important work successfully during the year, the Board will need about \$1400.

We therefore offer the following resolutions for adoption:

- 1. That Synod apportion \$1400 upon the Classes, for Beneficiary Education.
- 2. That Synod desires all the Classes to operate heartily in the work of Beneficiary Education, through the Board; and that they be directed to transfer and assign the Bonds given by their students, to the Synodical Board in trust for Synod.

3. That in view of the great want of ministers, and of the vital interest of Beneficiary Education, Synod commends the cause to the

earnest and prayerful consideration of pastors and people.

The member whose term expires with this Synod is Rev. Geo. B. Russell, D. D.

Respectfully submitted.

A. E. TRUXAL.
GEO. B. RUSSELL, D. D. Committee. GEO. PEAFF, SIMON BRINKER.

Communications from the Board of Publication of the Synod in the U.S.

To the Synod of Pittsburgh of the Reformed Church in the United States:

#### Dear Brethren:

I have been instructed by the Board of Publication of the Reformed Church in the U. S., to transmit to you a copy of the following action taken by the Board at its regular meeting held last evening, accompanied by a brief statement of the financial condition of the Board:

"The Board took into consideration, the necessity of adopting some measures, looking to the increase of the circulation of the 'Messenger,' and adding to its efficiency as a Church Paper. After a free interchange of views, the following resolutions were adopted:

Resolved, That this Board commend to the earnest attention of Synod, the propriety, as well as necessity, of taking measures to concentrate all the energies of the Synods of Pittsburgh, the Potomac and the United States, upon one Church paper, so as to sustain it properly and strengthen it, and make it such as the exigencies of the Church demand, which shall also be the accredited organ of these three Synods.

Resolved, That, with a view to secure this object, the Board recommend to Synod to effect an arrangement, by which the three Synods shall conjointly elect an Editor in chief, and also three assistant Editors, one to be elected by each Synod.

Resolved, That it be further recommended to Synod to take measures to have the Charter of the Publication Board so changed, that the Board shall thereafter be constituted of Seven Members, three to be elected by the Synod of the United States, two by the Synod of Pittsburgh, and two by the Potomac Synod.

Resolved, That this Board urgently presses upon the attention of Synod, the imperious necessity of taking immediate and efficient measures to secure to the Board a sufficient working capital, according to the action of Synod, taken at its annual Sessions held in Lancaster, Pa., in 1864, and that, inasmuch as the Synods of Pittsburgh and of the Potomac were a constituent part of Synod, at the time the action re-

ferred to was taken, they also be respectfully solicited to co-operate in this movement.

Resolved, That in compliance with wishes expressed in quarters entitled to respect, this Board submits to Synod for its consideration, the question, whether the Board of Publication shall resume the Publication of the Mercersburgh Review."

The following is a brief statement of the financial condition of the Board, as gathered from the full annual Statement of the Super-intendent of the Publication Office, of its operations during the past

year.

Secretary.

Postscript by the Secretary. At the suggestion of the Board, I would here state, which could not be formally done by the Board, that in case your Synod cordially sympathizes with the movement contained in the action of the Board, and is willing to co-operate in carrying it into practical effect, it will be necessary to appoint a commission to attend the annual sessions of the Synod of the Reformed Church in the United States, clothed with authority to consummate the arrangement and unite in the election of an Editor in Chief, and also to designate whom you wish to be your Assistant Editor, and likewise the persons to represent you in the Board.

This overture and the Publication interests of the Synod in general, were considered in Committee of the whole, and the conclusions reached were those embodied in the Report of the Committee on

Publication to whom the overture was referred.

The Committee on Publication reported the following, which was adopted:

Your Committee on Publication would report the following:

The only papers coming into our hands are a report of the Board of Publication, and a paper from the Board of Publication of the Reformed Church in the United States.

From the former we learn that nothing was done save organizing

Hence we have no data to go by, and no action to propose.

With respect to the request of the Eastern Board of Publication, we

propose the following action:

Resolved, That this Synod is ready to enter into the Plan proposed by the Board of Publication of the Synod of the United States, provided the details can be satisfactorily arranged.

Resolved, That a Committee consisting of Rev. Geo. B. Russell, D. D., as Chairman, with the other members of Synod who might attend the meeting of the Synod at Lancaster, be appointed with plenary power to act in the case.

Respectfully submitted.

J. W. Alspach,
J. F. Snyder,

W. G. King,

Committee.

Resolved, That the Synod regrets the publication of those articles concerning the excursion to St. Paul Orphan Home.

The Stated Clerk was ordered to have 1500 copies of the Minutes of Synod published, and to distribute them as last year.

#### To the President and Brethren of Pittsburgh Synod:

I, herewith, respectfully submit my report to you as Treasurer for the past Synodical year; and also respectfully, herewith, hand you my resignation as Treasurer, as the complicated manner in which the accounts are kept, makes it burdensome and unpleasant to attend to it. I regret my inability to be with you at this meeting, as business calls me East.

Yours in Christ,

Oct. 9th, 1875.

W. E. Schmertz.

The Committee on Finance, to whom the above report was referred, made their report, which was amended and adopted, and is as follows:

The Committee on Finance would report, that they have audited

the Treasurer's Report, and found it correct.

They would also report that by action of Synod, the following amounts will be required for the coming year; \$2,500 for Missions, \$1,400 for Beneficiary Education, and \$400 for the expenses of the District and General Synods, making a total of \$4,300. This amount we would apportion as follows: Westmoreland Classis, \$1,100; Clarion, \$1,000; St. Paul, \$800; Somerset, \$700; Allegheny, \$700.

#### CHURCH GOVERNMENT.

#### Rule.

Resolved, That whenever Synod meets in Convention, it requires all the ministers serving charges within its bounds, to attend its annual meetings, or send a satisfactory excuse for non-attendance.

#### Synodical Boundary.

The special Committee, to whom the overture from the Joint Committee of the Synods of the United States and the Potomac on Boundary Lines, was referred—reported the following, which was adopted:

The paper referred to us as the report of the joint Committee of the Synod of the United States and the Synod of the Potomac defines the boundary lines of those two bodies; and also fixes the eastern and southern lines of this Synod where its territory joins theirs.

We recommend that the Pittsburgh Synod concur in their action fixing the boundary as designated. And, as our western borders are limited by our relations to the Ohio Synod, it is easy to determine

our own territory.

The ecclesiastical jurisdiction of the Pittsburgh Synod will extend henceforth over Western New York, West Pennsylvania and West Virginia. The dividing line between this Synod and the two eastern Synods according to the report of their joint committees, begins at a point on Lake Ontario and extending southward by the eastern lines of the counties of Wayne, Seneca, Schuyler and Chemung to the Pennsylvania State line, and thence by the western lines of the counties of Tioga, Clinton, Centre, Blair and Bedford, to the Maryland State line; and including the counties of Allegheny and Garret, of the last named State; and embracing all of West Virginia, except the counties of Berkley, Hampshire, Hardy and Pendleton. The dividing line between this Synod and the Synod of Ohio is the State line between Ohio and Pennsylvania, and Ohio and West Virginia.

Respectfully submitted.

Formation of "The German Classis of West Pennsylvania."

Item 2. Rev. L. D. Steckel was excused.

Item 3. Rev. E. H. Diffenbacher was excused.

Item 4. Was referred to a Special Committee. This Committee subsequently reported. Their report was adopted and is as follows: Your Committee to whom was referred the letter of Rev. F. R. Schwedes, Pastor of Cumberland Mission, asking Synod to assume and apportion the sum of \$1,000, which he claims is a debt of the Synod, beg leave to report the following: Inasmuch as the Synod has already liberally assisted the Cumberland Mission in paying its Church debt and has never made itself responsible for the amount of this note, and in view of more important claims upon

our Treasury from other quarters, we cannot promise any assistance. Therefore, we urge the *members of the Mission* to a more active liberality toward the liquidation of the debt. And would further suggest in consequence of the stringency of money matters, that the consistory should consider the propriety of funding the debt for the time being.

#### ARTICLE XII.

#### STATE OF THE CHURCH.

Report of the Committee as received and adopted.

In the name of the Father and of the Son and of the Holy Ghost. Amen, Reverend Fathers and Brethren, Beloved in the Lord:

It becomes us, first of all, that in view of our manifold transgressions and shortcomings we should humble ourselves before Almighty God. Yet the Lord has been gracious unto us; His mercies have been daily manifested, and we this day rejoice in His goodness.

From the reports from the different Classes placed in our hands, we gather nothing essentially different from what has been contained in former reports. The battle still rages and the contest goes on; unbelief in various forms presents itself; the wickedness of the world confronts us, and sin in all its hideousness lifts up its head. We have not ceased to lift up our voices and cry aloud; there has been no yielding—no, not for a moment. Worldly wisdom has been met with divine truth; human strength has been confronted by divine grace. Looking upon our foes, and remembering our own weakness, we are often led to exclaim, "Who is sufficient for these things?" But by faith we have heard the voice of the Spirit teaching us that, "Our sufficiency is of God." Every form of error in practice or in precept has been met with the truth as it is in Christ. Our ministry has been faithful in preaching the Gospel, in reliance upon the promise that the Lord would not

permit it to return unto Him void. He has verified His promise, and His word has accomplished the purpose whereunto it was sent. Our people are become more and more confirmed in the faith, and many willing captives have been brought to Christ.

The Sacraments have been faithfully administered, the lambs of the flock have been nurtured, and the youth instructed in the Catechetical Class and confirmed in the faith. The Ministry of this Synod have undoubtedly been faithful in the work of the Gospel.

We are further compelled to confess that our Churches do not come up to their full measure of duty. They are, it is true, being more and more confirmed in their faith, but are not as active in good works as they ought to be. Our peop'e do not generally support the Ministry in temporal things as is their duty. Very many of our faithful Pastors are much hindered in their work because their temporal necessities are not ministered unto; their salaries are too meagre and scanty, and the little due is not promptly paid. Those who should hold up the hands of the servant of God, by their sinful carelessness and negligence dishearten, hinder and impede him in his work.

Nor have the benevolent objects of the Church received that support which has heretofore been given. As a palliation, it may be said that the stringency of money matters has had much to do with the result; yet no one can deny that our people do not exercise the liberality which they are able to manifest. There is not that consecration of life and property to the service of God that there should be. The vineyard-like character of the Church is, to too great an extent, overlooked. Those in the market place are not only to be brought in, but being in, they are to be laborers.

It is of great account that our people should be rooted and grounded in the faith, but we should further see to it, that that faith comes to full fruition in good works.

It becomes our faithful duty to report the death of our beloved Brother Rev. David W. Wolff. One year ago he met with us, in our annual sessions, showing his accustomed interest in the progress of Christ's Kingdom. But it was the will of the Master to deliver him from the tribulations of earth and give him the crown of life. We mourn his loss, but hail him happy in the skies.

Rev. Frederick Wise has also been hidden to come up higher. After many years of service in the vineyard of his Lord, he has entered into his rest. He was a faithful servant of Christ, walking humbly before his God and serving Him in great physical weakness faithfully unto the end. We mourn these departed Brethren, not as those who have no hope. The remembrance of them is sweet. Let us follow their example in all well-doing, that at death we may be re-united in the Church triumphant.

In conclusion we call your attention to the fact that the statistics appended, show a decrease in every item reported, except in the number of S. S. Scholars. This is to be accounted for by the fact that a number of our

Ministers with their congregations were dismissed during the past year, to unite with the Eastern German Synod.

And now unto Him who creates and unto Him who redeems and unto Him who sanctifies, be honor and praise given by the Church throughout all ages. Amen.

Respectfully submitted.

C. R. DIFFENBACHER, W. F. LICHLITER, H. D. DARBAKER, WM. MARTZ, I. J. WIREBACK.

#### ARTICLE XIII.

#### MISSIONS.

#### Report of the Superintendent.

To the Synod of the Reformed Church in the United States, the Pittsburgh Synod, and the Synod of the Potomas.

Dear Fathers and Brethren:—The articles of agreement between the Three Synods combining to form "an organic union in the work of Missions," say: "The Superintendent shall present an Annual Report to each of the District Synods." In accordance with this provision I herewith offer my Official Report for the Synodical year ending October 1st, 1876. And in the first place let me call your attention to our different Missions and their respective condition.

#### Synod of the United States.

Within the bounds of this Synod the Board has had Seventeen Missions under its care during the year.

Catasauqua, Pa. Rev. A. B. Koplin, pastor. East Pennsylvania Classis has assumed to pay the one-half of the debt resting on the property of this Mission, which is a step forward in its interest. It is steadily growing in membership. Yet it is felt by both the pastor and the Classis, as well as by myself, that connection with some other congregation must be made, in order to enable it to become self-supporting at an early day. It is hoped this may be done. Appropriation \$700, till July first; since then \$600. German and English.

Allentown, Pa. Salam. Rev. A. J. G. Dubbs, pastor. This Mission has been very vigorously pushed forward by its projectors. During the year the present pastor was induced to take charge of it, and that fact at once insured its success. The membership has grown rapidly; a large new church is almost completed, and a wide door is open for future usefulness in the Christian work. From the first the congregation became self-supporting. It deserves praise for the noble, self-reliant stand it has taken. German and English.

Allentown, Pa. Christ Church. Rev. J. Fritzinger, pastor. Organized last July. Began with fifty-seven members and a large Sunday School. Its location in East Allentown is in the midst of a large population, not near any of other churches. So far its progress and prospects are very encouraging. Appropriation from July 1st \$300. German.

Easton, Pa. Grace Church. Rev. D. Y. Heisler, pastor. This has been quite a flourishing Mission from the beginning. It was pushed forward for about one year by the pastors of the place and myself. Last June the present pastor was settled there. He reports favorably. The people are liberal in proportion to their members, a membership of forty paying a salary of \$600. Appropriation \$200. English and German.

Reading, Pa. St. John. Rev J. W. Steinmetz, pastor. Growing rapidly in members and influence. The congregation is building a large church and parsonage. Appropriation, old \$400; new \$300. German and English.

Reading, Pa. Christ Church. Vacant since last November. Its future is uncertain. German.

Shenandoah City. Rev. E. D. Miller, pastor. Doing well, though affected by difficulties peculiar to the coal regions. Scarcity of funds has retarded the completion of the new church. The pastor is in good hopes, however. Appropriation \$200. German and English.

Philadelphia, Pa. St. John. Rev. J. G. Noss, pastor. Has been holding its own as to membership; possibly gained somewhat; and has considerably improved its property. Its field is large, but rather difficult to utilize. The membership is earnest and united. Appropriation, old \$400; new \$300. English.

Philadelphia, Pa. St. Stephen. Rev. A. Romich, pastor. From October to April the appropriation was at the rate of \$200 a year. At that time the congregation passed over into the hands of the German Philadelphia Classis, and at the same time off the Board.

Wyoming, Delaware. St. John. Rev. W. F. Lichleiter, pastor until September 1st; vacant since, though about obtaining a pastor again. Progress has been made during the year. The membership numbers fifty-seven; a goodly gain over last year's Report. The location of this Mission gives it special importance for the future of the Reformed Church in the State of Delaware. Appropriation \$300. English.

Harrisburg, Pa. Second Church. Rev. G. W. Snyder, pastor. A long step forward has been taken by this congregation. It has purchased a large new church building in an excellent location. By the sale of the old property it expects to meet the cost of the new. The congregation and Sunday School are in good condition. Appropriation \$300. English.

Harrisburg, Pa. Zwingli Church. Rev. M. Noll, pastor. This congregation has been engaged, during the Summer, in furnishing the main audience room of its church. It has just been dedicated. The interest does

not seem to have material at hand to grow fast, but it has nevertheless had a quiet, healthy progress. Appropriation \$225. German.

Columbia, Pa. Rev. Conrad Clever, pastor. I repeat simply what I said a year ago: This Mission is "prosperous." Appropriation, old \$150; new \$100. English.

Hasleton, Pa. Emanuel's. Lately served by Rev. I. E. Graeff. Now vacant. The debt on this interest seems to be the sole obstacle in the way of its becoming self-supporting at once. The matter is in the hands of a Committee of Classis. Appropriation \$100. German and English.

Overton, Pa. Served by Rev. J. H. Schlaeppig until August. Vacant since. At my suggestion a Committee has been appointed by East Susquehanna Classis with power to connect other congregations with this charge and so make it self-sustaining. What can be done is not clear yet. Appropriation \$75. German and English.

Liverpool, Pa. Rev. W. Donat, pastor. By request of the West Susquehanna Classis, the appropriation has been continued for another year from June, 1876, when the field is to be declared self-sustaining. Appropriation \$80. German and English.

Lock Haven, Pa. Church of the Resurrection. Rev. F. F. Christine, pastor. This congregation was served for one year by Rev. J. W. Pontius. In that time much work was done. The communicant membership was increased from twenty to forty-three. A flourishing Sunday School was established, and full forty of its children are baptized members of the church. Ill health led the pastor to resign in June. Since July 1st the congregation has been in charge of Rev. F. F. Christine, who was lately ordained and installed by the Classis. He reports favorably. Appropriation, old \$500; since July \$400. English.

#### Pittsburgh Synod.

Within the bounds of this Synod the Board has had twelve Missions, for the whole, or part of the year under its care.

Kittanning, Pa. Rev. D. S. Diffenbacher, pastor. Has continued as before, prosperous. Presumably will be self-supporting within the coming year. Appropriation, old \$225: new \$165. English.

Titusville, Pa. The fortunes of this congregation have been various; so much so as to make it difficult for the Board to know what to do in its case. For some time past it has been supplied under the supervision of a Committee of St. Paul Classis. The Executive Council has passed a resolution authorizing the said Classis to pay the Supply, Rev. C. A. Limberg, at the rate of \$150 per year, and deduct the same from its apportionment for Missions. With better times in the oil regions it is hoped this Mission will become permanently established, and save for itself its beautiful and valuable property. German.

Meadville, Pa. Rev. D. D. Leberman, pastor. Prosperous. Became

self-supporting in the Spring. Former appropriation \$150. German and English.

Cumberland, Md. Rev. F. R. Schwedes, pastor. This interest has come to a healthy and steady growth. The pastor serves also in connection with it a congregation established by himself at Keyser City. It has cost much labor and means to bring the Reformed Church 'to a solid basis in Cumberland, but our perseverance is beginning to bring its reward. Our people there propose to purchase a suitable burying ground, a matter of special importance, as experience shows, to a German congregation. Appropriation, old, \$400; new \$350. German.

Scottdale, Pa. Until September under the pastoral care of Rev. W. C. B. Schulenberger. Vacant since, but expecting to have the services of a pastor shortly again, in the person of S. Z. Beam, of Michigan. Has 51 members; 100 Sunday School Scholars. Has as yet more debt on its property than is desirable. This interest has been growing from the start. Appropriat on \$300 since September; since \$250. English.

Pittsburgh, Pa. Trinity. Rev. T. F. Stauffer, pastor. Growing, though slowly, during the year. Much affected by the hard times. It has much in its favor for the future. Confirmed members 70; unconfirmed 62; Sunday School Scholars 85; appropriation \$300; new \$250. English.

Pittsburgh, Pa. Zion. Rev. H. D. Darbaker, pastor. This brother became the successor of Rev. Dr. Russell last January. He has labored with reasonable success thus far. The membership is 34; but has zeal, a good and well-located property, and no heavy debt. Appropriation, old \$400; new \$300. English.

I may here remark that the movement, spoten of last year, to unite Trinity and Zion Churches under one pastor was not found feasible. Unforseen difficulties obstructed the effort.

Pittsburgh, Pa. St. Paul. Rev. J. W. Ebbinghaus, pastor. The report from this congregation speaks of progress upon the whole. The membership has grown. Its financial affairs are, however, not all that could be desired. Appropriation \$220. German.

Pittsburgh, Pa. St. James. Rev. C. Boerchers, pastor. This congregation has improved very much in Christian life and spirit. Its membership has risen to 89 confirmed, and 58 unconfirmed. Appropriation \$200. German.

Pittsburgh, Pa. St. Luke. Vacant, but supplied during the year by Rev. J. W. Ebbinghaus, of St. Paul Church. German.

Triadelphia, W. Va. Rev. Louis Mueller, pastor. Owing to the organization of a congregation in Wheeling, last autumn, by its pastor, there has not been any appropriation extended since 1875. Brother Mueller has done a good work especially in Wheeling. German.

Helvetia, W. Va. Formerly under the pastoral care of Rev. A. Kern. Supported by agreement, during the past year, by the St. John Classis, Ohio.

Synod, from the bounds of which many of the members had come. German The congregations of the last five Missions. St. Paul, St. James, and St. Luke, Pittsburgh, Pa., and Triadelphia and Helvetia, W. Va., belong now to the German Classis of West Pennsylvania, and hence, by request, are transferred to the Board of Missions of the German Eastern Synod, to whose jurisdiction said Classis now belongs. Our Executive Council has consented to, and authorized this transfer to take effect October 1st, 1876.

#### Synod of the Potomac.

Within the bounds of this Synod there are eight Missions under the care of the Board

Duncannon, Pa. Vacant for a whole year. Since September under the pastoral care of Rev. U. H. Heilman. While vacant the Mission was supplied with service mainly by Students from the Theological Seminary at Lancaster. The new pastor finds the people active and feels greatly encouraged. Appropriation \$300. English and German.

Winchester, Va. Rev. C. G. Fisher, pastor. This charge is still making progress. Its most imm diate need would seem to be a parsonage. That is of first account in the circumstances to give it an established character. Appropriation, old \$350; new \$300. English.

Orbesonia, Pa. Rev. J. Schick, pastor. A Mission along the Eastern branch of the Broud Top Railroad in Huntingdon county. The pastor, who took charge July 1st, 1876, reports it as promising well. It includes several towns. Appropriation \$200. English and German

Chambersburg, Pa. St. John. Rev. Carl Grundloch, pastor. This congregation was for years under the care of the late Rev. Dr. Schneck. It has not much material to hand out of which to grow. Appropriation \$100. German.

#### Pacific Coast Missions.

San Francisco, Cal. Rev. J. H. Krueger, pastor. I may here repeat my language of last year: "No particular change during the year. Holds fairly its own." San Francisco is a difficult field for church work, requiring ability, skill and patience, along with great devotion on the part of the pastor, if he would succeed. The brother in charge seems to labor hard. Appropriation \$300. German.

Napa, Cal. Rev. F. Fox, pastor. What has been said of San Francisco holds equally true of Napa. Our Missionary there has been a skillful pioneer. He continues to look to the extension of our work in the Golden State. Appropriation \$440. English and German.

Portland, Oregon. Rev. J. Gantenbein, pastor. This Mission is getting to have a fixed character and a well-understood position in the community. Its greatest want is a chapel of its own, for obtaining which there seems to be a good prospect. The pastor has also visited other places in Oregon with

the view of opening the way for the establishment of other Reformed congregations. Appropriation, old \$600; new \$500. German.

Salem, Oregon. Rev J. Muellhaupt, pastor. The Missionary has just begun his work in this place, the capital of the State, and there is nothing very definite, as yet, to report. He also preaches is Albany occasionally, and may visit settlements in the country. He is a wise and persevering Missionary. and is likley to do good service.

Besides these churches, there is one at Stockton, Cal., under the pastoral care of Rev. L. C. Edmonds, which, however, supports its own Minister and is not a Mission. It will thus be seen that the Reformed Church has laid a fair foundation along the Pacific Coast.

#### Financial.

Our estimated expense for the year was \$9,500. Our actual expense has been \$500 less. The following table will explain the particulars as near as I can get at them:

Cost of Mi	asions in	Synod of	United S	States,	•			•	\$3,520
"	"	Pittsburg	h Synod.						2,210
44	46	Synod of	the Poto	mac.					1,770
Salary of S	uperinter	ndent,							1,200
Traveling e	xpenses	of Superin	itendent.	Membe	15 01	Jie B	card	ind	
Executiv	e Counci	l, and sala	ry or Se	cretary.	•			•	300
	Total.								\$0.000

Over against this we have had an income of full Eleven Thousand Dollars, as will be seen in the report of the Treasurer, to which I refer the Synods. I think I do not assume too much when I say, at this point, that the church is to be congratulated upon this result. Personally I feel greatly pleased with it, especially when the times and the divisions and obstructions within ourselves are considered.

#### Iowa Missions.

The Church is well acquainted with the history of Missions in Iowa Classis, Ohio Synod. They have looked to the East for support, and have received it to a considerable extent, yet in a way that was likely, at any time, to produce irritation. With the view of relieving this abnormal state of things, I entered, some time ago, into correspondence with Rev. Dr.Williard, President of the Ohio Synod's Board of Missions, suggesting a transfer by said Board of the Missions in Iowa Classis, with their consent, to our Board, and so opening a normal way for help from our Synods. The Ohio Synod's Board took favorable action and passed the following resolution on the subject, which was also approved at our late meeting by our Executive Council:

"Resolved, That this Board gives its consent that any or all of the Missions now in lowa (the English Iowa Classis) be formally transferred to the

Tri-Synodical Board of Missions, provided said Missionaries or the Iowa Board of Missions make such request; in which case the officers of this Board are authorized to make the official transfer."

#### Suggestions.

1. To meet the current expenses of the coming year and to pay off the balance of our debt we shall need an apportionment equal to that of last year. To the extent that charges pay up back apportionments, we will be enabled to enlarge our work. The Classes will look after this matter. Last year's apportionment was \$15,000 as suggested, but the Pittsburgh Synod felt able to assume only \$2,500, instead of \$3,200. On this basis I would recommend the following division:

Synod in United States,								\$9,000
Pittsburgh Synod,								2,500
Synod of the Potomac,	•	•	•		•	•	•	3,500
Total,								\$15,000

It is to be borne in mind that out of this sum provision will have to be made for work in the Iowa Classis, and that the separate drain upon our congregations for that interest will probably cease by next Spring.

2. The Synods will otherwise learn that the Executive Council at its late meeting passed a resolution by a majority vote, limiting, from December 1st, the time and salary of the Superintendent to such an extent as to meet the demands of the office in connection with his duties to a regular charge. should he enter the Pastorate. Personally, I can only view such a step as relieving me from a great burden, three years simply in devotion to a great and good cause, with which my active life has been mainly identified. I have nothing to regret in this direction, and much to rejoice at. And yet I opposed the action of the Council and shall give it no more than a negative assent, unless the Synods make it their own. In that case I shall still have doubts as to its wisdom, but shall give my hearty support to legitimate authority. My objections among others are these: First-The Synods alone have the right to take absolute action in the case. The Superintendency holds from the Synods, which also elected the person filling it: not from the Executive Council or even the Board. If the Executive Council can do this, it can, by logical sequence, change the intent of any other fundamental article of the original agreement between the Synods; which means, again, that a combination of two or three men may modify essentially the most positive compacts. I can be no party to this. Second-My second objection is this: The step proposed is one backward, not forward. It is one likely to be retraced again, one of these days. Time will tell. Dixi.

In closing, I repeat the language of my last report: "Special thanks are

due our Missionaries for their steady labors amid severe self-denial. The Lord will reward them."

Respectfully submitted,

F. K. LEVAN.

#### Report of Committee on Missions.

The Committee on Missions, to whom the above papers were referred, reported the following, which was received and adopted:

Your Committee on Missions beg leave to report that the following documents have been placed in their hands, viz: The Report of the Treasurer of the Tri-Synodic Board, and that of the Superintendent of Missions. From these we learn that during the last year the Treasurer received the sum of \$10,555.80, nearly \$1,500 more than was actually expended for the current year's Mission work, giving so much toward the meeting of the deficit reported last year.

The Superintendent reports that there were under the care of the Board furly Missions—of these four have become self-sustaining, and five have been transferred to other Boards. A number of Missions are supplied by the Superintendent and other neighboring Ministers, thus saving large appropriations.

There are reasons for congratulations on account of the reduction in the

cost of our Mission work, and because Missions long supported by the Board have been made part of self-sustaining charges.

We recommend the following action, viz:

Resolved, That'we hereby direct the Committee on Finance to apportion upon the different Classes, the sum of \$2,500, for the cause of Missions.

Resolved, That the several Classes be directed to devote a session at their next annual meeting to the cause of Missions.

Resolved, That the members of the Board of Missions, in their respective Classes, use all efforts to awaken a Missionary spirit and induce delinquent charges to pay their apportionments promptly.

Respectfully submitted.

#### Reverend Fathers and Brethren:

The Board of Trustees of the Theological Semmary held two meetings during the current Synodical year. At the first meeting in May the tollowing officers were elected: D. W. Gross, President; John Heilman, Vice-President; Edward J. Zahm, Recording Secretary, and J. B. Roth, Treasurer.

From the Treasurer's Report, a Synopsis of which accompanies this paper, full information can be had in regard to the financial condition of the Institution. It is gratifying for us to state that we secured several small sums for the endowment fund, which, although they are small, are still evidences of love for, and interest in, the Institution.

#### Report of the Board of Visitors.

To the Pittsburgh Synod of the Keformed Church in the United States:

Brethren: The Board of Visitors of the Theological Seminary at Lancaster respectfully present the following as their annual Report:

During the past year the number of students on the roll of the Seminary was thirty-two, eleven in the Senior, ten in the Middle and eleven in the Junior Class. All have been in attendance with the exception of Nevin H. Fisher, who, after passing through the Junior and Middle Classes, left for Europe about one year ago, where he has since then been pursuing his Theological Studies at the Universities of Germany.

At the opening of the Seminary in September, 1875, eleven new students were admitted. Their names are as follows: Adam J. Bachman, Henry Edgar Cook, John M. Evans, Benjamin B. Ferer, Frederick B. Hahn, S. Sidney Kohler, J. Heister Leinbach, Samuel M. Roeder, John S. Wagner, Daniel E. Rupley, and W. Henry Xanders. With one exception, they are all graduates of Franklin and Marshall College, and about half of them received assistance from the Church during their preparation for the Seminary.

The Senior Class, having completed their studies and sustained a satisfactory examination, received the usual Certificate of Dism'ssion and Recommendation for Licensure. They are, John Jacob Crist, Moses H. Diefender-

fer, Joseph E. Freeman, G. Dickie Gurley, George P. Hartzel, J. William Knappenberger, A. K. Kline, Thomas N. Reber, George W. Roth, and D. Besore Shuey. Of these, three received the benefit of the special course of study provided for those, who have not received a classical education, and the rest are graduates of the College. All except one are engaged in the active duties of the Ministry, filling up vacancies in its ranks, occasioned by death or other causes. Most of them received the aid of the Church during their preparatory studies.

The past year has been one of peace and prosperity to the Seminary. The students as a body have been faithful and diligent in the prosecution of their studies, and their general Christian conduct in harmony with their profession and position as candidates for the Ministry. There have been fewer absences from the Seminary on the part of the students, and fewer interruptions in the regular course of study than formerly. The health of the Professors has been good, and they have been enabled to attend to their several duties with commendable zeal and with good fruits as the results of their labors. For these indications of the divine favor resting on our school of prophets, we have reasons to be thankful as a Church. But it is plain, that the number of those, who annually leave the Seminary to enter the Ministry, is not what it ought to be. The growing wants of the Church and the necessity for its extension require that this annual supply of new laborers should be increased. Our Missionary fields whitening for the harvest make this necessary, and so also the division of large charges and the supply of destitute places where new congregations might be organized. As a denomination we have succeeded in giving our candidates for the Ministry the necessary literary and theological training. But what is now greatly needed is, that the number as well as the qualifications of our Ministry, should be enlarged. If we once succeed in bringing about that result, a new era of growth and prosperity will, under the divine blessing, dawn upon us. In this respect much remains still to be doue. May we feel as a Church that we are called upon anew to work and pray, that the Lord of the Harvest may send more laborers into His harvest!

As the Theological Professors sustain a relation to all of the three Synods represented in the Board, the question has been raised in different directions, whether they should not hold their ecclesiastical connection with different Synods, instead of all belonging to the same Synod and the same Classis as they do now. The Board, after due consideration, have concluded to refer the whole subject to the favorable attention of the several Synods.

The members and officers of the Board are the same as those of the previous year.

All of which is hereby respectfully submitted, THEODORE APPEL, Secretary.

Report of Committee.

Your Committee on Theological Seminary would respectfully report that

the only paper coming into their hands is the report of the Board of Visitors. From this we learn, that our School of the prophets has been in a flourishing condition, that peace and harmony prevail, that the health of Professors and Students has been good, and that the attendance and progress of the Students have been commendable.

Whilst these indications of divine favor are noted with gratitude, it is to be regretted that not more of our sons devote themselves to the Gospel Ministry. In this respect our Church has not yet come up to the measure of her knowledge and ability.

The Board of visitors asks the Synods represented in the Board to consider the question, whether it is necessary for al' the Professors to belong to the same Classis and Synod, instead of belonging to different Classes and Synods.

In view of these things, the following resolutions are offered:

Resolved, That renewed efforts on the part of pastors and people be made to secure a larger number of worthy candidates for the Christian Ministry.

Resolved, That this Synod approves of the plan of the Professors holding their ecclesiastical connection with different Classes and Synods.

Respectfully submitted,
J. F. WIANT,
J. DOTTERER,
A. K. KLINE,
PETER SCHRECKENGHOST,

Peter Schreckenghos John Gumbert.

#### INSTITUTIONS OF LEARNING.

#### Report of the Board of Trustees.

#### To the Synod of Pittsburgh:

Brethren: Your Board of Trustees of Literary Institution would offer as their report the following: Report of the Principal of Greensburg Female Seminary to Board of Trustees: The Institution has been in successful operation during the past year. All the departments of instruction are filled with experienced and well qualified Teachers. In this respect it compares favorably with older Institutions. Classes were organized in all the departments of the Seminary course, and a beginning of the important work of Female Education has been made. The progress of the pupils in the various branches pursued has been commendable. Special attention has also been given to the polite accomplishments and Christian culture of the young ladies. A marked improvement has been made in all respects, in the pupils placed under our care. The Institution has commended itself to the favor of those in whose midst it is located, and the opportunities it affords have been generally appreciated and improved by them. The public examinations of the classes, and the Musical Entertainments given by the young ladies, have been very satisfactory and creditable. The care and thoroughness of the in-

Atruction, and the discipline and general management of the Institution have been such as to give it character and rank it as a first-class Female Seminary. It has been growing in the confidence of its friends, and justly deserves the support and patronage of the friends of Female Education generally. We, therefore, do not besitate to urge its claims on the grounds of its own merit as an Institution. While it has received a respectable home patronage, its support and patronage from abroad, and especially from the Reformed Church, have not been such as its claims demand. The advantages it affords as a Church School, have been enjoyed by the daughters of the Reformed Church to a very limited extent. This is not as it should be. The Educational work of the Institution cannot be accomplished until those for whom it was designed are placed under its training and influence. While it is intended that the general work of Education shall be promoted. the special design of the Institution is to subserve and promote the Educational interests of the Reformed Church. It is, therefore, hoped that the Pittsburgh Synod, by whose action the Institution was established, will press its claims upon the membership in its bounds in such a way as to enlist their interest and support in its favor. The average attendance of pupils for last year was about fifty; of which number forty were in the Ornamental Department. This yielded a sufficient income to meet the current expenses of the Institution. The attendance thus far, for the present year, has reached only thirty-eight regular pupils. Those taking the Ornamental Branches, are only twenty-five. The decrease in the number of pupils is no doubt owing mainly to the pressure of the times, but in some degree, also, to the Centennial excitement, which has kept a number away from School.

With the present number of pupils, the income will not be sufficient to meet expenses. It will be seen then, that there is an urgent necessity to make a special effort in behalf of the Institution to save it from financial embarrassment. This plain statement of facts is made to bring Synod to adopt measures, if possible, to prevent such embarrassing consequences.

The Synod of Pittsburgh, under whose care the Institution is placed, is composed of at least fifty pastoral charges. It would seem to be no unreasonable demand to expect at least one pupil from every third or fourth charge. And it is believed that with proper effort, such a result could easily be accomplished. This would place the Institution entirely beyond all embarrassment. It is, therefore, not asking too much of Synod to urge upon them to take such measures as to bring this matter properly to the attention of the people. The Institution can be successfully maintained by a general effort throughout the bounds of the Synod. Greensburg Female Seminary, as an Institution of the Reformed Church, has a right to expect this from the Synod, and it is sincerely hoped that Synod will take the necessary action. The report is submitted to the Board of Trustees for reference to Synod.

Respectfully submitted.

LUCIAN CORT, Principal.

To this we add an extract from the minutes of our meeting held in Greensburg in June last.

The Board was reorganized by the election of J. W. Love, President, and D. B. Lady, Secretary, for the ensuing year. The Committee appointed to attend the Examinations in the Institution reported that they were highly satisfactory in that the pupils gave evidence of thorough drill in the various beyonches of study pursued.

A resolution was passed, heartily approving of the management of the Institution in all its departments, and commending it to the favor of the Synod and of the Church at large.

Respectfully submitted,

Report of the Directors of St. Paul Orphan Home.

The Board of Directors of St. Paul Orphan Home submit the following report:

By the blessing of the Father of the fatherless, this, the only charitable institution within the bounds of our Synod, has been in successful operation during the past year. About the usual number of destitute children have been clothed, fed and instructed in those things necessary to prepare them for the duties and responsibilities of this life, and for the enjoyments of the life to come. The blessing and favor of the great Master, who has commanded us to visit the fatherless in their affliction, have attended the work of these into whose hands the management of this important part of our Church work has been placed. His promise to those who care for the orphan has been fulfilled. His hand has guided us. His grace and blessing have not been withheld. We are therefore able to report that the moral and spiritual condition of the Home is good, and full of promise for the future.

But while we gratefully acknowledge the goodness of the Lord in the bestowment of spiritual benefits during the past year, we feel it to be our duty to state that the Church has failed to support our Home as we think it deserves, and as the cause which it represents, demands. The recommendations of Synod, in this respect, have been obeyed only in part. Our calls for aid have fallen, to a large extent, on closed ears and unwilling hearts. Those who have the direct oversight and management of its affairs have therefore, been perplexed with debts, and very often with the question, "How shall bread and clothing be procured for these little ones?" As a further result of this embarrassment, many worthy applicants have had to be denied admission to the Home. Shall this continue? or will the Synod recognize St. Paul Orphan Home as its own child who has a claim upon her warmest

sympathies and support?

Early last Spring, Rev. J. B. Thompson tendered his resignation as Superintendent of the Home. The resignation was accepted by the Executive Committee, whose action was also confirmed by the Board at its annual meeting in June, at which time the Committee laid before the Board a large number of Applications for the position. The Board, however, failed to make a selection. An arrangement was then entered into with Rev. J. B. Thompson to continue as Superintendent till the close of this year. Since the annual meeting of the Board, efforts have been made to secure a suitable man for the position, but so far without success. We are, however, in correspondence with several who are recommended as good men, and well adapted to this kind of work, and it is hoped that the question of Superintendent will soon be settled. In conclusion the Board repeats the requests of former years—that St. Paul Orphan Home be remembered in the prayers of the Church, and that such action be taken as will elicit liberal contributions from the people for its support.

Respectfully submitted,

T. J. BARKLEY, President.

#### EDUCATION.

#### Report of the Board.

The operations of the Board of Beneficiary Education have been somewhat more satisfactory during the last year than prior to the date of our former report. The progress and moral conduct of the eight Beneficiaries, as far as we can learn, have been all that could be expected. Two of them John Schick and J. W. Knappenberger, have entered the Gospel Ministry in the Reformed Church. Three others, Jno. N. Appel, Robt. C. Bowling and Christian Gumbert, have been graduated from College. Two new candidates have been received. M. L. Campbell, recommended by the Clarion Classis, is a member of the Freshman Classin the College at Lancaster. JohnSwift, recommended by Allegheny Classis, is to prepare the the course of this year for the Freshman Class at Mercersburg.

Want of means prevents the Board from still further enlarging the band of Beneficiary candidates for the Holy Ministry of reconciliation. Two additional applicants desire the Board's aid. Some of the Classes, as St. Paul and Somerset still adhere to the selfish plan of providing only for those Beneficiary Students coming from the bounds of each Classis.

It is needful to remind the Synod that this is not in accordance with its reiterated requests and the promised acquiescence of the Classes themselves.

A small increase of appropriation from the Treasury would enable the Board to grant aid to the above two candidates. It is judged that \$1,500 will be needed for the work during the year, for which provision is now to be made.

The total amount woted last year was \$1,400. Of this sum there was received in cash and acknowledgments \$1,163.81. Total amount paid out on

appropriations \$1,163.48, which leaves our Treasury without one dollar on hand. Considerable of the above amount was paid on overdue appropriations of the former year.

The term of Rev. L. Cort expires with this annual meeting.

The remaining members are Geo. B. Russell, four years; Jacob Hershey, three years; J. W. Love, two years; and C. R. Diffenbacher, one year.

Praying the blessing of our adorable Saviour upon the benefactions of the Church and the imperfect discharge of the trust committed to this Board, as well as upon the plous self-consecration and faithful efforts of the young men under our care, we anew commend this worthy cause to all those who desire the prosperity of our Zion.

Respectfully submitted,

PRESIDENT AND TREASURER.

Report of Committee on Education as Adopted.

The Report of the Board of Beneficiary Education is the only document referred to us. To this we respectfully call the attention of the Church-The subject of which it treats is worthy of prayerful consideration. As the harvest is so great, and the laborers so few, we offer the following for hearty adoption by the Synod:

Resolved, That there is great need for enlarged operations in the matter of Beneficiary Education.

Resolved, That the several Classes be urged to carry forward their beneficiary work as far as practicable through the Synod's Board, and that the amount required, \$1,500, be apportioned upon the different Classes.

Respectfully submitted,

J. I. SWANDER, H. BAIR, D. S. DIFFENBACHER, GEO. WALTERS, JACOB REED.

#### PUBLICATION.

#### Report of Synodical Board.

The Board of Publication would report that one meeting was held during the year. Rev. T. F. Stauffer was chosen Chairman, and T. J. Craig Secretary. There being no business before the Board the following action was taken: Inasmuch as the publication interests of this Synod are united with the Eastern Board—thereby virtually dissolving this Board—therefore we request Synod to discontinue this Board, as there is nothing demanding our attention.

Respectfully submitted,

T. F. STAUFFER, W. E. SCHMERTZ, T. J. CRAIG, C. M. BOUSCH. Report of the Committee on the Union of Publication Interests of the Three Eastern Synods, Appointed at the Last Meeting of Synod.

This report was made under Item 9 of the Report of Committee on Minutes of Synod.

The undersigned would respectfully report:

That besides himself as Chairman appointed by the Synod at Kittanning, there were also present and so claiming membership on the Committee, J. M. Titzel, J. McConnell, C. U. Heilman, J. B. Thompson, J. W. Love, J. A. Hoffheins, J. J. Pennepacker, J. F. Wiant, D. S. Diffenbacher, T. J. Craig, W. G. King and J. Dotterer.

The Committee held several sessions, discussing thoroughly the whole matter and proposing plans of operation. Of these transactions we have been unable to obtain the official record from the Secretary, Rev. J. A. Hoffheins, who was at that time in transitu to the Virginia Classis, into which he was received a few days subsequently to that meeting, and who has ever since refused to send an authentic copy for the use of making this report.

After meeting in general conference with the Tri-Synodic Committee, "we gave our consent to the main plan proposed, leaving the details to be satisfactorily settled according to the enabling act of our Synod." The Pittsburgh Synod was allowed two votes out of seven in electing an Editor-in-Chief, and two members in the joint Board of Publication with a two-seventh ownership in the assets of the publishing interssts in the care and trust of the Board; as also a liability incurred for the same ratio of the indebtedness of the concern.

While the Synod of the Potomic voted \$2,000 to the working capital, and the old Eastern Synod proposed to collect \$5,000 for the same purpose, the representatives of the Pittsburgh Synod positively declined pledging it for a single dollar, on the ground that its assumption of pro rata risks and liability for the heavy indebtedness, together with its future patronage, would be thought equal to all it would pecuniarily gain in the union. We deem it important to mention these things here, as they do not appear in the official transcript of the Tri-Synodic Committee's Minutes, nor in the report made to the mother Synod by its Committee to the conference.

Under the provisional agreement to the proposed union of the then existing papers in a new one for the three Synods, the General Committee claimed that it could not "arrange the details," involved in this Synod's contract with the publisher of its paper. This, it was thought, was the province of the Publication Board. The Tri-Synodic Committee therefore limited itself to the election of an Editor-in-Chief, which resulted in the choice of Rev. Dr. Peter S. Davis. Our Committee then chose Rev. J. M. Titzel Synodical Editor, and appointed B. Wolff jr., and Rev. J. W. Love provisional members of the Board of Publication, who were instructed to urge upon the Board the propriety of issuing a cheap edition of the paper, not costing more than one dollar a year.

This being as far as this Committee could go, it thereupon, without satisfactorily arranging the details, terminated its labor.

Respectfully, submitted,

By order of the Committee,

G. B. Russell, D. D., Chairman.

Report of Special Committee on Dr. Russell's Claim for Indemnity.

The Committee to whom were referred the presentment of Dr. Russell, a communication from Rev. Dr. Fisher, Secretary of the Board of Publication, and Statement signed by a majority of the Committee who attended the meeting of the Synod of the United States held at Lancaster in October, 1875, would report: In the first of these papers Rev. Dr. Russell claims that the contract between him as Editor of this Synod and the Board of Publication has not been terminated by any official act of this Synod; that in the consolidation of the publication interests of the three Synods, great injustice has been done to his moral and contract rights, because the details, as required by the Kittanning Synod, have not been satisfactorily settled, and asks that this Synod do him justice by acknowledging his rights.

The second paper certifies that Rev. G. B. Russell, D. D., presented his claims at a regular meeting of the joint Board, which, after due consideration, were not allowed, and that the claimant was referred to the Pittsburgh

Synod.

The third paper is a Statement signed by a majority of the Committee who attended the Synod at Lancaster, in which it is claimed that the plan for merging the publication interests of the three Synods was entered into without any conditions; that Rev. Dr. Russell waived the settlement of the details, and expressed his willingness to submit the settlement of his claims to the joint Board; and that the action of the Committee was considered as final and as the action of Synod.

After due consideration of the matter committed to their hands, your Com-

mittee offer the following resolutions for adoption:

I. Resolved, That Rev. G. B. Russell, D. D., relinquished his position as Editor of this Synod, when he agreed to enter into a plan which necessarily involved the discontinuation of our paper at the close of the year 1875.

2. Resolved, That the action of the Committee of this Synod, at Lancaster in view of all the circumstances, be considered final, in so far as the present publication interests of this Synod are concerned.

3. Resolved, That this Synod hereby express its willingness to give Dr Russell any reasonable remuneration for what he claims to be losses sustained in relinquishing the Editing and publishing of the Reformed Era.

Respectfully submitted,

T. J. Barkley, J. H. Appel, J. W. Alspach, H. Hoffman, I. J. Wireback, S. C. Remberg, F. Pilgram. Subsequently a Committee was appointed to confer with Rev. Dr. Russell, respecting his claim, which Committee made the following report, which was adopted. Your Committee would report: That they had an interview with Rev. Dr. Russell, and heard a statement of his claims, and after some consideration, the following results were reached as the best terms that could be obtained: That the Synod indemnify Rev. Dr. Russell to the amount of \$1,000 for pecuniary losses sustained in the merging of his interests as Editor of the Reformed Era into the arrangement of the Tri-Synodical Board of Publication; and that said amount be paid him as follows: Two hundred dollars in hand; three hundred on the first day of April, 1877, and five hundred dollars on the first day of April, 1878; notes to be the given for time amounts by the officers of Synod.

Respectfully submitted,

LUCIAN CORT,

T. J. BARKLEY,

S. C. Remsberg.

After the adoption of the above, the President of Synod was ordered to give Dr. Russell an order on the Treasurer for two hundred dollars.

#### Report of the Board of Publication.

To the Synod of Pittsburgh, the Board of Publication of the Reformed Church in the United States, respectfully submit the following annual report:

The Board held one Special Session soon after the last annual meeting of the several Synods and four regular quarterly meetings, at each of which the three Synods were represented, and earnest attention was given to matters relating to the interests of the Board.

The operations of the year have been carried forward under the disadvantages incident to all business enterprises in the midst of the continued financial pressure of the times; and though the results are not as favorable as was to have been desired, yet they are not without their encouraging aspects.

From the annual Statement of the Superintendent submitted at the last quarterly meeting, which is full as to particulars, the following Summary is gathered, as indicating the financial condition of the Board:

The agents of the Board have labored earnestly to collect the outstanding dues of the past, and to enforce cash in advance payments, both on periodicals and books, in the future They have, however, met with only partial success. These efforts are to be continued, and it is to be hoped that, with the active co-operation of the friends of the Publication enterprise of the Church, they will be attended with greater success.

The funds proposed to be furnished by the Synod of the Potomac and the United States were received and are included in the general receipts of the Board.

Immediately, at the first meeting after the adjournment of the last Synods, the Board took measures to have its charter changed so as to conform to the arrangements entered into by the three Synods, in regard to the Publication interests represented in the Board. They have had to contend with the delays only too often incident to movements of this kind; but have still succeeded in getting the new charter drawn up in form, and having it acknowledged before the Recorder of Deeds, so that it may be expected soon to receive the approval of the Courts and go into full legal effect. A copy of the charter accompanies this report. In view of the fact that the new charter has not obtained full legal sanction, the Board recommends to the Synods that they continue their present representatives in the Board for another year.

The wishes expressed by the three Synods in regard to the publication of the Messenger have received the earnest attention of the Board. The Rev. Dr. Peter S. Davis, who had been chosen Editor-in-Chief, with his assistants, appointed by the three Synods, respectively, entered upon their duties with the opening of the present year. The paper has appeared in an enlarged and much improved form, and has, so far as is known, given general satisfaction. To accommodate a certain class of subscribers, the paper is issued in two editions, the one being a double, and the other a single sheet. A re-

spectable addition has been made to the subscription list; but it must be still farther increased before a sufficient amount can be realized from receipts for the subscription to cover the increased expense of publication. It is to be hoped that active measures will be taken by the respective Synods to aid the Board in their efforts to place the *Messenger* on a paying basis, by greatly extending its circulation.

Agreeably to the instructions of the Synod of the United States, the Board has resumed the publication of the Mercersburg Review. An edition of five hundred copies has been issued. The subscription list has been slightly increased, but still not to an extent to make its receipts cover the expenses. It greatly needs co-operation on the part of its friends.

The Lämmerhirte was transferred to the German Publishing House at Cleveland, Ohio, with the opening of the year. The other periodicals of the Church, the Guardian, Lesson Papers, and Child's Treasury, meet with continued favor, and are accomplishing their purposed work in their respective spheres.

A change has taken place in the Business Agent of the Book Department. At the first quarterly meeting, J. David Miller, who has occupied this position for a number of years, tendered his resignation, which went into effect on the first of April last. Charles H. Taylor was secured as his successor, who entered upon his duties on the fifteenth of May. He is well qualified for the position, and is prosecuting his duties with energy and efficiency. With proper co-operation on the part of the Church, there is every reason to believe, that he will be able to make this department of our Publication enterprise a decided success.

The Synod of the United States instructed the Board to appoint an agent to collect the monies to replace the amount borrowed by it for the use of the Board as well as to work for the general interests of the establishment The Board secured the services of Rev. Jac. F. Wyant for this purpose, who entered upon his duties in February last. He has met with some success. especially as relates to advancing the general interests of the Board, and it is to be hoped his continued services may be enjoyed. As his operations concern more especially the Synod of the United States, a separate report of them from him will be submitted to it.

With the above statements the Board earnestly commends the Publication interests of the Church as entrusted to it, to the hearty and prayerful consideration of the respective Synods, and solicits their ardent prayers and continued active co-operation in its behalf.

Respectfully submitted, SAML. R. FISHER, Secretary, D. W. GROSS, President.

# ARTICLE XII.

# STATE OF THE CHURCH.

Report of the Committee as received and adopted.

Reverend and Dear Brethren :-

With a view to correct the errors of the past, and stimulate us to greater activity in the future, it is both our duty and privilege, at the close of each annual meeting of Synod, to consider and report upon the present state of morals and religion in the Church of which we are office-bearers.

In looking over the different classical reports which sum up the results, and give us a picture of what has been done, we may well feel humbled before God, and confess, with penitent hearts, that we have not done all that we might have done for the cultivation of the Lord's vine-

yard in which we have been called to labor.

We may modestly claim, however, that there has been brought to our work, the honest purpose, the sincere desire, and a persevering effort to do whatsoever our hands have found to do. From a human standpoint our ministers have been faithful in the work of their sacred office, and, as a whole, they have done all, perhaps, that could reasonably be demanded of them by the peoplethey serve; but with all this, their imperfections and failures have been many and great in the sight of the Lord who justly demands of us an absolutely perfect service. It becomes us therefore each year to strive, if possible, to be still more earnest, zealous and faithful in the work committed to our charge and care.

We are glad to say there is great reason for encouragement to labor on in our appointed spheres. The state of morals and religion among our people seems to be reasonably good—as good as at any previous time in our history, and compares most favorably with that of other denominations around us. As far as we have means of judging, peace and harmony prevail throughout all our borders, our people are regular and attentive in their attendance upon divine worship and in their observance of the holy sacraments. There has been a slight increase in the total number of our membership. About the same amount as in the previous year was contributed to the various benevolent objects of the church, while there has been a large increase to local objects, and pastor's salary.

All the reports speak of there being much room for improvement in benevolent and other church operations; also that there is still much

ground within our bounds that may be occupied by our church for Christ and His cause. Ministers, Elders and people must not forget that the mission of the church is to be instrumental in saving the world, and that in this glorious work we are called to take active part. the world has been entirely redeemed from sin, the time cannot come when we can afford to slacken our efforts, or sit down at ease.

Earnest, arduous, persevering labor is constantly demanded. We

should endeavor to realize more and more that in body and soul, property and life, we belong unto Christ, and so be willing to spend and be spent

in His service.

If the world is to be saved, it must be through the constant, willing, earnest activity of the church, bringing its divine power and grace to bear upon individuals and upon the world at large. The church is the only grace-bearing, saving institution to be found among men; yea, there is no other bulm or physician to heal the sin-sick soul, save 'the balm of Gilead and the Physician there.' Humanitarian schemes have been invented, and human means have been employed to relieve the ills and evils that afflict society; and, from a worldly standpoint, they may accomplish good; but the church has within her the means and appliances necessary to reach the same end, and in a far better way. We propose, therefore, in the future, as in the past, to hold up the church of Christ as the only saving institution, and her means of grace as the only effectual remedy for sin. In and through these divine ordinances Christ Himself works for the salvation of men, the church being the continuation of Christ's divine-human life and the outward manifestation of His

During the past year one of our number, Rev. Charles H. Hoffmier, has been called upon to lay down his shepherd's crook, and has entered upon his eternal reward. We are thus reminded that we too should be always ready to go at the Master's call. Soon He will say, if we are

faithful, as under shepherds, "It is enough, come up higher."
We also learn that Rev. Dr. N. P Hacke, the oldest minister within the bounds of our Synod, and who has served the 1st Greensburg charge for fifty seven years,—has been disabled by the infirmities of age from serving longer in the ranks of the active ministry. We pray God that, if it be his will, the evening of Father Hacke's life may be free from bodily suffering, and that the consolations of that religion which it was his privilege to minister to others, may be his also in fullest measure.

With devout gratitude to the Triune God for his goodness and love in

the gifts of His providence and grace, we close our report.

Respectfully submitted.

# ARTICLE XIII.

# MISSIONS.

Report of the Superintendent.

To the Symod of the Reformed Church in the United States, the Pittsburgh Synod, and the Synod of the Potomac.

Reverend and Dear Brethren: -At the close of another year of missionary work by our Synod, I hereby submit for your consideration a general statement, in the way of report, respecting the same.

# Synod of the United States,

Though this is our oldest Synod, the fruitful mother of the others, the home of the earliest and largest Reformed Settlement in the land, yet it has now, and owing to its including so many large towns and cities within its territory, will likely continue to have a goodly proportion of the whole number of our missions within its bounds. During the year there were fifteen, all of them, with two exceptions, in cities or thriving towns.

Catasaugua, Pa. John J. Christ, pastor. The late pastor of this mission, Rev. A. B. Koplin after a number of years, spent in hard and successful labor, accepted a call from the Hellertown charge. His successor finds, however, still much to do: has so far found favor with his people and the community. English and German. App. old \$600; new \$350.

Allentown, Pa. Christ Church, Jared Fritzinger, Pastor. This Mission is but little more than a year old. It has been in large part a labor of love with its pastor. Its members have suffered from lack of work, and as times brighten its prospects will doubtless brighten. Has a good Sunday School. German. App. \$300.

Easton, Pa. Grace Church. Daniel Y. Heisler, pastor. Gaining in

membership, consistence, and self-consciouness. English. App. \$200.

Reading, Pa. St. John's, John W. Steinmetz, pastor. This Congregation has its large church and parsonage about completed. It is well located, the only drawback to which is a heavy debt. Has been highly prosperous, and looks toward a useful and influential future. English

and German. App. \$400.

Shenandoah City Pa. Vacant. For several years past this mission was served by the Rev. E. D. Miller with great self-denial and a good degree of success. The congregation is now supplied by a committee of Leb-

anon Classis. German and English. App. \$300.

Philadelphia. St. John's. J. Samuel Vandersloot, pastor. Steady, wisely directed work has always been necessary in this mission. It labors under peculiar difficulties; and yet it has many valuable elements of strength in it, and undoubted opportunities of growth before it, if they can only be utilized. The present pastor has taken charge within the year, and it cannot yet be seen to what extent blessings will attend

his labors, English. App. \$300.

Wyoming, Delaware. E. H. Dieffenbacher, pastor. The membership of this mission is growing. A visit to Caroline county, Md., has shown that most likely a congregation can be organized in that section, which might for some time at least, be served by the pastor at Wyoming. For many reasons we believe that before long, a separate charge may be formed in the Eastern shore of Maryland, as many of our people are buying land in Kent. Queen Anne, Talbot and Caroline counties. English. App. \$300.

Harrisburg, Pa. Second Church. George W. Snyder, pastor. Nothing

marked occurred in this mission during the year. It has a good location, a fine building, and an inviting future. English, App. \$300.

Harrisbury, Pa. Zwingli. Wm. T. Gerhard, pastor The late pastor. Rev. Moritz Noll, followed a call to Ohio in the early part of the year. Then came a long vacancy. The veteran Father Gerhard has now taken there and indring from his success at Langester in a similar work. charge, and judging from his success at Lancaster, in a similar work. we may predict prosperity for this congregation. German. App. \$250.

Columbia, Pa. Conrad Clever, pastor. Congregation doing well. Growing internally in character and externally in membership. App.

old \$100; new \$50.

Overton, Pa. Vacant. German and English. App. \$75, Should be supplied soon, or will greatly suffer.

Wilkesbarre, Pa. Vacant. The English mission in this place was organized under the name of Trinity last January. For a short time previous Rev. J. B. Shontz had been laboring here, and getting things ready for this event. He was liked by his people, and gathered a membership of some forty by spring, when, with the consent of the Executive Council he retired from the mission. The appropriation was at the rate of \$600.

Liverpool, Pa. Willoughby Donat, pastor. This brother has done well. The field is now self-sustaining since June last. The appropriation for the last year was \$80. English and German.

Lock Haren, Pa. Church of the Resurrection. Isaac S. Stahr, pastor. Vacant from May to October. A German congregation, heretofore independent, located four miles from Lock Haven, has been received by West Susquehanna Classis, and connected with this mission. This necessitated the calling of a pastor who could use readily both the English and the German language. App. old \$400; new \$300. As Superintendent I feel constrained to express my full conviction that the sum of \$300, appropriation to this mission is entirely inadequate, and should be raised to \$400, at the earliest possible date.

Lansdale, Pa. Supplied by a committee of Tokichon Classis in connection with the Superintendent of missions. The main part of the ministerial labor has hitherto been done by the Rev. Jacob Kehm. The new church, a gem in its way, is finished. There has been a good work done here in unfavorable times.

Of these missions in the Eastern Synod one,—the Liverpool—has become self-supporting during the year. Several of the others are almost at that point; while others again will need help for several years to come, and well deserve that help. Lansdale has not cost us any appropriation, and will doubtless be connected with a neighboring charge.

# Pittsburgh Synod.

By the organization of the German West Pennsylvania Classis out of the membership of this Synod, and the transfer of its missions to the Eastern German Synod, the number of missions in the Pittsburgh Synod has been largely decreased. There are now seven; though in addition to these, two of the classes support each one or two weak charges with missionary aid on their own responsibility.

Kittanning, Pa. D. S. Dieffenbacher, pastor. Self-supporting since last June. Has been very prosperous. English. App. last year—\$165.

Titusville, Pa. J. Heberle, pastor. New life and energy seem to have come to this congregation. The pastor has a large field of usefulness both in Titusville and in the surrounding towns. German. App. \$150.

Cumberland, Md. F. R. Schwedes, pastor. This has come to be a solid interest. Besides the main congregation in Cumberland there is a branch congregation in Keyser city. German. App. old \$350; new \$300.

Scottlale. Pa. Samuel Z. Beam, pastor. Mission in this place has been doing well. Ought, however, to be connected with some neighboring congregations to make it self-supporting within reasonable time. English. App. old, \$250; new \$200.

Pittsburgh, Pa. First church. W. F. Lichliter, pastor. This congregation has not always run a smooth course. It has had to contend with serious internal and external difficulties. These anterior to the coming of the present pastor. If this congregation, always self-supporting, with the exception of a short period, is to be saved to the Reformed ('hurch, all who are concerned with it, will have to act discreetly, energetically and with a liberal hand. English. App. \$400.

Pittsburgh, Pa. Trinity, J. M. Souder, pastor. Suffered from hard mes, like many other missions. The pastor is liked by his people and times, like many other missions. The pastor is liked by his people and looks hopefully to the future. English. App. \$250, continued.

Pittsburgh, Pa. Zion's. H. D. Darbaker, pastor. The number of

members has been increased during the year. General harmony pre-

English. App. \$300. continued.

Of the missions of the Pittsburgh Synod, here enumerated one—that in Kittanning—has become self-supporting during the year. The others will need more or less continuous help for several years to come. They are all located in prominent places.

# Synod of the Potomac.

The missions of this Synod are ten in number. Generally speaking

they have done well.

Duncannon, Pa. U. H. Heilman, pastor. This charge has made progress during the year. The people of the congregations have commendably gone to work and aided the pastor, which fact has greatly encouraged him. English and German. App. old \$300; new \$200.

Winchester, Va. Charles G. Fisher, pastor. A material improvement in this charge has been the pushesse as favorable toward of a witchle

in this charge has been the purchase, on favorable terms, of a suitable parsonage. The mission has also otherwise made progress. English.

App. old \$350; new \$250.

Orbisonia, Pa. John M. Schick, pastor. In this mission, consisting of several small congregations, one new church is building, and one old one purchased is undergoing repairs. Solid work has been done here. English. App. old \$200; new \$150. Chambersburg, Pa. St. John's. Carl Gundlach, pastor. A small

congregation to which a number of members have been added during

the year. German. App. \$100; new \$75.
Sulphur Springs, Pa. W. Augustus Gring, pastor. The brother laboring in this field is greatly encouraged. The people have built a parsonage. Future hopeful. English. App. \$200; continued.

Washington, D. C. St. Stephen's. Supplied by the Superintendent of missions for near two years, aided by a committee appointed by Maryland classis. For more than a year past regular services every two weeks as a rule except during the hot season. Organization made weeks as a rule, except during the hot season. Organization made amid much good feeling on Sunday October 7; one confirmed, one received on profession of faith; and the Holy Communion, with goodly attendance, celebrated on the evening of the same day. The Board has resolved that the appropriation be \$1000—; and that a missionary shall be commissioned as soon as a suitable man can be proccured. (See under this head a separate item near the close of the report.)

# Pacific Coast Mission.

San Francisco, Cal. John H. Krueger, pastor. There are evident signs of life in the Mission here. The people are subscribing for the relief of their church debt with the expectation of help from the East. Some members have also been added. Sunday School in good condition. German.

erman. App. \$300—; new \$225.

Napa, Cal. Frederick Fox, pastor. Not much change in this mission. The pastor has been heavily afflicted by the loss of his wife, who deserves kindest remembrance in this connection inasmuch as she led a life of great usefullness to the mission itself. German and English.

App. old \$400; new \$310.

Portland, Oregon. John John Gantenbein, pastor. Suitable lots for church and parsonage have been bought, and a chapel is in course of erection. It is expected that very little debt will remain after the chapel is conpleted. Thus the mission will get a permanent character. It is centrally located, also, for exerting an influence over other commu-

nties in the State. German. App. old \$500; new \$400.

Salem, Oregon. J. Muellhaupt, pastor. The effort in this field has been to organize one or two congregations, toward which end fair progress has been made. The difficulties in the way are however, also numerous—a fact not to be overlooked. The pastor has to undergo many privations. German. App. \$300, continued.

# Miscellaneous Items.

Inva missions. There are several missions in Iowa Classes sustained in part by funds coming from these Synods. As they are in no way

under our control, we have no report from them.

Mission Territory. I cannot let this opportunity pass without calling the attention of the Synods to the promising territory for founding mission congregations, which is more and more opening to the Reformed church. Philadelphia, New York, Boston, Baltimore and Pittsburgh have an open door for us to enter. In each one, or its immediate subspace a preparation could be correlated as the proper was the second to the control of the proper was the second to the proper was the proper was the second to the proper was the urbs, a new congregation could be organized at any time we chose to do it. Delaware, Eastern Maryland and Virginia are receiving a large influx of Reformed immigration from the older settlements. The same is measurably true of Tennessee; and very largely true of Texas, whither whole colonies from East Pennsylvania, for example, are going now, and many more are likely to go. We should lay hold of all these localities in good time.

Washington, D. C. The English interest in this city, as elsewhere in this report noticed, has now obtained form under the name of St. Stephen's congregation, organized on Sunday, October 7th, 1877 with twenty odd members.

Two elders and two deacons were elected, confirmation was had, and the first communion celebrated. Those acquainted with the facts know that much and long-continued labor, patience and hopefulness were demanded to bring about this happy issue; an event of more than ordinary consequence to our entire church. The committee having the interest in charge, consisting of the Rev. Dr. Geo. L. Staley, Joel T. Rossiter and the Superintendent of missions, had a meeting in Washington city and asked me to bring the following requests of said committee, unanimously adopted, to the special attention of our three Synods, which I herewith do.

The committee asks that an appropriation of \$1500 per annum be voted by the Synods to the support of a suitable pastor for this important field; the contributions of Maryland classis to go direct to the covering of this sum so far as they reach. For a less sum than this the committee are confident no suitable pastor, having a family to support, can be secured.

That the three Synods pledge themselves to raise in the way of church extension for securing a lot and chapel for this St. Stephen's congregation the sum of \$5,000. This the committee suggests to be divided among the Synods as follows:

Synod in the United States, \$3000 of the Potomac, 1500 Pittsburgh Synod. 500

# Reflections.

By the first of December next four years will have passed since our present Board of missions officially and actively began its work. That was the term, too, for which the Superintendent was elected, and for which substantially unchanged the Board itself was to continue. did ne find then? A mission Board in the two Eastermost Synods, a mission board in the Pittsburgh Synod, and mission Boards or committees acting as such in a number of the classes. Furthermore, we found a debt of over \$5000, owing by these several Boards and classes, and a current expense account in the neighborhood of \$13,000 per annum, with an income considerably below it, and the missionary cause on the high tide to manifold embarrassments. To crown all, we stood at the threshold of a panic, unexampled, for sapping everything in the history of our country.

# And what have we done?

We have driven out of existence this wilderness of mission Boards. We have succeeded, after two years effort, in getting all the classesexcept North Carolina—to co-operate with the Board of these Synods. This was one of the most difficult things in the history of our church practically to accomplish; and, from indications, it will be found one of the most difficult things to keep accomplished in the future. Yet it is fundamntal to all true, permanent success in the work.
We have reduced the running expenses from \$13000 to a little over \$9000—per annum; and support about as many promising missions as were supported with the original larger sum.

In a number of Classes the sums contributed for missions have been steadily rising; in others they have been stationary; and in several they have fallen off we are sorry to say, caused, however, it is said by the brethren in those classes by extra severity of the times in their localities.

We have proved that the claims of the several classes, and the claims of a General Board can be harmonized by proper mediation, wherever that mediation is allowed to come in, and its agreements are generally supported by both parties.

But-

Well, the present arrangement has left much undone. It has doubtless been guilty of sins of omission; and of commission, too. I presume no sensible person expected it to meet all wants and stop all woes in our missionary work. Four years are too short a period for that. Besides, the general plan, while I hold it, as a whole, to be the best by far we have hitherto inaugurated, has shown some serious defects in its working, as might have been expected. The principal defect consists beyond all reasonable question, in the accidental system of brakes, as I might most expressively call it, external and internal, which has greatly obstracted its efficiency and defeated was each defeated w intended to meet. And in any reconstruction that may be attempted, it should be borne in mind that any cause having the limited propelling force of our missionary work cannot bear many brakes, multiplied checks. The object should be to eliminate them, wherever possible. Again, the vigorous carrying forward of our missionary operations demands a free untransmelled executive head to whom Beards are admands a free, untrammelled executive head, to whom Boards are advisory, but the Synods alone are mandatory. Let it be the President of the Board, let it be a numerically small committee, selected wisely for the purpose; let it be a General Superintendent. Any of these especially the first or the last might and would do. But let it never be, if the work is to be done, any two or all three of them.

As with the expiration of my term of service by the first of December I intend to enter the ranks of our active pastors, I hereby thank the

Synods for the confidence reposed in me and the general kindness bestowed upon me in the responsible position I have occupied.

Respectfully summitted, F. K. LEVAN, · Superintendent of Missions.

# STATEMENT OF THE BOARD. .

To the Synod of Pittsburgh:

Futhers and Brethren,
The Superintendent of missions will furnish you with a detailed account of our united work for the Synodical year that has just closed. We as a Board desire to make the following additional statements of results, at the close of this first period of our joint work. And, whilst we cannot present such a flattering statement of results as we desire to do, yet we feel assured that sufficient has been accomplished by this united working of Missions, by the three Synods, as to encourage us to continue the plan, with the hope of something better in the future. And with this conviction, at our last annual meeting Oct. 15, 1877, we adopted the following resolution; to wit,

Resolved, "That this Board recommends to the several Synods which

created the Board, that the present (Tri-Synodic union) plan of mis-

sionary operations be continued.

When we began this united work, or rather by the time we got into working order the plan by which we proposed to do the work, the three Synods had assigned us, almost six months of the first year had elapsed. We started with an empty Treasury, and had 36 missions placed under our care, located at different places, across the entire continent. Some of which missions, owing to peculiar circumstances we have found difficult to manage to this day. And by the time we had gotten into full operation, from four to five thousand dollars was due our Missionaries above the amount that had come into our Treasury from voluntary offerings whilst the amount needed to cover the current expenses of the first year was nearly \$13000.

Besides this, it will be remembered, that up to the time we began this united work, the Synods in the several sections of the church, had their Boards, and many of the classes had the same; all of which was calculated to create confusion in the missionary work of the church, consequently, there were many private claims first to be settled, and arrangements made, before all could heartily enter into this work. Whilst the unsettled financial condition of the country, and the panic

which soon followed, increased our embarrassment.

These synodical, classical, and local hindrances, have in a large measure passed away by time and mutual forbearance, if the financial condition of the country has not improved. And there is but one classis in our three Synods now that does not co-operate with us. Another of the classes of late has resolved to pay appropriations to the missions in her bounds first and then send us her surplus funds; yet these brethren we feel assured will see ere long the wisdom of co-operating with the rest of the church in this blessed work.

During these four years we have had forty-six missions under our care—some however for only part of the time. Of these four have become self-supporting; nine, a year ago were transferred to the Board of the German Synod; and four have been discontinued. We have re-ceived during this time ten new missions, so that now, after these transfers and discontinuances, we have twenty-nine missions remaining under the care of our Board.

We have reduced the expenses of the Board for the current year from the \$13000, of the first year, to \$9330. And although we have not so large a number, still we have as many promising missions as before. And, but for the financial embarrassment of the country, that interrupted our plans, we should, not only be out of debt, but have occupied more territory, that said "come over and help us."

And yet we feel thankful to a kind providence, that we have been able to do, what we did in the face of these hindrances we had to encounter from within and without. We may, ourselves have been to blame for some of these hindrances, but we are conscious at the same time to have acted to the best of our judgment.

Much of the apportionments made by the Synods upon the classes for missions during there four years remains unpaid; this neglect on the part of the church, leaves us indebted to our missionaries about \$7.000. To this deficit we call your serious attention, and that of each of the Synods represented in this Board. And, we earnestly entreat you to take measures at once, to have this deficit collected, and paid as speedily as possible into the Treasury, in order, that we may pay the servants of the church their just dues, some of whom are suffering, and in many instances they need it for bread for their families.

We shall need for the purpose of carrying on our mission work for the coming year, exclusive of the present indebtedness \$9.330. And in order to meet our indebtedness and current expenses, we shall need \$16.330. If the full apportionment of last year had been paid, we should now be free of debt, and all our missions paid; and if the deficit on the apportionments which the Synods made in 1874-5 were now paid into the Treasury we could continue all our missions for this year, and not ask the church for one dollar. The Synods may ask us to explain how came this debt, and how does it continue to increase? Figures from the Treasurer's printed reports, and his present report, will make the reply for us.

At the meeting of the Synods in 1873, when the present plans of operation were adopted no apportionments were made. At the end of that year he reported \$8,164 received from the three synods, and that \$4,000 was still wanting to pay the dues for the year that had then closed. In 1874 the synods apportioned \$14,000, of which they paid, says the report \$9,664. In that year the Synod of the United States fell short of the

appropriation assumed. The Synod of Pittsburgh. The Synod of the Potomac.	1.275

In 1876 the Synods again appropriated \$15,000, of this amount to this date, only \$7,997.51 has been paid in, leaving a deficit for the year just closed of \$7,002.48.

Should the Synods secure the payment only of the apportionment of last year, you perceive, the debt would be paid, and you would now only have to provide for the \$9,330, for current expenses, of the coming year. In the two years of 1875-6 the

# REPORT OF THE COMMITTEE ON MISSIONS.

The Committee on Missions would offer the following report: The papers referred to us were the annual report of the Superintendent of Missions and a report of the Board.

Item 1. We recommend that both these reports be published in full in our printed Minutes.

Item 2. The Board by resolution recommends to the Synod that the present Tri-Synodic union plan of Missionary operations be continued; we propose the adoption of this recommendation.

Item 3. From the Statement of the Board we learn the fact that the three Synods, in the years of 1875-6-7 fell short of the amounts assumed to the sum of \$16316.43. The Board say that this sum would pay their present indebtedness and support the Missionaries for the coming year. They suggest further that if the Synods will provide for the indebtedness of the Board and the current expenses of the year, Pittsburgh Synod shall provide for \$2830.

Inasmuch as we believe that the largest part of the arrearages of Pittsburgh Synod will yet be paid, we recommend that Synod apportion to the Classes only \$1500 additional for Missionary purposes.

Item 4. The Board has nominated Rev. Dr. Theodore Appel to fill the office of Superintendent of Missions for the coming term. We recommend his election by this Synod.

\*\*Rem 5.\* In regard to the requests made by the Superintendent of Missions 
sions in behalf of a committee having in charge the English Mission at sions in benair of a committee having in charge the English Mission at Washington D. C., asking the Synods to vote \$1500 per annum towards the support of a pastor for this field, and to pledge themselves to raise \$5000 for the purpose of securing a lot and chapel for this St. Stephen congregation, we offer the following for adoption: That however much we desire to give our aid to that important interest, yet taking the financial condition of our Synod into consideration, we do not feel ourselves justifiable in assuming anything in addition to the regular and legitimate work of benevolence of Synod work of benevolence of Synod.

Respectfully submitted,

A. E. Truxal, T. F. Stauffer, A. K. Kline, J. B. Hillegass, Peter Johnson,

The report was taken up by items and adopted as recorded. Rev. Dr. Theodore Appel was declared to be the choice of this Synod for Missionary Superintendent.

# ARTICLE XIV.

# THEOLOGICAL SEMINARY.

Report of the Board of Trustees.

TO THE PITTSBURGH SYNOD OF THE REFORMED CHURCH IN U.S.:

The Board of Trustees of the Theological Seminary beg leave to submit their annual report to you reverend body, and ask for the suggestions contained herein your earnest consideration.

We regard ourselves as especially charged with the financial affairs of the Institution, and hence our attention is mainly directed towards securing the means for its support. For a few years past, by a judicious use of the funds, we have been able to realize from an interest bearing investment of about \$60,000, an income of say \$4200; but for the past year this has been impossible, and will be impossible also, in our judgment, for years to come. Our income cannot exceed, say, \$3600, and the salaries of the Professors and incidental expenses aggregate about \$4300.00. To meet this deficiency in the income of the Seminary, it is the judgment of your Board that it would be well for your reverend body to authorize us to use the income derived from the so-called building fund, to pay salaries and current expenses. This sum, about \$700.00, will enable us to go forward without involving the Institution in debt, for we feel it to be our duty to state that unless this is done, or some actual provision made to increase the regular income, the Seminary will become involved to the amount of \$700.00 annually.

For your information we may state that a large proportion of the

fund now known and carried along as the Building Fund, was originally subscribed for "Endowment or Removal," but while this would clearly give us the right to pass the aggregate of such notes to the endowment fund, yet, in our judgment, it is not best to pursue this course. We prefer to hold this fund intact and use only the interest for the

support of the Institution.

During the past year the Seminary has received but little towards its permanent endowment. More has been given for beneficiary education, and while we know that the members of the church are free to give as they please, we also believe that they can be largely influenced by judicious counsel from the pulpit, and by the utterances of Synod. We suggest, therefore, that the Pastors be requested to preach at least one sermon annually on the necessity for an educated ministry, and for the support of the Seminary; and also to use their personal influence with those of their members who intend leaving legacies for benevolent purposes, to induce them to aid the endowment fund of the Theological Seminary. We believe some good would be accomplished in this direction if Synod would pass a minute on the subject, and direct its publication in the papers of the church.

The Treasurer's report, herewith submitted, will explain the financial condition of the Institution, and of the various funds in our hands as a

Board.

# REPORT OF THE BOARD OF VISITORS.

To the Pittsburgh Synod of the Reformed Church in the United States, Respected Brethren:—During the year that closed in May last the operations of the Seminary were carried forward, as in previous years,

erations of the Seminary were carried forward, as in previous years, peacefully and successfully. No interruption occurred in the regular course of study. Both professors and students were permitted to attend to their respective duties with comfort from the beginning to the close of the year. There was no occasion for the exercise of discipline, and, so far as the faculty were able to judge, no exceptions could be taken to the moral or Christian deportment of the students. They report that they made commendable progress in the prosecution of their studies, and that the prevalent tone of piety and religious earnestness had been as good as that of the previous year. The members of the Board, nearly all of whom were present at the annual meeting were satisfied with the examination of the different classes, as showing dilligence and progress on the part of the students. Whilst most of them had enjoyed the benefit of a previous classical culture, it was gratifying to the Board to learn that those who had not been favored with such advantages, had manifested all proper dilligence to make up for such advantages by applying themselves the more earnestly to their studies. Some of the latter avail-

ed themselves of the opportunities offered to them in the college and attended the lectures of the college professors in order to make up for defects in their previous training.

At the meeting of the Board a standing rule was adopted, according to which the members of the Senior class will be required hereafter to prepare written Theses on some topic included in their theological course, and to hand them over to the Board of Visitors for examination and criticism some time previous to their final examination. It is believed that this arrangement will be useful in assisting the Board to form a correct estimate of the general culture of the students, whilst it will be of some advantage to them also in their studies.

The number of students on the roll of the Seminary was thirty-three, thirteen in the Senior, eleven in the Middle and nine in the Junior class.

The following new students entered the institution during the year and formed the Junior class: John N. Appel, Robert C. Bowling, Maurice Bownan, S. P. Penrose Brown, Calvin K. Christman, M. D., Thomas J. Hacker, Thomas S. Land, Silas F. Laury, and M. Dumstrey V. Rheinsberg. With one exception they all entered at the opening of the Seminary year. Four are graduates of Franklin and Marshall College, one of a German Gymnasium, one of a Medical school in Philadelphia, and the other three pursued the special course provided for non-classical students.

The Senior class, having completed their studies and sustained a satisfactory examination before the Board, received the usual certificate of Dismission and Recommendation for Licensure, with the exception of one, who not intending to apply for license in our Church, received a certificate of honorable dismission. Their names are the following: A. Revallin Bartholomew, Tilghman R. Dietz. Nevin A. Fisher, Henry S. Garner, Henry Keller, Calvin Leinbach. Bloeadus S. Metzger, J. Alvin Reber, Chas. W. E. Siegel, Isaac S. Stahr, George M. Zacharias, Monroe P. Zeller and Louis F. Zinkhan.

Most of the members of this class have received calls to pastoral charges and are now engaged in the active duties of the ministry. Some however are still awaiting the call to enter their future sphere of labor. It is a significant fact that owing to the regular increase in the ministry from the different institutions of the Church during the past few years. the supply of ministers at the present time is in excess of the demand. This has never been the case to the same extent before this, we presume, since the organization of our Church as a denomination in this country. It is therefore a matter for gratitude and sincere congratulation, in view of the fact that God has heard the prayers of his people and sent forth laborers into his vineyard. It shows that the efforts of the Church in years gone by to supply our congregations with a suitable ministry have not been in vain in the Lord. But whilst we should be thankful, we ought to be on our guard now lest we slacken our efforts to provide for our spiritual destitutions. Our improved condition in this respect places us as a Church on vantage-ground and puts us in a position to be more aggressive than we have been enabled to be hitherto. It should therefore be regarded as a special call from on high to redouble our exertions to enlarge our borders, to lengthen our cords and to strengthen our stakes. There is much land for us yet to possess; the destitutions still are great and we are debtors both to the Jew and to the Gentile. Instead of allowing our zeal to provide laborers for the great harvest to alate, we should seek rather to refresh and strengthen it. The Lord himself will supply places within our bounds for all whom he calls to labor in his harvest fields.

It becomes our melancholy duty to report the death of brother. Dr.

John Beck, a valuable member of our Board for many years, who fell asleep last April. The Board made a proper note of this sad event by placing a suitable minute of it on the records of its proceedings.

All of which is respectfully submitted, THEODORE APPEL. Stated Clerk.

# REPORT OF COMMITTEE ON THEOLOGICAL SEMINARY.

The Committee on the Theological Seminary beg leave to submit the

following report: The papers referred the Committee are:
1. The Report of the Board of Visitors. This report represents that thirty-three students were in attendance, and their progress commendable, and that the operations of the Seminary during the year were peacefully and successfully carried forward. The Board report also the

decease of Rev. John Beck D. D., a member of the Board.

2. The Report of the Board of Trustees. The report states that for the year past, the income from the funds in the hands of the Board, was insufficient to meet current expenses, and will not be, in their judgment, for some years to come; they therefore suggest that Synod authorize them to use the income from the so-called building fund to make up the deficiency. They suggest further that Synod request the pastors to preach a sermon at least annually on the necessity for an educated ministry and for the support of the Theological Seminary, and use their influence to secure legacies for the endowment fund.

The Treasurers Report, which exhibits the financial condition of

the Seminary.

Your committee recommend that the following action be taken:

1. Resolved. That this Synod expresses its gratitude to the Head of the church for the prosperity attending our Theological Seminary at Lancas

ter. Pa., during the past year.

2. Resolved, That Synod has heard with sincere sorrow the report of the decease of Rev. John Beck, D. D., a member of the Board of Visitors, and records its high appreciation of his faithful services.

3. Resolved. That this Synod rejoices that the supply of ministers in our church is now nearly in proportion to the demand; but that this is no reason for the least abatement of interest or effort in the cause of beneficiary education, and should be no occasion to our young men to hesitate to prepare for and enter the ministry, but rather is the call of God for a larger missionary spirit and activity, and a fuller consecration on the part of our young men to the missionary work, that thus with the increase in the ranks of the ministry, the church may enter and occupy the wide extended field opened to her and ripe for the harvest.

4. Resolved, That this Syuod concurs in any action that the Synod of the Reformed church in the United States may take, authorizing the Board of Trustees to use the income from the so-called Building Fund, to

make up the deficiency in the fund for current expenses.

5. Resolved, That Synod requests the pastors of the charges within its bounds, to preach annually a sermon on the necessity for an educa-

ted ministry, and for the support of the Theological Seminary.

Resolved, That Synod commends our Theological Seminary to the hearty sympathy and support of ministers and people, and urges all who propose leaving legacies for benevolent purposes, to consider the claims of the Seminary for increased endowment.

Respectfull submitted. W. F. Lichliter, D. S. Dieffenbacher, J. W. Pontious, James Fulmer.

#### INSTITUTIONS OF LEARNING.

Report of the Board of Trustees of Literary Institution.

The Board of Trustees of Literary Institutions would offer as their report the following report of the Principal of Greensburg Female Seminary:

The second year of the institution has ended, and the work of education has been faithfully carried forward. Although the opening was not so promising, yet the end proved quite successful. Substantial progress and improvement have been made in all respects. The culture and discipline of the institutions, are fresh and vigorous and are doing an important work on the pupils.

The educational power and peculiar spirit of the institution are beginning to be felt and recognized not only by the pupils, but also by the community. The character of the institution has been established on the broad basis of Higher education and the standard of Female Education has been elevated accordingly. We are pleased to know that it has been growing in the respect and confidence of the people, and mantains the reputation of a good "Female Seminary." The course of instruction is thorough, practical and scientific—the discipline, mild but positive—and the general management of the institution is rigidly exact, and aims at a sanctified knowledge of the various branches of an education, a respectable grade of Scholarship and deportment has been maintained by the pupils and commendable progress has been made in all the Departments of the Seminary. It is gratifying to the Teachers to notice the improvement that has been made not only in substantial Scholarship, but also in refinement and true politeness in the conduct of the young ladies. Many of the pupils avail themselves of the advantages afforded in the Ornamental Department of the institution, thus realizing the idea of a higher education in the culture and polish which these give to female accomplishments.

The course of study has been carried forward in the different classes until the prescribed end has been reached in the "graduation" of the First class—accordingly the First commencement of the institution was observed at the close of the year with appropriate exercises. The class consisted of one pupil, who after sustaining an honorable grade of Scholarship and deportment was formally graduated by conferring upon her the honors and immunities of the Institution.

The present year opened with a more encouraging prospect. The number of pupils in attendance is fifty-eight—thirty of whom are in the extra Department. The number of Boarding pupils has also been increased. Thus it will be seen that the institution is in a more prosperous condition at present than at any former period of its existence. While it is thus well sustained by home patronage, the support from abroad and especially from Reformed families is not what it should be. The advantages it affords as a church school should be more extensively enjoyed by the daughters of our church. It is to be hoped, therefore, that the Board of Trustees will so represent its interest to the Synod as to bring its claims more fully to the notice of the church by suitable action of that body. It needs the hearty support and patronage of the church to enable it to accomplish the important work for which it was established, and to make it an entirely successful educational enterprise.

It was thought best to make a change of two members of the Faculty of instruction at the opening of the present year. It is believed that the change made is an advantage and adds strength to the institution by securing more Reformed element to the Teaching force of the School. The Faculty consists of six members—all able and efficient instructors in their respective Departments. We believe that Greensburg Female Seminary justly merits the confidence of the Reformed church and the friends of Christian education generally.

Respectfully submitted to the Board of Trustees of Literary Institu-

tions for reference to Synod.

Lucian Cort, Principal.

Greensburg Pa. Sept. 10th, 1877. We would also add, the Board met and organized in June last, but no other business except that relating to the Institution above referred to claimed our attention.

Respectfully submitted.

J. W. Love, President.

REPORT OF THE BOARD OF DIRECTORS OF ST. PAUL ORPHAN HOME.

To the Pittsburgh Synod of the Reformed Chnrch:

The Board of Directors of St. Paul Orphan Home offer the following as their annual report:

St. Paul Orphan Home has been in successful operation during the past Synodical year. By the blessing of God its immates have been preserved in health, clothed, educated, and fed. The Board feels that it should be thankful to the Father of all blessings for the evidence of His special favor and blessing in the past, and asks the Synod to unite with it in thanking God for the great things He has done for us.

with it in thanking God for the great things He has done for us.

But while we thus gratefully acknowledge the Lord's hand, extended in blessing upon our efforts to care for the fatherless, the Board feels itself compelled to report that its operations are greatly hindered because the means are not at hand to enable us to do all we desire in this good work, and all, as we think, this Synod ought to do. There is room for a much greater number of destitute children of the church. Many worthy applications have to be refused, because the Board has not the means to support them. An average of ten dollars from each of our congregations, together with the products of the farm, the amount received from the State for the Soldier's Orphans, and donation from conceived from the State for the Soldier's Orphans, and donation from congregations and individuals outside of our Synod, would be enough to enable us to care for, at least seventy-live children. Can not the church furnish that amount? Or must we continue to report that the congregations, within our bounds, do not average five dollars to the Orphan cause?

The Board held two meetings during the present year. At the first, which was a special meeting held in Pittsburgh, in November, Rev. T. F. Stauffer was elected Superintendent, to succeed Rev. J. B. Thompson, who had resigned. Rev. Stauffer took charge of the Home in the beginning of April; and, we are pleased to report has given general satisfaction to the Board, who have full confidence in his ability to superintend our Home efficiently and economically. Our relations with him how the for beauty and the property and the superintend of the superintendent of the superi with him have, thus far, been pleasant and harmonious, and we request for him the sympathy and co-operation of the members of Synod.

The regular meeting of the Board was held in June, at which everything, pertaining to the business of the Home was attended to. The

attendance at both meetings was good.

The Board, in conclusion, ask for the prayers and sympathy of Synod

in their effort to carry forward the work of caring for the Orphan, and also that such action be taken as will make it the duty of each congregation to contribute liberally to its support.

# REPORT OF COMMITTEE ON INSTITUTIONS OF LEARNING.

Your committee on Institutions of Learning would report that the following papers came into our hands. The reports of Trustees of Literary Institution, including the report of Principal of Greensburg Female Seminary, and the Report of Board of Directors of St. Paul Orphan

From the report we learn that the Seminary has a full corps of efficient teachers, and is in every way worthy of the confidence and patronage of the public. We therefore recommend the following reso-

lution:

1. Resolved, That Greensburg Female Seminary is heartily commended to the church and the public, and Pastors and their members are instructed to use their influence in increasing the number of pupils.

2. Resolved. That this Synod is highly gratified to learn that St. Paul Orphan Home is efficiently and economically conducted under its

present management.

3. Resolved, That the ministers and elders constituting this Synod, be urgently requested to make special efforts during the year to secure liberal contributions, for this good cause, from the members of their respective charges.

Respectfully submitted, Samuel Z. Beam, Jno. McConnell, J. May, Samuel Flaugh, W. R. Barnhart,

# EDUCATION.

# Report of the Board.

The operations of this Board have been only of the usual character during the past year. For a part of the time, there were only seven beneficiary students; who have all been paid up in full, except small balances due two students from the St. Paul classis which pays its own beneficiaries directly from the classical funds. It is to be regretted on their account as well as for the sake of uniformity in the administration of the Board's trust, according to its general rules and regulations.

The Somerset classis has transferred its beneficiary to the Board as requested by the Synod, and proposes to pass their funds through this treasury.

One of the students, received last year on recommendation from the Clarion Classis, failed to file the necessary papers with the Board, and has therefore been dropped from the list.

Another, who for ill health had been absent from the institution during the year ending last June, has again resumed his studies.

One, who had for several years withdrawn from the benefices of the Board, intending to rely on his own resources, has again been enrolled on his application through the Allegheny Classis.

Lewis Reiter from the Clarion Classis, now in the Freshman Class at Lancaster, has been regularly placed under the care of this Board.

There are at present nine young men receiving aid from this Board. Their progress in study, their deportment and character, as far as known, give satisfaction.

			\$985.24 \$990.41
Leaving a balance	due the Treasu	rer of	\$5.17

Appropriations needed for the current year will amount to \$1410. We therefore ask the Synod to designate \$1500 to this cause, the same amount voted last year Owing to the several causes above stated, the whole of that sum was not called for; but it is not likely that the appropriations will not be all used during this year.

Rev. C. R. Dieffenbacher's term as a member of this Board expires at this meeting of the Synod.

With devout thanks to our blessed Lord for the measure of blessing bestowed upon the small efforts of His servants in behalf of this cause, we commend it anew to the confidence and sympathy, the prayers and liberal alms of the Church.

Respectfully submitted, Geo. B. Russell, President of the Board.

# Report of the Committee as adopted.

Your committee on Education would report that the only matter referred to them was the report of the Board of Beneficiary Education. With regard to this report they would recommend the following:

Resolved. That Synod approve of the action of the Board during the past year.

Resolved. That \$1500 be apportioned on the respective Classes for Beneficiary purposes during the ensuing year.

Resolved, That Synod direct the respective Classes to call the attention of their pastors and members to the importance of the work of Beneficiary Education.

Respectfully submitted, J. M. Titzel, H. D. Darbaker, W. F. Lichliter, C. M. Bousch, Geo. Weir.

# PUBLICATION.

# ANNUAL REPORT OF THE BOARD.

To the Synods of the Reformed church in the United States, Pittsburgh, and the Potomac, the Publication Board of the Reformed church, in the United States, respectfully submits the following annual report:

The Board has held four meetings during the year, and given close attention to the work entrusted to it. Though the continued financial pressure in all business circles in the country, has borne heavily upon the Board, in common with others, and interposed many obstacles in the way of securing the desired results, yet, on the whole, the year has not passed without affording some encouraging results, and giving more or less promise of still greater improvement in the future.

Proposals were received at the first meeting held in December 1876, from different parties, for doing the printing of the Board, during the year 1877, and the contract given to the lowest and best bidder; and provision has been made for soliciting similar proposals for the year 1878.

The new charter, a copy of which was submitted to the Synods at their last annual meetings, has passed through the court, to which such matters are submitted and obtained full legal sanction. The Board has formally adopted it, and has since been acting under its provisions. The third section of the charter commits to the several Synods represented in the Board, the duty of determining the number of Trustees, who shall constitute the Board, and the time, manner, and order of their succession, provided that no more than one third of the Trustees, shall be removed in any one year, and that at least two thirds of them shall at all times be citizens of the State of Pennsylvania. With a view to facilitate the work involved in the duty, the Board has deemed it proper, after a careful consideration of the subject, to suggest to the several Synods, the mutual adoption of the following arrangement, and the carrying of it into immediate effect:

"The Board shall be constituted of seven members, distributed among the three Synods as at present, and the term of service for which each shall be elected, be four years. They shall be chosen in the following order: At the present meetings of the Synods, one member shall be elected by each of the Synods of the United States and of Pittsburgh; at the meetings of the following year, one member shall be elected by each of the Synods of the United States and of the Potomac; at the meetings of the year ensuing, one member shall be elected by each of the Synod of Pittsburgh and the Potomac; and at the meetings of the still coming year, one member shall be elected by the Synod of the United States; and the same order shall be observed in all succeeding years, the vacancies occurring being stated in the annual report of the Board to the Synods. The members of the present Board shall retain their places until they are succeeded in the order here laid down,"

As rumors had, in some way, obtained currency, seriously questioning the solvency of the financial condition of the Board, and exerting an influence damaging to its interests, the Board, with a view to ascertain what are the real facts in the case, appointed a committee, consisting of one member from each of the Synods represented in the Board, at its meeting in July last, to whom was assigned the duty of meeting at the Publication Rooms on Tuesday morning previous to the regular closing quarterly meeting of the Board, held on Thursday evening. October 4th, and examining into the condition of the Establishment; and then

to report the result of their investigations to the Board. The committee attended to the duty assigned it, and made the following report, which was unanimously adopted:

"The undersigned committee appointed by the Publication Board of the Reformed Church in the United States, for the purpose of examining into the condition of said Board, respectfully beg leave to submit the following report:

Your committee met at the Rooms of the Publication Board on Tuesday, October 2nd, 1877, and after a full and careful investigation of the Liabilities and a fair and just valuation of the Assests of the Board, find the following result:

#### ASSESTS:

Real EstateOther assets as per subjoined statement	
	\$81,491.00

#### LIABILITIES:

Mortgage on real estate	\$20,000.00
Other liabilities as per subjoined statem	ent 29,606.83
, • •	49,606.83
	<del></del>
Assets over liabilities	\$31,884.17

In examining the printed matter on hand, your committee find a large amount, which has been ordered by Synod, at different times, but which still remains on hand and is unsalable, and from this source, a considerable amount of loss has been sustained by the Board.

It is a sourc of pleasure for your committee to report, that in examining the stock of books, stationery, &c., on band, we find in great part fresh, salable, and in good order, reflecting much credit upon Mr. Charles H. Taylor, the present efficient Business Agent.

Respectfully submitted, Geo. W. Hensel, B. Wolff, Jr., Committee. A. B. Wingerd

The subjoined statement referred to by the committee is found in the general statement of the operations of Board during the past year and of the present condition of the establishment, submitted to the Board by the Superintendent, which accompanies this document, together with a full itemized statement of the particulars, which make up the several items contained in the general statement. This general statement, besides giving the assets and liabilities of the Board, furnishes the following summary of the receipts and disbursements for the year:

Receipts	\$34,479.16 36,377,36
Excess of disbursements	
Treasurer's advances October 1, 1876 Add excess of disbursements	

By an examination of the accompanying papers, it will be seen that there has been during the year, an increase in the number of subscribers over discontinuances, to "The Messenger," three hundred and sixty-eight: "Guardian." one hundred and twenty. "Review," eight, and "Lesson Papers," one thousand and seventy-five; and a decrease in the number of subscribers to the "Child's Treasury." of one hundred and seventy-nine. In the receipts on account of the "Childs Treasury." Lesson Papers," and "Review," there has been an encouraging advance over the previous year; but in those on account of the "Messenger," the decrease has been large, and merely nominal in the case of the "Guardian." It is a singular fact, that, whilst the latter show a considerable increase in the number of subscribers, there should be a falling off in the receipts on their account, especially to such a large extent as in the case of the "Messenger." Had the receipts for the year on their account borne an increase over the receipts of the previous year, corresponding with the increase in the number of subscribers, the Board would have been able to report an excess in the receipts over the disbursements for the year, insisted of an opposite result. All this has occurred, whilst most constant, pressing and perserving efforts have been made, on the part of the officials of the Board, to secure a prompt and full return of receipts on account of the papers in question. The result may be attributable to the embarrassed condition of the monetary affairs of the country, from the effects of which, it is hoped, there will soon be afforded some tangible relief.

The several periodicals issued by the Board furnish an income sufficient to cover the expenses incurred in their publication, except the "Review" and the "Messenger." The former still falls short some \$200, or \$300, as has been the case during previous years. As the continuance of its publication is deemed necessary for the interests of the Church, its friends should rally round it, and give it at least a living support. In regard to the latter, "The Messenger." it has been gaining steadily in the number of subscribers ever since its location in Philadelphia, commencing with two thousand, nine hundred and seventy-one and now reaching nearly five thousand. Its income during a greater portion of this time covered its expenses, the main deficit being during the past two years, owing to the decrease in the subscription price, and the increased expenses incurred by the additional force employed on the paper and the superior style, in which it is issued. As the Superintendent stated at the time the new departure was taken, it will require a subscription list of at least ten thousand paying subscribers to cover the the expenses incurred in its publication, and when the improvement was ventured upon, it was hoped, that this number of subscribers would be furnished in due season; they can also be furnished, if the ministry and laity in the Church, will generally set themselves actively to work.

It is gratifying to the Board to be able to say, that the "The Messenger," as at present issued, gives general satisfaction to the Church, not a word of serious complaint having been heard from any quarter. It is felt, that the interest, as well as the honor of the Church, require, that it should continue to be issued in its present superior style; and no disposition, therefore, should be evinced, to go back from this advanced position. There should rather, if possible, be a forward movement; and the Church should rally manfully to the aid of the Board, sustaining it fully in this important enterprize, seeing that, in that case, a few more years of successful labor will be sufficient to place the paper on the basis

so much desired.

There has been an increase in the receipts in the Book Store during the past year. It is not very large; but it is still encouraging, showing that a favorable turn has taken place in its affairs, the income having decreased from nearly \$22,000, as it was a short time before the commencement of the financial panic, to a little over \$13,000, as it was last year. The improved condition of this department, the facilities afforded for purchasing at reasonable rates being as favorable as in the best establishment elsewhere, give much promise for the future, so that it is in the power of the

friends of the Church to make this an efficient and powerful agency for good.

The number of copies of the different works issued by the Board, printed during the year, has not been as large as in former years. This is always governed by the demand for the works; and hence the number may confidently be expected to increase in the future, as the demand itself for the works shall increase. The Board has issued only one new work during the year, and that is an improved edition of Dr. Van Horne's "Companion of Praise." It is a work, which has special merits in reference to the sphere it is intended to fill, and is accordingly meeting with a most welcome reception, as its true character becomes known and its merits are appreciated. It is a remarkable, but by no means strange fact, that since its issue, the demand for Dr. Harbaugh's "Hymns and Chants" has been largely increased, with the circulation, of which, some of its friends, at first, entertained some fears, the issue and circulation of the "Companion of Praise" would interfere.

With this statement of the present condition, and the operations of the Board during the past year, its interests are submitted to the earnest consideration of the respective Synods, under whose auspices it is carried forward, in the confident hope, that, whatever action may be taken, it will be such as will serve greatly to facilitate and advance its operation in the future.

Respectfully submitted in behalf of the Board.
D. W. Gross, President,
Samuel R. Fisher, Secretary.

# REPORT OF COMMITTEE ON PUBLICATION AS ADOPTED.

Your Committee on Publication would offer the following report:

The following papers have been placed in our hands:

- 1. The Annual Report of the Board of Publication of the Reformed Church in the United States, for 1877.
- 2. An annual Statement of the Liabilities and Assets of the Board and of the Receipts and Disbursements during the year.
- 3. An itemized Statement of the several particulars from which the general Statement is made out.

From the first paper we are gratified to learn of the sound financial condition of the Board, which should be cause for congratulation to the whole church. For further particulars, we would refer you to the report itself.

The new Charter, a copy of which was last year submitted to Synod, passed through the proper court, and has been formally adopted by the Board.

In order that this Synod may conform to its provisions, we recommend the adoption of the following rule:

Item 1. The Board shall be constituted of seven members distributed among the three Synods as at present: Two from Pittsburgh, two from the Synod of Potomac and three from the Synod of the United States. The term of service for which each shall be elected shall be four years. They shall be chosen in the following order: at the present meetings of the Synods one member shall be elected by each of the Synods of the United States and Pittsburgh; at the meeting of the following year, one member shall be elected by each of the Synods of the United States and of the Potomac; at the meetings of the year next ensuing, one member shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and Potomember shall be elected by each of the Synods of Pittsburgh and

mac; and at the meeting of the still ensuing year, one member shall be elected by the Synod of the United States; and the same order shall be observed in all succeeding years; the vacancies occurring being stated in the annual report of the Board to the Synods. The members of the present Board shall retain their places until they are succeeded in the order here laid down.

We learn further from this paper that the "Messenger" has not yet been placed upon a paying basis; in order that this end may be attained and our people at the same time be benefitted, we recommend the following action:

Item 2. This Synod hereby urges upon the several Ministers under her jurisdiction, to use every effort to increase the circulation of the "Messenger" and other periodicals of the Board, and it is further ordered that such efforts be made prior to January 1st, 1878.

Resolved, That the Classes at their next annual meetings, ascertain whether the pastors have attended to the above duty.

Item 3. The contents of the other two papers are presented in summary form in the annual report of the Board, for which reason we recommend that they shall not be published in the minutes of Synod.

Respectfully submitted,

C. R. Dieffenbacher, D. S. Dieffenbacher, H. F. Keener, David Shakely,

Cornelius Beuchley.

The Clerk was ordered to publish 1200 copies of the minutes of Synod and to distribute them as usual,

Resolved. That the attention of the ministers and consistories of the congregations connected with this Synod, be called to the new Hymn Book, entitled "Hymns for the Reformed Church," as a most excellent work, well adapted to the purpose for which it is intended, and that they be requested to make earnest efforts to introduce it in their respective churches as far as practicable.

Reverend Pittsburgh Synod:—I herewith submit my annual report of the means received and distributed as your Treasurer, since the last meeting of Synod. As will be seen the total amount received falls considerably short of the year's apportionment. The Classes of St. Paul and Somerset have not fallen in with Synod's order to disburse through Synod's Treasurer but have disbursed their funds through their own Treasurers. This action of their's and in part by other Classes contributed to cause confusion and trouble in disbursing the funds that reached the Treasurer of the Tri-Synodical Board. The result was that the Missionaries of Allegheny Classis were on the first of January last about three quarters Salary in arrears, whilst the Missionaries in the bounds of the other Classes in this Synod were paid up promptly. Your Treasurer then decided to retain all funds coming into his hands after that date and pay those that were so far in arrears.

after that date and pay those that were so far in arrears.

I assumed the responsibility of interpreting the action of the Synod held at Irwin in issuing an order on me in favor of Rev. G. B. Russell D. D., for two hundred dollars that it was the intention and design of Synod that such should be paid out of any surplus moneys that should be in my hands, after all appropriations previously made had been fully paid. This order has not yet been accepted. The following appropria-

tions are still in arrears.

Appropriation for General Synod expenses, not a dollar of which has

been paid. Missions, some hundreds of dollars in arrears.

Beneficiary Education, nothing paid since the opening of the sessions. As there was no reasonable prospects of funds being in the treasury to meet the note, ordered to be signed by me as treasurer, I also declined

to sign it.

I desire to call your attention to the communication addressed to me by the Treasurer of the German Classis of West Pennsylvania in relation to Mission appropriation due the late Missionary of St. Paul charge. I declined to receive the order, and the offered cash \$15.00, and thus acknowledge Pittsburgh Synod responsible for the amount in arrears, by the Tri-Synodical Board. It is hoped that some action will be taken that will aid the brethren in the St. Paul Church in securing the amount due them.

Respectfully submitted, T. J. Craig, Treasurer.

Report of the Committee on Finance as Adopted.

Your committee on Finance would offer the following:
The only papers given into our hands are the Reports of the Treasurer of Synod, and of the Treasurer of the Tri-Synodical Board of Missions.

The Report of the Synodical Treasurer was audited and found correct. By action of Synod, the various amounts here specified are appropriated: For Missions \$1500, Beneficiary Education \$1500, Synodical expenses \$200, Indemnity allowed Rev. G. B. Russell D. D., \$1000, making a total of \$4100.

We make the following apportionments upon the Classes:

Franklin and Marshall College provides a complete course of classical and liberal culture, and does not mingle with this outside technical and scientific courses, so called, which, however important in their proper place, are calculated to interfere with the regular work of a College. Parents and guardians may feel assured that in these institutions their sons and wards will be brought under proper care in regard to their moral character and religious interests. Special attention is paid to their moral and religious training. Provision may be made, for those who may need it, for lessening their expenses by boarding in clubs. The tuition in the Seminary is entirely free. The next term begins Jan. 3, 1879, when the opening address will be delivered by Prof. J. H. Dubbs. #### STATE OF THE CHURCH.

Report of the Committee as Adopted.

The Committee on the State of the Church would respectfully offer the following:

Rer. and Dear Brethren:—It is with devout gratitude to God, the Giver of all good, that the Pittsburgh Synod, in this, her ninth annual meeting, would record the manifold tokens of His goodness and mercy toward us. But one of our number, the venerable father Hacke, full of years and good works, has passed out of the ranks of the ministry, and entered into his rest.

The past year has been one of considerable suffering and self-denial in various parts of the church. The general depression in business relations, still hanging over our land, has not failed to cast a gloom over some struggling congregations, making it problematic even, in some cases, whether they would be able to survive the pressure. Yet as prosperity and adversity, fruitful and barren years, health and sickness, lite and death, are all in the hands of that Providence that watches over us, we may see that even in these troublous times, the clouds have a silver lining. Materialism is the great sin of our times. The way to learn that "men do not live by bread alone," lies doubtless through the social travail under which we are now laboring. It is nevertheless encouraging to note that the benevolent contributions of the Church within the bounds of Synod have exceeded those of the former year by nearly one thousand dollars.

Looking over the past we find much to humble us in penitence before Almighty God, and much, at the same time, to call forth our most devout gratitude. The little vine which God hath planted in this part of His vineyard hath grown up and run down over the wall. The fathers who watched and watered its tender growth have scarcely gone to rest, when their children in the ministry are permitted to gather rich clusters of fruit.

Every age has its own problems to solve, and every part of the Church its own particular work to do. The missionary work of the Classis was the first work. This consists in gathering together the scattered people and organizing them into congregations. In a very few years these congregations grew into charges: the charges into Classes, and the Classes into Synods. Then succeeded the period of strengthening and consolidating the work. The success of Church work, under the blessing of God, in this Synod has depended much upon the harmony of cooperation that has characterized the Classes from the beginning. The Classes speak on this point with one voice. One report says: "The festival days of the Church are not only observed, but the people have come to see the value of these great events, and are endeavoring to apprehend more and more, by a true faith, the facts they represent.—Christmas with its festivities for the children, is no less happily enjoyed by all, and with its thank-offerings, is deepening the love of all in the incarnate mystery." Another: "This life has the elements of power and victory inherent. It becomes manifest in our pastors being earnest and faithful in preaching the pure gospel, Jesus and the resurrection, in pastoral visitation, in catechizing the youth, and in administering the comforts and consolations of the blessed gospel to the sick

and dying." Another: "The sacraments of the Church are being more highly appreciated and enjoyed by our people, and thus the bonds of union and communion are constantly being more and more strengthened between Christ our glorious Head, and us His members."

Another: "The great body of the people under our pastoral care fully appreciate the high value of the services of the Lord's sanctuary; the preaching of the Word; the administration of the sacraments, and the catechization and confirmation of the children of the Church."

The faithful preaching of the Word, and the administration of the sacraments, the divinely ordained means of grace, have produced their fruit, in the ingathering of souls into the fold of Christ. The baptisms exceed the number of the former year by over a hundred; the confirmations, by over two hundred.

Even in these depressing times the outward work of the Church goes on—primitive houses of worship giving place to beautiful temples dedicated to the worship of Almighty God, and in other cases in repairing and beautifying the house of the Lord.

Special attention has been given to the Sunday school cause, in the way of widening and deepening the interest in the proper nurture of the young, in giving part of the time at the annual meetings of Classes, and in special convention for this purpose, in discussing the subject in all its bearings, so as to eliminate on the one hand, the hurtful elements that have crept in, and on the other, to seek to place the Sunday-school in proper relations to the congregation and the Church.

We note with pleasure special efforts on the part of Classes to revive and strengthen the spirit of missions in their midst, by holding missionary conventions from time to time, in the various charges. The Church of Christ must be missionary in spirit at all times, and if the Classical period of missions in Western Pennsylvania has in any sense abated in the history of this part of the Church, and her energies have been turned more inward, in the way of strengthening the things that remain, it must not be forgotten that her true spiritual strength still lies in cultivating this interest in every possible way. There are still waste places to be cultivated: still Macedonian cries that come over to us.

The Orphan Home at Butler is successfully carried forward under its efficient management, and it is fervently hoped that, as in time past, the benevolent contributions of the Church may continue to flow toward this truly Christian institution, in time to come.

The female college at Greensburg is still doing its good work for the cause of education in our midst. It should receive the hearty co-operation, and the patronage of the entire Synod.

Grateful for the mercies of the past year, and humbly acknowled ging our shortcomings in the work committed to our charge and zeare, we would invoke the presence and blessing of the Head of the Church, upon us and upon the labors of our hands for the year to come. And now unto Him that loved us, and washed us from our sins in His own blood, and hath made us kings and priests unto God, and His Father; to Him be glory and dominion for ever and ever. Amen.

#### MISSIONS.

#### Report of the Superintendent.

To the Synod of the Reformed Church in the United States, the Pittsburgh Synod, and the Synod of the Potomac.

Reverend and Dear Brethren:

In presenting my first annual report as Superintendent of Missions in the bounds of the three Eastern Synods herein addressed, I enumerate first the different missions under your care, in the several states in which they are located, so as to present a Geographical view of the territory embraced in the Missionary field.

#### Pennsylvania.

Catasauqua. This mission reports a membership of ninety-fire members, confirmed nine, received by renewal of profession three, baptized twenty-two. There is a prospect of soon effecting an arrangement by which this mission will be connected with neighboring congregations, and so will not need any further assistance from the Board. It has a heavy debt, which interferes with its success and prosperity very seriously. Pastor, John J. Crist. Appropriation this year, \$300. Last year it was \$350. German and English.

Allentown. The missionary reports this mission in a prosperous condition, but suffering much from the stringency of the times, and expects soon to lay the cornerstone of a new chapel. Number of members, 70, received by confirmation fire, by certificate twenty-three, dismissed thirty, S. S. Scholars 130. Pastor, J. Fritzinger. Appropriation the same as last year, \$300. German.

Easton. Members, Seventy-five, Received by baptism eighteen, by confirmation four, S. S. scholars ninety-four. This mission worships in its own chapel on College Hill, upon which however, there is still some debt resting. It is in a prosperous condition. Pastor D. Y. Heisler. Appropriation \$200. Last year, \$300. English.

Reading. The mission congregation in this city, have erected a fine large Church and Parsonage, valued at \$22,000, but there is a debt of \$10,000 remaining on it, which they are making efforts to reduce yearly. The membership numbers 290. S. S. scholars 325. Additions during the year by letter and confirmation 41, baptisms 50. The membership are poor in this world's goods, but willing to work and liberal according to their ability. The pastor labors under a heavy burden of care and responsibility, yet hopefully. Pastor, John W. Steinmetz. Appropriation \$300. Last year it was \$400. German and English.

West Philadelphia. This mission has prospered during the year. The membership has increased, and prospects seemed fair for its final success. Through inadequate support and the cares and burdens thereby entailed, the pastor's health and courage have given way, and he now thinks it will be necessary for him to leave the field. We can only hope that help may come in time to save the interest from serious disaster. Pastor, J. S. Vandersloot. Appropriation same as last year, \$300.— English.

Harrisbury, 2nd Reformed Church. Members 100. Added during the year 20; dismissed 3; 8. S. scholars 170; value of church property

\$7,000: debt \$120. The condition of the mission is prosperous. Pastor, George W. Snyder. Appropriation this year \$250. Last year it was \$300. English.

Harrishurg, Zwingli Church. Members 65. Additions 7; S. S. scholars 45; church property valued at \$7,000, with a debt of \$1,800. Pastor, (recently resigned) W. T. Gerhard. Vacant. Appropriation \$250. German.

Columbia. This mission has steadily prospered under the efficient labors of its present pastor. The membership numbers 155. Additions during the year 16: baptisms 19; S. S. scholars 185. The congregation owns a church building and parsonage valued at \$12,000, with a debt of \$1,700 still resting upon it. Pastor, C. Clever. Appropriation \$50.—English.

Wilkesbarre. The German and English interests in this city are united in one congregation, under the care of a pastor who preaches German and English. The membership numbers about 250, with a growing Sunday school, numbering 150 scholars. They own an eligible church property centrally located, but are burdened by a pretty large debt. The prospects of the mission are good. Pastor F. K. Levan. Appropriation \$400.

Lock Haren. Members 40, S. S. scholars 80, additions four, baptisms seren. The mission has purchased the 2nd Presbyterian Church building, and are thus provided with a house of worship. It is struggling through many difficulties and making progress in the midst of many discouragements. Pastor Isaac S. Stahr. Appropriation \$300.

Wilkinsburg and East Liberty. The missionaries at these places, Rev. J. M. Souder and Rev. H. D. Darbaker have been absent from these points during several months of the past summer, partly on account of their health, but their places have been supplied by Rev. W. F. Lichliter without any additional expense to the missions or the Board. They have both returned to their charges with improved health, and they report the condition of the missions as prosperous, although they both have suffered much from the times. It is a matter of great thoughtfulness and encouragement that so many congregations are growing up, in and around Pittsburgh, where but a comparatively short time ago, we were without a single church. Bro. Darbaker, although improved in health, expects to withdraw from the mission at East Liberty, the 1st of January next. Appropriation to Wilkinsburg \$20, to East Liberty, \$300, as during previous years.

Orbisonia. Members 96. Additions 8; baptisms 14. This mission is prospering. A new Church is soon to be dedicated. Pastor, J. Schick. Appropriation \$150, the same as last year.

Sulphur Springs, Bedford County. The annual report from this mission speaks encouragingly. The charge is engaged in paying off the debt on church and parsonage. Members 145; baptisms 11, and a catechetical class preparing for confirmation. Pastor, W. Augustus Gring. Appropriation continued at \$200.

Chambersburg (German). This mission is at present vacant, but it is expected that it may soon be supplied with a regular pastor. It has maintained itself, but has not a population around it from which to increase its strength. Vacant. Old appropriation \$75.

Duncannon. Members 130: baptisms 18; additions by confirmation. certificate, etc. 14; S. S. scholars 175. The condition of the mission is reported as prosperous. The people are faithful, and the pastor is active in improving the condition of the charge, which, were it not for a

debt on the Church at Maysville, might be expected before long to be self-supporting. Pastor, U. H. Heilman. Appropriation this year \$225.

Shenandoah. This mission during part of the year was without a pastor. It is, however, again supplied with one, and it is reported to be in an encouraging condition. Pastor, J. G. Neff.

Allegheny City. The mission congregation in this city has been called to pass through many trials. At present it is again without a paster and its prospects are not very encouraging. The superintendent visited it and preached for the congregation, and the Board will do all it can to aid in pronoting its interest and welfare. Vacant. Former appropriation \$400.

Scottdale. This point during the year has been joined with other congregations, and thus passed out of the care of the Board. The missionary has taken charge of a new field of labor within the bounds of Westmoreland Classis, including the mission at Scottdale

#### Virginia.

Winchester. This mission, which consists of two congregations is moving forward about as usual, and making a sure and steady progress. The membership at Winchester is 77, at Smithfield £8, in all 115. Additions during the year by confirmation and letter 10; baptisms 10. Each congregation has a church, the one at Smithfield being a union Church. There is also a parsonage on which some debt is still resting. Pastor Charles G. Fisher. Appropriation (unchanged) \$300.

Middlebrook. This mission was taken under the care of the Board, at the request of the Virginia Classis, during the past year. Rev. Λ. J. Whitmore is laboring in it with much self-denial, and with good success. It is the farthest point southward in the Virginia valley and is very worthy of aid. The superintendent visited the mission during the past year. During the summer, one of the congregations erected a new Church, which it is believed will strengthen the mission, and open the way to make it self-supporting. Appropriation \$150.

#### Delaware.

Wyoming. It is but a few years since the Reformed Church entered this State. The mission at Wyoming continues to advance in prosperity, although it is separated from the populous sections of the Church, and must act as a pioneer mission in a new field. The prospects of a new mission on the Eastern shore of Maryland, will bring to it fellowship and sympathy. Pastor, E. H. Deiffenbacher. Appropriation (unchanged) \$300.

#### Maryland.

Cumberland (German). This mission has a membership of 150. Additions during the year 12; during the last four years the additions were 85; Sunday schools in a prosperous condition: Church property worth \$6,000, on which, however, there is a debt of \$2,500. During the past year the mission secured for itself a Cemetery, which promises to be of great advantage to the congregation. \$700 were paid for local purposes, and \$50 for missions and benevolence. This is an encouraging mission. Pastor, F. R. Schwedes. Appropriation last year \$300, this year \$250.

Etstern Shore. During the year a new congregation was organized at Ridgeway. Caroline County, with 37 members, by our missionary at Wyoming, which expects soon to erect a new Church. The whole peninsula is an exceedingly interesting field for missionary labor.

#### District of Columbia.

The English mission in Washington has at length been organized, and obtained the services of a regular pastor. The congregation numbers between twenty and thirty members. Six have been added since the present pastor took charge, and as many more are expected to be received shortly. The importance of this mission has been made known to the Church in various ways, and it has pledged to it the interest and support of the Synods, and especially the Classis in whose bounds it is located. Members 21; additions 6; baptisms 4; S. S. scholars 30; unconfirmed 9. Pastor, Rev. Geo. B. Russell, D. D. Appropriation \$1,200.

#### PACIFIC COAST.

#### California.

San Francisco. A short time ago our faithful missionary at this point. Rev. J. H. Krueger, resigned, with the approbation of the council, with the view of taking charge of a new mission in California. As there was a strong desire on the part of the mission to secure the services of Rev. J. Fundeling as their pastor, the council consented to their entering into an election for him, on condition that it should not receive any further direct appropriation from the Board. To this condition both pastor and people consented, and it is believed this arrangement will be a beneficial one. Rev. Fundeling entered upon his duties the 1st of October.

Napa City. With the approbation of the Board, Rev. F. Fox, has withdrawn from this mission, where he has been laboring for a number of years, the fruits of which are the erection of a new Church, and the gathering together of an interesting and pious congregation. The prospects now are that the mission will secure the services of a suitable man at an early date. There are many openings for missions among the Germans in California, and a number of new ones might be started if we had the means. God has much people on this coast. Satan also has his kingdom there. Vacant, Appropriation last year \$310.—German.

#### Oregon.

Portland. This mission, amidst difficulties, has moved forward prosperously, with manifest tokens of the Divine favor. A new Church has been built, with admirable arrangements for the use of the congregation. The members show much zeal and self-denial in laboring with their pastor. This is a very interesting and promising mission. Pastor, John Gantenbein. Appropriation this year \$300, last year \$350, German.

Salem. Rev. J. Muelshaupt has succeeded in organizing two small congregations during the year, among the foreign Germans, and his mission promises well for the future. Appropriation \$250, last year, \$700.

The Rev. Mechtersheim is teaching at Walla Walla, in Washington Territory, and laboring with much zear to organize a mission at that place. Another missionary is expected to enter this field soon with the view of starting a mission. Oregon and Washington are also promising fields for missionary labor.

#### Financial Statement.

#### To the Synod of Pittsburgh:

#### REV. FATHERS AND BRETHREN:

We herewith transmit to you the Reports of the Superintendent and Treasurer of the Board of Missions of the three Eastern Synods of the Reformed Church in the United States. They present an encouraging view of our missionary operations, notwithstanding the financial embarrassment of the country, and shows that the Lord has prospered our work.

The Treasurer's Report shows that our collections this year exceed those of last year by \$1 500. The indebtedness to Missionaries, which was about \$7 000 last year, has been reduced, by direct payment by the Board, or through the Classes in whose bounds some of the missions are located, so that there remains but \$3 000. We have been compelled to borrow \$500, for six months, to meet pressing wants on the Pacific Coast, in paying the missionaries.

We placed a missionary in charge of the St. Stephen's Church, organized by the Maryland Classis, in Washington City, Pa. This mission is more expensive than any other, and will increase our expenses. But the liberality of the Maryland Classis will respond to supply the increased demand. We feel assured that if one tenth of our churches will introduce the auxiliary Mission Societies suggested by the Board instead of \$1 500 in excess, we shall have four or five thousand next year.

We shall need this year \$10,000 to carry on our work, above the \$3,000 owed by the Board to the missionaries at date. Last year we asked for \$16,000, this year only \$13,000, for which we respectfully request the Synods to make provision. We suggest that the Synod of the U.S. raise \$7,500, Pittsburgh Synod \$2,000, Synod of Potomac \$3,500.

Respectfully submitted.

J. O. MILLER.

President.

W. H. H. Snyden, Secretary.

Since I undertook the office of the superintendency, my labors have been arduous. Knowing the importance of increasing the contributions throughout the church to the cause of missions, it has been one of my principal objects, during the year, to visit the older charges, and by preaching on the subject and consultation with pastors, to stir up new interest. An effort was made at the opening of the year to secure special collections in order to meet the immediate and pressing wants of our missionaries. Quite a number of Congregations responded to this call.

So also I have aimed to turn to account the usual harvest services for this cause, visiting and preaching in a number of charges. In this way I have been engaged pretty much every Sunday, preaching two and three times, and occasionally during the week. In connection with my services in this way I have occasionally delivered scientific lectures, devoting the proceeds to the cause of mission in one form or another. My labors have been thus far chiefly in East Pennsylvania, where the numerical strength and wealth of the church are so great in proportion to other sections.

I have urged upon pastors and congregations the importance of carrying out the recommendation of the Board and Council, in reference to organizing missionary societies. In many congregations this plan has been adopted with good results. Contributions to missions will never be what they should and may be, without any special burden, until they become thoroughly systematic. If we can reach all our members, and secure something, however small regularly from each member and each Sunday school scholar, the treasury would always be adequate to the demands made upon it. Here lies in great part the secret of success. Any method that will aid in reaching this result is highly to be commended. It is believed that the organization of missionary societies according to the plan submitted, will do much toward bringing about this result. I think it would have a good effect if the Synods would add the weight of their authority and influence in enjoining this matter upon all their charges. In these times of financial depression, it is a matter of life and death for our missions to keep up the necessary supply of funds, and the only way to secure this is to reach all the members. It is believed that the special efforts put forth will show good results in a larger amount contributed this year than last; but the movement in this direction is only begun, and it may reasonably be expected that the contributions will go on increasing for years to come. without additional burden on the churches. In our work in this direction we have looked to the future.

I have also visited a number of our missions in the Virginia Valley, in Delaware, up the Susquehana, etc., and endeavored to ascertain their wants, as well as to carry to them encouragement. A beginning for a new mission has been made at Ridgeway, on the Eastern shore of Maryland. The congregation is at present supplied by the missionary at Wyoming, Delaware, but before long it will need the services of a missionary of its own. I have explored a new field at Great Bend, in the Northern part of Pennsylvania, on the North branch of the Susquehanna, where there is a growing settlement of our people who are ready for church organization. It is believed that this point and Binghampton, N. Y., which I also visited, may constitute a missionary charge.

It will be seen from the report that the English mission in Washington City has at length been established, and a pastor settled over it.—Dr. George B. Russell has been laboring there since January last. It will no doubt require time and patience, faith and hard labor, to bring this enterprise to a successful issue; but experience in such cities as Pittsburgh and Cincinnati, should encourage the church to persevere in faith and hope.

The Reformed Church is gradually gaining a foothold on the Pacific slope. In California and Oregon we have churches, where a few years ago we were unknown. In some places the progress has been slow, in others more encouraging. Only those who are in close communication with the missions know the many trials and difficulties through which they must pass before they become successfully established. But this is their gracious baptism.

The church at large needs to have revived, through all its borders, a missionary spirit. Instead of fearing that we may have more candidates for the ministry than can find fields of labor, the church ought to pray for more laborers, especially for a class of young men. full of zeal and a spirit of self-denial, who may not only be willing but eager to go forth and labor as our fore-fathers in the ministry in this country labored, to lay the foundations for the future in new and destitute fields. Might it not be well for our school of the prophets to pay special attention to this side of ministerial preparation in the training of young men for the holy office?

Just as he was preparing to gather up the fruits of his year's labor and bring the whole interest personally before the several Synods, the Superintendent was overtaken, in the providence of God, with a scrious and somewhat prolonged spell of sickness, so that the present report must be prepared by other friendly hands. He regrets very much that he cannot be present at all the meetings of the Synods, and bring before them personally the fruits of his observation and experience in urging forward a cause which lies so near the heart of the church. But he feels assured that any disadvantage which may result in these respects from his illness, will be more than made up by the warm-hearted zeal and rich experience of those in the Board and Council with whom he has labored so harmoniously and pleasantly during the past year. With the prayer that the blessings of the great Head of the church he closes, and hereby respectfully offers this imperfect report of his labors.

THEODORE APPEL. Superintendent.

#### REPORT OF THE COMMITTEE AS ADOPTED.

Your Committee on Missions beg leave to offer the following Report: The documents placed in our hands are: the Report of the Superintendent of Missions, the Report of the Treasurer of the Tri-Synodic Board, and a Financial Statement from the President of the Tri-Synodic Board. From these we learn that 30 missions have been under the care of the Board, served by 28 missionaries, at a cost to the church of \$10.578 40. To meet back standing and prospective claims, the Board asks from the Synods \$13,000. To make up this sum it is suggested that this Synod raise \$2,000.

In view of the fact that the missionary territory of the Pittsburgh Synod is at such a distance from that of the other two Synods, and inasmuch as we are presumed to have the most correct knowledge of our own missionary wants; we recommend the following action:

Resolved, That the members of the Tri-Synodic Board within the bounds of this Synod, be instructed to organize themselves into a Board, advisory to the Tri-Synodic Board, and that the said Board be required to meet semi-annually, or oftener if circumstances demand it, for the purpose of considering the wants of our missions, that they may represent their wants to the Tri-Synodic Board.

Resolved, That the Treasurer of Synod be instructed to see that our missionaries be regularly paid, through the Treasurer of the Tri-Synodic Board, from the funds that may come into his hands.

Resolved, That it be recommended to the Board to hold Missionary Conferences in the congregations where it may be necessary to make special efforts on behalf of the cause of Missions.

Resolved. That the sum of \$2,000 be apportioned to the different Classes for missions during the year.

Resolved, That all Classes having contributed moneys to the support of missions and weak charges within their bounds, additional to the appropriations of the Mission Board, and which Classes are in arrears on Synodical apportionment, be allowed a credit on such arrearages equal in amount to the sum thus given by them during the past three years.

Resolved, That item one of the report of the committee on Minutes of Classes, and the resolution referring to the mission in East Liberty and Wilkinsburg, be referred to the Synodical Board of Missions.

Respectfully submitted.

#### THEOLOGICAL SEMINARY.

Report of the Board of Trustecs.

To the Pittsburgh Synod of the Reformed Church in the United States:

Brethren:

The Board of Trustees of the Theological Seminary respectfully present their annual report. The usual semi-annual and annual meetings have been held and the routine of business transacted. The only important step we took was the employment of the same counsel engaged by the Trustees of Franklin and Marshall College to prosecute and defend the interests of the Seminary in the matter of the Wilhelm bequest.

No additions have been received to the endowment fund during the year.

The Treasurer's report will fully explain the financial condition of the Seminary.

### REPORT OF BOARD OF VISITORS.

To the Synod of Pittsburgh.

Brethren:

The Board of Visitors take pleasure in reporting the continued prosperity of the Theological Seminary at Lancaster, Pa. The institution was opened on the first Wednesday of September, 1877, all the professors being in attendance. Every department was regularly pursued during the whole course of the Seminary year.

The following persons were admitted to the Junior Class:—

Alfred F. Dreisbach, Jacob S. Hartzell, Jefferson E. Kerschner, Wm. J. Kerschner, Charles F. Sontag and Franklin Wetzel, all graduates of Franklin and Marshall College.

The faculty report, that as regards Christian piety and diligent application to study, the tone of the institution has been on a par with what it was in previous years.

The members of the Board attended the examinations at the close of the year. These examinations exhibited the diligence of the professors in imparting instruction and the progress of the students in their studies. It was the opinion of the Board that in several instances this progress was not just what might be expected, but as a whole, the examinations were approved.

The following students, members of the Senior Class, having finished the whole course of study, were honorably dismissed from the Seminary and recommended for licensure to preach the gospel: Adam J. Bachman, Henry E. Cook, Juo. M. Evans, Benjamin B. Ferer, Frederick B. Hahn, Stephen S. Kohler, John H. Lainbach, Samuel M. Roeder, Daniel E. Rupley, John S. Wagner, William H. Xanders,

The whole number of students connected with the Seminary during the year was 25.

Although it does not fall exactly within the province of this report, yet we are glad to know that the members of the graduating class, all, with perhaps one or two exceptions, had fields of labor before the present Seminary year opened.

The harvest in the Reformed Church is by no means yet supplied with laborers. The number of ministers in proportion to the membership is much less than in other Protestant denominations. Efforts therefore, should not be relaxed to seek out and encourage young men of the proper talents and qualifications to enter the Seminary with a view of preparing themselves for the holy ministry.

When we consider the yearly mortality in the ranks of the ministry, the large size of many of our charges, and specially the great missionary field yet to be occupied by the Reformed Church, the conclusion is clear, that the number of candidates for the ministry should not diminish, but rather increase. At the same time the Board is of the opinion that the qualifications of the candidates should be kept up to a high standard. The age requires that the ministry should possess not only proper spiritual qualifications, which is the primary desideratum, but also thorough literary culture.

Respectfully submitted. THEODORE APPEL.
Secretary.

### REPORT OF THE COMMITTEE ON THEOLOGICAL SEMINARY.

The Committee on Theological Seminary beg leave to report as follows:

The papers referred to us are:

1st. The Report of the Board of Visitors. This report informs us that twenty-five students were in attendance during the year whose progress was on a par with previous years.

2nd. The Treasurer's Report which exhibits the financial condition of the Seminary.

3d. The Report of the Board of Trustees from which we learn that the endowment fund has not been increased during the year, although it is believed, the Wilhelm legacy will eventually come into the possession of the authorities of the Seminary.

The Seminary is in every way worthy of the continued confidence of the church, and we would recommend that the ministry of Synod fail not to represent to their people the necessity of a thoroughly educated ministry, for the accomplishment of which the Seminary requires their constant aid and prayers.

Respectfully submitted.

### INSTITUTIONS OF LEARNING.

Report of the Board of Trustees of Literary Institutions.

Annual Report of the Board of Trustees of the Literary Institution of the Pittsburgh Synod.

The Board held a meeting at Greensburg in June last and organized by the election of Revs, J. W. Love, President, and D. B. Lady, Secretary. The only business claiming our attention related to Greensburg Female Seminary. This institution has now been in progress for more than three years, and has been reasonably prosperous, considering the hard times. The course of study in all the departments has been fully settled, and is believed to be such as the wants of female education de-A high standard of education has been aimed at, and the character of the institution has been fully established and approved by the friends of sound education. Sufficient time has elapsed to develop its own peculiar spirit and animus as an institution. It has, therefore, become a fixed fact as an educational power on its own basis, exercising all the powers and functions of an established institution. The full course of instruction has been gone through with, and its moulding power and impress have stamped themselves indelibly upon the minds and hearts of the young ladies in attendance, especially those composing the graduating class of the last commencement. This was the first class that enjoyed the full benefit of the institution in its entire course of instruction. Their final examination, as witnessed and approved by a competent committee, gave evidence of their attainments in scholarship, and in all that constitutes true culture and refinement.

The graduating exercises were most respectable and would have done credit to older institutions. Greensburg Female Seminary has been successfully established and is entitled to take rank among the respectable Seminaries of the land. It has shown itself worthy the support and patronage of the friends of education generally—but especially does it commend itself to the hearty support of the Reformed Church. Thus far the support has been merely local and from other denominations more than our own. It speaks well of the institution, however, that it has been able during these hard times, to sustain itself almost entirely by home patronage. It is to be regretted that so few daughters of the Reformed Church enjoy the benefits it affords. Very little good can result to the church from such an institution, if it has to seek its pupils from abroad. In such circumstances it must lose its distinctive character as a church school, subserving only the general interests of education.

That the school is not more generally patronized by the church shows a lack of interest in the important subject of female education among our membership. We would therefore, again urge upon the pastors and elders of Synod to keep this important matter before the people, and to press the claims of the institution on their minds by some suitable action.

The number of pupils in attendance is about the same as last year—the average number being about fifty. The graduating class for last year consisted of six members who completed the prescribed course of study of the institution. The condition of the school is excellent, both in regard to scholarship and deportment. The improvement of the young ladies is very marked in every respect. The number of pupils ought to be much increased, and this desirable end can certainly be gained by the proper endorsement and recommendation of Synod.

The teaching force of the institution is full and efficient. None but the most competent teachers are employed. The institution is thorough, scientific and practical. The faculty consists of six teachers. We would recommend the adoption of the following action by Synod:

Resolved. That all the pastors and elders of this Synod be directed to use their influence in the support of Greensburg Female Seminary, and that one page of the cover of the published minutes of Synod be devoted to an advertisement of the school.

Respectfully submitted.

Report of the Board of Directors of St. Paul Orphan Home.

To the Pittsburg Synod of the Reformed Church:-

It is with gratitude to the Father of all mercies, whose promise to be a Father to the fatherless is always fulfilled, in the history of the church, that the Board of Directors of the St. Paul Orphan Home present their annual report.

The Board held one meeting this year, at which there was a good attendance of the members, and a commendable interest manifested in the condition and future welfare of the Home. The business was transacted in a barmonious spirit, and in such a way, we trust, as to advance the interests of the children under our care. A thorough inspection of

the buildings, the condition of the furniture, the grounds and stock. was made, with as satisfactory results, as, under the circumstance of limited means, could be expected. Repairs, costing several hundred dollars, were found to be necessary, and consequently ordered to be made. The condition of the school, and the general management and discipline of the institution are good, and in every way adapted to advance the physical, mental, and spiritual interests of the children.

The Board is also happy to inform the Synod that, at the annual meeting in June, the Home was entirely free from debt, with a small balance in the Treasury. Special attention is called to this point because it is the first time in the history of the institution that the Board could say "we owe no man anything." Since then, however, a debt of about two hundred dollars has been incurred in making the repairs already referred to.

The attention of the Synod is invited to the following points:

- 1. That our Orphan Home, as organized and conducted, is pre-eminently a Christian Home, where the duties, responsibilities and blessed privileges of the christian life are taught and enjoined upon all the inmates.
- 2. That the work for which the Home was founded, and in which it is engaged, is a work which the church must not neglect or refuse to perform, because it is a work commended both by the word and example of our Lord, and has the promise of special blessings both in this life and that which is to come.
- 3. That it is the plain duty of the church to contribute of her substance in such measure as that the present status of the Home shall not only be maintained, but that the sphere of its usefulness may be enlarged, so that all the destitute orphans of the church, and others, may receive its blessings.

Respectfully submitted.

T. J. BARKLEY, President of Board.

### EDUCATION.

### Report of the Board of Beneficiary Education.

The work of the Board has been carried forward in the ordinary way during the past year. The students under our care have received their appropriations with considerable regularity. Jno, S. Wagner has completed his theological course and has been examined and licensed by the Somerset Classis, and is now engaged in teaching in the Preparatory department of Franklin and Marshall College at Lancaster, Pa.

Seven young men are now under the care of this Board, and in view of the probability of new applications during the ensuing year, we would recommend that the Synod designate \$1,500 for this work.

In view of the resignation of Geo. B. Russell, D. D., owing to his removal from our bounds, it will be necessary for Synod to fill his two years of unexpired term. The term of J. W. Love expires at this meeting of Synod. Asking the continuance of God's blessing and the favor of the church upon the cause, the report is

Respectfully submitted.

C. R. DIEFFENBACHER,
President of Board pro tem.

### Report of the Committee on Education as adopted.

The only paper which came into our hands was the report of the Board of Beneficiary Education; in reference to which we recommend the adoption of the following items, viz:

Item 1. That \$1,500 be appropriated for the cause of Beneficiary Education.

Item 2. That the vacancy caused by the removal of Dr. George B. Russell, and that caused by the expiration of the term of office of Rev. J. W. Love, be filled.

### PUBLICATION.

Annual Report of the Board for the Eleven months ending with September
1. 1878.

To the Synods of the United States, Pittsburgh and the Potomac, the Board of Publication of the Reformed Church in the United States, respectfully submit the following report:

The Board has had three regular meetings during the year. At the first regular meeting Daniel W. Gross was elected *President*, and Samuel R. Fisher, Secretary and Treasurer, for the ensuing year.

The particular business entrusted to the Board has received prompt and careful attention. During the early part of the year, the prospects were very encouraging, as there was a considerable increase in the business and receipts of the Board. During the summer months, however, a more than usual falling off in business and receipts was experienced, so that the bright prospects of the earlier part of the year were more or less blighted. Still, in this experience, the Board has not been alone, as the depression has been felt most seriously by all business circles. Though we are not able to report as favorable results as we had fondly anticipated, yet there is, all things considered, no real ground for discouragement. With an improvement in the business condition of the country, and the hearty co-operation of the church, we can confidently expect to make encouraging progress in the future.

The Board has deemed it expedient to make the financial year close with the last of August, one month earlier than heretofore, so that the present report covers a period of eleven months. This change was found necessary in view of the fact, that the financial year, ending as heretofore, so very near the time for holding the annual meetings of the several Synods represented in the Board, too short a time was allowed the officials of the Board for taking a careful amount of stock and gathering and formulating all the material necessarily entering into the annual report. The fact must be borne in mind, when instituting a comparison between the results presented in the present and in any previous report.

The Board gave the contracts for executing its work during the year to the lowest and best bidder, and has made arrangements to do the same in reference to the ensuing year.

With a view to continue the careful supervision over the affairs of the Board, and the exercise of a proper scrutiny into its condition, inaugurated during the previous year, a committee of three, in which each of the Synods included in the Board was represented, was again appointed, who met two days prior to the annual meeting of the Board itself, and entered into an investigation similar to the one made the previous year. The following is the report of the committee as presented to the Board and adopted by it:

### PHILADELPHIA, PA., September 18, 1878.

The undersigned committee appointed by the Board of Publication of the Reformed Church, for the purpose of taking an inventory of the stock, and ascertain the amount of assets, and put a just and fair valuation on the same, and also to ascertain the amount of the liabilities of said Board, do report as follows:

That we have made a careful estimate of the value of the stock in the store, publications, materials on hand, and all other assets, with the following result:

Estimated		of	<b>asse</b>	ts	-		-		\$44,623		
Real estate	•	-	-	-		-		-	35,000	00	
1										 §79,623	34
Liabilities Mortgage	-	•	٠.	<b>-</b>	. <b>-</b>	•	-	-	\$32,097 20,000		
										\$52,097	36
Excess of a	saeta		_	-	_					\$27,525	98

One year ago when your committee examined the stock, they found a number of publications which had been ordered by Synod, on hand, for which there was little or no demand, as well as a large number of back volumes of the *Review* and *Guardian*, which had been previously estimated at the cost of publication—these they put a low valuation upon. But still finding the larger portion of this dead matter on hand, we have further reduced them to a mere nominal value in our present estimate.

We find the stock of goods in the store generally fresh, and kept in good order; but in view of the large depreciation in the value of all kinds of merchandize during the past year, we have made material reductions from cost on many of the goods on hand.

We find that owing to the very limited amount of patronage extended to the establishment by the church at large, the amount of stock on hand is too large for the amount of sales, and would suggest the reduction of the stock as soon as possible, proportionate to the amount of business done.

All of which is respectfully submitted.

GEO. W. HENSEL.

J. W. LOVE.

A. B. WINGERD.

Committee.

In accordance with the suggestion of the committee in the foregoing report, the Board appointed a special committee from its own members, to make arrangements for working off, by special effort, all surplus stock in the establishment.

The decrease in the assets of the Board, as compared with those presented a year ago, is to be accounted for by the further deduction made on the previous valuation by the committee, referred to in their report. Apart from this deduction they would compare favorably with those of the previous year.

From the full and minute statement of the operations of the Board during the eleven months covered by this report, and of the present condition of the establishment, submitted to the Board by the Superintendent, the following summing up of the receipts and disbursements is gathered:

Receipts for eleven months Disbursements	•	• .	 -	-	-	_	\$31,520 1- 32,116 30	
12							3504.3	-
Excess of disbursements	-	-	-	-			\$596 10	i i

Treasurer's advances Oct. 1, 1877 Add excess of disbursements	•	-	 	\$14,255 596	
•					_

Total Treasurer's advances Sep. 1, 1878 - \$14,851 76

From the report of the Superintendent, it still further appears, that the subscription lists of the several papers vary but little as to the number of subscribers from that reported a year ago. The most material decrease is in the list of the Child's Treasury, which reaches nine hundred and forty-four. There is a decrease in that of the Messenger of forty-two: Review, twenty-one: Lesson Papers, forty-two; and an increase to that of the Guardian of fifty-eight. The small decrease in the Messenger list, especially, may be accounted for by the careful pruning to which it has been subjected, in the way of relieving it of unprofitable subscribers.

The receipts and disbursements, as compared with the corresponding period of the previous year, show the former to be about the same as, and the latter considerably less than those of the last year, which is an encouraging feature.

The following preamble and resolutions were adopted by the Board:—WHEREAS. The Superintendent reports to this Board, that the Messenger is published at a cost of about \$2.000 more than is received on account of subscriptions to it: and Whereas, it is not deemed expedient to increase the subscription prices, therefore

Resolved. That the Superintendent be directed to use a cheaper grade of paper, and if arrangements can be made with other religious papers, to publish the inside pages of the large issue, on what is known as the co-operative plan.

Resolved. That the attention of the three Synods specially interested in the support of the printing establishment, be directed to the loss sustained in publishing the Messinger, and that they be urged to make every possible effort to increase the subscription list to at least ten thousand paying subscribers.

Resolved. That as an inducement to take the Messenger, new cash subscribers be furnished with it from the date of subscribing to the end of 1878 without charge.

With the approaching 1st of January, the term of service of George Gelbach, of the Synod of the United States will expire, and also that of one member of the Board from the Synod of the Potomac. It will devolve on these Synods to fill the vacancies that shall thus occur.

Respectfully submitted in behalf of the Board. D. W. Gross,

President.

SAMUEL R. FISHER, Secretary.

### Report of the Committee on Publication as adopted.

Your Committee on Publication submit the following as their report: The only documents that have come into our hands, are the annual report of the Board of Publication, and the resolution referred to us by Synod requesting that the salary now paid the Synodical Editor of the Messenger, be used to further the general interests of the Board.

From the annual report we learn, that the publications have all been carried forward successfully, with the exception of the Messenger, which is published at a cost of \$2.000 more than is received on account

of subscriptions to it." To meet this deficiency, the Board urges the several Synods to make every possible effort to increase the subscription list.

In view of this your committee would recommend the following acaction:

Resolved. That the felt need of the Messenger as a co-worker in every family, to advance the Master's cause, is hereby recognized, and all pastors are urged to increase the circulation, and their attention is directed to the offer of the Board.

Resolved, That in order to reduce the deficiency still further, we recommend to the Board the propriety of using an additional space for advertisements of a proper character.

Resolved. That we deem it inexpedient at this time to recommend any change in the editorial management of the Messenger, but respectfully urge the Publication Board, if advisable, to still further reduce expenses.

Respectfully submitted.

D. S. DIEFFENBACHEB. D. B. LADY. F. B. HAHN. CASPER KAMERER. JOHN SHRUM.

The Stated Clerk was ordered to publish 2,000 copies of the Minutes of Synod and distribute them as usual.

### FINANCE

### Report of the Treasurer.

To the Reverend Pittsburgh Synod:

Dear Brethren: Accompanying this is the detailed statement of the receipts and expenditures of your Treasurer during the past year. The gross amount received is considerably in excess of the past year. This is largely owing to Classis falling in with Synod's request to disburse their funds through your Treasurer. There is at present a balance in the hands of your Treasurer, but not enough to cover the appropriations now due, as follows:

Due to the missionaries in the bounds of this Synod	\$300
Iowa appropriation	350
Beneficiary appropriation, first installment	360
• • • •	

Your Treasurer has been struggling to get our missionaries paid upso that all funds for Home Missions should be disbursed through the Treasurer of the Tri-Synodic Board according to the action of Synod. As it has been for some time, our connection with that Board has been more nominal than real, as we have not contributed anything towards the general expenses of that Board. If in the wisdom of Synod it is desirable to continue our connection with that Board, it would certainly be but justice that they should disburse the moneys received for Home Missions.

Several of the Classes are considerably in arrears in paying their ap-

portionments. This arises in part by the action of Classes\* in making classical appropriations within their respective bounds thus consuming largely their receipts.

I would respectfully recommend that the Board of Beneficiary Education elect a Treasurer, vice Rev. G. B. Russell, D. D., resigned, to disburse the funds in that department.

Respectfully submitted,

T. J. CRAIG, Treasurer.

1st. In regard to the action of the Allegheny Classis, touching the Dr. Russell claim, respectfully declining to apportion the amount assessed upon it by Synod for the payment of the same,

we suggest the following action, viz.:

Inasmuch as all the classes were represented on the floor of Synod when the action was taken with reference to the claim of Dr. Russell, therefore each Classis is morally bound to pay the amount assessed upon it for the purpose, and that the Corresponding Secretary be instructed to inform Dr. Russell that Synod has apportioned his claim upon the Classes, but thus far the matter has not been fully attended to.

2d. Having examined the letter of Dr. Russell, containing language disrespectful to the Synod, whether so intended or not, we do not believe that either Synod or its officers, as insinuated in the letter, have wilfully violated the terms of agreement made with Dr.

Russell at the Synod of Irwin, Pa.

S. R. Bridenbaugh, J. F. Snyder, Joseph Cort.

Item 2 was referred to a special committee consisting of Rev.

Jno. M. Titzel, S. R. Bridenbaugh and Elder C. M. Bousch. This committee reported as follows, which was adopted:

Your committee, to whom was referred the matter touching the mission church at Cumberland, Md., beg leave to report, that, in their opinion, Synod should make provision for the payment of the note in question.

Respectfully submitted.

J. M. TITZEL, S. R. BRIDENBAUGH. C. M. BOUSCH.

It was afterwards determined that the \$1,000 be apportioned upon the Classes in two years, \$500 this year, and \$500 next, in designated sums, and that voluntary pledges be taken from the members of Synod for their charges, on payment of which they shall

receive credit on their classical apportionments.

Pledges were then taken as follows: Elder W. R. Barnhart, for 2d Greensburg charge, \$20; L. P. Naly, Brush Creek, \$20; Wm. Barnhart, Mt. Pleasant, \$2J; Michael Bortz, 1st Greensburg, \$20; Rev. John Dotterer, Pine Run, \$5.00; Rev. H. Hoffman, Beaver, \$5.00; David Knoble, Kittanning, \$20; Rev. A. K. Kline, South Bend, \$10; Rev. M. H. Diefenderfer, Plumb Creek, \$8; Rev. J. B. Thompson, Red Bank, \$8; Elder Samuel Flaugh, Seagertown, \$20; C. M. Bousch, Meadville, \$20; Rev. F. Pilgram, Shenango, \$20; Rev. F. B. Hahn, Greenville, \$20; Philip Hay, Zion Charge, \$20; Rev. Josiah May, Mercer, \$10; Rev. A. E. Truxal, Somerset, \$20; Rev. L. D. Steckel, Meyersdale, \$10; Rev. C. U. Heilman, \$20; Rev. S. R. Bridenbaugh, Berlin, \$20; Michael Brubaker, Stoyestown, \$15; Rev. F. A. Edmonds, Harmony, \$15; Rev. C. Gumbert, Sugar Creek, \$10; Rev. J. W. Knappenberger, Wilkinsburg and East Liberty Mission, \$5.

Item 3. The Classis was referred to the action of Synod last year. Items 5, 6, 7, 8, 9, 10, 11, 12, adopted. The report as a whole was adopted.

#### STATE OF THE CHURCH.

#### REPORT OF THE COMMITTEE AS ADOPTED.

Report of the State of Religion in Pittsburgh Synod.

Reverend Fathers and Brethren:—The Classical Reports referred to the Committee on the State of Religion, show that we, as a Synod, have abundant cause of gratitude and thankfulness to the God and Father of our Lord Jesus Christ, on account of His goodness and mercy to us during the past Synodical year. Truly may we say, that the Lord has been gracious unto us and has blessed us.

Since we last met in annual session, none of our ministerial brethren have been called away by death. On the contrary, nearly all have enjoyed good health, and have been able, without any serious interruptions of any kind, to attend to the duties of their high and holy calling. A few of our elders, and the usual number of our members, have fallen asleep in Jesus, but the great body of our membership has been rather more than ordinarily favored both in temporal and spiritual things.

In all our charges the Word of God, so far as we can learn, has been faithfully preached, the sacraments have been regularly administered, the young have been catechized, the erring have been admonished and warned, and the sick and afflicted have been visited and offered the consolations of the Gospel. In the charges generally, the chief festivals of the Church were also properly observed, and the prominent facts and truths of our holy religion thus especially emphasized. The attendance on these various means of grace is reported to have been reasonably good.

Throughout the Synod, we are pleased to note, Sunday-school Conventions were held. These Conventions were all well attended, and awakened increased interest in the instruction of the young. There is also reason to believe that they have been the means of doing something in the way of improving our Sunday-school instruction, and of making it more what it should be in order that those who attend the Sunday-school may be truly brought up in the nurture and admonition of the Lord.

That the various labors performed by our ministers, and the privileges enjoyed by our people, were not performed or engaged in in vain, is evident from the fact that the Statistical Report shows, that the membership of the Synod has been considerably increased, and from the additional fact, that the Classical Reports mostly make mention of an improvement in the morals of the people, among whom our ministers are laboring. Much, however, they also indicate, remains to be done in the way of winning souls to Christ, and to purity and holiness of life. Sin and iniquity of all kinds, it is

scarcely necessary to say, continue to abound everywhere. Even among the members of the Church, we regret to say, there are, alas, many still to be found who have a name to live but are dead, and who by their indifference and worldly-mindedness do much to bring reproach upon the cause of Christ. Nevertheless, it is encouraging, in view of the fierce opposition waged by the great enemy of souls, to know, that progress in the right direction is being made, and that the truth that Christ has built His Church on a rock and that the gates of hell shall not prevail against her, is

being more and more demonstrated.

In the way of supporting the missionary and other benevolent operations of the Church, considerable has been done during the past year. Still, the contributions for these purposes are not equal in amount to those of last year, and are far from being as large as they should be. That there should be a falling off in the sum contributed, instead of an increase is greatly to be regretted. In part, no doubt, it has been due to the monetary stringency of the last few years, but still more, we fear, to the sad truth, that many of our people have as yet failed to learn that, "It is better to give than to receive," and that "Pure religion and undefiled before God and the Father is this, to visit the fatherless and widows in their affliction, and to keep himself unspotted from the world." It is to be hoped. therefore, that there may be a revival in this respect during the coming year, and that next year's report will, accordingly, give evidence of greater liberality on the part of our people, in the good work of promoting missions and of supplying the wants of the poor and fatherless.

One of the Classical reports states, that family worship is not observed within its bounds as it should be. This, there is reason to believe, is the case throughout the Church, and is a condition of things greatly to be lamented, inasmuch as usually those who do not pray with their family, if they have one, seldom pray at all, and consequently have little or no spiritual life in them. For it has been well said,

"Prayer is the Christian's vital breath,
The Christian's native air,
His watchword at the gate of death—
He enters heaven with prayer."

Accordingly it is hardly to be expected, that those who have no family altar, will be able successfully to bring up their children in the way in which they should go, or that they themselves will be victorious in their warfare against evil. On the contrary, to the absence of such altar is to be attributed, no doubt, much of the spiritual coldness and deadness, which characterize too many of the members of our different churches. Strong efforts should, therefore, be made by all our pastors to have family worship properly

conducted in all the families belonging to their respective pastoral

charges.

Another evil mentioned in the Classical reports, is the inadequate support given in many cases to the minister, and the frequent neglect to pay promptly the little that has been promised in the call. This too is a matter which should claim the serious attention of the Church, and in regard to which there should be great improve-The existence of this evil to so great an extent among us, unquestionably, interferes considerably with our prosperity and success as a Church. A half paid ministry is seldom a very efficient one. The pastor who requires all he receives in the way of salary simply to clothe, and to supply with necessary food himself and family, can never prepare himself as he ought, to discharge properly his ministerial duties. Such pecuniary support will not enable him to be free in great measure, as he should be, from worldly cares, or to purchase needed books, or to set a proper example to his people in the way of relieving the wants of the poor and needy, nor yet will it enable him to be a power for good spiritually, to these latter as he often might be, if he could come to their temporal as well as spiritual help. Hence insufficient salaries do as much harm usually to the Church as to the ministers. Ministers and people, indeed, constitute but one body, and therefore when one suffers, the other must necessarily suffer also.

The facts now presented embrace the substance of what is contained in the Classical reports, from which they have been gathered, and clearly prove two things as regards the State of the Church. In the first place, they prove, that progress has been made in the upbuilding of the temple of the Lord since we last met in annual session, and in the second place, that there is much yet to be done before our work is fully completed. Thanks be to God for what has been accomplished, and may He help us to perfect what still remains

incomplete, so that we may not labor in vain.

The grace of our Lord Jesus Christ be with you all. Amen.

Respectfully submitted.

JOHN M. TITZEL, Chairman.

#### MISSIONS.

#### I. REPORT OF THE TRI-SYNODIC BOARD.

To the Reverend Synod of Pittsburgh:

Fathers and Brethren:—We herewith transmit to you the official annual reports of the Superintendent and Treasurer of the Trisynodic Board of Missions of the Reformed Church in the United

States. They contain all the facts which we deem it necessary to communicate to your Reverend body.

J. O. MILLER, President.

W. H. H. SNYDER, Secretary.

## II. REPORT OF THE SUPERINTENDENT OF MISSIONS.

To the Symod of the Reformed Church in the United States, to the Synod of Pittsburgh, and to the Symod of the Potomac:

REVEREND AND DEAR BRETHREN:—By the merciful providence of God, the Superintendent of Missions was raised up from the attack of sickness, from which he suffered a year ago, and permitted, with returning strength, to discharge the responsible duties of his office during the course of the year. It is with gratitude to God, the author of all good gifts, that he now presents this, his second annual report of the condition of the missions under the care of the Board in the different States of the Union, embracing the territory more particularly under the supervision of the Synods herein addressed. The work committed to our hands as a Church has not been without manifest signs of the divine favor. As far as it has been prospered, we ascribe all honor to the one Great Shepherd of the flock, in whose service we have been called as fellow-laborers.

# Pennsylvania.

Grace Church, Easton.—Members, 75; Baptisms, 13; Confirmations, 4; Sunday-school Scholars, 100. The Sunday-school is in a prosperous condition. Amount contributed to benevolent purposes, \$12; for local objects, \$450. Church property valued at \$3000, with a small debt, which will no doubt be removed at no distant day. The congregation is making a gradual progress, with no immediate prospects of becoming self-supporting. It is, however, doing a useful and necessary work, and deserves the assistance which it has been thus far receiving. Appropriation last year, \$200, with some additional assistance from Classis; new appropriation, \$150. Pastor, D. Y. Heisler.

Christ's Mission, Allentown.—This mission purchased a church building during the past year for \$1500, upon which \$300 has been paid. The balance is to be paid in annual instalments of \$200 each, which, it is believed, will not be too much for the congregation, the pastor not receiving any salary from his people. This step, a wise and judicious one, has had a salutary effect upon the members, whilst it has made a favorable impression on the community, who now regard this enterprise as giving promise of permanence. Business in the neighborhood of East Allentown is reviving, and the prospects of the mission are regarded as more encouraging than for a number of years past. Members, 90; Baptisms,

13; Confirmations, 14; Sunday-school Scholars, 157; Benevolence, \$15.13; Local objects, \$350; Appropriation hitherto, \$300; Appropriation for the coming year the same, to which the Classis proposes to add a small amount. Pastor, J. Fritzinger.

Catasauqua.—This mission has been suffering from a burden of heavy debt for a good while. During the past year this difficulty culminated in the sale of the church building, which is now held by one of the original creditors, without, however, interfering with its use by the congregation. In these trying circumstances, the members have remained faithful in the discharge of their duties, and the spiritual interests of the congregation have not suffered. It is earnestly hoped, that, in the course of the year, they may again be able to secure possession of their own house of worship. It is believed the severe trials of the congregation will be overruled for good. Members, 90; Baptisms, 18; Sunday school Scholars, 170; Benevolence, \$34; Local objects, \$190; Appropriation last year, with help from Classis, \$300; Present year, \$300. Pastor, J. J. Crist.

St. John's, Reading.—Members, 305; Baptisms, 40; Additions, 29; Sunday-school Scholars, 325; Attendance at church, good; Benevolence, \$30; for local objects, \$1,300. This congregation has continued in its prosperous course, and its prospects now are better than they were one year ago. It has a valuable church property worth over \$20 000, on which, however, a heavy debt is still resting, which occasions both pastor and people much anxiety. Thus far it has not proved a burden too heavy to be borne. It has been managed with much prudence. The amount redeemed during the year was \$300. With the return of prosperity in business and work for the members of the church, most of whom are poor in this world's goods, the congregation will make greater strides in prosperity, and gradually become self-supporting. The pastor, J.W. Steinmetz, has much hard work to perform, in which he is sustained by warm hearts among his own people, and in the sister churches Appropriation last year, \$300; This year, \$250. of the city.

St. John's, West Philadelphia.—The health of the pastor of this church, which was seriously threatened one year ago, was providentially restored, and, at the earnest request of the people, he was prevailed on to remain and continue his labors among them. This had a happy effect on the congregation, and seemed to give it a new impulse to strengthen the things that remained. From observations made on the ground, the Superintendent felt justified in regarding this as one of our most hopeful missions. The church property is valued at \$10,000, upon which there is some debt, the interest ou which, together with the current expenses and various projected improvements about the church, is taxing somewhat heavily the strength of the congregation, and calling forth its liberality. Its prospects of becoming self-supporting at no distant day are good.

Members, 80; Additions since last October, 19; Baptisms, 6; Sunday-school Scholars, 70; Attendance on the services of the sanctuary, good; Appropriation last year, \$300; This year, \$300. Pastor, J. Samuel Vandersloot.

Second Church, Harrisburg.—This mission has a good house of worship worth \$7,000, with a convenient lecture-room attached to it, the debt on which is now nearly liquidated, \$80 having been paid on it during the past year. The Sunday-school is large and flourishing, with 220 scholars. It has a missionary society on the apostolic plan, in which the old and young take a deep interest. It was one of the first formed under the recommendation of the Board. Members, 104; Baptisms, 7; Benevolence, \$60; Local objects \$500; Appropriation last year, \$250; This year, \$250. Pastor, G. W. Snyder.

Zwingli Church, Harrisburg.—This is an exclusively German mission. During part of the past year it was served by Rev. Frederick Fox, after his return from San Francisco. Owing to the gloomy condition of the congregation in view of its indebtedness, and for other reasons, he has recently withdrawn from the field, and it is at present vacant. The property is worth at least \$5,000, on which there is an indebtedness of \$2,000, which, as it seems, has been found difficult to manage. Members, 50; Baptisms, 4; Additions, 2; Sunday-school disbanded; Benevolence, \$4; Local objects, \$250; Appropriation last year, \$300. Vacant.

Columbia.—This congregation has been pursuing a prosperous course for a number of years past. During last winter, the pastor, Rev. C. Clever, was called to another field of usefulness. His resignation was followed by serious difficulties, which threatened at one time to undo the labor of years. Fortunately the storm passed away, and the trouble, which threatened to distract the congregation for years to come, was adjusted in a truly Christian manner. Its prospects are encouraging, as in years gone by. It is believed that this affliction, which was for a season, will be overruled for good, and help to consolidate the congregation better than it was before. Peace and harmony prevail, and a general desire exists to build up on the true foundation, which is Jesus Christ. Members, 157; Baptisms, 21; Additions, 7; Sunday-school Scholars, 170; Benevolence, \$45.73; Local objects, \$931; Appropriation last year, \$50; This year, \$150. Pastor, C. S. Gerhard.

Wilkesbarre.—Communicants, 275. Additions since October last by baptism, 38, by confirmation, 27, and by certificate, 25. Sunday-school Scholars, 160, a gain of 35. Collected for benevolent purposes, \$25, for local purposes, \$550. The original cost of the church was \$13,000. The debt is \$6,000, of which \$3,000 will be cancelled during the coming year, a part having been thus cancelled already. The mission is making progress, and is gaining the confidence of the community. It is German and English uni-

ted. The question of language has thus far created no difficulty. Both classes of people worship in the same church in harmony and peace. The missionary extends his labors in the Wyoming Valley, and preaches at points where congregations may be organized at some future time. There is room for extending the Church further in this part of the S atc. Appropriation last year, \$400; This year the same. Pastor, F. K. Levan.

Lock Haven.—This mission has made substantial progress during the past year, which is so much the more encouraging, in view of the deplorable condition in which it had come to be involved a few years ago, when the present pastor took charge of it. With the help of Classis, it has secured for itself a house of worship of its own, upon which a debt is still resting, which, however, is not oppressive to the congregation. The building cost only \$2,200. In a few years, after some repairs are made to it, it will be worth much more. The pastor and people are willing to trust in the Lord for the future, as with His blessing many difficulties, which seemed insurmountable, have vanished in the past. Members, 57; Baptisms, 6; Additions, 7; Sunday-school Scholars, 80; Benevolence, \$6; Local purposes, \$264,61; Indebtedness liquidated since October last, \$206; Appropriation last year \$300; This year, \$300. Pastor, Isaac S. Stahr.

Wilkinsburg and East Liberty.—Both of these missions suffered severely from the depression of the times, and found it difficult to meet current expenses and interest on heavy church debts. was, as a consequence, a feeling of discouragement among the members, which was adverse to the growth of the congregations. Under these circumstances, it was thought best to unite the two missions, as they are not far apart, and allow them to be served by one pastor. They cordia ly united upon the Rev. J. W. Knappenberger, after the two former pastors had resigned. This arrangement has proved satisfactory. It has relieved them of a part of their financial burden. They are better able now to meet their pecuniary obligations, and a general feeling of encouragement and hope has sprung up, which augurs well for the future. Mr. Knappenberger entered upon his duties in January last, and receives an appropriation of \$550, the amount given to the two former pastors. Members, 90; Sunday-school Scholars, 120. There is an indebtedness upon both of the churches. The indebtedness on the church at Wilkinsburg was reduced during the past year.

Orbisonia.—This mission has been growing and doing well during the year. Many of the people are poor, but they are faithful to Christ and His Church, showing that they appreciate the kindness of the Church in extending help to them, by the interest they take in their congregations. During the past year, a new church costing \$800, was erected and paid for. Congregations, 3; Members, 106; Baptisms, 14; Additions, 14; Sunday-school Scholars, 85;

Benevolence, \$47; Local objects, \$307. A debt of \$350 resting on one of the churches has been nearly provided for. Appropriation last year, \$150; This year the same. Pastor, J. M. Schick.

Sulphur Springs, Bedford County.—Congregations, 3; Members, 132; Baptisms, 11; Additions, 5: The church and parsonage at Mann's Choice is worth \$2,700. The debt is small. Benevolence, \$33; Local objects, \$357. The pastor reports, that he is at present engaged in establishing missionary societies, for which the people seem to have been prepared. The mission is making a gradual progress, and gaining the confidence and respect of the community. Appropriation last year, \$200; This year, 200. Pastor, William A. Gring.

Chambersburg.—Since the missionary left this congregation more than a year ago, it has been served by the pastor at Chambersburg, Rev. W. C. Cremer, by appointment of Classis. In this way the spiritual interests of a small body of Germans have been provided for. This arrangement is probably the best that could be made for them. There are no indications that it will grow in numerical

strength in the immediate future as a German church.

Duncannon.—Members, 125; Baptisms, 7; Additions, 14; Sunday-school Scholars, 150; Benevolence, \$50; Local objects, \$200; Value of church property, \$2,300. The Classis of Zion paid \$1 100 and the congregation \$200 for the removal of the remaining debt on the church. Attendance good, and the congregation encouraged in their work. Prospects of becoming self-supporting, good. Appropriation last year, \$300; This year, 250. Pastor, U. Henry Heilman.

First Church, Allegheny City.—This mission had been without a pastor and without preaching for more than a year. At the meeting of the Allegheny Classis at Pittsburgh last spring, after a careful examination into its affairs, it was found to be in a truly deplorable condition. Still, it was not considered to be without hope, and the Classis authorized the Superintendent to supply it temporarily with the services of a missionary with the view of ascertaining whether anything could be done to resuscitate it and place it on a better foun-The licentiate, Rev. Robert C. Bowling, was selected for this purpose, and he took charge of the mission for a period of two months. His labors have been satisfactory, and the prospects now are that the congregation will recover itself, and that, if assistance can be extended to it for a while, it may yet be raised above impending difficulties, and be made a prosperous congregation. view of these facts, the Board, at its recent meeting, commissioned Mr. Bowling as missionary at Allegheny city, with the former appropriation of \$400.

Shenandoah.—Members, 200; Baptisms, 25; Additions, 35; Sunday-school Scholars, 220; attendance good. Value of church property, \$3 000. The debt, which has been considerably reduced

during the present pastorate, is at present about \$2,000. Amount paid for local purposes, including pastor's salary, \$500. The prospects of becoming self-supporting are encouraging. The principal difficulty in the way seems to be the large amount of indebtedness. The appropriation last year was \$300, which has been made up by one or two congregations, an example much to be commended; Appropriation this year, \$300. Pastor, J. G. Neff.

Johnstown.—There was a Reformed congregation at this place several years ago, but the church was sold and the congregation was disbanded. Very few of the members, however, surrendered their church connections. Their number, in fact, was increased by additions from other churches in the surrounding country. Upwards of forty members of our Church were found in the town, who desired the services of a minister of their own faith. The Rev. William H. Bates, whose charge is contiguous, was requested to take charge of this interest and serve it as missionary for the present. The prospects of this new mission are good. It may perhaps need some aid in the future. It is promising. Mr. Bates does not receive any appropriation.

St. Luke's, Lancaster. - This congregation was organized in January last, with nine members. Its present number is 22, thirteen having been confirmed at Whitsuntide. The Sunday-school, made up principally of the children of the poor, is prosperous and doing a good work. It numbers 125 scholars. Thus far this mission has been worshipping either in an engine house or a school-house, neither of which was a suitable place for worship. This difficulty, it is expected, will be removed before long. An effort is at present in progress to erect a chapel yet this fall, subscriptions for which have been received, amounting to something over \$1,200. The mission was taken under the care of the Board in December last, but the pastor had taken charge of it in April, a year ago, without any visible means of support, except in his own resources, sustained by faith in God. He receives an appropriation from the Board of \$300, and such other aid from his congregation and the other churches in the city, as is needed for his temporal support. Pastor, Jacob F. Wiant.

Overton, Bradford County.—This charge was formerly under the care of the Board, but had been vacant for a number of years past. The members hungering for the bread of life have been exerting themselves to secure a pastor, in which the Superintendent has assisted them. They have united on the licentiate, Phaon S. Kohler, who is now laboring among them with acceptance, and with good prospects of success. He has just formed a large class of catechumens. The services on Sunday are encouraging. Thus far he serves only two congregations, and a preaching point at Dushore. There are two other small congregations in the neighborhood of Dushore, which have not as yet entered into the arrange-

ment with the other two, but may still do so. Members thus far reported, 105; Sunday-school Scholars at Overton, 80. Appropriation not yet determined. Church property worth about \$900.

Latrobe.—The congregation at Latrobe during the year was detached from several country congregations, and placed under the care of the Board as a mission, by the recommendation of the Board of Missions of the Synod of Pittsburgh. It was believed that it needed more pastoral labor, and that, under this new arrangement, it would grow more rapidly, and in a few years become self-supporting. The pastor reports that facts thus far do not encourage that view of the case, although the charge has been making encouraging progress during the present pastorate. Members, 80; Baptisms, 9; Additions, 14; Sunday-school Scholars, 55; Church Property, \$4,000; Debt, \$1,800; Benevolence. \$50; Amount paid for local purposes, \$350; Appropriation, \$200. Pastor, G. D. Gurley.

Mansfield.—An independent German congregation at this place applied to the Classis of Allegheny last spring to be received into the Reformed Church, and requested the services of the Rev. Charles Knepper as their pastor. The request was granted, provided certain conditions were first complied with, and in that event the Executive Council voted an appropriation of \$50.

Trinity Mission, York County.—About ten months ago the Rev. W. H. Xanders was appointed by the Council to labor as missionary in the town of York, and at other places in the neighborhood without an appropriation. He has organized a new congregation at Glenrock, served an organized congregation at New Freedom, and has several preaching places, one of which is Trinity chapel in York, where congregations may be organized in the course of time. The prospects of the mission are represented as encouraging. Members, 50; Baptisms, 2; Confirmations, 7; Sunday-school Scholars, 250; Church property worth about \$700; Amount collected for local purposes, \$275.

Sharon.—The Sharon charge in Mercer county was taken under the care of the Board as a mission, in accordance with the request of the Board of Missions of the Pittsburgh Synod. Its pastor had the charge of it for a number of years without the necessary support. He had to depend on the help of his friends to keep his family. The congregation was also involved in financial difficulties, which interfered with its prosperity. Accordingly, help was extended to it to the amount of \$100, which was thankfully received, and proved to be of material account in encouraging pastor and people. Since the congregation came under the care of the Board, it has been doing well. Members, 135; Additions, 22; Value of church property, \$4,000; Appropriation for coming year, \$100. Pastor, F. P. Hartmetz.

# Virginia.

Winchester.—The statistics of this mission, as compared with those of previous years, show an encouraging degree of progress. Congregations, 2; Outposts, 2; Members, 129; Baptisms, 3; Additions, 17; Sunday-school Scholars, 85; Value of church property, \$7,700; Debt on parsonage, \$675, was reduced \$225, during the year; Benevolence, \$33; Local objects, \$567. The affairs of this congregation are conducted with a commendable degree of system and economy. It is being gradually strengthened by emigration from the North, and is doing a useful work in the Valley of Virginia. It will need help from the Church a few years longer. Appropriation last year, \$3(0; This year, \$250. Pastor, Charles G. Fisher.

Middlebrook.—The two congregations constituting this mission, under the Rev. A. J. Whitmore, became self-sustaining during the year. 'The pastor, believing that he could strengthen and still further consolidate his charge, as well as occupy several important missionary points in the vicinity, resigned, and a call was extended to his brother, Rev. S. L. Whitmore, who became the pastor in June last, and has encouraging prospects of usefulness before him. Additions during the year, 17; Baptisms, 11; Sunday-school Scholars, 117. Mr. Whitmore has entered upon his new field of labor with true missionary zeal. He preaches at three points, at one of which a new congregation is to be organized, and a new church erected before long. Appropriation for the new mission. \$150.

#### Delaware.

St. John's, Wyoming, Kent Co.—Members, 85; Baptisms, 4; Additions, 15; Sunday-school Scholars, 100; Value of church property, \$2,000; Debt, \$250; Benevolence, \$24.65; Local objects, \$375,17. The missionary reports that services were held during the season of Lent, and every evening during holy week. The Easter communion was the largest ever held in the history of the congregation. The interest in these services drew many nearer to God. In July last, the congregation celebrated the tenth anniversary of its organization. The services are represented as being of an interesting and profitable kind. An effort is in progress to liquidate the remaining debt on the church. Appropriation last year, \$300; This year, \$275. Pastor, E. H. Dieffenbacher.

# Maryland.

Cumberland.—Members, 150; Baptisms, 6; Additions, 6; Sunday-school Scholars, 150; Benevolence, \$30; Local objects, \$80°. The church property is worth from \$7,000 to \$8,000, with a debt of \$500. No reduction of the debt during the year. The mission is making slow but steady progress. The Sunday-school is in a pros-

perous condition, and promises well for the future. The holy days were observed with much interest and profit to the people, and the number of communicants exceeded those of previous years. The missionary has established a small mission at Keyser, in West Virginia, which he visits from time to time. Appropriation last year, \$250: This year the same. Pastor, F. R. Schwedes.

Frostburg.—A few years ago this congregation supported its own pastor, but it fell upon evil times, and it was no longer able to maintain itself. Its members, being mostly miners, could do nothing for the church. Its pastor made many sacrifices to keep his flock together. In order to prevent the dispersion of its members, the Classis of Somerset declared it a mission, and placed it as such under the care of the Board. It agreed to pay through the Board for its support for one year, \$600. This accomplished the desired result, and saved the church from great distress, if not from entire disintegration. It is German and English, and a well-ordered congregation, with a membership of over 200 members, and a large Sunday-school. Its members are liberal when they have work. Pastor, John Ruhl.

Ridgely, Caroline Co.—Organized over a year ago by Rev. E. H. Dieffenbacher, and served by him until recently. Rev. H. King was authorized to visit and explore this field last spring, with the view to a permanent settlement, if he desired it. He served the charge two months and then withdrew, believing he could be more useful in some other part of the Church. The Rev. Joseph Hannabery was commissioned to take his place. He has entered upon his work in faith and hope. At present he serves only one organized congregation, the one in Ridgely, but he expects to spend much of his time in preaching at other points in the peninsula with the view of organizing other churches in the future. It is believed that missionary efforts in this section of country will be attended with encouraging results in the course of a few years. The congregation has not yet commenced to build the house of worship which it has in contemplation. Members, 48; Baptisms, 4; Additions, 10; Appropriation, \$300. Pastor, Joseph Hannabery.

# District of Columbia.

Washington.—Members, 35; Baptisms, 2; Additions, 15; Sunday-school scholars, 40; most of whom are from families not belonging to the Church; Amount collected for local purposes, \$200. The congregation still worships in a rented hall, which is a serious difficulty in the way of its progress. It needs very much a house of its own. Until this is secured, it is not likely that some families will be willing to connect themselves with the mission. They prefer waiting until they have more tangible evidence that the enterprise is to be permanently established. Thus far some few

gifts have been forwarded to the treasurer for the erection of a chapel, but not in such amounts as to justify a forward movement in purchasing or building. The pledges made for this purpose by the Synods and the Classis of Maryland, should be promptly met and paid. The mission is an expensive one, and true economy dictates, that it should be placed in a position to become self-supporting at as early a day as possible. When, however, it has once reached that point, it will be a monument to the honor of the Reformed Church, in which her children from different parts of the country will find a spiritual home in years to come. But before this is consummated, much faith, good works and alms-giving, along with hearty sympathy and co-operation of the Church, will be needed. Pastor, Dr. G. B. Russell. Appropriation last year, \$1,200; This year, \$600.

#### Kansas.

Emporia.—During the past year, the Rev. L. C. Edmunds, already residing in Kansas, was commissioned to labor as our missionary at Emporia and vicinity. He was able to devote only a part of his time to the work of preaching, and making explorations. He reports that we have many members living in the State of Kansas, and a wide field for missionary labor. He has preached at different points, and, to some extent, explored the country, but has confined his labors mostly to Emporia, where we have enough members to form a respectable congregation. They have not as yet been organized. They wish a missionary who will devote all his time to the work. The missionary labors under great disadvantage for the want of a suitable place of worship, being thus far under the necessity of holding his services in other churches at unseasonable hours. Appropriation, \$200.

## California.

Salem, Napa City.—This mission has had much to encounter from the outside world, to whom the gospel is a savor of death unto death, and not of life unto life. It has, however, maintained its ground, and the members have remained faithful to the work committed to their hands. The present pastor has been for more than a year in the charge, and has not been without encouragement in his work. He instructs a class, weekly, throughout the year, which is well attended. The local expenses of the church were increased during the year by street improvements, to meet which a children's festival was held, which assisted materially in paying the necessary expenses. The Whitsuntide services were well attended, and produced a favorable impression. The congregation is small, but it has favorable prospects of an increase during the coming year. Members, 24; Baptisms, 10; Additions, 9; Sunday-school Scholars, 32; Value of church property \$2,800; Debt, \$750; Benevolence, \$6,000; Local objects, \$250; Appropriation last year, \$300; This year, \$200. Pastor, J. H. Krüger.

San Francisco.—In addition to the mission at Napa, we have two other churches in California, one at Stockton, and the other at San Francisco, which are self-supporting, and doing well. Their pastors have not confined themselves to their own congregations exclusively, but have sought to extend the Church in the regions beyond. The field, however, is large, and the demand for more laborers has been growing stronger, and more urgent. Under these circumstances the Council commissioned the licentiate, the Rev. F. L. Woerle, to labor at San Francisco, or neighboring places, under the direction of the Classis of San Francisco. He was ordained to this work a few months ago at York, by a committee of the Classis of Zion, and is now in the field, engaged in his new sphere of labor. He has taken charge of a mission at Alameda, in the vicinity of San Francisco, and the Board has voted him an appropriation of \$100. The demands of this part of our missionary ground will require the services of one or two other missionaries at no distant day. It is hoped that we, as a Church, will be prepared to respond to the call to supply the multitudes of foreign Germans in this far western country, with a pure gospel, many of whom are without the ordinary means of grace, and many also without God and without hope in the world.

Oregon and Washington Territory.

Members, 80; Baptisms, 25; Additions, 19; Benevolence, \$17; Local objects, \$1,050.

Portland.—This mission has been making its usual substantial progress. The services at the church festivals in the spring made a deep impression on the hearts of the people, and drew larger audiences to the church than ever before. This church established on an evangelical basis, in the midst of much opposition from without, is now a permanent fact. The property, worth \$8,000, is free Various improvements on the streets during the past year became a heavy tax on the church, for which the ladies of the congregation supplied a considerable part of the money needed to bear this additional burden of expense. The church expects to celebrate the fifth anniversary of its organization during the month of September, in connection with the first meeting of the Classis of Portland. It expects to become self-supporting at no distant day. missionary frequently preaches in the new towns which are springing up in various directions, with the view of establishing new fields of labor for other missionaries. Openings of this kind are numerous, and it seems to be only necessary that we should send a sufficient supply of efficient laborers, in order that we may reap rich harvests in this part of the Pacific coast. The establishment of the new Classis in Oregon will, it is believed, be of much account in carrying forward this work. Statistics did not arrive in time to be inserted in this report. Appropriation last year, \$300; This year the same. Pastor, John Gantenbein.

Salem.—The field occupied by the missionary at this post was divided during the year, and a portion of it, including the Meridian congregation, given to another missionary. He retained two of the congregations, the one at Salem and the other at Silverton, preaching at other points, and occasionally making excursions into more distant parts of the State. At Salem divine services have been thus far held in a hall, but recently a wealthy citizen of Salem presented the congregation with a lot of ground in an eligible part of the city, upon which it is now proposed to erect a church. Appropriation last year, \$250; This year, \$250. Pastor, J. Mühlhaupt.

Canby, Clackamas Co.—During the past year, the Rev. Julius Lange was commissioned as missionary to take charge of a portion of the field of Rev. Mühlhaupt, and of other important points. He has at present one organized church at Meridian. He fills appointments at other places, walks long distances over rough roads and through inclement weather to gather his fellow-countrymen into the Christian fold. Many of his people are Swiss emigrants, who are just clearing off the land, and are not able to do much for the support of the gospel, but are strongly devoted to the Reformed faith. Bro. Lange makes many sacrifices, labors hard as a missionary, and finds it necessary to devote part of his time to teaching in a little attic, which is his study, his bed-room and his schoolhouse at the same time. This rigid economy is necessary in order that he may provide for his temporal support. Appropriation \$200.

Walla Walla.—During the past year the Rev. George Wechtersheimer was commissioned as missionary at Walla Walla and other places. He had been a resident of that place for some time, engaged in teaching and laboring among the Germans with the view of organizing them into a congregation. He will now be able to devote more of his time to this work, and to the establishment of other new missions under the direction of Classis. Apprepriation, \$100.

#### Financial Statement.

From the treasurer's report, it will be seen that the contributions for missions since the last report was made to the Synods amounted to \$7,326.43. This, however, does not cover the period of a full

year by more than a month. Some of the monies contributed by the churches, especially the harvest offerings, have not yet been report-How much the whole will amount to at the end of the year cannot now be precisely stated. The probability is, that it will not be quite as much as it was during the previous year. This is most likely owing to the fact, that an appeal was made and special collections were lifted for missions in the month of January, 1878, whereas this was not done during last winter. The amount due the missionaries on the 1st of July last was \$2,643. The amount of indebtedness for monies borrowed is \$550, which is \$250 less than it was last year. The Board has \$2,500 invested, for which interest is paid. The expenditure for carrying forward the operations The Board has \$2,500 invested, for which inof the Board during the coming year will be something larger than it was during the previous year. To meet current expenses during the coming year, the Board will need \$14,000, for which we suggest that the three different Synods concerned raise the following amounta:

The Synod of the United States	\$8,000
The Synod of the Potomac	
The Synod of Pittsburgh	2,500

We further suggest, that the different Synods request all the churches, or as far as possible, to lift one collection for the relief of our missionaries, during the Advent or Epiphany period of the co-

ming year.

Also, that the Synods and Classes at their coming meetings give special attention to the claims of the missionary cause, urge the importance of systematic benevolence, the further increase of missionary societies in congregations and Sunday-schools, also missionary festivals and the adoption of such measures as will tend to secure more promptly the payment of the classical assessments, so that the wants of our suffering missionaries may be more promptly met, and our missionary operations be more widely extended.

#### Remarks.

In closing this report, we call attention to a few facts. The first is the great extent and the urgent necessities of the field, which we are called on to cultivate. We have not been altogether remiss in providing for the spiritual wants of the missionary ground covered by the three Synods. Beyond that territory, however, we have as yet done comparatively little; and yet the calls upon us from our own people, as well as from others beyond our own immediate limits, to supply them with ministers to break unto them the bread of life, are numerous and urgent. It is the call of the divine Master addressed to us to feed His sheep, to feed His lambs. Many of our people have settled in the new states and territories of the West, who are without ministers and without churches. Our brethren in the West

through their own missionary agencies are doing what they can, but their efforts should be supplemented by the greater resources of There is much for us to do in Kansas, Nebraska, Texas, and neighboring states, where as yet we have scarcely made a begin-Still farther westward, in the Pacific states, we have, indeed, made a fair start, but the demand for more laborers in that field comes with impressive earnestness in almost every communication that reaches us from that distant country. There is also work for us to accomplish in the southern states, as great, perhaps, as else-It is a serious question whether the time has not come to put forth our efforts to revive and expand our Church in that part of the Union. There is no reason, in fact, why our Church should not be represented in all of the southern states, as it would most likely be to-day, if the efforts of our fathers in former years in that direction had been properly followed up. A similar remark may be made in regard to the New England states. There we have only two ministers of our own denomination, and yet there is a German population in most of the large towns and cities, in some of which there are no German ministers, and the destitute people never hear the gospel in a language which they understand. Rev. L. B. Schwartz, pastor of a Reformed Church in Boston, has labored with apostolic zeal for his German brethren, not only in Boston, but elsewhere, for over thirty years. During this period he has preached in many parts of Massachusetts, and started some missions, which, from the want of support from our missionary boards, have fallen into the hands of other denominations that came forward and granted them the needed assistance. After much labor and extraordinary sacrifices on his part, he finds it now difficult to maintain himself at his post in Boston, on account of the financial embarrassments of his own church. The Superintendent, after a careful examination of the whole field during a visit this summer, is convinced that New England, as a missionary ground, has claims on the Reformed Church that she cannot safely overlook or ignore. As a beginning, he thinks there ought to be two missionaries located at Boston at once, one English, and the other German. This would be sufficient for the present, and might, it is believed, be accomplished without too heavy an outlay of money. In a few years other laborers might be added to their number, and new missions be established for the great spiritual destitutions in other places.

Another fact, which ought to be brought home at this particular time to the conscience of the Church, is the inadequacy of the means at the disposal of the Board to carry forward its proper work. It is with great difficulty that the missionaries under the care of the Board are sustained. As a body they are faithful, patient and self-sacrificing laborers in our waste places. But their support is meagre, and they are often distressed and harassed in

their work by care and anxiety to provide for themselves and families, the means necessary for their temporal support. What they are entitled to receive from the Church as their appropriation, is not paid them promptly, and they grow weary in waiting during long and dreary months for the long expected relief. All this should be remedied. In addition, the Church should provide the Board with the means necessary to extend its borders into new and as yet unoccupied regions. This, we believe, will be done as soon as we get our people more generally to see the great need of supplying their fellow-men with the gospel. We have the poor always with us, and they who are willing to feed the bodies of men, as our people are disposed to do, will not withhold the hand of charity from those who are perishing for lack of knowledge. As ministers and people, we all need more of the spirit of Christ and His apostles, which was the spirit of missions and self-sacrifice. In proportion as we are imbued with their spirit, in that degree will our work go forward, and prosper in our hands.

But, whilst at times we feel almost crushed in view of the comparatively meagre efforts which we are making for the building up of the Kingdom of Christ, there are many things to encourage us to engage in this blessed work with renewed courage, faith and hope. Thus far our missionary work has not been a failure. has been more productive of results than we, perhaps, had a right to expect. With the means at our command, few other denominations have done more than we in the missionary field. The interest in the missionary work is growing in our churches, and confidence in our operations is gaining ground. More has been given for missions since the panic and during the hard times than ever before. although the value of money has increased. One of the principal causes of our failure to raise more missionary funds is the want of system and order in developing the benevolence of the Church, but this is passing away. Missionary societies on the apostolic plan, by which all alike, especially our poor people, have an opportunity to do something for the spread of the gospel, are springing up in various parts of the Church. Missionary festivals are more numerous, and doing a good work. The spirit of missions is, we believe, penetrating the life of the Church, and it is beginning to be felt more and more, that the time has arrived when the missionary cause should be regarded as among the first and most vital questions which we are called on to solve. If many things are calculated to dishearten and discourage us at present, we may be assured that if we persevere in patient effort to bring our churches up to the full measure of their responsibility, the future will be more fruitful than the present. Deeply thankful for the kind treament which he has received wherever he has had occasion to visit the churches; glad to record the help and co-operation of ministerial brethren and others, and to testify to the arduous labors of the Executive Council, the Superintendent respectfully presents to the Synods this imperfect sketch of the missionary work during the last eleven months of the past year.

THEODORE APPEL, Superintendent.

In addition to the above contributions for Missions, I received from sundry sources the sum of \$407 90 for the erection of a chapel in Washington City, D. C.

#### REMARKS.

To arrive at the net amount contributed by the Church for Home Missions during the year, we must deduct for the sum total received from all sources, \$240 35 (in the treasury at the beginning of the year), and it will leave the actual contributions during the synodical year (which in this case, however, embraces about eleven months), only the sum of \$7,326 43, or \$2,260 98 less than last year.

Not one of the Classes within the bounds of the three Synods came up in its contributions to the assessments made by the Synods, and hence the Board is always in debt to the missionaries. Virginia Classis is the only one that came nearly up to the amount asked of her; Lebanon and Mercersburg Classes made considerable increase over last year's contributions; but all the others fell far behind, some not raising one-half the assessments made upon them.

It is earnestly hoped that in future there will be less, or no occasion to call attention to such painful facts; and that our beloved Zion will render the assistance needed to carry out the injunction of the Head of the Church, to preach the Gospel to every creature.

Respectfully submitted,

WM. H. SEIBERT, Treasurer.

HARRISBURG, September 2, 1879.

The undersigned, a Committee appointed to audit the account of W. H. Seibert, Treasurer of the Board of Home Missions of the Reformed Church in the United States, respectfully report, that they have attended to the said duty and find the account correct, and a balance of \$128 11 in his hands at this date.

IV. REPORT OF THE COMMITTEE ON MISSIONS, AS ADOPTED.

Your Committee on Missions respectfully report as follows:

Two documents, viz.: the Report of the Superintendent of Missions and the Report of the Treasurer of the Trisynodic Board of Missions, has been referred to us.

From these we learn: 1st. That there are 38 missionary charges under the care of the Board, eight of which are within the bounds of this Synod.

2d. That there are several thousand dollars still due the missionaries.

3d. That \$14,000 are asked of the Synods for the ensuing year; and,

4th. That the Board suggests that this Synod raise \$2,500 of this amount.

In view of the above facts, and others, brought to the notice of Synod in a less formal way, your Committee recommend the following action:

Resolved, 1st. That we hail with pleasure the evidences of a growing missionary sentiment in our church, and the strengthening conviction that we ought to give far more liberally to this object than we have done heretofore, and also the indications of returning material prosperity, which will give us the ability to carry out the liberal things which our hearts are devising on this subject.

Resolved, 2d. That the sacred cause of missions be commended anew to the hearts and minds of the membership of this Synod, and that all legitimate and proper efforts be put forth during the coming year (such as making it a subject of fervent and therefore effectual prayer, giving it more prominence in our preaching, holding missionary festivals, and organizing auxiliary missionary societies in the congregations), still further to awaken and permanently strengthen the charities of the church in this direction, and largely to increase, if possible, the regular flow of contributions into the missionary Treasury.

Resolved, 3d. That the apportionment suggested by the Board, as concerns this Synod, be accepted, and that the sum of \$2,500 be assessed upon the Classes for the support of missions during the coming year.

Resolved, 4th. That (to supplement the action of last year directing the members of the Trisynodic Board of Missions from this Synod to organize themselves into a Board, advisory to the Trisynodic Board), the said members be farther instructed to select one of their number, who shall bear the action of the advisory Board to, and represent the interests of this Synod at the meeting of Trisynodic Board, thus saving the time of the members and the much needed money of the Mission Treasury, and at the same time doing the work assigned quite as efficiently as it can be done in any other way.

Resolved, 5th. That a missionary meeting be held on Sunday evening during the sessions of Synod; that an address be made on the subject of Home Missions by Dr. Theo. Apple, to be followed by impromptu speeches, by the members of Synod, and that a collection for missions be lifted at the close of the meeting.

Respectfully submitted.

### THEOLOGICAL SEMINARY.

#### I. REPORT OF THE BOARD OF TRUSTEES.

To the Pittsburgh Synod of the Reformed Church in United States:

Brethren: Inasmuch as the time for the meeting of Synod is fixed this year much earlier than usual, the Board of Trustees of the Theological Seminary respectfully represent, that they cannot make their usual annual report of the state of the finances at this time, owing to the fact, that the bulk of our investments pay interest semi-annually in April and October. We ask permission, therefore, to hand our Financial report to the Stated Clerk after the adjournment of Synod, and that he be directed to incorporate it in the published minutes of Synod.

At the last annual meeting of Synod, we were directed to pay Rev. Frederick A. Gast, D.D., a salary of \$1,000 per annum for the current and preceding year, but Synod failed to provide the means

to meet this increased expenditure.

We have determined to pay the three professors in the Seminary a percentage of their salaries, until such time as Synod places the amount of funds in our hands to pay them in full. As Trustees of the fund you have placed under our care, we do not know what other course to pursue; but, at the same time, feel that the action of Synod places the professors and the Board in very unpleasant positions.

The Seminary is the property of Synod. It needs at least \$600 per annum more than its present income to pay its current expenses. Either its expenses must be reduced, its income must be increased, or you must direct your Board to use of the principal of the endowment fund to meet this excess of expenditures over receipts.

Is not this deficit a legitimate item of contingent expenses of Synod, and should it not be met as any other item of contingent

expenses is met?

It is the province of Synod to devise ways and means to carry forward its own institution. As your Board, we will try to use the funds placed in our hands as prudently and as faithfully as we can, but we do not feel warranted in using of the principal of the endowment fund to pay current expenses, without the direct order of your venerable body. Respectfully submitted.

D. W. GROSS, President. EDW. J. ZAHM, Rec. Secretary. JOHN B. ROTH, Treasurer.

LANCASTER, PA., Sept. 3d, 1879.

# III. REPORT OF THE BOARD OF VISITORS.

To the Synod of Pittsburgh:

Respected Brethren: The Board of Visitors takes pleasure in reporting, that the divine favor has continued to rest on our school of the prophets.

The sessions of the Seminary were opened on the first Thursday in September, 1878, and continued throughout the year without

interruption.

The following nine persons were admitted into the Seminary at the opening of the year as members of the Junior class: Albert A. Black, Thomas A. Fenstermacher, Edwin A. Gernant, Cosmos H. Herbst, Newton J. Miller, Cyrus J. Musser, John W. Rauch, Calvin S. Slagel, Joshua Walbach. All are regular college graduates, with the exception of one, who was admitted on the basis of the Partial Course. Six are graduates of Franklin and Marshall,

one of Merceraburg and one of Muhlenberg College.

The Faculty commends the industry, moral habits and Christian character of the students, and reports that the moral tone of the institution compares favorably with that of previous years. Their attendance was good. Several of them, however, were under the necessity of absenting themselves during a part of the time, and were excused by the Board. One taught school, another supplied a missionary congregation, and another had to give up study for a time, on account of the condition of his eyes. The examinations at the end of the year were satisfactory and regarded as an advance on those of the previous year.

The following persons, members of the Senior class, seven in number, having pursued the course prescribed in the Seminary, and sustained a creditable examination, were dismissed and recommended for licensure: Robert C. Bowling, Simon P. Brown, W. Wilberforce Deatrick, Maximilian Dumstrey, Thomas J. Hacker, Thomas S. Land, Silas F. Laury. All but one, have entered upon

the active duties of the ministry.

During the past year, the Secretary of the Board was requested to prepare a digest of the Rules and Regulations of the Seminary, as adopted from time to time. They were revised and amended, and a copy was ordered to be recorded in the minutes of the Board. Such as were omitted are no longer regarded as binding. The Board, for the sake of con enience, directed that the charter of the Seminary should be published in next year's catalogue.

We do not think it necessary at this time to direct attention to the great importance of the Seminary to the prosperity of the Church. We simply refer to what has been said in former reports, in this respect. It will continue to need the sympathies, the prayers and the help of the Church, in order that it may perform aright its great work, and enlarge the sphere of its operations. We must have laborers properly prepared for the harvest, and especially at this time, when the Church is engaged in much inward struggle to do her part in building up missions and in extending the kingdom of Christ in the world. In order to carry out her divine impulses, she will continue to need from year to year a supply of men, thoroughly trained and fully up to the demands of the age in culture and preparation for their work.

For what has been done by the Board, acting as a Board of Education, we refer the Synod to the report of the Treasurer hereto

annexed. Respectfully submitted.

THEODORE APPEL, Secretary.

# IV. REPORT OF THE COMMITTEE ON THEOLOGICAL SEMINARY, AS ADOPTED.

The Committee on the Theological Seminary would respectfully report:

The following papers were referred to us for consideration, to wit: The Report of the Board of Visitors of Theological Seminary, and a paper presented by Dr. Fisher, Stated Clerk of the Synod of the U.S., suggesting a similar course of action to this Synod, as to the manner of providing for the deficiency in the payment of the salaries of the Professors in the Theological Seminary.

The Report of the Board of Visitors shows that seven students were dismissed to enter the Ministry, and nine entered the Junior Class of the Seminary, and that the progress of the students in the institution during the past year compares favorably with that of

previous years.

As to the financial condition of the Seminary, we learn, that on the salaries of Professors, the funds in hand were insufficient, by \$600, to meet the current expenses of the institution, and that we concur with the action taken by Synod of the U.S., recommending a similar action by this Synod.

On this point we offer the following for adoption:

Resolved, That we concur in the action, adopted by the Synod of the U.S., directing the Board of Trustees of the Seminary to pay the Professors in the Seminary a percentage of their salaries, until such time as Synod may be able to pay them in full; and that the several Classes be and are hereby directed to appoint some particular time for each pastor to take up a collection in his charge to meet the deficiency for the ensuing year.

Respectfully submitted.

# INSTITUTIONS OF LEARNING.

Report of the Trustees of Literary Institution.

To the Reverend Synod of Pittsburgh:—The President of the Board of Trustees of Literary Institution would report that he called a meeting of the Board in June last, but could not secure a quorum to transact business legally. I herewith submit the report of the Principal of Greensburg Female Seminary, and call attention to the expiration of the terms of office of J. W. Love, and Elders H. L. Baer and W. R. Barnhart.

Respectfully submitted.

J. W. Love, Prest. of the Board.

Fourth Annual Report of the Principal of Greensburg Female Seminary.

The work of education has, this year, as in former years, also been carried forward with energy and commendable zeal. The organization of the institution has been more fully completed and its internal operations perfected, and it has gained much in strength, in experience and in teaching force. As is known to the Board, a large and able Faculty of instructors is employed—seven in number. The work of instruction has been faithfully attended to in all the departments by the respective teachers. In this respect the institution is all that could be desired, and affords special and superior advantages to those desiring a good education. The course of instruction is also ample and comprehensive, including the necessary preparatory studies, as well as the higher branches of the Seminary course proper. The Ornamental Departments of Music, Painting and Drawing, also affords special advantages to young ladies to cultivate their talents and tastes for æsthetic studies. Many pupils are beginning to turn their attention to these studies. Their importance as a necessary part of a good education, is coming to be more generally felt. Higher education, to be complete, needs the art studies, as well as the more solid, practical, every-day business branches. This is especially the case in female education. wants Greensburg Seminary aims to meet. The improvement of the pupils in attendance is hopeful and promising. Their attainments in the branches of the several departments of the institution are respectable, and their progress commendable. Much interest is manifested by many of the pupils in their studies. This is especially seen in the fidelity with which they attend upon the written examinations, which are always impartial, rigid and thorough.

The standard of scholarship aimed at and attained by many is high. Those of you who have attended the public examinations at the close of the year, are able to judge of the scholarship and standing of the pupils. There was abundant evidence of thorough training and faithful instruction in these examinations. The interest taken in the commencement exercises, shows an increasing appreciation of the institution by the public generally. The institution has thus far maintained itself, and accomplished an important work for the cause of female education in the community. The number of pupils in attendance has been about the same this year as in former years. It was found necessary to increase the income of the institution in order to meet the financial demands resting upon it. Hence, the Principal in consultation with the members of the Board thought it advisable to open a Male department in connection with the in-This was accordingly done at the opening of the spring term of the present year. The aim and object of this new arrangement are especially set forth in a circular, issued at that time, which I herewith submit as a part of this Report, and ask your official sanction and approval of the plan, at least as a present necessity. I hope it will receive the proper encouragement and support from Synod. I therefore ask that this Report and the accompanying Circular be laid before Synod for their consideration.

LUCIAN CORT.

The Report of the Board of Directors of St. Paul's Orphan Home.

In submitting another annual report of the condition of the St. Paul's Orphan Home, it affords the Board pleasure to state that the Home has enjoyed another year of ordinary prosperity. The Lord has continued to favor it with His blessing, and to Him we ascribe all the glory and praise.

During the year about the usual number of children have been cared for. Their spiritual and temporal wants have been supplied, and the efforts of the Superintendent and the teacher in training the children for usefulness in this life and happiness in the life to come, have been successful. The discipiine is good, and the order maintained is calculated to cultivate habits of industry, economy, and

that prudence which is so essential to success in life.

The farm has been well cultivated, and has produced more bountifully than usual. The Board has made some important improvements. Among these, new furniture for the school-room has been procured—the room papered and painted, and thus this important department of the institution has been rendered much more agreeable, and better calculated to subserve the interest for which it is intended. We have also made an arrangement with the Butler Water Company, by which the Home is now supplied with an abundance of pure fresh water.

Considering the stringency of the times, and the very limited

amount of means upon which the Home has to be conducted, we feel that both its internal and external condition is as good as any one has any right to expect. The Synod ought to do more for the Orphan. It is a great and good work, and should command the sympathy and prayers of every member of the Church. We commend it to the Christion regards of the Synod, and ask that such measures be adopted as shall secure the material aid needed to make St. Paul's Orphan Home what it should be, a blessing to a much larger number of destitute children.

Respectfully submitted.

T. J. BARKLEY, President of the Board.

# Report of Committee on Institutions of Learning.

Your Committee begs leave to offer the following report: Three documents have been referred to your Committee, viz.: The Report of the Board of Directors of St. Paul's Orphan Home; a statement from the President of the Board of Trustees of the Greensburg Seminary, informing us that the Board did not hold a meeting during the past year; and a Report from the Principal of the Greensburg Seminary, together with a Catalogue of the same institution.

In regard to the above documents, we propose the following action:

- 1st. Resolved, That each pastor of this Synod be directed to preach at least one sermon during the coming year, on the subject of the cause of Orphans, and to take a Collection at such service, in behalf of the St. Paul's Orphan Home.
- 2d. Resolved, That the ministers and elders of this Synod be requested to call the attention of the Sunday-schools in their respective charges to the Orphan Messenger, published in the interests of the Home.
- 3d. Resolved, That the attention of parents be directed to the importance of Female Education, and the facilities Greensburg Seminary offers for this purpose, and that the opening of a Male department is hereby sanctioned for the present.
- 4th. Resolved, That one page of the cover of the published Minutes of Synod be devoted to an advertisement of the school.

Respectfully submitted.

   Revs. S. Z. Beam and W. F. Lichliter.
- 2. What is the proper object of the S. S.?

  Revs. Jos. H. Apple and D. S. Dieffenbacher.
- 3. The best mode of S. S. government?

  Revs. J. M. Titzel and J. W. Knappenberger.
- 4. The relation of S. S. instruction to Confirmation?

  Revs. A. K. Kline and L. D. Steckel,
- What are the duties of a S. S. Superintendent?

### BENEFICIARY EDUCATION.

Report of Board of Beneficiary Education for the year 1878-79.

The operations of the Board of Beneficiary Education have been carried forward during the past year with considerable efficiency.

Although the condition of Synod's Treasury did not allow the full payment of all the beneficiaries, yet they continued their studies in the several institutions, without interruption.

From the reports received from their instructors we find that their progress in their studies has been commendable, and their

conduct irreproachable.

C. Gumbert and R. C. Bowling completed their theological studies during the year, and are now engaged in the active work of

the ministry within the bounds of this Synod.

Although the Board is thus relieved financially, one was received under our care since our last report; other applications for aid have been made, which in all probability will be favorably acted upon at an early day, so that no diminution of our expenses can be expected at present. Five students are now under our care and receiving our aid.

Since our last report \$960 have been received and paid to those entitled thereto. To meet our demands for the coming year and pay off present indebtedness, we ask from Synod an appropriation of \$1,200.

We also recommend that Synod appropriate a fixed amount, i. c. \$2.00 annually for postage and stationery for use of the Board.

The term of Jacob Hershey, a member of the Board, expires with this meeting of Synod; you are called upon to fill his place by an election.

Respectfully submitted.

C. R. DIEFFENBACHER, President of Board of Ben. Education.

Report of the Committee as adopted.

The Committee on Education beg leave to report that the only paper that has come into their hands, is the report of the Board of Beneficiary Education. With reference to this report we recommend for your adoption, the following items:

1. That an appropriation of \$1,000 be made to meet the demands of this cause the coming year, and to pay off present indebtedness, and that hereafter \$125 per year shall be the maximum sum appropriated to each student.

2. That the sum of \$2 annually be allowed the Board for postage

and stationery.

3. That the term of Jacob Hershey, as a member of the Board, expires with this meeting of Synod.

# ARTICLE XVIII.

# PUBLICATION.

Annual Report of the Board of Publication for the eleven months, ending with August 1st, 1879.

To the Synods of the United States, Pittsburgh, and the Potomac, the Board of Publication of the Reformed Church in the U.S., respectfully submits the following report:

The Board held three regular meetings during the eleven months covered by this report, at each of which, especially at the last meeting, close attention was given to the interests entrusted to their care. It is a source of regret, that they cannot present a more flattering report than the present must necessarily be; though, perhaps, it is more flattering than could have been expected when all the circumstances in the case are taken into consideration.

The Book Department, we regret to say, has met with a more than usual falling off in its business, than during any year since the panic commenced, and in this department our chief deficiency during the period covered by this report exists. To what particular cause this is to be traced, it may be difficult exactly to determine. Those entrusted with its management have not been relax in their efforts to make it a complete success. To what extent the patronage of the Church itself has been withheld, is best known to those, if there be any such, who have bestowed their patronage elsewhere. Certain it is, they have not done so, because they obtained better terms. It is to be remembered, however, that the general experience of the Book Trade pronounces the depression in business during the past year, to have been more severe than it has been during any year since the commencement of the panic. The Book Trade is one of the first to feel such depression, and one of the last to recover from it. The general impression, however, is, that an encouraging revival of business in the Book Department will be experienced during the incoming fall, in which the Board has reason to hope its business will share.

In the general periodical department, there has been, on the whole, some improvement on the previous year. The receipts on account of some of the periodicals have been increased, whilst the falling off on any of them is very slight, with a single exception. In those cases, however, where there has been a falling off, there has been a corresponding addition to the outstanding dues.

There has been a slight increase in the number of subscribers to the "Messenger" over that reported last year. In view of the large number of new subscribers obtained by the efforts of a special agency, it was naturally expected, that the increase would be larger. So many, however, new subscribers discontinue at the end of the first or second year; and it is necessary constantly to purge the subscription lists of non-paying subscribers, that it requires constant effort to keep the list at the present standard; and accordingly, large as the additions have been, they have but little exceeded the number of names stricken from the list. A decrease of one hundred and thirty-seven subscribers has occurred in the "Guardian" list, whilst a large addition has been made to the number of Lesson Papers printed. The "Review" shows an increase of seventeen, and the Monthly "Child's Treasury" of thirty-seven. The Semimonthly has lost over twelve hundred subscribers. No special reason can be assigned for this, as a continued decrease has been going forward for several years.

To meet a want which has been deeply felt for some time in the Church, and which could not be longer disregarded, without serious detriment to its interests, the Board felt constrained to commence the publication of a small weekly sheet for Infant Classes in Sunday schools. They have named it "Sunshine," and it has met with a favorable reception thus far, and the indications are, that the receipts during the first year will be sufficient to cover the actual ex-

penses incurred.

The Board again appointed a special committee from its own number, in which each of the three Synods were represented, to examine carefully into the condition of the establishment. They spent the greater part of two days in their specific work. Their report is here incorporated, as the most accurate account that can be given of the result reached:

PHILADELPHIA, Aug. 20th, 1879.

To the Reformed Church Publication Board:

Your committee appointed at the last meeting, to take account of stock in store, and ascertain the financial condition of the Board,

beg leave to report:

We have carefully gone over the list of books and goods in the store, and examined into our liabilities and assets, with the following results: We find a considerable amount of stock on hand, coming down from former years, that is not saleable, and hence comparatively worthless. This we estimated at only half its cost value, and in a few instances, threw it out altogether. Other of the stock we threw off one-fourth, one-fifth, and on all of it in sum total, one-tenth of its returned value. Our Book Agent, Mr. Taylor, was with us and coincided with our judgment. We found a large number of valueless "Reviews" and "Guardians" of former years still on hand. These we reduced one-half from the estimate put on them last year, and still it is doubtful whether they can ever be sold for their present estimated value. We also found some books in sheets, that are worth but little, and hence estimated them at a low rate. It is the opinion of your committee, that greater

care should be exercised in printing a less number of extra periodicals, especially of the "Review" and "Guardian," which have

accumulated in such large numbers on our hands.

We find due on Book accounts over six thousand dollars: on subscriptions due from present subscribers to our periodicals, over thirteen thousand dollars, and due from old accounts of discontinued subscribers, nearly twelve thousand dollars, for about seventeen hundred dollars of which, notes and due bills have been given. Thus it will be seen, that the total amount due the Board, on book account and subscriptions to periodicals, amounts to the sum of over twenty-five thousand dollars. This is a fearful loss in interest; but the worst of it is, that at least one-third of this large amount, or eight thousand dollars of it, had to be thrown out as not collectable. More care, we think, should be exercised in trusting those, not known to be good, and still more earnest efforts made to collect up outstanding claims. In saying all this, we have no design of reflecting upon the business capacity of our Superintendent or Book Agent. We believe they are both doing the very best they can for the interests of the establishment. The fault is rather with our ministers and people, who buy books and subscribe for periodicals and do not pay for them. But the experience of the past should teach us to trust less, and be wider awake to our pecuniary interests.

We are sorry to say, that our liabilities have increased during the last eleven months, about \$2,500, while our assets have decreased about \$1,800. Of course, this is owing in part to the reductions made on stock on hand, and the throwing out of what are believed to be worthless accounts. It will be remembered, also, that, when four years ago, the Synods elected a new Editor-in-chief, it was hoped that the increased income to the Establishment would meet the expense of his salary, and that this expectation has been disappointed, so that a large part of our increased liability is owing to the demand made upon us to pay the salary of additional force on the "Messenger." Still, the fact stares us in the face, that we are losing money largely, and, that unless our expenses can be brought nearer within our income, our existence as a Board will be only a matter of a few years. It is not within the province of the committee, as such, to suggest a remedy. We leave that to the united wisdom of the Board, and to the Synods represented in it. The total liabilities and assets, together with his detailed statement, will be found in the Superintendent's report.

Respectfully submitted.

J. W. Love, G. S. Griffith.

To provide, as far as in their power, for a decrease of expenditures, the Board has made a general reduction on all the salaries of those employed in its service. As a means of further relieving the

Board from financial pressure, it respectfully overtures the Synods represented in the Board, to recommend to the Classes and congregations within their bounds, to provide means for printing and distributing religious literature gratuitously, or at such reduced rates as the Board may deem best, to weak charges, Mission congregations, and other benevolent associations. Should this overture be granted, it further asks, that the Synod of the United States appoint a committee to prepare the manuscript for a tract on the "Duty and Privilege of giving to the Support of the Benevolent Operations of the Church:"

That the Synod of the Potomac appoint a committee to prepare a tract on the "Duty of and Benefit to Individuals and Families,

Subscribing for and Reading our Church Periodicals;"

That the Synod of Pittsburgh appoint a committee to prepare the manuscript for a tract on the "Duty and Advantages of full Church Membership;" each tract not to contain more than eight pages, and that the cost of printing them be paid out of the fund raised for the free circulation of religious literature, and that all the congregations within the bounds of the three Synods, which contribute to this fund, shall be gratuitously supplied with said tracts for distribution in their families.

With a view to extend the circulation of the "Guardian" and "Child's Treasury," the Board has determined upon a reduction of the price of these periodicals, to go into effect, with the opening of the incoming year. As the income on the Semi-monthly Child's Treasury, in consequence of the falling off of its subscription list, is insufficient to cover the additional expenses incurred through it, the Board will discontinue its issue after the present year.

The Board appointed a committee to prepare a new price list of books published by it, and of all books on hand, putting such as are saleable at greatly reduced rates. This committee is to report at the next meeting of the Board to be held in December next, and the new price list is to go into effect with the opening of the incom-

ing year.

The time of service of G. S. Griffith and B. Wolff, Jr., as members of the Board, will terminate with the present year. It will, therefore, devolve upon the Synods they respectively represent, to fill the vacancies in the Board, which will thus occur.

Respectfully submitted in behalf of the Board.

D. W. GROSS. President.

SAMUEL R. FISHER, Secretary. Philadelphia, Aug. 29th, 1879.

Report of the Committee on Publication as adopted.

The Committee on Publication beg leave to report that the following papers have been referred to them:-

1. The Annual Report of the Board of Publication for the

eleven months ending August 1st, 1879, together with a general and detailed statement of the financial operations of the Board during the same time.

2. Overtures from the Synod of the United States, asking this Synod to elect one member of a Committee to select a series of S. S. Scripture lessons and prepare comments on the same, for the year, and also asking this Synod to unite with it, in abolishing the Editorship-in-chief of the "Messenger."

Your Committee learn from the report that there has been an increase of liabilities amounting to \$2539 08, and a decrease of assets of \$4829.86, which makes a decrease of valuation of \$7368.94. At this rate our Publication operations must soon be involved in hopeless ruin and bankruptcy. Many causes have contributed to this end, viz.:—Stringency in money matters,—decrease in sale of books and in the circulation of some of the Periodicals,—a large reduction in the value of the stock on hand,—a failure to collect promptly outstanding dues, with the steady increase of interest on all liabilities.

The following recommendations were made by the Board of Publication, to which your Committee propose the following action by the Synod:—

1. To appoint a Committee to prepare a tract on "The Duty and Advantages of Church Membership:"—

Resolved, That a Committee be appointed to prepare such a Tract, and that as soon as a sufficient amount of money be collected in Pittsburgh Synod to pay for its publication, it be published.

2. To discontinue the "Semi-monthly Child's Treasury."

Resolved, That the Board of Publication be requested to reconsider their action with regard to the publication of the "Semi-monthly Child's Treasury," and continue its publication, if they can do so without serious loss.

- 3. The term of B. Wolff, Jr., expires as a member of the Board. Resolved, That this vacancy be filled by an election.
- 4. Resolved, That a cheaper grade of paper be used for the "Messenger."
- 5. That collections be held in the charges of the three Synods to enable the Board to make free contributions to weak and mission congregations.

Resolved, That collections be taken for the aforesaid purpose wherever practicable.

To the overtures from the Synod of the United States the following action is proposed:

6. To appoint a member on a Committee to prepare S. S. Lesson Leaves:

Resolved, That we deem it inexpedient to comply with this request, but will be satisfied with any arrangements the other two Synods may make.

7. It is proposed to lessen the expenses by dispensing with the services of the Editor-in-chief of the "Messenger," and the Synodical Editors, and give this work into the hands of a Superintendent.

Resolved, That this Synod does not concur in the changes in the editorial management of the "Messenger" recommended by the Synod of the United States, and that we refer all questions touching the internal management of the publication interests, to the Tri-Synodic Board of Publication.

8. Resolved, That we approve of the action of the Board in reducing the salaries of the employees and editors.

# Respectfully submitted.

C. U. HEILMAN, F. PILGRAM, J. W. ALSPACH, L. P. NALY, SAML. FLAUGH.

Revs. J. M. Titzel, Geo. D. Gurley and F. A. Edmonds were appointed the Committee called for in item 1, of this report.

It is gratifying to know that although we have not contributed anything towards the general expenses of the Tri-Synodical Board during the past year, yet we have paid off entirely a legacy of debt left us by them, and also sent to the Missions in Iowa one hundred dollars. As the receipts during the first Synodical quarter will be small, the present balance, with probable receipts, will largely suffice for our payments due between this and January first next.

Respectfully submitted.

## STATE OF THE CHURCH.

## REPORT OF THE COMMITTEE AS ADOPTED.

In the name of God, Amen.

Dear Brethren:—Time in its unceasing flow has brought us to the close of the present and the beginning of a new synodical year. We are to day consequently one year nearer the final consummation of Redemption and bliss of the saints of God, and one year nearer the condemnation and everlasting banishment of the unbelieving and wicked, than when we last met to deliberate on the affairs of the kingdom of our Lord. And as we now stand on the last height of the dividing ridge between the past and the incoming year, it is well that our custom requires of us to make a brief halt and take a retrospective view of our doings and experiences of the past year. By reviewing our labors and accomplishments, our difficulties and hindrances, our successes and reverses, we may arrive at a measurably correct knowledge of the present religious and moral condition of our Church, and thus be the better able to labor to advantage and with success during the year upon which we are now entering.

The question which your Committee is expected to answer in this report is,
-What is the state of Religion and Morals of the Reformed Church within

the bounds of this Synod?

From the facts and statements presented in the classical reports referred to us, and from information gathered from other sources, we are enabled to sub-

mit the following for adoption:

We should be thankful to God that the ministers of this Synod were blessed with unusually good health and strength during the year, thus permitting them to labor unremittingly in the vineyard of the Lord. Their lives also were precious in the sight of our heavenly Father, only one soldier of the Cross, a father in Israel, having fallen since last we met in synodical convention. The same observation may also be made in reference to the membership of the Church. They have not been sorely visited during the year by any great sickness or many deaths; the death list reported in the statistics being considerably

smaller than that of last year.

The gospel has been preached faithfully and agreeably to the standards of our Church; the children have been baptized; the youth have been instructed; an increased number of persons have been admitted to the full communion and fellowship of the Church by the solemn rite of confirmation; a comparatively larger number of members partook of the Holy Communion of the body and blood of our Lord and Saviour Jesus Christ; the morals of the people must also, in the main, have been good, as no trials, no suspensions, and no excommunications have been reported; and there has also been an increase of liberality among the people, as considerably larger sums of money were contributed both for general benevolence and the local support and maintenance of the Church. The statistical table makes a more favorable showing in every particular than that of last year, indicating that the Lord has owned and blessed the labors and efforts of His ministerial servants.

There are a few items contained in the classical reports which deserve some

special notice.

First, There has been a general awakening throughout the whole Church during the last several years, in regard to the Sunday school cause, and the different classes of this Synod seem to be fully alive to the importance of this particular branch of Church work. Sunday-school conventions have been quite numerous in all parts of the Synod, in which the true nature, proper purpose and aim of this department of Christian activity, and kindred subjects were earnestly discussed and acted upon. And we have reason to believe, that the evils and errors in the system are gradually being exposed and eradicated, that the cause is being brought to rest on a true and safe foundation, and that the work is being much more efficiently done than formerly.

The number of Sunday-schools remains the same this year as last, but there

has been an increase of seven hundred Sunday-school scholars.

Secondly, Mention is made of the peace which prevails among ministers and people throughout the bounds of this Synod. At our last meeting, we engaged a special prayer to the great Head of the Church, that He might give us the guidance of His Holy Spirit to lead us into the path of peace and harmony, and we also elected delegates to a Commission created by the General Synod,

which should make provision by which the strife and discord, which for many years had prevailed throughout the borders of our beloved Zion, might be brought to a successful and blessed close. The result of the efforts of the Peace Commission has been brought to the attention of this Synod, and is known to us all. One section of the Church had been but slightly affected by the general contention and alienation of brethren (though there were temporal dissensions here and there), and yet the healthful spirit of peace has had a benign influence also upon us as a Synod. Our ministers are permitted, by the present peaceful condition of the Church, to give their undivided attention and care more directly to the spiritual wants and needs of the flocks in their charge. The forces of the Church, instead of being arrayed against each other, now stand side by side, ready to make a general forward movement along the whole line.

Thirdly, As a result of the day of peace which has dawned upon us, increased interest has been taken throughout our Synod in the sacred cause of missions. Conventions have been held, societies have been organized, and sermons have been preached in the interest and for the furtherance of this cause, and money, too, has been flowing a little more freely into the Treasury of Missions. The section of the Church covered now by Pittsburgh Synod has always been imbued, to a greater or less extent, with a missionary spirit, and, comparatively speaking, has accomplished a great and commendable work. And we stand in the fore-front now. But we have not yet, by any means, come up to the full measure of our ability and duty. We can, if we will, accomplish much more than we have as yet at any time done. May the Lord inspire us with a greater love for the salvation of souls, and give us a spirit of larger liberality and more energetic work.

Fourthly, Complaint is made that a large number of our people do not receive the papers and periodicals of our Church. It is certainly to be regretted that so large a portion of our membership, including elders and deacons, do not read the literature of the Church as faithfully as they should and as might reasonably be expected of them, and as is necessary if they would discharge their Christian obligations and duties faithfully and well in their day and generation. However, since the last annual meetings of the Classes, earnest and thus far successful efforts are being made to introduce the Church papers more extensively among the people of our Synod. We look forward, hopefully, for better reports in regard to this matter by next year.

By way of general summary we say then, that viewing the religious and moral condition of our Church in the light of last year's report, we must pronounce it good. Progress has been made, evidently, in faith, piety, and good works. Again, looking at the portion of God's vineyard represented by this Synod, in the light of the religious and moral state of other Synods and other Churches by which we are surrounded, we must report its condition commendable and good. Our ministers are just as faithful keepers of the mysteries of God, just as sincere and earnest in the promulgation of the Gospel of Jesus Christ, and just as anxious for the salvation of the world, as those of other denominations. Our people, too, in general, are just as faithful in the discharge of their religious obligations according to their understanding, just as honest and upright in their intercourse with their fellow-men, and just as devoted and pure in their lives as those of sister Churches.

But when God's holy Word is held up before us as a mirror in which we

But when God's holy Word is held up before us as a mirror in which we may view ourselves and our works, we cannot make such a favorable report. For we do not find among us such an entire and full surrender to our God, as is required by the words, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength." Nor does such a spirit of unselfishness prevail as the words, "Thou shalt love thy neighbor as thyself," demand. Nor is the following condition of discipleship, laid down by Jesus Himself, fully complied with: "If any man will come after Me, let him deny himself, take up his cross and follow me." Nor

have we arrived at such heavenly purity and divine perfection as is called for by the commands: "Be ye holy; be ye perfect as your Father which is in heaven is perfect." The call comes to us, therefore, as forcibly as ever, to humble ourselves as it were, in dust and ashes, before Almighty God, in view of our many shortcomings and great unrighteousness, to beg earnestly for mercy and forgiveness, and to beseech Him for the gift of His Spirit and be made able and willing to serve and worship Him more acceptably, to labor more effectually.

and to pray more fervently.

As a Synod and Church we have taken our position firmly on the foundation of the apostles and prophets, Jesus Christ Himself being the chief corner-stone. We are rooted and grounded in the faith of the Church of all ages, as this is expressed in the articles of the Apostles' Creed, and we follow as our safe guide in searching for the truth of God, the tried doctrines of the reformers as these are embodied in the Heidelberg Catechism; but what is urgently demanded of us now by the times in which we live, is, that we give ourselves to practical activity and earnest work. Enterprise and enthusiasm are now specially called for at our hands. Our people need to lay seriously to heart the apostle's injunction to work out their salvation with fear and trembling. Personal piety and holiness and earnest dedication of the believer to the service and worship of the Master are very much needed. And so, also, a more liberal and generous support of the Church in all her interests, a more active and zealous spirit and more lively work in the cause of missions, and more aggressive labors, in general, by ministers, elders and people, for the salvation of soula, are demanded. Will we answer the call of the day, and comply with the manifest demands of the times? The Lord help us so to do.

It becomes our sad duty now, yet to notice more fully the death of one of our number, the Rev. Henry Hoffman, of Clarion Classis. He had labored in the cospel ministry for a period of thirty four years, serving during that time six different charges, returning in his old days to break the bread of life to the same people among whom, in youthful vigor and zeal, he had begun his ministerial labors, and among whom he now also laid down his shepherd's crook and ended his labors. He was present with us at our last meeting of Synod, apparently in health and strength, and was one of the number who led the Synod in prayer, earnestly giving thanks and praise to the Lord our God, for the day of peace which was now happily dawning upon our Reformed Zion. Within two months thereafter, he was called to the peace, joy and bliss of the Church triumphant. To-day we miss his mild countenance, his genial smile, his modest bearing, his gentle but earnest counsel, and the influence of his loving and peaceful character. We mourn his departure, but we sorrow not as those who have no hope, for we believe that Jesus died and rose again, and that those who sleep in Jesus are at rest and blessed forevermore, and will be brought forth again. May we who yet remain in the body walk worthy of the vocation wherewith we are called, that we may enter, at death, into the peace and joy of those who have departed hence in the faith, and may the good Lord abide with us evermore, until both they and we shall have reached our common consummation of Redemption and bliss in the glorious Resurrection of the last day. And unto the Father, and the Son, and the Holy Ghost be all honor and glory, world without end, Amen.

#### MISSIONS.

#### I. REPORT OF THE TRI-SYNODIC BOARD.

To the Synod of Pittsburgh:

Fathers and Brethren:—We herewith transmit to your reverend body the annual reports of the Superintendent and Treasurer of the Board of Missions of the Reformed Church in the United States. The reports contain in brief all the information that is necessary for us at this time to communicate. We cannot but express our gratitude to Almighty God, and congratulate the Church on the measure of success that has attended the missionary work, and the enlarged gifts of our people to benevolence during the year that has just closed. Our people have contributed, during this year, double the amount they gave to missions last year, namely, \$15,000. And whilst this is but a small amount as compared to our resources, it is still a decided advance. We should take courage from this fact, and press the work with still greater vigor in the future.

Respectfully submitted,

J. O. MILLER, Pres.

W. H. H. SNYDER, Sec. York, Oct. 9, 1880.

II. REPORT OF THE SUPERINTENDENT OF THE TRI-SYNODIC BOARD OF MISSIONS.

To the Synod of the Reformed Church in the United States, to the Synod of Pittsburg, and to the Synod of the Potomac.

RESPECTED BRETHREN:—It is with gratitude to God that the Superintendent of Missions presents this his annual report of the condition and prospects of the missions over which he, in connection with the Board, has had the oversight for the last three years. During the past year, this particular department of the life and activity of the Church has been more than usually blest by its great Head; for which it becomes us to humble ourselves, and render thanks to the Father of lights, the giver of every good and perfect gift.

#### PENNSYLVANIA.

Grace Church, Easton.—Members, 75. Baptisms, 5. Additions, 7. S. S. scholars, 95. Cost of property, about \$3,000. Reduction of the debt, \$700, of which \$380 was paid by the mother church at Easton. Benevolence, \$29.23. Local objects, \$800. Some 15 or 16 church papers are read. Under care of the Board, 4 years. Attendance improving. Appropriation last year by Classis, \$200; by the Board, \$150. As the appropriation to this mission is fixed by the coming Classis, the Board declines to specify any appropriation for the coming year. Pastor, D. Y. Heisler.

Catasaugua.—Members, 136; last year, 90. Baptisms, 7. S. S. scholars, 160. Benevolence, \$34.05. Local objects, \$844. Under the care of the Board since 1873. During the past year, this mission succeeded in redeeming its church building, which had been sold during

the previous year by its creditors. It was secured for \$3075, which is less than half of its original cost. On making this purchase, the congregation paid \$475, so that the remaining indebtedness is only \$2600, which it is expected will be paid off gradually from year to year. The prospects of this mission are again encouraging; and pastor and people feel prompted to engage in the work committed to their hands with fresh courage and new faith. Appropriation last year, \$300. No appropriation made by the Board for the coming year for the reason assigned above. Pastor, J. J. Christ.

Christ Mission, East Allentown.—Members, 130; last year, 90. Baptisms, 16. Additions, 45. S. S. scholars, 180; last year, 157. Cost of property, \$1900; but worth much more. Reduction, about \$700. Benevolent and local objects, \$300. The Classis of Lehigh at its last meeting agreed to pay part of the remaining debt, amounting to \$600, in three yearly instalments of \$200 each, and the missionary agreed to relieve the Classis of the appropriation hitherto made. Attendance on divine service, good. The prospects of the mission are encouraging. Appropriation last year, \$300; for the present, \$100. Pastor, J. Fritzinger.

St. John's, Reading.—Members, 360; last year, 305. Baptisms, 53; last year, 40. Additions, 163; last year, 29. S. S. scholars, 325. Attendance good at both German and English services. Cost of property, \$22,000. Debt, \$9,750. Reduction of indebtedness, \$300. Benevolence, \$80. Local objects, \$2,500. 22 subscribers for the church papers. The pastor has been preaching at Birdsboro, and with the approbation of Classis has organized a congregation at that place with 53 members. By the action of the Board, he is to serve this new mission for the time being. The large debt resting on the mission at Reading is a burden, which it finds difficult to bear; but thus far it has been able to maintain its credit. It enjoys the sympathy and confidence of the other churches in the city, and has been receiving help from them all along. Appropriation last year, \$250; this year, \$300. Pastor, J. W. Steinmetz.

St. John's, West Philadelphia.—Members, 90. Baptisms, 4. Additions, 17. S. S. scholars, 70. Cost of property, \$5,000; but worth more at the present time. Indebtedness, \$2,400. Reduction, \$1,000. Benevolence, \$12. Local objects, \$400. Attendance, good. The congregation enjoys generally the good will of the surrounding community. The pastor, under the direction of the superintendent, has been performing some missionary work in the city of Philadelphia and vicinity; which it is hoped will be attended with good results in the future. Appropriation last year, \$300; this year, \$275. Pastor, J. S. Vandersloot.

Second Church, Harrisburg.—Members, 111. Baptisms, 8. Additions, 14. S. S. scholars, 282; last year, 220. Benevolence, \$72. Local objects, \$500. The cost of the church property, \$6,000; but it is worth more at the present time. A small debt was paid off during the year by the Ladies' Mite Society. The missionary society collected, during the present year, nearly twice as much as during the previous year. The church papers are read in the congregation, and the mission is making progress. Appropriation last year, \$250; this year, the same. Pastor, G. W. Snyder.

Zwingli Church, Harrisburg.—After the Rev. F. Fox withdrew from this mission, it was served for a while by the superintendent. In Janu-

ary last, he secured the services of the Rev. John G. Fritchey, who consented to devote a part of his time in a generous effort to save the mission from disintegration. Thus far, his labors have been blest. He has gathered the members together, and inspired them with fresh courage and hope. With much patience, he has succeeded in collecting, mostly from generous individuals in Harrisburg, enough money to pay off pressing claims in the bank and elsewhere, and so he has restored the financial credit of the congregation. The reduction of the indebtedness thus far is \$420. A short time ago the lecture-room of the church was rented by the school authorities of Harrisburg for school purposes. The income from this source will be sufficient to pay the interest of the debt still remaining on the church building, which is about \$1,200. The original cost of it was about \$8,000. The Sunday-school has been revived, and now numbers about 30 scholars. Members, 55. Baptized, 3. Some emigrants from Europe are reported as having arrived, who are members of our church. Amount collected for local objects, \$125. It is proper to add, that Mr. Fritchey undertook this work without any promise of appropriation from the Board,—simply from a disinterested zeal and love to build up the church of his fathers. The appropriation in former years was \$300. The prospects of this mission are again encouraging, and with the blessing of God will be made self-sustaining at no very distant day. Appropriation for the coming year, \$75. Pastor, J. G Fritchey.

Columbia.—Members, 165. Baptisms, 23. Additions, 27. S. S. scholars, 200. Debt of church property, \$1,600, which was reduced \$200 during the year. Benevolence, \$92.04. Local objects, \$950. A canvass of the congregation last spring resulted in the addition of 21 new subscribers for the "Messenger." There is a mite society and a "workers' association" in the congregation through which small contributions are made monthly. It is needless to say that this mission is doing well. Appropriation last year, \$150; this year, \$125. Pastor, C. S. Gerhard.

Wilkesbarre.-Members at Wilkesbarre, 287. At Nanticoke, where there is a newly organized church, 60. In all, 347. Baptisms in both congregations, 112. Additions, at Wilkesbarre, 52; at Nanticoke, 60; in all, 112. S. S. scholars, 225. Attendance, good. Not many church papers as yet. Cost of Church property, \$13,000. Reduction, about \$3,000, of which the Classis of East Susquehanna paid \$800. Benevo-lence, \$35. Local objects, \$2,700. There is an effort in progress to provide for the remaining indebtedness on the church, which it is believed will be crowned with success. The missionary, after preaching for a while at Nanticoke, a town with a population of 3000 inhabitants, organized recently at that place a new congregation of 60 members. It is as yet without a church building. Another preaching point has been established at Plymouth, population 8000, midway between Wilkesbarre and Nanticoke, where twenty families-some belonging to the congregation at Wilkesbarre—during the year were organized into a church, and placed by Classis under the care of Rev. S. C. Meckel, who has thus far labored successfully, and with much self-denial, without missionary aid. This mission has been under the care of the Board since July, 1878; and promises to be self-supporting at no distant day. Its success thus far has gone beyond our expectations. Appropriation last year, \$400; this year, \$300. Pastor, F. K. Levan.

Lock Haven.—Two congregations. Members, 135. Baptisms, 6. Additions, 14. S. S. scholars, 80. Benevolence, \$25. Local objects, \$230. The church papers are taken to some extent. The missionary society is making gradual progress. Some improvement in the attendance. The last communion at Lock Haven was the largest in the history of the congregation. Cost of the church building, \$2,200; but it will be worth five or six times that amount when some improvements are made to it. Indebtedness, \$763. The mission enjoys the confidence of the community, and of its own members; and its prospects are much improved. Appropriation last year, \$300; this year, \$300. Pastor, I. S. Stahr.

East Liberty and Wilkinsburg.—These two missions have been served by the present pastor for more than a year and a half, and as the times have improved, they have made a corresponding progress. They still labor under some difficulty on account of their indebtedness; but these have been alleviated to some extent during the past year, and prospects are more encouraging than they were a year ago. No statistics. Appropriation last year, \$550; this year, \$525. Pastor J. W. Knappenberger.

Orbisonia.—Three congregations. Members, 109. Baptisms, 7. Additions, 12. S. S. scholars, 80. Attendance, generally good. Benevolence averaging 54 cents per member. Local objects, \$560. A mission society is to be organized this fall. The "Messenger" circulates in about one-half the families. Cost of church property, \$1,200. Indebtedness. \$200, but provided for. Reduction of the indebtedness during the year, \$250. Since last spring, the missionary has been preaching at Broadtop city, where there are a few members of our church, and where a congregation may be organized in the future. Under the Board, 4 yrs. This mission covers a large territory, and promises well for the future. Appropriation last year, \$150; this year, \$112. Pastor, J. M. Schick.

\* Sulphur Springs, Bedford county.—Three congregations. Members, 155. Baptisms, 16. Additions, 13. Sunday-schools, 2. Attendance, good. Assessment of Classis, \$76, which will be paid. Church debt as yet unprovided for, \$170. Mission under the care of the Board 5 years. After the removal of the remaining debt—in a year or two—the mission will be self-sustaining. Appropriation last year, \$200; this year, \$200. Pastor, W. A. Gring.

Duncannon.—Congregations, 3. Members, 125. Baptisms, 13. Additions, 5. S. S. scholars, 150. Value of church property, \$2,500. Debts, none. Benevolence, \$100. Local objects, \$530. Church periodicals circulated and appreciated. Attendance, good and devout. The outlook encouraging. Appropriation last year, \$250; this year, \$225. Pastor, U. H. Heilman.

First Church, Allegheny City.—When we rendered our last report, this mission was beginning to show some signs of a new life; but unfortunately, the missionary, after laboring successfully for a few months, was called to take charge of another missionary field within the bounds of the Classis; and his withdrawal had a depressing effect upon the members. Last spring, the Rev. H. King was requested by the superintendent to supply it for a while. Twenty-one old members petitioned Classis to be organized into a new congregation, and the Council elected Mr.

King to labor as missionary for one year with an appropriation of \$600; the amount designated by the Pittsburgh Board of Missions. The missionary has been diligent in gathering in the old members, and he has been to a certain extent successful; but it will require years of hard work and much prayer and self-sacrifice to restore this mission to the position which it once occupied. It has been one of the most unfortunate of all our missions. Still it is not hopeless, having a small nucleus of faithful members, who are willing to labor and pray for the increase of Zion. They no longer own their chapel; but have the use of it for a small rental. As a field for missionary work, we regard Allegheny City as a very promising one. Appropriation \$600. Pastor, Hiram King.

Shenandoah City.—No statistics have been received from this mission. We presume they do not differ much from those given in last report. The pastor has been absent in Europe during a part of the summer. His place was filled by the Rev. James A. Schultz during his absence. Appropriation last year, \$300; for the coming year, the same. Pastor, J. G. Neff.

Johnstown.—This mission has been under the care of the Board since July last. For the year previous, it was served by the Rev. W. H. Bates without an appropriation under the direction of the Superintendent. During the year, ground was purchased and a new chapel erected for the mission, in which it was assisted by the Westmoreland Classis and liberal citizens of Johnstown, the latter having given thus far over \$600. Its cost will be something over two thousand dollars, (\$2,000). It wil be dedicated sometime in October, although it is used now for divine service. It is thought it will have little or no debt after it is dedicated. The number of members is between 50 and 60. Appropriation, \$500. Pastor, W. H. Bates.

St. Luke's, Lancaster.—This mission became vacant by the withdrawal of its efficient pastor, Rev. J. F. Wiant, on the 1st of April last, and was supplied by the Superintendent until the 1st of July, when the Rev. Wm. F. Lichliter, at the request of the Board, took charge The effort to erect a house of worship, referred to in our last report, was successful; and the new chapel was dedicated to the service of the triune God last winter. The ground on which it standsvalued at \$600-was the free gift of Mr. John C. Hager, a member of the Lutheran church; and its cost was \$2,200, on which there is still a small debt, most of which however is covered by subscriptions which will yet be paid. The erection of a chapel has placed this mission upon a permanent foundation; and its future success among the poor on the outskirts of the city seems to be now only a matter of time. liter was kindly received by the mission and its friends in Lancaster. and although his work is attended with difficulties, he has the promise that if he cast his bread upon the waters, it shall be seen after many days. The Sunday-school, composed principally of the children of the poor, is in a prosperous condition. It numbers at present 130 scholars; 23 having been added within the last few months. Members, Additions, 15. Baptisms, 13. Benevolence, \$10. objects, in addition to what was raised for the building of the church, several hundred dollars, the most of which came from the members of the other churches. The attendance during the summer has not been what might be desired; but it is believed that this will improve during the winter. Appropriation last year, \$400; this year, \$300. Pastor, W. F. Lichliter.

Overton, Bradford county.—Congregations, 3. Members, 170. Baptisms, 16. S. S. scholars, 125. Attendance, good and improving. Cost of property, about \$900. The pastor has to live to some extent on his own private resources. Benevolence, \$25.54. Local objects, \$375. A few periodicals of the church are taken. During the year, a new congregation was organized at Dushore, out of members belonging to several congregations in the neighborhood—so-called Union churches. It is doing well. The pastor has a large catechetical class, which he is preparing for confirmation. He has also established services at Bernice, some 5 or 6 miles from Dushore, with a population of 1000, who are without any organized congregation; the prospects are good. The missionary has been in this field a little over one year. Appropriation last year, \$150; this year, \$150. Pastor, Phaon S. Kohler.

Latrobe.—Members, 70. Baptisms, 5. Additions, 9. Dismissions, 11. S. S. scholars, 55. Cost of the church property, \$7,200; debt \$1,800. No reduction. Missionary society and a good work society. The mission has been peaceful during the present pastorate, and the strife of former years in a measure has passed away. The pastor, G. D. Gurley, has recently withdrawn on account of his health; which is a matter of regret. He goes away with the kind wishes of the Board and of his congregation, with a hope that he will soon find a larger sphere of usefulness in some other part of the church. The congregation expects soon to secure another pastor; and the understanding is that he will devote a part of his time to preaching at some neighboring points. Appropriation last year, \$200; this year, \$200. Vacant.

Trinity Church, York county.—Members, 50. Additions, 7. Baptisms, 9. S. S. scholars, 80. Cost of property, \$700. Amount collected for local purposes, \$276. The missionary preached regularly in Trinity chapel, in York—without an organized congregation. At Glen Rock there is a congregation which is hopeful; but it has no church building of its own. Owing to the difficulties in the congregation at New Freedom, the missionary was advised to cease preaching at this place last spring. He also ceased to preach at another point. When this mission was placed under the care of the Board, it was thought that it would not need any help, but the pastor has not received an adequate support; and its prospects are not as favorable as they were a year ago. Pastor, W. H. Xanders.

Sharon, Mercer county.—No statistics are given from this mission. The pastor resigned during the year, but continues to preach for the congregation until a suitable person can be secured to take his place. Its condition is the same as given in our last report. Appropriation last year, \$100. Vacant.

New Castle, Lawrence county.—This is a new mission. It was fostered by a committee of Allegheny Classis during the last fall and winter. By the request of the Board of Missions of the Pittsburgh Synod, it was placed last spring under the care of the parent Board; and at the same time, the present missionary was commissioned to take charge of it. At the organization of the congregation in January last, there were 18 members, to which 23 have since been added. S. S. scholars, 44. The congregation has as yet no chapel, and is under the necessity of

worshipping in a public hall for the present. New Castle is a large and growing town, and the field is represented to us as an interesting and promising one for missionary labor. Appropriation, \$450. Pastor, J. M. Souder.

Tionesta, Venango county.—At the request of Clarion Classis, and of the Pittsburgh Board, a new mission will be established at Tionesta as soon as a missionary can be secured, with an appropriation of \$250. It has been placed under the care of the Board.

#### VIRGINIA.

Winchester.—This mission became vacant sometime in February last by the withdrawal of Rev. C. G. Fisher, for reasons which were satisfactory to the Board. Since that time, two efforts were made to secure a pastor which were not successful. It is thought that the third effort, which is now being made, will be attended with better results. With the exception of preaching by the candidates and the Superintendent who visited the mission during the summer, it has been without divine service since the former missionary left. We found the congregation in a good condition; but suffering, to some extent, from the want of a regular pastor. We refer the Board to the statistics of last year, as, under the circumstances, we were not able to receive any complete returns. Appropriation last year, \$250. Vacant.

Mint Spring Mission, Augusta county.—This mission grew out of the Middle Brook mission, which became self-sustaining last year. The missionary reports, that a new church is in process of erection at Mint Spring, and that it is to be dedicated during the present month. Several acres of ground were secured, for which he and his brother made themselves responsible. After this congregation is established, it is expected to serve as a centre of missionary operations for other places, which the missionary has visited from time to time. He refers to Staunton and other places, where something could be done, if the Board would send a suitable person into the field. No statistics. Appropriation last year, \$150; this year, \$150. Pastor, A. J. Whitmore.

#### DELAWARE.

St. John's, Wyoming, Kent county.—Members, 92. Baptisms, 9. S. S. scholars, 80. Additions, 12. The debt, \$250, was canceled during the past year, which gives much joy to the mission. Benevolence, \$66. Of this, \$27 was contributed for a peace offering. Local objects, \$614. The mission is making encouraging progress. Under the care of the Board, 5 years. It has been active in encouraging the neighboring missions on the Eastern shore of Maryland both with its sympathy and its means. Appropriation last year, \$275; this year, \$250. Pastor, E. H. Dieffenbacher.

#### MARYLAND.

Cumberland.—Members, 150. Baptisms, 82. Additions, 16. S. S. scholars, 100. Cost of Church property, \$5,500; indebtedness, \$1,500. Benevolence, \$30. Local objects, \$700. The Church festivals are devoutly observed, and prove to be seasons of refreshing and revival from the presence of the Lord. Several families removed from the congregation; but their place is filled by a number of emigrants from Hessen and Lippe Detmold, who, on their arrival, immediately handed in the recommendations of their pastors in Germany to the pastors of the Re-

formed Church in North America. The missionary has preached at various points in the neighborhood, where he found members of our Church, who, however, can be better attended to by neighboring ministers. The papers of the Church are circulated in the congregation. The pastor has been in this field six years, during which time he confirmed 112 persons and baptized 82. The progress is slow but sure. Appropriation last year, \$250; this year, \$200. Pastor, F. R. Schwedes.

Members, 69. Baptisms, 7. Ridgely, Caroline County. Additions. 8. Benevolence, \$624. Local objects, several hundred dollars. The corner-stone of the new church at Ridgely was laid last spring. want of means the church has not been finished; but the congregation expect to complete it before the close of the present year, with probably little or no debt. Last April the missionary organized a new congregation in Queen Ann County. He is under the necessity of holding his services—once in four weeks—in private houses; but the members have subscribed in all \$200 for a new chapel; and expect to begin building it as soon as they can find a suitable location. In the month of August the missionary visited Talbot County and found in the vicinity of Easton some twelve or fifteen members of our Church from eastern Pennsylvania, who are engaged in building a Union church. He baptized their children, and expects to preach at this point regularly; to commence a catechetical class, and organize the members into a congregation. Appropriation last year, \$300; this year, \$325. Pastor, Joseph Hannabery.

#### DISTRICT OF COLUMBIA.

Washington.—On the withdrawal of Dr. Russell from this mission last October, it devolved on the Superintendent to take charge of it until a successor could be secured. He visited it from time to time, and called in ministerial brethren to assist him in filling the pulpit. This arrangement in the peculiar circumstances of the congregation was regarded as the best that could be made, and was very satisfactory to the members generally. It became evident, however, that it could not be continued long, and as soon as the way seemed to be open a missionary was secured to take charge of the field. He entered upon his duties about the beginning of July; and has served with acceptance to the congregation. During last spring a committee of Maryland Classis, who had the matter in charge, purchased ground for a new chapel in an eligible place-72 feet in front by 100 feet deep, at 45 cts. per. square The whole cost was \$3.240, on which \$810 were paid at the time of the purchase. The balance, \$2,430, as it falls due is to be paid in four semi-annual instalments; and is all provided for by assessment made by the different Synods. This gave the mission a new impulse. As soon as a chapel of moderate cost can be put up, the mission will be placed on a permanent basis. It deserves the prayers and sympathies of the whole Church. It is now very desirable that the amounts assessed on the different charges of the Church for this object should be paid without delay. Promptness in this direction will save the Church a great deal of money, as well as promote the growth and success of the mission. Appropriation, last year \$1200, this year, \$600. Pastor, Charles F. Sontag.

#### NEW YORK.

New York City.—By authority of the Board, Rev. F. Fox, during last, fall and winter, acted as agent mostly in the eastern part of Pennsylvania in collecting funds for missionary purposes on the Pacific coast, in

which he met with a reasonable degree of success. Instead of returning to California, as he had intended to do, he was induced to undertake the work of starting a new mission among the Germans in New York City; and our Board made a proposition to the Board of Missions of the Eastern German Synod to assist in making up an appropriation for his support, if they would agree to take the mission under their charge and contribute for its support. The proposition was agreed to, and Rev. Fox has been in the field since last April. He reports that his prospects are encouraging. The appropriation by this Board is \$200.

#### KANSAS.

Emporia.—As this mission required a person who could devote all his time to the work, the Rev. J. G. Shoemaker was secured to take charge of it; and he entered upon his duties on the 1st of November last. On the 1st of December, he organized a congregation of 31 members, to which a number have since been added. With the permission of the Board, the missionary visited his former congregations in Centre and other counties, for the purpose of collecting funds to pay for the new church at Emporia, as something immediately necessary for the success of the mission. In this, he was successful beyond our most sanguine expectations. In all he raised over one thousand dollars. The church, when finished, will cost about \$2,300. Of this amount, something over \$600 are still lacking, which will be provided for in some other way. The members of the church generally give as much as their limited means justify. Thus far, the pastor received only a small support from the congregation, with a small appropriation from the Board; and he has been under the necessity of exercising great self-denial. Benevolence, \$10. Local objects, \$500.

The missionary has been preaching at a point some eighteen miles north of Emporia, where 25 members have agreed to be organized into a congregation this fall. When once organized, it will form a good nucleus for a new mission. As soon as a suitable locality is agreed on, an effort will be made for the erection of a church. There are other points in the neighborhood of Emporia, which will be visited as soon as

time will permit.

In accordance with the directions of the Board, Mr. Shoemaker lately visited Stockton, in Rooks county, and other places in that section of the State. Here the people had suffered much from the failure of their crops for the last two years; yet the missionary found a number of members of the Reformed Church anxious to have a minister placed over them. He preached for them in their school-houses, and expects

to visit them again.

In order to facilitate the exploration of the State and to establish missions where needed, Mr. Shoemaker, at a late meeting of the Board, was appointed superintendent of missions for the State. He will retain his connection with the congregation at Emporia, and is to have a young man as an assistant to take charge of his congregation during his absence, and to assist him in his work; for whom an appropriation is to be made by the Board. It is believed that this arrangement will be productive of good and permanent results. It is proper here to add, that the Board of Missions of the Synod of Ohio has also a number of missions of the State of Kansas, and that those established by our Board will not interfere in any way with those of the Ohio Board, but

send rather to assist and strengthen them. Appropriations last year, \$300; the coming year, \$400. Pastor, J. G. Shoemaker.

#### CALIFORNIA.

· Napa.—During the course of the past year, the Rev. J. H. Krueger, with the consent of the Board, withdrew from this mission, and sought another field of usefulness in the East. Several efforts have been made to secure a suitable person to take his place; but thus far without success. There are, however, some prospects, that the vacancy will be filled at no distant day. The mission, since it lost its pastor, has been under the supervision and care of the Classis of San Francisco. Appropriation last year, \$200.

Alameda.—This mission, in the neighborhood of San Francisco, has been without a pastor for a part of the year just closed. The missionary, who was placed over it more than a year ago, was not deemed a suitable person for the field, and the Classis, under a sense of duty, and with a feeling of deep regret, found it necessary to request him to with-draw before the end of the year. The mission has been cherished by the Classis and cared for, as far as possible, by the pastor of the church at San Francisco, the Rev. Julius Fuendeling. The Board decided to send another missionary to labor at Alameda and San Francisco as soon as a suitable person can be found, with an appropriation of \$250.

#### OREGON.

Portland.—Members, 110. Baptisms, 11. S. S. scholars, 60. Cost of property, \$7,200; but its value is much greater; local objects, \$800. A debt has been incurred for improvement in the church and on the street of \$365. A goodly number of church papers is taken. A missionary society is soon to be organized. The mission is making encouraging progress, and its pastor expects to declare it self-supporting by the end of the coming year. It has been under the care of the Board six years, and the sixth anniversary of its existence was celebrated in the month of September amidst general rejoicing. The pastor suffers opposition and even persecution from without; but he is sustained by his people, and the work of the Lord continues to go on. Portland has a population of 21,000 inhabitants. Six years ago it had 12,000; at no distant day it will be the great city of the North Pacific coast, like Philadelphia or Baltimore in the East.

The missionary at Portland has been preaching at various other points in the State; at Cornelius, where there is a congregation of eighteen members; at Sandy, where twelve members are waiting to be organized into a church, and at Sandy Ridge, and at other points. In this kind of work he has been assisted by Rev. Lange of the mission at Canby. It is plain that at least one or more missionaries should be sent into this field as soon as possible; and for this purpose the Board made an appropriation of \$150. Appropriatio coming year, \$200. Pastor, John Gantenbein. Appropriation last year, \$300; for the

Salem.—Two congregations; one at Salem, the other at Waldo Hills. The one at Salem is still under the necessity of worshipping in a hall, which is a serious drawback to the growth and progress of the congregation. The Board regrets exceedingly that it has not been in a condition to give it any help in its efforts to supply itself with a suitable house of worship. It is earnestly hoped that a church building fund may soon be created for the purpose of giving help to this and other struggling missions in erecting chapels or churches. The Waldo Hills congregation has succeeded in putting up a small church, in which, although not yet quite finished, it has been worshipping. The cost of the church thus far is between \$500 and \$600. No debt has been contracted. The missionary has been preaching occasionally at other points; but much of his time has been occupied in collecting the funds to pay for the new church. Thus he has been prevented from making explorations in the regions beyond; such exploration is very desirable, and would be productive of good results. Membership, 45. The missionary reports that his little flock maintain their courage, and are faithful in attendance at the worship of the sanctuary. Appropriation last year, \$250; this year, the same. Pastor, J. Muehlhaupt.

Canby, Clackamas County.—One congregation, German. Members, 27. Baptisms, 5. Addition, 6. S. S. scholars, 27. A church has been put up at Meridian during the past year, costing, thus far, \$350. It has some debt resting upon it. The Board appropriated \$100 to assist in its erection, for which both the paster and members express their warmest gratitude, for the help thus extended to them in their time of need. The church is not yet finished, and as the members are poor, they have a strong claim upon the brethren for further help. It is hoped that benevolent persons in the Church may extend to this mission a friendly hand, and do something to assist it in building its humble sanctuary, which is to it as precious as the most stately church is to those more highly favored. The missionary travels far and wide, over a large extent of territory. Appropriation last year, \$200; this year, the same. Pastor, Julius Lange.

#### WASHINGTON TERRITORY.

Walla Walla.—No report from this mission. The missionary was urged by Classis to transfer his labors to the promising fields in Oregon; but he has not seen his way clear to withdraw from his present field, hoping that he will yet overcome the difficulties in his way, and succeed in building up a Reformed church at Walla Walla. Appropriation last year, \$200; this year, the same. Pastor, George Maechtersheimer.

Ursinus Union.—In accordance with the instruction of the Synod of the United States last year, we embody the report of the missionary operations of the Ursinus Union, a copy of which accompanies this report.

The Rev. F. W. Kremer, D. D., Treasurer, reports, that the amount of funds, under the direction of Ursinus Union, received since the last meeting of the old Synod, is \$988.52. A part of this was sent to the treasury of the Board of Missions of the Synod of Ohio, and the balance appropriated to different missionary points in the east.

#### MISSIONARY PAPER.

The matter of publishing a missionary paper has been considered from time to time by the Board, and the necessity of such help for the spread of missionary intelligence, for the awakening of a missionary spirit, and for the increase of liberality in the Church, has been sensibly felt for a long time. The way, however, did not seem open for such an undertaking until the present year. Three numbers of the paper have already appeared. It is published monthly. Price of subscription, 50 cents per year. It is conducted by the Superintendent of missions, without any additional expense to the Board. Its title is "Reformed Missionary Herald." All its articles are intended to have a bearing on the cause of missions. Thus far it has been well received. The prospects at present are, that it will cover expenses and leave a balance of profit, which is to be devoted to missions. If it comes to be well patronized in our churches, its margin of profit will be considerable.

#### NEW FIELDS.

Hitherto, for want of necessary means, the Board has not been able to occupy many of the new and interesting fields, which have presented themselves as worthy of our attention. But we believe, that the time has arrived when the benevolence and increasing liberality of the Church will justify us in going forward and enlarging the sphere of our The Board accordingly, at its late meeting, missionary operations. agreed to appropriate \$1,000 during the coming year for the location of new missions in Kansas, Nebraska and Colorado, as soon as suitable locations are decided on, and proper men can be secured to fill them. As already said, two or more missionaries are to be sent to the Pacific Coast, as soon as Providence points out to us the men that are adapted for this kind of work. It is further believed, that flourishing missions may be established in a number of our large cities, such as Philadelphia, New York, Boston, and other places, also at various points in the Southern States. The spirit of missions is beginning to grow and increase in the Classis of North Carolina, and its destitute places call loudly for our assistance. May God grant that, as a Church, we may not be deaf to the many calls of our children, who cry to us for the bread of life!

#### FINANCIAL STATEMENT.

From the treasurer's report, it will be seen, that the contributions of the churches for the support of our missions during the past year have been somewhere between \$15,000 and \$16,000. The indebtedness for moneys borrowed in former years to carry forward the operations of the Board, something over \$1,200, is all paid off; and the amount due missionaries for salary is smaller, considerably, than it has been at the end of previous years. On the first of October, this amount was \$2,000, with about \$1,000 in the treasury. For the coming year the Board will need \$15,000, in order to meet the current expenses; for which we suggest that the different Synods concerned be requested to take measures for raising the following sums:

The Synod of the United States	8.500
The Synod of the Potomac	3.750
The Synod of Pittsburgh	2.750
	<u>,</u> -11 J-

In concluding this report, we must congratulate the reverend Synods on the measure of prosperity which has crowned our missionary labors during the past year. Missionary societies have sprung up in all directions. Missionary festivals have been held with good effect; and our ministers have preached with more than usual earnestness on the subject of missions. The contributions are double in amount of what was reported last year; and in considerable excess of what has been given during any previous year of our history as a Church. From the summary already given, it will also appear, that the number of members in our missions, baptisms, additions, Sunday-school scholars, and the amounts given for benevolent and local objects are also in excess of what was reported during previous years; so that whilst our churches have increased their gifts, the blessing of God has also, at the same time, rested upon the labors of our missionaries. For all this, we have great reason to be thankful to Almighty God, our Heavenly Father, who has visited

His plantation, and given us the precious rains of His grace.

Many things have conspired in bringing about these results; the chief of which, no doubt, is the peace sentiment which is coming to prevail more and more in our churches. This had much to do in swelling our contributions to the amount which has been reported, by promoting the peace offerings. What is required of us in these circumstances seems to be plain and simple; and that is, that we should just continue in the course upon which the Chief Shepherd has brought us. Having led us thus far, He will continue to lead us still further, and enable us to achieve still greater results for His own glory. We should be vigilant, more so in the future than in the past, lest our work, which now has made such an auspicious beginning, should be marred during the coming year, and suffer from a relapse into the errors and mistakes of the past. To avoid everything of the nature of a reaction, the conscience of the Church should be kept alive. Our preaching should be more earnest, with a constant bearing on the spread of the kingdom of God. Earnest prayer should also be offered up continually; and at stated times, also, that, whilst we are planting and watering, God may give us a still more plentiful increase; and to His great name, Father, Son, and Holy Ghost, shall be all the honor and glory, as it was in the beginning, as it is now, and ever shall be, world without end. Amen.

## III. REPORT OF THE TREASURER OF THE TRI-SYNODIC BOARD OF MISSIONS.

#### To the Board of Missions of the Reformed Church in the United States,

In submitting my annual Report, it affords me sincere gratification to state, that the finances of the Board are in a much more favorable condition than they were last year. Nearly every section of the Church seems to have awakened from the culpable lethargy which formerly prevailed, and responded, with commendable liberality, to the appeals made for means to carry on the great work of Missions.

By comparing the present with my last year's Report, it will be seen

that the total contributions amount to nearly double what they were the previous year:

HARRISBURG, Oct. 11, 1880.

The undersigned, appointed a committee to audit the foregoing account of Wm. H. Seibert, Treasurer of the Board of Home Missions of the Reformed Church in the United States, respectfully report, that they have attended to said duty and find a balance of nine hundred and sixty-three dollars and eighty-six cents in the Treasurer's hands at this daté, October 11, 1880.

#### IV. REPORT OF COMMITTEE ON MISSIONS AS ADOPTED.

Your Committee on Missions beg leave to report as follows:

The following documents came into our hands, viz.:

The Report of the Superintendent of Missions,—the Report of the Treasurer

of the Tri-Synodic Board,—and two communications from the same source. We hail with devout joy the signs of awakening in this direction throughout the whole Church. From the reports placed in our hands and from other sources, we learn that we have during the year just closed, accomplished double what we did during the same time before. We owe, and we hereby give our most heartfelt thanks to God that He has so led us by His Spirit, that we have settled into ways of the "Prince of Peace," and thus by larger deeds of love and benevolence have shown ourselves more worthy of our high and holy calling.

May we, however, not be content with our past achievements, and seek to live upon the remembrance of past good deeds. But may past success be simply for us an unmistakable evidence of the guiding presence of our once crucified but now exalted Lord, and thus stimulate us to renewed and still more vigorous efforts.

Your Committee recommend the following enactments:

- 1. Resolved, That Saturday evening session be devoted to a Missionary meeting, that a collection be taken up for Home Missions, and that Rev. S. Z. Beam be appointed to make all the necessary arrangements, and to preside at the meeting.
- 2. Resolved, That the Treasurer of Pittsburgh Synod be instructed not to pay missionaries in our bounds unless he shall first have received an order from the Tri-Synodic Board, provided the order be not delayed beyond one month after the quarter is due.
- 3. Resolved, That we concur in the desirability of an Emigrant mission in the city of New York, and that if the Board of Missions of the General Synod should establish one, we promise our hearty support.
- 4. Resolved, That the claims of the Washington Mission are commended to the benevolence of our pastors and people, and that all moneys for this purpose be sent through the Treasurer of Synod.
- 5. Resolved, That Revs. J. H. Prugh, F. A. Edmonds and the Consistory of Grace Church, be and are hereby appointed a Committee to look after the interests of the Reformed Church in Allegheny, Pa.

Respectfully submitted.

#### I. REPORT OF THE BOARD OF TRUSTEES.

TO THE SYNOD OF THE REFORMED CHURCH IN THE UNITED STATES.

Brethren: The Board of Trustees of the Theological Seminary beg leave to present their Annual Report:

The Board met twice during the year, and transacted the usual routine buainess. We have no suggestions to make requiring the action of Synod.

The Treasurer's Report will exhibit the financial status of the institution, which, we are glad to say, is somewhat improved since our last report, owing to the receipt of a donation of \$5,000, for the endowment fund, from an anonymous source. The Board is ready to receive more anonymous letters of the same kind. This donation came to us already invested, and bearing interest from January 1st, 1880.

It is our sad duty to announce to your reverend body the death of Elder William A. Wilt, of York, Pa., who was, for a long time, a member of this Board. At its last meeting the Board adopted the following paper in reference to this loss to the Church:

"Since our last meeting, one of our members has been called from his labors in this life to enter into that rest which remaineth for the people of God. Brother William A. Wilt died at his home, in York, Pa., on Sunday morning, September 5th, 1880. His life and labors in the Church bear witness to his earnestness and zeal, as a follower of Jesus Christ, and we are glad to add our testimony to his faithfulness as a member of this Board. He has joined the company of the redeemed of all ages, and we give thanks for the good example he has left behind him, to encourage those of us who follow after, in the way of life. He manifested his interest in the institution we represent by a liberal bequest to its endowment fund, thus verifying his faith by his works."

We carnestly pray that these two examples of liberality, the one in the spirit of not letting the right hand know what the left hand doeth, and the other like the parting blessing of a dying saint, may stir up many others in the Church to go and do likewise.

Respectfully submitted,

D. W. GROSS, Pres't.

#### III. REPORT OF THE BOARD OF VISITORS.

TO THE SYNOD OF THE REFORMED CHURCH IN THE UNITED STATES, TO THE SYNOD OF PITTSBURGH, AND TO THE SYNOD OF THE POTOMAC.

Reverend Brethren: The Board of Visitors of the Theological Seminary respectfully present the following as their Annual Report:

The Seminary was opened on the first Thursday of September, 1879, and continued in session throughout the year, except two weeks during the Christ-

The following persons were admitted, as members of Junior class, at the be-

ginning of the year, six in number:

Andrew T. G. Apple, Wilson B. Donat, James R. Lewis, Jacob J. Rothrock, E. Ranson Destrick, Christian W. Summey. Two of these are graduates of Mercersburg College; three of Frauklin and Marshall College, and one was admitted to the privilege of a partial course.

The following persons, seven in number, having finished the course of study prescribed by the Board, and having sustained their final examination credit-

ably, were dismissed and recommended for licensure:

Thomas M. Balliet, Alfred F. Dreisbach, Jacob S. Hartzel, Wm. J. Kerschner, Charles F. Sontag, Oliver H. Strunck, and Franklin Wetzel. With one exception, they have all entered upon the active duties of the Holy Ministry. At the request of the faculty, the study of the Chaldee language was made binding on all the students of the Seminary who pursue a regular course; as,

without a knowledge of that language, they are not in a condition to read a portion of the Old Testament in the original.

The Board for several years past have been considering the necessity of a more extended use of the German language in the instructions of the Seminary; and at the last annual meeting of the Board, the faculty were instructed to draw up some plan by which this object may be secured, and to report next year. We understand that this has already been attended to; and that two of the professors hold weekly recitations from German text books, and that one of

them conducts his recitations in that language.

During the progress of the year nothing special has occurred that needs to be noticed in this general report. The conduct of the students has been good, and the faculty reports that what has been said of their general character in the previous year might again be repeated. The examinations at the close of the year, which were somewhat diversified this year, were regarded as satisfactory; showing that the professors and students have been diligent in the discharge of their duties.

The Seminary is prosperous, and through legacies and gifts, increasing its usefulness. It will still need the prayers and pecuniary help of the Church, in order that it may become more and more a perennial source of blessings to the

Church, and the kingdom of God at large.

Respectfully submitted,

THEODORE APPEL, Sec'y of the Board.

LANCASTER, Pa., Oct. 9, 1880.

#### IV. REPORT OF THE COMMITTEE AS ADOPTED.

The Committee on Theological Seminary respectfully submit the following report:

The documents referred to the committee are—The Report of the Board of Trustees, the Board of Visitors, and the Treasurer's Report of the Theological Seminary at Lancaster, Pa. These Reports are herewith submitted for publication in the Minutes of Synod.

In view of what appears in these papers, we propose the following action:

Resolved, 1st. That we are highly gratified with the intelligence of the improved financial condition and otherwise continued prosperity and progress of this important institution.

Resolved, 2d. That we approve of the introduction of the study of the Chaldee language, and the more extended use of the German language in the curriculum of the Seminary.

Resolved, 3d. That we continue to support and cherish with all the means at hand this first-born child of the Reformed Church in this country—this most venerable mother of the Reformed Ministry.

Resolved, 4th. That we heartily concur in the prayer with which the Board of Trustees close their present annual report, viz: "We earnestly pray that these two examples of liberality"—(referred to in their report)—"the one in the spirit of not letting your left hand know what your right hand doeth, and the other like the parting blessing of a dying saint, may stir up many others in the Church to go and do likewise."

#### INSTITUTIONS OF LEARNING.

## Report of the Trustees of Greensburg Female Seminary.

Your Board of Trustees of Literary Institutions would respectfully offer the Report of the Principal of Greensburg Seminary, as containing all matter of interest and recommendations, which we deem necessary for your information and action, with one addition given here:

Resolved, That with a view to reduce the number of members of the Board to six instead of nine, we from this time elect only two members of this Board

instead of three annually, as heretofore.

Respectfully submitted,

J. W. LOVE, President.

## Fifth Annual Report of the Principal of Greensburg Seminary, October 13th, 1880.

The work of education has been carried forward in the several departments of the institution, in the past year, with the usual degree of energy and faith-fulness. No pains have been spared by the faculty to make the institution all that could be desired by those seeking an education. The attendance of pupils was larger than in former years. The Male department has been well sustained, and promises much in the future. A large proportion of the pupils in attendance are studying the classics and other branches of the regular course, and are preparing to enter College. Among these are several most worthy and excellent young men, who have the ministry of the Gospel in view. this respect the institution has the prospect of accomplishing some good for the Church, and should be encouraged. During the year a Normal Department was opened, and provision was made by the institution for a special course of instruction during the Spring Term, to meet the wants of those desiring to prepare for teaching. About twenty-five pupils of this class were in attendance at the Normal session, and received special instruction for their work. By thus making provision for a special course for this class of pupils, it is not intended to interfere with the "main object" of the institution, namely, that of a "Higher and Liberal" education in a more general sense. The course of study in the Regular Department has not been changed, but is carried forward through the whole year. The standard of education has not been lowered, but is based upon the "old academic curriculum," and aims to realize the idea of a complete education in the wider sense. Exigencies, however, may arise in the history of institutions, and in the progress of the times, when a rigid adherence to old systems and established policies would prove fatal to the work of education, and the prosperity of the institutions themselves. Institutions, must, therefore, accommodate themselves to the wants of the times and their own needs. Provision must be made to meet these outward demands, if anything is to be done for the cause of education.

Greensburg Seminary, in accommodating herself to the outward pressure of circumstances, has only "accepted the situation" as a "present necessity," and has not lost sight of the "original design," but has thereby enlarged her sphere of operations and usefulness. The Seminary proper, is still carried forward with as much efficiency as ever. The course of instruction has not been relaxed, but is full and complete in all the departments. The advantages it affords to young ladies are superior.

The male department has in no way detracted from the interest and efficiency of the Seminary. The regular classes of the Seminary are not

interrupted, but are carried through the established course to graduation. A very respectable standard of scholarship has been attained by the young ladies, who have taken the full course prescribed by the Institution. Special interest is also manifested by many of the pupils in Music and the Art Studies. The progress in this department has been especially gratifying and satisfactory. The number in attendance in the Seminary department has not been so large as in former years. This is owing mainly to the fact that the scholarships held by many have expired. The whole number of pupils, however, in all the departments is larger than formerly. With this enlarged scope and operation of the institution as now carried forward, an increase of labor and expense has necessarily been incurred. The income of the institution has thus far, by rigid economy, been sufficient to meet current expenses. But more than this is needed to put the institution on a permanent basis financially. In the establishment of the institution, a great financial sacrifice had to be made by the Principal, which has left it with a debt. To relieve the institution from this burden, more than current expenses is necessary. The proper remedy will be to increase the number of pupils, that the income may be sufficient, not only to meet current expenses, but also to liquidate the debt. The institution has a right to look to Pittsburgh Synod for such action as will bring about the muchneeded result. The support and patronage of the Church has not been such as it should be. The advantages afforded by the institution have thus, to a great extent, been lost to the Church, and the institution is made to suffer for want of proper support. I therefore recommend to the Board of Trustees, the propriety of selling at least sixty scholarships, running for a period of four years, including all the branches taught in the regular course, and that Synod be asked to authorize and sanction the appointment of an Agent to canvass the bounds of the Church for this purpose. I respectfully submit this suggestion to the consideration of the Board, and await the favorable action of Synod,

Very respectfully submitted.

LUCIAN CORT, Principal.

#### ST. PAUL'S ORPHAN HOME,

## Report of the Board of Directors, for the year ending May 31, 1880.

The Home, under the efficient management of the Superintendent, is in good condition. It is favorably recognized by the State authorities. The Committee of Inspection of the Board of Public Charities of the State, in their late report, say, that they found the Home "to be in excellent condition. The building and property generally have been very much improved within the past few years, and with like proper management will no doubt prove a lasting benefit to a great number of proof children."

to a great number of poor children."

The room occupied by the School being too small and the space much needed for other purposes, we erected a new frame house, apart from the main building, at a cost of seven hundred dollars, exclusive of work by the immates of the Home, and the donation of some material. The house is two story, 35 by 20 feet. The upper floor is occupied by the School. The lower, is devoted to

recitation, wash, bath, bake and storage rooms.

The Orphans' Friend is not only a source of considerable revenue to the Home, but also increases the means of work for some of the larger boys, a thing so necessary in the efficient training of the young in the way they should go. It should, therefore, have a much larger circulation.

Another industrial department is the repairing of the children's shoes. This gives work; provides the means of making a fair beginning in learning a good

trade; and is a saving, to the Home, of a goodly sum of money.

The Farm consists of thirty-one acres, and is in an excellent state of cultivation, yielding an income, the past year, of about seven hundred and fifty dollars. It has all the farming implements and live stock needed for its best in-

The extension of the main wing is, in part, a wooden building, in a dilapidated and decayed condition, and, therefore, a very dangerous tinder-box. Should a fire break out in it, it would, no doubt, involve the destruction of the entire building. The Board earnestly hopes that the Church will at once furnish the necessary funds to enable it to remove this dangerous wing, and erect a new one in its place.

The House has received a small bequest of two hundred and seventy-five dollars,—the first one in its history. This amount has been invested as a nucleus, looking forward to an endowment fund—a thing of absolute necessity, if the Home is to live after the receipts from the State for the maintenance of

Soldiers' orphans shall have ceased.

The receipts for the year, from all sources, were \$3,952.14, and the total expenditures, \$4,137.57.

The physical, mental and religious care and training of the children is good

in all respects.

Want of room, the lack of means to properly feed and clothe, compels the Board to turn away from the doors of this, otherwise, excellent asylum for helpless childhood, many wholly destitute and suffering little ones. Oh, how sad! How long shall this be so?

With gratitude to God for His goodness in the past, and the earnest prayer for His blessing in the future, we enter upon another year of the loving labor

of feeding His lambs. Respectfully submitted,

J. McConnell, President of the Board.

The time of the following members of the Board expires with this meeting of Synod:-Revs. J. F. Snyder, H. F. Keener, F. A. Edmonds, and Peter Keil.

It is desirable that the members of the Board should reside as near the Home as may be found convenient, in order to enable them the more readily to discharge the duties of their office, without the large expenditures involved, when they have so far to go to reach the Home.

JOHN McConnell, President.

#### BENEFICIARY EDUCATION.

#### ANNUAL REPORT OF THE BOARD.

To the Reverend Pittsburgh Synod:

The Board of Beneficiary Education has carried forward its operations during the past year with reasonable success and efficiency, and we are happy to report that the cause has been well sustained by the congregations of the Synod.

Five students have been under our care and support during the year, and two others have been recently received; and several applications for aid now await the decision of the Board.

In accordance with the action of the last Synod, the Board has reduced the appropriations, so that each beneficiary now receives but \$125.00 per annum. Some of the Classes now continue to receive the grade circulars of scholarship of beneficiaries within their bounds. Since all the Classes have entrusted this work to the care of your Board, we would respectfully request that they direct such students to send their grade circulars to this Board.

Our receipts during the year have been \$1,100.00, and the expenditures \$877.00, leaving a balance in the Treasury of \$273.00.

To carry forward the work during the present Synodical year, we ask an appropriation of \$1,000.00.

We also call your attention to the fact that the term of Rev. H. F. Keener now expires, and ask you to fill the vacancy by an election.

Respectfully submitted.

C. R. DIEFFENBACHER, Pres. of Board of Ben. Education.

Centreville, Pa., October 13th, 1880.

## Report of the Committee.

Your Committee on Education would report that the only paper claiming their attention is the Report of the Board of Education, the several items of which have been adopted by Synod. Your Committee has nothing further to offer.

Respectfully submitted.

F. A. Edmonds, C. W. Good, Geo. A. Whitmore, Anthony Getz, Benj. Sidley.

## Adopted.

The attention of the Classes was called to that part of the Report of the Board relating to the Circulars of Students.

The vacancy was referred to the Committee on Nominations.

#### PUBLICATION.

#### Report of the Board.

Annual Report of the Board of Publication from August 1st, 1879, to July 31st, 1880.

To the Synods of the United States, Pittsburgh, and the Potomac, the Board of Publication of the Reformed Church in the United States, respectfully submits the following report:

The Board has had three meetings during the year, and at each of them given earnest attention to the interests entrusted to their care. It affords them great pleasure to be able to report a decided improvement in the affairs of the Board, especially as compared with its operations during the previous year. In all the departments, there has been an increase in the receipts of the Board, and in the case of some of the periodicals, it has been very decided. None of the latter also have fallen off in the number of subscribers, whilst in the case of some of them, the increase over all discontinuances is quite encouraging. The excess of additions over discontinuances in each case is as follows: Messenger, 1167; Guardian, 337; Review, 35; Child's Treasury, monthly, 384, Semi-monthly, 506; Sunshine, 1,253, and Lesson Papers, 462.

In the Book department there has been a slight improvement, and

this might be made decidedly more so in the future, were proper encouragement extended to it generally by the Church. Funds are needed to get out new works, which would add materially to the interest and efficiency of the workings of this department, and it is to be hoped, some friends of means in the Church may be induced to make liberal contributions for this purpose, as is done in other Churches. In many instances members of the Church, also, purchase their books for Sunday-schools and other Church purposes, elsewhere, under the mistaken notion, that they thus obtain them at a less cost. Such, however, are the arrangements of the Board with other houses, that their books are furnished to it at such rates as to enable the Board to sell them to others at the same prices, as they can be purchased by them directly from these houses themselves, and at the same time afford a small profit to the Board. Should the mistaken notion to which we refer be corrected, and the patronage of the Church given to the Board in preference to other houses, it would greatly add to the efficiency and success of the Book department. And may it not be hoped that the desired change will take place? The number of copies of books, &c., printed for this department

during the year, is 34,500.

The usual committee, to whom is assigned the special duty of taking an account of stock and investigating the financial condition of the establishment, was appointed. They attended to their duty, and reported, that "they find the stock in the store in good condition, having less unsaleable goods than last year. The price of some books they reduced, and advanced none, which they think leaves the stock worth its present valuation. The financial condition they found quite satisfactory, a detailed account of which is furnished in the Superintendent's report to the Board." This report presents the following footing up for the year:

In consequence of severe family afflictions and overwork, the Superintendent was taken seriously ill in February last, so that at one stage of his illness his physician considered his life in danger. The Board felt, it was necessary, that he should be relieved from some of his labors. Hence at its meeting in April last, it associated with him, as Assistant Superintendent, the Rev. Charles G. Fisher, who had been summoned to his father's side during his illness. This arrangement was effected without adding anything to the expenses of the Board, and there is every reason to believe, that it will work decidedly to its interests. Under the special direction of his physician, the Superintendent found it necessary to be absent from his post, for a short season, at intervals, during the past Summer. His place, however, during such absence was supplied at his own expense, so that his temporary absence was of no serious disadvantage to the Board.

The Board has endeavored in all things to move forward with the utmost economy, and to persevere in its special efforts to collect its outstanding dues. At its last meeting, it instructed its Superintendent to notify all persons owing for two years or more, for books and periodicals, to settle their accounts, and if said accounts are not attended to within sixty days after such notice is given, to place them in the hands of a so-

licitor for collection.

The Board congratulates the Church on the successful efforts of its General Agent, Mr. H. K. Binkley, in securing subscribers to the "Messenger." It is hoped he may be equally successful in the future, and to this end, the Board solicits for him the earnest and hearty co-operation of the brethren of the Church, whose charges he may visit from time to

time, in the prosecution of his labors.

The Board has instructed the Superintendent to discontinue the issue of the single sheet "Messenger" after the close of the present year. It also deemed it expedient, after a careful revision of the whole subject, not to discontinue the publication of the Semi-monthly Child's Treasury, as proposed in its last annual report. It has likewise instructed the Superintendent of the Book Department to reduce the price of the Order of Worship, Hymn-books, and several other works published by the Board, the present prices of which will be given to the public through another channel.

At the first meeting of the Board after the last annual sessions of the Synods, it reduced the salaries of the several persons in its employ, effecting thus a considerable deduction in the amount of its current expenses, whilst all possible economy has been also observed in every

other direction.

The term of service of Geo. W. Hensel, one of the Trustees from the Synod of the United States, will expire on the 1st of January, 1881. Hence it will devolve upon that Synod to fill the vacancy that will thus occur in the Board, at its present annual sessions.

Respectfully submitted,

D. W. GROSS, President.

SAMUEL R. FISHER, Secretary. Philadelphia, Pa., Sept. 12th, 1880.

# H. K. Binkley presented the claims of the Messenger at length.

# Report of Committee as adopted.

The Committee on Publication beg leave to report, that the following papers have been referred to them:

1. The annual Report of the Board of Publication for the year beginning August 1st, 1879, and ending August 31st, 1880.

2. A detailed Statement of the Business and Condition of the Board of Pub-

lication, from August 1st, 1879, to August 1st, 1880.

The Committee have carefully examined these papers, and are pleased to learn, that the establishment is in a prosperous condition. The Detailed Statement of Business shows an improved condition of affairs in all the departments, as compared with former years. The economic measures introduced by the Board have greatly reduced the current expenses for the year. The prosperous condition of affairs indicate a wise and efficient management of the establishment, both by the Board and Superintendent. We are much gratified to learn that the subscription list of the Messenger has been very largely increased through the persevering and self-denying efforts of the Board Agent, Elder H. K. Binkley. The Report contains no overtures requiring any action by this Synod.

The Committee, therefore, has no recommendation to make, except to urge upon Synod to sustain the Board by a hearty co-operation with them in all their efforts to improve the Publication interests of the Church.

The Committee herewith submit the annual report, and detailed statement of the business and condition of the operation of the Board of Publication.

Respectfully submitted,

LUCIAN CORT. J. Ruhl, F. B. HAHN, W. R. BARNHART, SIMON KAMERER.

The Clerk was ordered to publish 2000 copies of the Synodical Minutes, and distribute as usual.

# FINANCE.

# TREASURER'S REPORT.

Rev. Synod of Pittsburgh:

FATHERS AND BRETHREN: Your Treasurer with great pleasure presents herewith his report of the receipts and disbursements of moneys during the past year. The increase of receipts is cause for gratitude to the Giver of all good, and is also an evidence that there was good work done by all the Pastors in the bounds of the Synod.

The total amount received less the balance on hand at date of last report, and also less the special repayment of Beneficiary aid is \$4924.36, and is \$2740 more than total amount apportioned at last meeting. Clarion Claria Westmoreland exceeds its apportionment, including old arrearage, \$104.25.

pays in full and \$1.64 over. Allegheny Classis, alone, falls largely behind.
All our Missionaries with one exception, (and he failed to notify your Treasurer of the amount due him), are paid in full to 1st inst. Iowa missions received \$280. Tri-Synodic Board, \$316.90. These sums are in addition to paying all missionaries within the bounds of the Synod. During the last half of the year several missions were added to the list, and the payments during the coming year will be much heavier than formerly; and as very little may be expected to be received before the beginning of the year, I would recommend that, in order that all our missionaries may be promptly paid, the balance in

hand be retained for that purpose.

During the year your Treasurer received through the Treasurer of St. Paul's Classis, C. M. Bousch, Esq., the sum of \$425, paid him by J. N. Apple, for Beneficiary Education, \$413.45, being the amount received by him as Beneficiary student, with a contribution of \$11.65. Would recommend that this \$425 be placed at interest, as the beginning of a fund, the interest only to be applied to current expenses of Beneficiary Education. Several of the contributions paid to your Treasurer were designated as Peace offerings by the Charges contributing. These I have no doubt will be so credited by the Classical Treasurers, and published in the church papers as such, and as my report is already very lengthy I have omitted to detail them.

# Respectfully submitted,

T. J. CRAIG, Treasurer.

The Treasurer was authorized to invest the \$425 as proposed by him.

# Russell Claim.

On this subject the following resolutions were adopted:

Whereas, this Synod agreed to give Dr. G. B. Russell one thousand dollars for alleged prospective profits lost in discontinuing the publication of the "Reformed Era," in order that we might unite with the Synod of the U. S., and the Synod of the Potomac in support of the Reformed Church Messenger, and

Whereas, this agreement was entered into after a long and bitter contention, with a view to reconcite Dr. Bussell to Synod's action in consummating the arrangement above referred to; and

Whereas, it was felt almost immediately after the agreement, that the Synod made a serious mistake in promising so large an amount for losses never sustained, and for which no equivalent was received; and

Whereas, a large part of the Church has not been willing to contribute towards meeting the obligations given by the Synod, and hence a large part of them have not been paid. Therefore,

Resolved, That with a view to settle this unpleasant matter finally, we hereby tender Rev. Dr. Russell three hundred dollars, to be in full of the unpaid balance of his claim against this Synod, and in case he accepts this offer, the Treasurer of Synod be and is hereby directed to pay the said amount within thirty days.

# Contingent Fund.

Elder S. C. Remsberg was appointed a committee to collect a fee of 25 cents from each member of Synod for Contingent expenses. ### STATE OF THE CHURCH.

# REPORT OF THE COMMITTEE AS ADOPTED.

Beloved Brethren in the Lord Jesus Christ:-Through the great goodness of God, our Heavenly Father, we have been permitted to assemble in annual sessions, to record the doings of the Lord in our bounds, in the trials and encouragements of His Church in our midst during another Synodical year, to point out the evidence of the Divine presence in our churches, your committee, in devout gratitude to the Giver of all mercies, judging from the favorable reports of the different Classes, can respond with cheerful hope in the progress of the Church, that the darkness is giving way and that the kingdom of Christ is advancing.

The reports of the various Classes on the State of Religion, present encouraging features. They bear testimony to the fact, that the Lord has richly blessed the labors of His servants, so that the work of grace has prospered in the churches to which they have administered the Word and Sacraments. The precious promise, "Lo I am with you always," has been experienced by

pastors and people during the Synodical year.

From the Classical reports we learn that peace and harmony prevail. No distracting element is at work, to disturb our peace or prevent our prosperity.

Pastors and people are in perfect accord with the general Peace movement in our Church at large. And as one of the reports properly states: "The blessed influence of the Peace movement has reached us in more ways than

one, for which let us be truly thankful."

We have evidence of both external and internal growth, to which we will briefly refer. The increase in membership of the churches has been highly gratifying; all have reason to be encouraged by this steady advance of our

beloved Zion. This increase has been secured in the use of divinely instituted means, the faithful preaching of the Word both in the pulpit and cate-chetical class. Many who had lapsed back into the world, and neglected the means of grace, have been reclaimed, and are now numbered with the people of God. The number of baptisms is large showing the faithful observance of this sacrament, by which adults and infants are engrafted into the mystical body of Christ,—charges have been divided and others reconstructed, so as to carry forward the work of the Lord more successfully; old church debts liquidated; new churches have been erected; the large and beautiful edifice in which we as a Synod now convene, attests this fact, and is a monument to the generous liberality of this people, and worthy of imitation by others; the cause of missions is being pushed forward as rapidly as the means at command will allow.

The internal life has given signs of progress. The increased attendance upon the public worship; a profound appreciation and devout use of the Holy Eucharist; advance in personal holiness; a readiness to contribute to general benevolence; a growing attachment to the doctrines and practices of our Church; and unanimous testimony in favor of catechization, as representing

the true idea of educational religion.

Our Sunday-schools generally, are in a prosperous condition. A more lively interest has been shown in this department of our Church work, during the past few years. Sunday-school Conventions were held in most of the Classes, and important topics discussed, thereby to awaken deeper interest, and give our members clearer views of its mission as an integral part of the Church; showing that many more of our members should enter heartily in this great work. Will the Church do her whole duty to the lambs of the flock? Remember the Master's command to Peter, "Feed my lambs."

It is a pleasing duty to record the fact, that the MESSENGER has a larger circulation in the bounds of this Synod, than during any previous time in the past, which speaks well for our people; showing an increased desire for light and a deeper interest in regard to the work of the whole Church, which must result in cultivating Christian and Church life. Let every family faithfully read their paper, then the number to discontinue the same, will be compara-

tively few.

In giving this favorable report, we do not lose sight of the fact, that there are many shortcomings and imperfections over which we lament; that as ministers we have had labors more abundant and often sorrowing hearts, that often our efforts have been without apparent fruit. There have been here and there, as one report testifies, "indifferent and lifeless professors, and a want of true Christian benevolence, those who do not their whole duty, and instead of being helpers are hindrances, and bring reproach upon the Master's cause."

In conclusion, your Committee feel that this Synod has great reason to be thankful that the watchmen have all been spared, and that the Father hath continued to draw precious souls to the cross, and Jesus received them into His warm embrace. May peace, and love, and joy in the Holy Ghost be abundantly multiplied unto all the churches through Jesus Christ. Amen. D. S. DIEFFENBACHER, Chairman.

### MISSIONS.

1. REPORT OF THE TRI-SYNODIC BOARD.

To the Pittsburgh Synod:

Rev. Fathers and Brethren: We herewith transmit to your reverend body the annual reports of the Superintendent and Treasurer of the Board of Missions of the Reformed Church in the United States (Tri-Synodic).

It will be the duty of the several Synods to elect at their meeting, this fall, a person to fill the office of Superintendent for the coming four years. Your Board, as it is made our duty to nominate candidates for said office, present you the names of the Rev. Theodore Appel, D.D., and the Rev. Henry Mosser, from which to make a selection. W. H. H. SNYDER, Sec.

J. O. MILLER, Pres. Respectfully submitted,

II. REPORT OF THE SUPERINTENDENT OF THE TRI-SYNODIC BOARD. To the United States, Pittsburgh and Potomac Synods:

RESPECTED BRETHREN: -The Superintendent of Missions hereby respectfully presents this his Fourth Annual Report of the condition and progress of the missions under the care of the Board during the past year.

## PENNSYLVANIA.

Grace Reformed Church, Easton.—Under the care of the Board five years. Members, 80. S. S. scholars, 100. Baptisms, 10. Additions, 5. Benevolence, \$30. Local objects, over \$600. Cost of property, \$3,000. Indebtedness, about \$1,200. Reduction of debt during the year, \$300. Attendance, better than in former years. The condition of the mission steadily improving. In a great measure dependent for its increase on members removing from the country to the town. Appropriation fixed by the Classis—not reported to the Board. Pastor, D. Y.

Salem's Reformed Church, Catasaugua.—About seven years under the care of the Board. Members, 140. S. S. scholars, 150. Baptisms, 19. Losses, 5. Benevolence, \$43.53. Additions, 16. Local objects, \$1,004.66. Cost of property, \$3,100. Its value much greater. Its present indebtedness is \$1,600. Reduction during the year, \$1,500. There is a decided improvement in the condition of this mission, as compared with that of previous years. Its indebtedness is still in its way, also the financial disrepute into which it had fallen during previous years. It is, however, overcoming both of these difficulties, and its financial status in the community has improved. Appropriation fixed by Classis. Pastor, J. J. Crist.

Christ's Mission, East Allentown.—This mission was served during part of the past year by Rev. J. Fritzinger. After his withdrawal, the Rev. W. J. Kershner became its pastor. The Classis of Lehigh declined extending to it any further assistance, and it is, therefore, no longer under the care of the Board. With the help which it expects to receive from members of the Reformed church in other congregations in the

city, it is believed that it will hereafter be able to sustain itself.

St. John's, Reading.—Members, 390. Baptisms, 71. Additions, 65. S. S. scholars, 400. Cost of church property, \$22,000. Reduction of indebtedness during the past year, \$500. The financial condition of the mission is improving; and if it were not for its indebtedness, the mission would be self-supporting. The pastor has been serving the Birdsboro m ssion during the year, which at present is building a new church for its use. If this congregation can be connected with one or more neighboring congregations, it will constitute a self-supporting charge, and pastor Steinmetz will be relieved of a part of his arduous labors. He can then devote more time and attention to his congregation in Reading. Appropriation last year, \$200. This year, \$200. Pastor, J. W. Steinmetz. St. John's, West Philadelphia.—For several years past this mission

has been suffering from financial difficulties. Its income was not suffi-

cient to meet its expenditures. The actual amount of indebtedness over a year ago was diminished, as said in last year's report, but this was accomplished by the sale of one of its houses, and was not, therefore, in itself, a financial gain. The indebtedness had been accumulating for several years before. The pastor, Rev. J. S. Vandersloot, having been invited to take charge of a mission in another part of the city, concluded to withdraw from his post, so that the way might be opened to place the mission 'upon a better financial basis. The mission, accordingly, has been vacant for several months, but it has been regularly supplied by the Superintendent and others. The way is now open for the location of another pastor over it; and so soon as that is brought about, the Board has good hopes that, under new auspices, it will take a new departure, and overcome the difficulties which have stood thus far in the way of its progress. Appropriation last year, \$300. Vacant.

Grace Church, Philadelphia.—This mission grew out of a mission Sunday-school, which had been kept up by the members of the Reformed church for a number of years previously, at the corner of 5th and Dauphin streets, in the northern part of the city. Last spring it made an application to the Board to be recognized as a mission, and to be supplied with a missionary pastor. It was signed by over fifty persons. A congregation of some twenty persons was organized by the Classis of Philadelphia, and the Rev. J. S. Vandersloot was commissioned by the Board to take charge of it as missionary. It is believed that the number of members will be largely increased during the course of the year. The Sunday-school, numbering over one hundred scholars, had been carried forward with energy, during previous years, and it is now in a flourishing condition. A lot of ground has been selected for a new church or chapel, and it is proposed to build on it during the course of the year. The mission is promising. It is located in a part of the city where missionary labor is needed, and where is much material belonging to the Reformed church which, with the divine blessing, may be gathered into a flourishing church. Appropriation, \$500. Pastor, J. S. Vandersloot.

Second Church, Harrisburg.—Members, 109. Baptisms, 16. Additions, 16. S. S. scholars, 273. Benevolence, \$80. For local objects, \$689. No debt. The Missionary Society, composed mainly of S. S. scholars, contributed one-fourth of the amount devoted to benevolence. This congregation has been receiving missionary help since its organization, a little over seventeen years ago. During the period it has been under the charge of the present pastor—eight years—it has been making encouraging additions from year to year, in all, 147; but its losses, by removals or death, have been also large, so that its growth in numbers has been impeded by circumstances which were beyond its control. The Classis of Lancaster is at present making an effort to connect it with a congregation in the country, by which it is thought the charge will be nearly or quite self-sustaining. Appropriation last year, \$250. This year, the same. Pastor, G. W. Snyder.

Zwingli Church, Harrisburg.—This mission has been supplied for two years by the Rev. John G. Fritchey, during which time he has reduced the indebtedness from \$2,000 to \$1,100, and re-established it financial reputation. Confidence has been restored, and the members are united and willing to work together for the future prosperity of the church. Mr. Fritchey, in view of his advancing age, is anxious to withdraw from the mission, and the way seems now to be prepared to secure

some one to succeed him. It is thought that before long the Board will be able to obtain a competent person to take charge of it. Members, 66. Baptisms, 6. Additions, 6, all heads of families. S. S. scholars, 40. Benevolence, \$3. Local objects, \$268. Value of property, estimated at \$10,000. Appropriation, \$100. Pastor, Rev. J. G. Fritchey.

Columbia.—Members, 165. Losses, 16 by removal; 10 by death. Additions, 19. Baptisms, 18. S. S. scholars, 185. Benevolence, \$93. For local objects, \$960. Value of church property, \$7,000; of parsonage, \$3,000. The congregation, under difficulties, is making progress. For a number of years past it has had a troublesome debt to contend with, amounting, during the year, to \$1,625. A few weeks ago, an effort was made to pay it off. Over \$1,200 was secured for this purpose, and in a few weeks more it is expected that the balance will be provided for. Appropriation last year, \$125. This year, the same. Pastor, C. S. Gerhart.

Wilkes-Barre.—The present missionary has had charge of this mission now nearly four years. Number of members at Wilkes-Barre, 312. At Nanticoke, 120. In all, 432. Gain, 112, and losses, 37, leaving a net increase of 65 S. S. scholars, 225. Baptisms, 64. Benevolence, \$54. Local objects, \$735. Cost of property, \$13,000. Indebtedness last year, \$3,650. This year, \$1,600. At Nanticoke the congregation is making an effort to erect a church, for which \$800 have thus far been secured. An eligible piece of ground was donated for this purpose by the Susquehanna Coal Company. The mission at Plymouth, referred to in last year's report as growing out of the mission at Wilkes-Barre, has been doing well under the care of the Rev. S. C. Meckel, and now receives an appropriation from the Classis of East Susquehanna. It has 42 members, and expects to erect a new church for its use by the coming spring. Missionary work in the Wyoming Valley thus far has made an encouraging degree of progress, and promises well for the spread of the church in that section of the country. Appropriation last year, \$300; this year, \$225. Pastor, F. K. Levan.

Lock Haven.—Members, 140. Two congregations. Additions, 11. Bapti ms, 5. S. S. scholars, 90. Benevolence, \$30. Debt, \$729. Reduction during the year, \$81. Cost of church, \$2,200, but worth much more now. In need of repairs. The church building of the country congregation is of little value, and must soon be replaced by a new one. The attendance upon the means of grace is good, and the mission is growing both internally and externally. When the present pastor took charge of it in 1879, it was much distracted, and its prospects gloomy. Since then it has rallied, and its condition is again promising for the future. Support of the pastor inadequate. Appropriation last year,

\$300. This year, the same. Pastor, I. S. Stahr.

East Liberty and Wilkinsburg.—The congregation at East Liberty has been making progress during the year. The membership was increased one-third since last January. The indebtedness, \$1,600, was reduced to \$750. Street assessment of nearly \$100 per year is a burden on the congregation, likely to continue for several years to come.—Wilkinsburg is also doing well, but it has a heavy debt to carry, and its effect on the congregation is depressing. Members in both congregations, 100. Baptisms, 5. Additions, 23. S. S. scholars, 130. For benevolence, \$29. For local objects, \$920. Value of property, about \$6,000. Appropriation last year, \$525. This year, the same. Pastor, J. W. Knappenberger.

Orbisonia, Huntingdon Co.—Three congregations. Under the Board five years. Members, 115. Baptisms, 18. Additions, 8. S. S. scholars, 90. Value of property, \$1,500. Benevolence, \$65. Local objects, \$730. Indebtedness, \$70. Reduction of debt during the year, \$130. The attendance on worship, good. Some growth during the year. The support inadequate, making it necessary for the pastor to teach during a part of his time. The pastor, Rev. J M. Schick, after laboring successfully in this charge for five years, recently withdrew. Appropriation, \$112. Vacant.

Sulphur Springs, Bedford Co.—Congregations, 3. Members, 169 Baptisms, 24. Additions, 9. Sunday-schools, 2, union. Benevolence, \$62. Local objects, \$503. The mission was established in 1873. It has built a new church at Mann's Choice worth \$1,800, and a parsonage worth \$1,600. These two buildings were paid for gradually from year to year; the remaining indebtedness was paid off during the year. It has been making progress, internally and externally, and its prospects for the future are good. The pastor, W. A. Gring, was recently called to another charge, and he left with the kind wishes of his people. Appropriation last year, \$200.

Duncannon.—There are three congregations comprising this mission. The congregation at Marysville has improved its church building, and paid, in all, \$300 for local purposes, which amounted to \$10, on an average, for each member. The Missionary, Rev. U. H. Heilman, having received a call from another charge in the church, there is a probability that he will accept of it and withdraw from the mission. The congregation at Duncannon is making a slow but encouraging progress. No statistics given. Appropriation last year, \$225.

First Church, Allegheny City.—This mission has been vacant during the past year. It was thought best by the Board of Missions of the Pittsburgh Synod that the arrangement made last year for its supply should be discontinued, and our missionary interests in Allegheny City were referred to a committee of Classis. Nothing, as far as we know, has been done to revive the mission during the year, and the prospects are that it will lie dormant for the time being. We need very much a church organization in Allegheny City, and it is believed that the time will still come when, under more favorable circumstances, we again will be able to occupy this field.

Shenandoah City.—No reports have been received from this mission during the year. It has hitherto stood under the supervision of the missionary department of the Ursinus Union. Appropriation last year, \$300; this year, the same. Pastor, J. G. Neff.

St. John's Church, Johnstown.—Under the care of the Board two years. Members, 61. Baptisms, 15. Additions, 12. Losses, 2. For benevolence, \$43. For local objects, about \$1,500. The new church was dedicated in November last, and since then all the remaining indebtedness—several hundred dollars—has been cancelled. Its cost was \$3,000. This mission, during the short time it has been aided by the Board, has made a commendable degree of progress. Its beginnings were humble, and by no means encouraging to feeble sight. It has been largely, thus far, the work of faith, hope and charity. It received liberal aid from the citizens of Johnstown in the building of the church. Appropriation last year, \$500; this year, the same. Pastor, W. H. Bates.

St. Luke's, Lancaster.—Members, 51. Baptisms, 21. Additions, 18. S. S. scholars, 215. Whole number enrolled during the year, 260. For benevolence, \$21.90. For local objects, \$531.15. Value of property, \$2,800. No indebtedness on property. The Sunday-school has largely increased during the year, and is composed mostly of the children of the poor. Its weekly contributions—\$60—were nearly sufficient to pay its expenses. Contributions to pastor's salary, about \$50. The balance of the expenses were met by the contributions of friends of the mission and proceeds of concerts and festivals. The Harbaugh Missionary Society was started during the year, and holds regular monthly meetings, which are well attended. This mission is doing a good work among the poor in the suburbs of the city, and has been enjoying manifest tokens of the divine favor since its organization, about three years ago. Appropriation last year, \$300; this year, the same. Pastor, W. F. Lichliter.

Overton, Bradford Co.—The prosperous condition of this mis ion, as presented in our last annual report, was interrupted by the withdrawal of its pastor, who accepted a call to another charge, with the approbation of Classis. Several efforts have been made to secure a successor, but thus far without success. The opportunities for building up churches in this field are favorable, and it is hoped that a suitable person will be secured before long, who will come and carry forward the good work on the foundation which has been laid. Appropriation last year, \$150. Vacant.

Latrobe.—Two congregations. Members, 123. Additions, at Latrobe, 25. Baptisms, 10. S. S. scholars, 65. Benevolence, \$50. For local purposes, \$600. Cost of property, \$7,200. Indebtedness, \$1,850. Reduction of indebtedness, \$92.60. The mission seems to be looking up, and, if its progress is slow, it is steady. The present pastor took charge of it during the year. He commenced preaching in Ligonier valley, where he organized a congregation of 25 members, which he has continued to serve. Appropriation last year, \$200; this year, the same. Pastor, S. H. Eisenberg.

Trinity Mission, York Co.—This mission has disappointed the expectations of the Board and its friends. For a year or more it has made little or no progress. It has, in fact, declined, and the Board has withdrawn its commission from the missionary. It will, therefore, devolve on the Classis to device measures by which its wants shall be provided for.

Sharon, Mercer Co.—No reports. Statistics as reported in the minutes of General Synod. Members, 185; baptisms, 11; additions, 12; S. S. scholars, 69; benevolent objects, \$15; local objects, \$1800. The mission is still vacant, but supplied by Rev. F. P. Hartmetz. Appropriation \$100.

New Castle, Lawrence Co.—Organized as a mission in January, 1880. Members, 44. Baptisms, 9. Unconfirmed members, 27. Additions, 9. Worships in a rented hall. An effort is now in progress to build a house of worship, which is much needed. The amount raised in subscriptions and cash up to this time is a fraction over \$2,000. It is proposed to go forward in the erection of the new church yet this fall. It is to cost about \$2,500, exclusive of the lot. Much of the time of the missionary has been occupied in securing subscriptions for the church in the town, and in congregations at a distance; but its spiritual interests have not

materially suffered. It is not likely that it will make considerable progress until it is furnished with necessary church accommodations. Its prospects are encouraging. Appropriation last year, \$450; this year, the same. Pastor, J. M. Souder.

Marietta.—The congregation at Marietta, organized several years ago, was for some time a mission under the care of the Classis of Lancaster, and was assisted by a number of its congregations. But the help thus obtained was not sufficient to support its pastor, and it appealed to the Board for a small appropriation, which was granted. The Classis connected it with the Maytown congregation, and so strengthened the charge. The mission is growing, and with some help in time of need, it has good prospects of becoming self-supporting at no distant day. The missionary, Rev. S. P. Brown, withdrew from the field last winter, and he was succeeded by the Rev. G. B. Resser in the spring. Appropriation, \$100.

Tionesta and Dubois.—Both of these points have been recognized as missions, and appropriations made for their support, but thus far they have been without missionary pastors.

#### VIRGINIA.

Winchester.—Although this mission was without a pastor for a time, it did not suffer any serious loss. Its members held together, and waited in faith and prayer for some one who should break unto them the bread of life. By the appointment of the Board, the Rev. A. R. Kremer took charge of it last spring. His labors thus far have had the effect to encourage the brethren and to inspire hope that his labors among them will be blessed. A reduction of \$50 has been made in the church debt. \$500 still remains to be paid. It will be gradually reduced by the efforts of the Mite Society, which maintains itself in the congregation with commendable zeal. No statistics have been furnished to us. Appropriation last year, \$250. This year, the same. Pastor, A. R. Kremer.

Mint Spring, Trinity Mission, Augusta Co.—The new church at Mint Spring was finished last fall and a day appointed for its dedication. but when the time came for this solemn act it was decided that it should be postponed until the debt incurred should be in some way provided The new church, therefore, has not yet been dedicated, as there is still a debt of \$128 resting on it. A Sunday school has been gathered together, and services have been held in the church every two weeks. which are well attended. As the Middlebrook charge has been strengthened by a new church and a new congregation in the town of Middlebrook, it is now proposed to reconstruct it and unite one of its congregations with Trinity Mission, so as to strengthen it and put it in the way of becoming self-sustaining. The Board has agreed to this arrangement, and, with the help of the Virginia Classis, proposes to make a small appropriation to each of the new charges, so soon as the new arrangement can be carried out. In a few years it is believed that there will be two respectable charges, where five years ago we had only one, and that without standing or influence. Appropriation last year, \$150. Pastor, A. J. Whitmore.

#### DELAWARE,

St. John's, Wyoming, Kent County.—In the early part of the year this charge became vacant by the resignation of the pastor, Rev. E. H.

Dieffenbacher. A successor, however, was secured soon afterwards, so that it was not long vacant. Members, 95; Baptisms, 6; Additions, 5; Sunday-school scholars, 75; cost of property, \$2,000. No indebtedness. Benevolence, \$23.30. Local objects, \$394.23. The failure in some of the crops has been a loss to the mission, but being rooted and grounded in the truth, it is making progress, and its prospects are encouraging. Organized as a mission in 1870. Appropriation last year, \$250. This year, \$150. Pastor, N. J. Miller.

## MARYLAND.

Cumberland.—This mission has been under the care of the Board since 1867. It had been a mission many years previously. The present pastor has had charge of it now for seven years. Its growth has been gradual and its prospects are good. Members, 156; unconfirmed members, 112; Baptisms, 15; Additions, 20; Sunday-school scholars, 110; value of property, \$5,500, of cemetery, \$1,000. Indebtedness on both \$2,000. Amount of indebtedness paid off since 1867, \$4,300; Benevolence, \$50; Local objects, \$750. Attendance good. Appropriation last year, \$200. This year, the same. Pastor, F. R. Schwedes.

Ridgely, Caroline Co.—This mission at present consists of three congregations, the first at Ridgely, the second in Queen Ann Co., and the third near Easton, in Talbot Co. Members, 73; Sunday-school scholars, 35; Baptisms, 14; Additions, 9. The new church at Ridgely is under roof but not yet finished, for the want of funds. The new church in Talbot county was dedicated a short time ago. It is a union church and cost between \$400 and \$500. Provision was made at the dedication to pay off all remaining indebtedness by the different denominations represented in it, four in number. The congregation in Kent county, which is small, has not as yet any church. It worships in private houses, and, in the sumer time, in a grove. It has met with losses by deaths and removals, which have prevented it from securing for itself a building of its own. The missionary has not been adequately supported, as the mission at Ridgely did not raise the amount of salary which was expected. The loss, however, was partially made up by missionary boxes and private contributions from friends of missions in Pennsylvania. He will need similar help during the coming winter. Appropriation last year, \$325; this year, the same. Pastor, Joseph Hannaberv.

East Baltimore.—The attention of the Board has been directed by the Classis of Maryland to the eastern portion of the city of Baltimore as a suitable place for the establishment of a new mission. Arrangements are at present being made to put up a chapel for the use of a mission Sunday-school and for preaching. One of the resident ministers of our church has consented to take charge of this interest for the present without any compensation.

# NORTH CAROLINA.

Concord, Cabarrus Co.—At the recommendation of the Missionary Committee of the Classis of North Carolina, the Rev J. D. Gurley was commissioned to labor as missionary at Concord, about one year ago. We had some valuable members in the town, who came forward and were organized into a congregation. Services have been held regularly in a hall fitted up for the purpose every Sunday, and a fair beginning

has been made. Mr. Gurley taught school for a while in order to minister to his support, but other schools having sprung up in the town this resort has failed him for the present. An effort was made at the Classis to connect some country congregations with the mission, but it was deemed premature at the time. This, however, may yet be accomplished. Mr. Gurley has accepted of invitations to preach in nearly all the charges of the Classis, where his services were well received and highly appreciated. In this way, as also by visiting missionary points in the bounds of the Classis, it is believed that his usefulness will be much increased from year to year. Appropriation, \$250. Pastor, J. D. Gurley.

Lincolnton.—A good while ago, there was a flourishing Reformed congregation at Lincolnton, but owing to different causes it was suffered to decline, and nearly all of its members connected themselves with other denominations. For a number of years no Reformed minister preached in the place. A few members—only a few—remained true to the church of their fathers, and it was thought best to supply these with preaching, and to make an effort to revive the congregation, if possible. The Rev. J. A. Foil, who had been preaching occasionally in the town, was commissioned during the year by the Board to take charge of this interest, with a small appropriation. He has been preaching at this point once in four weeks, and has had good audiences. It, however, needs more attention than Mr. Foil can give it in connection with his other engagements. It may possibly be connected with other points within the bounds of Classis hereafter, where preaching is called for, and a new missionary field be formed, in which good results might be expected. A small class of catechumens has been formed at Lincolnton. Appropriation, \$50. Pastor, J. A. Foil.

Mostit's Grove.—This congregation came under the care of the Board during the past year. The members were poor, and the Rev. J. W. Cecil had served it for several years with little or no compensation. It has no church of its own, but has been worshipping in a school house, conveniently adapted to its purposes. Under these circumstances it was constituted a mission, and the Board made a small appropriation for the support of its pastor. Mr. Cecil has recently withdrawn from the field, and it will devolve on the Classis to provide for its spiritual wants, either by connecting it with some other charge or by temporary supplies through its missionary committee. Members, 41; Baptisms, 2; Additions 1; Appropriation, \$50. Vacant.

# DISTRICT OF COLUMBIA.

Washington.—During the past year the attention of this mission has been mainly occupied in securing for itself a suitable house of worship. The members were first called on for their subscriptions, and they all gave liberally for their circumstances. The pastor, the Rev. C. F. Sontag, then spent several months in visiting the churches, and succeeded in raising the amount of subscriptions to a little over \$2,000, when steps were taken by the committee of Maryland Classisto go forward with the erection of a new church. The contract was awarded to good and responsible persons. It is in good taste, in the style of Queen Ann, and the cost will be \$4,100. The building is now in the process of erection. It is expected to be paid for by the subscriptions already received and some that are still to be secured, which will be supplemented by the

proceeds of the assessments made on the Classes, after all the payments on the ground are made. There are still two payments to be made on the ground—one this fall and the other next spring—of \$607 each. After the building is finished, and the congregation has the conveniences of a church of its own, the mission will be placed on a permanent foundation, and with the divine blessing will succeed. The labors of the pastor have been interrupted during the year, partly by sickness and partly by necessary absence from home. Fifteen persons have been added to the church, five baptized and two buried. The Sundayschool is yet small. Appropriation, \$600; this year, the same. Pastor, C. F. Sontag.

#### NEW YORK.

New York.—Our Board has continued to assist the Board of the Eastern German Synod, in the support of this mission. The members composing it had felt it to be their duty to withdraw from an independent congregation, in which they had been accustomed to worship, and organize themselves into a congregation, under Pastor Fox, as missionary. During the past year a reconciliation was effected between the two divisions, and a new organization accomplished, distinctively Reformed, in connection with the German Synod, under the pastorship of Mr. Fox. The re-union was cordial, and the event was celebrated by a special service in the church last spring. The mission has a church of its own on 9th Avenue near 50th Street, well located to exert a good influence on a large class of foreign Germans in the city. Appropriation, \$300. Pastor, F. Fox.

#### KANSAS.

St. Paul's Reformed Church, Emporia.—Under the care of the Board two years—members, 25; unconfirmed members, 25; baptisms, 6; additions, 6: losses, 11; cost of property, \$3000; Indebtedness, \$600; for benevolence, \$5; for local objects, in addition to what was paid for the erection of the church, \$175. The new church was dedicated last November, amidst general rejoicing in the Mission, and among its friends on the outside. The event helped to inspire confidence and to place the Mission on a more permanent basis. Since June last, the pastor has been supplying a mission at Holton, in Jackson County, which had lost its pastor, and was suffering seriously. Under his care it has revived somewhat, and a catechetical class has been formed. He also preached at Whiting, twelve miles distant from Holton, and has been preparing the way for organizations at Valley Falls and Harensville, with the view of connecting these points with Holton, and so form a pastoral charge. He further visited Iola, in Kansas, and Raymore in Missouri, near the State line, baptized the children, and sought to prepare the way for the labors of a missionary in the future. His attention was directed to other points, but his time would not allow him to visit them. The missionary labors under the disadvantage of not owning a conveyance, and is without the means of hiring one when needed to enable him to visit various points in the neighborhood. After these openings for the establishment of new missions were reported, the Board deemed it necessary to send another missionary to Kansas, and accordingly, commissioned the Rev. L. M. Hensell, of Virginia, at his own request, to proceed to Kansas, and to co-operate with Mr. Shoemaker in cultivating the field, which seemed to be whitening for the harvest. Mr. Hensell, when last heard from, was at Iola, examining the ground with the view of locating himself and commencing his missionary work. Mr. Shoemaker found that his support was inadequate, and it was to some extent supplemented by missionary boxes and gifts of money last winter from the friends of missionaries in Kansas, and the one in Nebraska, during the coming winter. Unless something of this kind is done, we fear that they will be driven from the field. As the Board has commenced missionary operations in these two States, it will be necessary for the Church to sustain the missionaries in their self-denying work, or else all that we have been doing thus far will come to nought. Appropriation to Mr. Shoemaker, \$300. For travelling expenses, \$100. Appropriation to Mr. Hensell, \$300.

#### NEBRASKA.

Aurora.—Last spring the Rev. Edmond Erb was commissioned as missionary to Nebraska at his own request He was to some extent acquainted with the field, and felt himself strongly moved to give up his charge in Ohio, in order that he might supply the membership of the church in Nebraska, scattered about as sheep without a shepherd, with the means of grace, and gather them together into congregations. The Board were pleased to accept of his offer to labor in the waste places of our Zion in the Far West. He has now been several months in the field, and most of his time has been occupied in making explorations. He reports that he finds members of the Reformed Church in many places, some of whom have left the church of their fathers, whilst many were still waiting for a minister of their own faith to preach to them the gospel. He has located himself at Aurora, and made it the centre of his missionary operations. He preaches at present in the court-house in the town, and at several school-houses in the country, where he expects soon to organize congregations. His work commends itself to the sympathy and prayers of the church, Appropriation \$300. Pastor, Edmond Erb.

# CALIFORNIA.

Salem's Church, Napa.—The spiritual interests of this mission suffered much from the want of a pastor during the previous year. When the present missionary took charge of it, about one year ago, very few members seemed to be left—apparently only two. He has, however, succeeded in gathering together the scattered sheep, and the condition of the mission has improved under his care. Members, 67. Baptisms, 8. Gathered in, 65. Benevolence, \$13. Local objects, \$330. Cost of property, \$4,000. Indebtedness, \$500. Reduction of indebtedness during the year, \$50. Under the care of the Board eight years. Indifference to the claims of missions, on the part of many of the foreign Germans, presents many difficulties in the way of the mission, but faithful labor among them is sure to bear good fruit. The field is large, and more laborers are needed to assist in cultivating it as it should be. Appropriation, \$300. Pastor, E. DeGeller.

Alameda.—The Rev. Charles Hartman, of Indiana, having expressed a desire to labor among the foreign Germans in California, was commissioned as missionary to Alameda last spring He took charge of the mission that had been served for a time by one who turned out to

be unworthy of his office. He found many of his countrymen who needed the gospel, but manifested little or no interest in having it preached to them. They had, in some degree, lost confidence in ministers, as well as in Christianity itself. This made the beginning of his work somewhat inauspicious, but he has not become discouraged. He preaches at present in a rented hall, and has succeeded in gathering the children together into a Sunday-school, which is growing, and promises well for the future. The beginning seems to be feeble, and the work arduous; but we have the assurance that brother Hartman's labors for the souls of men will not be in vain in the end. He is well qualified for the work which he has undertaken, and is much needed to assist the brethren already in the field in planting the pure Christian faith in the place of Satan's synagogue. Appropriation, \$400. Pastor, C. Hartman.

#### OREGON.

Portland.—Membership, 172; 110 at Portland, 13 at Sandy, organized into a congregation during the year. 50 at German Creek and the Dalles, also lately organized. Two Sunday-schools, with ninety scholars. Something over \$1,000 were raised for congregational purposes, such as salary, sexton, fuel, and the debt of \$365 mentioned in last year's report. \$70 were raised in the congregation for the completion of a new church in Rev. Lange's charge. The missionary has spent much time in exploring the country and in organizing new churches, and it has become necessary to send other laborers into the field to assist him in his work. Accordingly two new missionaries were commissioned by the Board at its late meeting, to labor in Oregon, in fields to be assigned to them by the Classis of Portland. They came from the Pilger-Mission of St. Chrischona, at Basel, Switzerland, and are highly recommended for the work by Inspector Rappard. Their names are A. Kreuter and F. Ewald. Pastor Gantenbein says that, in addition to the points which he has been trying to hold until relief should come, there are yet a dozen prominent cities and German settlements of great promise to our church on the north Pacific coast, as yet untouched by us, which we should take possession of soon, before it is too late. Appropriation, last year, \$250. Pastor, John Gantenbein.

Salem.—The annual report of this mission has failed to reach us, and so we cannot give statistics. The missionary serves two small congregations of Germans, one at Salem, the capital of the State, which is still without a church, and the other at Waldo Hills, which completed its church during the year for something over \$500. He preaches at other points, in school-houses and private houses. Latterly he has been preaching regularly at Mehannah, a summer resort, which in the course of time might be made the centre of a new missionary field. He continues to explore the country, to visit from house to house, and to encourage his fellow-countrymen to wait in faith until Providence sends them a shepherd to gather them into the folds of their own church. Appropriation, last year, \$250; this year, \$200. Pastor, Jacob Muellhaupt.

Canby, Clackamas Co.—Under the Board 2¾ years. Congregations, 3. Members, 70. Additions, 47. Gain, 43. Baptisms, 5. S. S. scholars, 39. Local objects, \$400. During the past year the pastor, Rev. Julius Lange, organized two new congregations, one at Oregon City, and the other at

New Era, seven miles distant. The first, the St. Peter's Church, owns three acres of land, on which there is a parsonage, which serves at present as a house of worship. The second, the St. John's Church, has taken measures to put up a new church for its use. An eligible piece of ground has been donated for the purpose, and subscriptions in money, labor and material secured. As the people are mostly beginners, and still poor, the Board, in accordance with the request of the Portland Classis, has contributed \$50 to encourage and assist in this movement. The small church erected by the congregation at Meridian, referred to in last year's report, has been finished, and is now paid for. It is worth \$650 at present, and in a short time it will be worth considerably more. Brother Lange, owing to fewness of laborers in the field, has preached at various other points within the bounds of the Classis. His health, which had somewhat suffered in consequence of his arduous labors, has, we are glad to report, been restored to him. Appropriation, last year, \$200; this year the same. Pastor, Julius Lange.

# WASHINGTON TERRITORY.

Walla Walla.—This mission was supplied for some time by Rev. George Maechtersheimer. During the past year, by the advice of his Classis, he was induced to transfer his labors to another place in the Territory. The field is still vacant, and, as it is an important one, efforts will be made to supply it with a suitable missionary, it is hoped, at an early day. Appropriation last year, \$200, Vacant.

Seattle, Puget Sound.—By the advice of the Portland Classis, Mr. Maechtersheimer was commissioned to labor as missionary at this point. He was well received by his fellow-countrymen, and his prospects o success in this field are encouraging. Appropriation, \$200. Pastor' George Maechtersheimer,

Ursinus Union.—The Rev. F. W. Kremer, D. D., Treasurer of the Church and Committee of the Ursinus Union, reports that since the last annual meeting of Synod he has received for missionary purposes, \$760.49. Three hundred dollars of this amount has passed through the hands of our Treasurer for the support of a mission under the care of the Board. The balance has been paid into the Treasuries of other missionary boards of the church.

# ' FINANCIAL STATEMENT.

From the treasurer's report it will appear that the income of the Board during the year, from all sources, was \$12,220.85. To this, however,

must be added over \$1,000, received by the treasurer for the Washington Chapel, not included in the income as given above. The amount then would be \$13,294. Last year the income was \$15,403, which was larger than usual, because many of the contributions came in the form of thank-offerings for the return of peace and reconciliation in the church—supposed to be \$5,000. The difference between the receipts of the two years is less than was anticipated, and the income during the past year was larger than during any previous ordinary year. There was due our missionaries in salary, on the first of October, \$4,000, with a balance in the treasury of \$1,240.

The following statement of the income of the Board for missions in former years—since 1860—may be interesting and instructive at the

present time:

Incom	e from	1860 to 1865—five years	\$28,538
**	**	1865 to 1869, from the whole church, all	
		the Synods	42,487

••	**	tri Synodic plan 1877 to 1881,on the tri-Synodic plan cont'd	36,315 46,019

For the coming year the Board will need \$15,000 at least—more if possible—in order to meet current expenses; for which we suggest that the three Synods interested be requested to adopt measures to raise the following amounts:

The Synod of the United States	\$8,500
The Synod of the Potomac	3,750
The Synod of Pittsburgh	2,750

# RECOMMENDATIONS.

That the Synods request each congregation within their bounds, to take up one collection during the year, for the purpose of creating a Church Building Fund, to assist missions to erect churches, either in the way of a loan or a donation.

That the Synods request all the ministers and pastoral charges to be more careful hereafter, that the assessments made for missions be more

fully met.

That missionary festivals be held in each Classis, and in the different congregations; that missionary societies be organized and encouraged in each congregation or Sunday School; that missionary intelligence be diffused in all our churches, and our people be urged to give more liberally, so that our missionaries may be more promptly paid and encouraged in their work.

## A RETROSPECT.

As the period for which the Superintendent of Missions was appointed by the three Synods, conjointly, comes to a close during the present year, it is proper at this time to make a brief review of our missionary work during the period of time he has been in office. It is a matter of encouragement to the Church that the cause of missions has been prospered, and that it has not been without manifest tokens of the divine favor.

Most of the missions reported four years ago, are still under the care of the Board. Only a few of them have become self-sustaining. Others, to a greater or less extent, are approaching to the point when they will be able to provide for themselves. The most marked feature of our missionary work during that period of time is found in its enlargement or expansion. Following, what were deemed clear indications of Divine Providence, the Board established a number of new and interesting missions. The mission at Johnstown, from an humble and inauspicious beginning, has grown up and is making cheering progress, having secured for itself a church of its own, not encumbered with any remaining debt. Other missions have been established within the bounds of the Pittsburgh Synod-at Latrobe, New Castle, and more recently at other points, which, however, have not as yet, been supplied with missionary pastors. St. Luke's mission, at Lancaster, Pa., which grew out of a Mission Sunday-School, was commenced in 1879, and has been successful in erecting for itself a new Church, with no large amount of indebtedness resting on it. The present missionary at Emporia, Kansas, was commissioned in the year 1879. He organized the flock, which had been gathered together by his predecessor, into a congregation, and has been successful in putting up a neat church for its use, whilst he has explored different parts of the State, and visited various places where members of the Reformed Church have settled. Quite recently the Board has sent out another missionary to co-operate with him in building up the waste places of our Zion in that State. Last spring a missionary was commissioned to the neighboring State of Nebraska, where he finds many members of our church, among whom he proposes to build up missionary churches. The Mission in San Francisco became self-supporting some three years ago, and it soon became necessary for the Board to commission another laborer to assist in carrying forward the work of missions among the Foreign Germans in San Francisco and suburbs. Four years ago we had only two missionaries in Oregon and Washington territory; now we have four, and we will have six, as soon as two, from the Missionary Institute of St. Chrischona, Basel, now in this county, shall have reached their field of labor. The first mission in Oregon was started about six years ago at Portland. It is now nearly or quite self-supporting—a source of encouragement and hope to other missions growing up around it. The increase of laborers on the Pacific Coast led to the formation of two Classes instead of one. The Mission of Middlebrook, Va., has become self-supporting, and a new one established in the neighborhood. In North Carolina, three new missions have commenced within the past year, which it is hoped will assist in reviving and strengthening our Church in the South.

But whilst we have endeavored to provide for the spiritual wants of our people in the West and the South, and in smaller towns and villages in the East, we have not overlooked the destitution of our larger cities. Over one year ago we undertook to assist the eastern German Board in sustaining a German mission in the city of New York; have lately commenced a promising English mission in Philadelphia, and are just about adopting measures to establish one in the city of Baltimore. It is only the want of means that has prevented us from having an English mission in the city of Boston, and extending our work among the foreign Germans in New England. The mission in Washington, D. C., is now in its fourth year, and has encouraging prospects of permanence and success. All this shows, that, limited as our resources are, we can, with

prudence and care, extend our work also into our large cities, and build up churches for our people, who are continually flowing into them from

the country.

As system and order are necessary in carrying forward the work of missions—just as much as in any other enterprise—it has been a primary object with the Board to encourage and foster missionary societies in our congregations and Sunday-schools. During the last four years many of these have sprung up in all directions, and have proved themselves to be a blessing to the churches, as well as perennial sources of increase to our missionary treasury. To supply these societies with missionary intelligence, as well as to awaken still more the missionary spirit among our people, a monthly missionary paper has been published under the direction of the Board, which, if properly encouraged, cannot fail, as we believe, to become one of the most potent agents in advancing our missionary interests.

From this brief review, as well as from what has appeared in our reports from year to year, it will appear that the cause of missions is advancing—making some progress among us. As a consequence, our people are becoming more interested in this department of benevolence, and their liberality is improving. During the last four years the entire amount raised for missions, as reported regularly through our treasurer was in round numbers \$46,000. The amount actually contributed, but not so reported, was considerable. It would be difficult to give the precise amount. During the previous four years the amount reported was \$36,000, showing an increase of \$10,000 during the second term of what has come to be known as the Tri-Synodic Plan.

But whilst these facts go to show that the Reformed Church in the East has made a good beginning in its missionary enterprises, it should, however, be remembered that it is only a beginning. Our increasing liberality has fallen far short of the providential openings, which God is making to us, and most manifestly inviting us to enter and cultivate. As a denomination we have the means—and we hope the heart also— of doing much more for our Divine Lord, who has done so much for us. We have, in fact, great reason to humble ourselves in the dust and to hide our faces in shame when we call to mind what we might do, and listen to the urgent calls that are made upon us for help in the many waste places of our country. It is a cause in which we can no longer stand still or be indifferent, without being guilty of the commission of a great sin, and of the perpetration of a great wrong upon those who call to us for help in their time of need. It is becoming more and more a matter that should cause ministers and members to fear and tremble. lest God should withdraw altogether the light of His countenance. Upon us, therefore, ministers of the gospel, the shepherds of the flocks, committed to our care, more especially, lies a solemn responsibility to cry aloud and spare not, until our Reformed Zion awakes from her slumbers, and puts on her strength and her beautiful garments.

Respectfully submitted,

THEODORE APPEL,

Superintendent of Missions.

Lancaster, Pa., Oct. 4, 1881.

## III. REPORT OF THE TREASURER.

To the Tri-Synodic Board of Missions of the Reformed Church in the United States:

I regret to announce to the Board and through it to the Synods and the Church at large, that the finances are not in as promising a condition as at the date of my last annual report.

The contributions have fallen off very seriously during the year, being more than twenty-four hundred dollars less than during the previous year.

Some of the Classes have, it is very gratifying to state, increased their con-

tributions very handsomely, but others also, have come far behind.

The present indebtedness of the Board to the Missionaries is nearly \$4,000.00, towards paying which there is in the Treasury a balance of \$1,230.97, leaving an actual indebtedness of more than \$2,700.00. Unless the Church manifests more liberality during the present year, the number of Missionas must be reduced, and the salaries of the Missionaries cut down. Such a step is painful to contemplate, and it is earnestly hoped may be averted by God's people increasing their offerings so that His reign may be extended and His kingdom come.

The following statement exhibits the sources and amounts contributed for

We, the undersigned, a committee approinted by the Board of Missions of the Reformed Church, for that purpose, beg leave to report that we have examined the Treasurer's Report, with the accompanying vouchers, and find it to be correct, with a balance of \$1,230.97 in the Treasury.

## IV. REPORT OF COMMITTEE ON MISSIONS AS ADOPTED.

Your committee would respectfully offer the following:

The following documents were referred to us: The report of the Tri-Synodic Board of Missions; the report of the Treasurer of said Board; the Superintendent's report; item 1 of report of Committee on Synodical minutes; an overture from Iowa Classis; a communication from the Secretary of the Tri-Synodic Board.

It is a subject of great rejoicing that of late years, the cause of Missions, home and foreign, has received marked attention amongst us. Renewed efforts have been made to seek out new fields to be occupied in the home field and to strengthen those Missions which have thus far been under our care, so that the number of Missions under the care of our Board has been increased. The liberality of the Church towards Missions has also received a great impetus by the special efforts put forth during the year 1880, for the Peace offering. The happy results of that movement stand out as unprecedented in the history of Missionary activity in the Reformed Church.

The receipts of the Treasurer for the year now closing, it is true, have not been as large as at the close of last year. But in our judgment, there seems to be no cause for alarm lest the Board might not be able to pay its Missionaries as promptly as the circumstances may be desirable. By a united effort throughout the Church, the fears expressed in this direction, will be more imaginary than real. The command of our exalted Redeemer, "Go ye into all the world and preach the Gospel to every creature," is ever and anon addressed to His servants, so that the time may soon come, when the nations of the earth shall become the nations of "our Lord and his Christ." Let the ministers and churches of Pittsburgh Synod, then, true to their former energy and zeal, again buckle on the armor, and prepare to do valiant service in spreading the glories of our Redeemer's kingdom.

Your committee recommend the following for adoption:

1. Resolved, That Synod adopt the resolution of General Synod commending the cause of Missions to the District Synod, and that the attention of Synod's Board of Missions be called to the request of General Synod's Board that they furnish the Board of General Synod with a statement of their labors and financial condition at least one month before its Triennial Meeting.

2. Resolved, That in addition to the amounts already pledged towards the support of Iowa Missions, Synod appropriate \$250.00 for the present year.

3. Resolved, That ministers and pastoral charges be more careful in fully

meeting the annual apportionment made upon them for Missions.

4. Resolved, That Missionary festivals be held in each Classis or congregation, and that Missionary Societies be organized and Missionary intelligence be circulated within their respective bounds.

5. Re-olved, That Synod appropriate for the present year the sum of

\$2,750.00 for Missions, as designated by the Board.

6. Resolved, That we heartily recommend the cause of Foreign Missions to the benevolence of pastors and charges.

Respectfully submitted,

F. PILGRAM. S. Z. BEAM, C. GUMBERT, ADAM KAMERER, I. SHUPE.

A missionary meeting was held on Saturday evening, presided over by Rev. S. Z. Beam, President of the Synodical Board. Rev. Dr. P. S. Davis, Editor-in-chief of the Messenger, and Rev. Dr. Theo. Appel, Supt. of Missions, delivered addresses. One half of the collection was devoted to the Mission at Washington, D. C, and the other half to the New Era Mission, Washington territory.

#### THEOLOGICAL SEMINARY.

#### I. REPORT OF THE BOARD OF TRUSTERS.

TO THE PITTSBURGH SYNOD OF THE REFORMED CHURCH IN THE UNITED STATES.

BRETHREN: - The Board of the Trustees of the Theological Seminary present their annual report:

The usual meetings have been held during the year and the routine busi-

ness of the Board has been transacted.

We received a copy of the action of the Synod of the United States, directing our Treasurer to "pay all orders drawn on him by the President of the Board of Visitors, for all incidental and legitimate expenses incurred by the Board in the transaction of its business."

We have not complied with this action for the very sufficient reason that we are about three hundred dollars (\$300.00) short of sufficient funds to meet the legitimate expenses of the Seminary proper, and we do not take the action to mean that these drafts shall take precedence of the regular standing obligations, such as Professors' salaries, coal, light, etc., incurred in running the Institution.

We doubt, also, the authority of the Synod of the United States, to pass such action without the concurrence of the other two Synods represented in

both the Board of Trustees and Board of Visitors of the Seminary.

Since our last report some of our investments have been paid and we have been compelled to re-invest at 5 per cent. interest, and we are now notified by holders of \$13,000.00 of our funds that unless we allow them to retain their loans at 5 per cent, they will pay them. Our experience is only the same as others. The Treasurer of the Synod of the United States has had to invest at the same rate of interest, and so also the Finance Committee of Franklin and Marshall College.

About \$4,000.00 of our endowment fund bears no interest and is practically worthless, consisting of Classical notes, etc., which by tacit consent the Synod of the United States has never authorized us to push to collection; if ordered, they are collectable.

Another source of unavoidable expense is the keeping up of the Professors' houses. The heating apparatus and other absolutely necessary repairs will amount, this year, to over \$200.00 in excess of our regular expenses for repairs.

In view of these facts we think that instead of adding to the drafts upon our Treasurer, it may be necessary, in the near future for some provision to be made to aid us in carrying forward and meeting the legitimate and una-

voidable expenses incurred in running the Institution.

Two years ago the Synod of the United States, passed an action requesting the congregations to pay to our Treasurer the proceeds of one collection during the year. The total receipts from this source were \$24.00. From this result it appears that nearly every Pastor present and voting for this action, went home to his charge and ignored the request of Synod.

We call the attention of Synod to the fact that the Seminary property at Mercersburg, Pa., lease I by the Synod of the United States, to the regents of Mercersburg College, has been advertised for sale by the Sheriff of Franklin County during the past year. The regents of the College have mortgaged the lease, and on this mortgage judgment has been obtained, and the Sheriff advertised it for sale. We consider the property in danger so long as this mortgage is suffered to remain. It is for the Synod of the United States (with the concurence, in our judgment) of the two other Synods to determine if any action is needed to protect the interests of the Church in this property. If it should be sold under this mortgage it may pass out of the control of our D. W. GROSS, President, Respectfully submitted,

Lancaster, Pa., Oct. 6, 1881.

## III. REPORT OF BOARD OF VISITORS.

To the Reverend Synod of Pittsburgh:

DEAR BRETHREN:—The Board of Visitors of the Theological Seminary through the undersigned presents to your honorable body the following as

their annual report:

At the opening of the Seminary in September a year ago, the following persons were admitted as members of the Junior Class, ofurteen in number: Solomon A. Ault, Benjamin F. Bausman, William F. Faber, George W. Gerhard, Daniel N. Harnish, John A. Hoobaugh, Alfred P. Horn, Charles W. Levan, Henry H. Sangree, David B. Schneder, Frank W. Smith, Adam S. Weber, James A. Wickert and George A. Zeller. All are regular graduates, with the exception of one, who was admitted to the partial course, but has been puruing all the branches prescribed in the regular course. Mr. Hoobaugh, after continuing his studies during part of the year, withdrew from the Seminary.

The Rev. S. Olin Garrison, an ordained minister in the Methodist Episcopal Church, having previously studied several years in the Drew Theological Seminary of his own Church, wishing to avail himself of the opportunity afforded him by his residence as Missionary in Lancaster city, to complete his Theological course, was admitted to the privileges of the Seminary and finish-

ed his studies with the Senior Class.

As a matter of regret we are under the necessity of stating that several of the students were compelled to absent themselves from the Seminary during the whole or a part of the year on account of ill health, or because they found it necessary to engage in teaching, in order to secure to themselves, the means of sustaining themselves in the future prosecution of their studies. The conduct and diligence of the students in the discharge of their duties as a general thing have been reported as good and commendable. They have sought to make themselves useful in the Sunday-school and elsewhere, and during the year a new interest has been awakened among them in the Missionary work and fostered in their weekly meeting. The examinations at the close of the

year were listened to with much interest by the Board and were approved as

satisfactory.

The members of the Senior Class, having completed the prescribed course of studies and sustained their final examination creditably in the presence of the Board, received a regular certificate of dismission prepared for this purpose and setting forth these facts, at the Anniversary of the Seminary in Maylast, eleven in number. Their names are as follows: Albert A. Black, T. A. Fenstermaker, S. O. Garrison, Edwin A. Gernant, Edgar A. Hassler, Cosmos H. Herbst, Newton J. Miller, Cvrus J. Musser, George B. Resser, Calvin S. Slagle and Joshua Wolbach. With a few exceptions they have entered upon the pastoral work and are occupying fields of usefulness in the Church.

The Board is satisfied with the work done by the Seminary during the past year and think there is cause for thankfulness and gratitude to the Head of the Church for the measure of prosperity with which He has favored our School of the Prophets. The whole number of students reported in the an-

nual catalogue, present and absent, was 31.

Respectfully submitted,

Lancaster, Pa., Oct. 1, 1881.

THEODORE APPEL. Secretary of Board.

IV. REPORT OF THE COMMITTEE AS ADOPTED.

The Committee on Theological Seminary would report that the following documents came into our hands:

The reports, of the Trustees, of the Treasurer, and of the Board of Visitors of the Theological Seminary at Lancaster, Pa.

In view of what appears in these papers, we propose the following action: In reference to the Seminary property, at Mercersburg, Pa., we recommend the following:

Resolved, That our representatives in the Board of Trustees, be requested at the next meeting of the Board, to inquire into the facts in the case and try to secure such action as may be demanded.

Resolved, That we record our devout thankfulness to the Great Head of the Church, for the increased number of students in the Seminary.

Respectfully submitted, JAC. F. WIANT,

J. Dotterer, W. W. Wiester, J. M. Evans, John Lorah.

## INSTITUTIONS OF LEARNING.

I. BEPORT OF THE BOARD OF TRUSTEES OF GREENSBURG SEMINARY.

The Board of Trustees of Literary Institutions would respectfully offer the following:

We held one meeting in connection with the Commencement exercises of the Greensburg Seminary in June last, at which Rcv. J. W. Love was re-elected President and Rev. C. R. Dieffenbacher, Secretary. The only business claiming attention was the interests of our Synod's School above named. We are glad to report this institution in a flourishing condition. About fifty pupils were in attendance during the past year, throughout each of the several sessions. The principal, Rev. L. Cort, has the assistance of five excellent teachers in the different departments.

Twenty scholarships were sold since the last meeting of Synod. Many more ought to be sold, if a suitable agent could be procured to canvass the bounds of the Synod. But whether scholarships are sold or not it is earnestly hoped

that our young people will avail themselves of the advantages of this good Christian School,—as good of its class as can be found any where in any denomination.

The term of office of Revs. C. R. Dieffenbacher, A. E. Truxal and Elder T. J. Craig, expire with this meeting of Synod, instead of whom two are to be elected as per order of Synod to elect two instead of three trustees annually.

J. W. Love, President of Board.

II. REPORT OF BOARD OF DIRECTORS ST. PAUL'S ORPHAN HOME.

Report of the Board of Directors, for the Year ending May 31, 1881.

Beloved Brethren of the Pittsburgh Synod:

Your Board of Directors of your Orphan Home, are happy to be able to report the usual prosperity and good success of the Home in the past, as in previous years. Good health has prevailed throughout the year. The generous charity of the Church has enabled us to provide for the usual number of destitute children. The instruction and training of the orphans, under the efficient labors of Professor Mackey, has given entire satisfaction. The products of the farm have been as abundant as in the previous years.

The children regularly attend divine services, as also Sunday-school training in the Reformed Church in the town of Butler, of which the Superintendent of the Home is the pastor. In addition to which there is also held, each Sunday, at 4 P. M., a special service in the chapel of the Home, which all its

inmates are required to attend.

The Board regrets to have to say that six of the boys, at various times during a period of about three months, purloined different sums of money from the Superintendent's desk; four of whom were dismissed by the Board after a

thorough investigation of all the facts.

Urged by the imperative necessities of the case—the efficiency of the Home, and the safety of the whole property demanding it—the Board has decided to erect, in the coming spring, a new wing in place of the now dangerous and much decayed old wooden structure. The new wing is to be of brick, two stories high, 28x40 feet, well and substantially built, and finished in all respects; and is to cost fifteen hundred dollars; and hereby, respectfully and most earnestly requests this Synod to take such action as it may deem best to secure this amount against early spring, as well as increased gifts in aid of so blessed a work of Christian charity as the feeding of the helpless little ones.

The cash receipts were-

From the State, \$2.140.73; from all other sources, \$1,457.19; total, \$3,597.92; and the total expenditures were \$3,541.09, leaving a balance in Treasury, June 1, 1881, of \$56.83.

The old garden being entirely too small to meet the wants of the Home, the Board, at considerable expense, has paled in a space of such dimensions

as will meet all wants for years to come.

With devout gratitude to the Giver of all good, for His manifold blessings in the past, and with the earnest request for the prayers and the good wishes of this Synod in behalf of this Home of the homeless, we pass on to our labors of love for another year.

The time of the following members of the Board expires with this meeting of Synod:—Revs. John McConnell, D. S. Dieffenbacher, Elders C. M.

Bousch, T. J. Craig.

Respectfully submitted,

JOHN McConnell.

President of the Board.

# BENEFICIARY EDUCATION.

# BEFORT OF BOARD FOR 1880-1881.

To the Reverend Synod of Pittsburgh:

DEAR BRETHREN:-The work of Beneficiary Education committed to the care of your Board was carried forward during the past year with energy and success. Nine students have been under our care during the year; of these one completed his course of studies and is now in the work of the ministry; another, Lewis Reiter, notified us of his ability to sustain himself in the future; another supported himself during the year but will need aid hereafter. Two young men were received under our care during the year, viz.: Cyrus M. Hartzel, of Westmoreland Classis and Alex. M. Kifer, upon the recommendation of Clarion Classis. All seem to have pursued their studies with due diligence, and to have conducted themselves in a becoming way. Neither reproof nor discipline has been necessary in any case.

In view of the increased cost of living the Board requests Synod to increase the appropriation to \$150.00 per annum. The present appropriation to each student is \$125.00.

# REPORT OF THE COMMITTEE AS ADOPTED.

Your Committee on Education would report that the only paper claiming their attention is the Report of the Board of Beneficiary Education, the several items of which have been adopted by Synod, with the exception of one, to wit: a request from the Board that the appropriation for beneficiaries be increased from \$125.00 to \$150.00 per annum.

Your committee recommends that the request be granted.

# PUBLICATION.

REPORT OF THE BOARD.

Annual Report of the Board of Publication from August 1st, 1880, to July 1st, 1881.

To the Synods of the United States, the Potomac and Pittsburgh, the Board of Publication of the Reformed Church in the United States respectfully submits the following report:-

The Board during the year has held one special and three regular meetings. At each due attention was given to the interests entrusted to their charge. It takes great pleasure in reporting a continued improvement in its affairs. In all of the departments there has been an increase of receipts, and in the case of some of the Periodicals—as last year—the increase has been very decided. Only two of the latter have suffered a decrease in the number of subscribers, viz:—The Reformed Quarterly, to the number of 27, and the monthly Child's Treasury, to the number of 490, less than last year, whilst in the others, the increase over all discontinuances is very considerable, showing a gradual and permanent gain. The following is the excess of additions over discontinuances in each case: Messenger, 276; Guardian, 249: Child's Treasury, (semi-monthly), 674; Sunshine, 932; and Lesson Papers, 1768. In the case of the Messenger it may be remembered that the number of subscribers it now has, is for the double sheet alone, so that in comparing the number of subscribers with that of last year, we find the increase is all told a small fraction over one thousand (1000). Also in the case of the Child's Treasury, whilst there has been a decrease in the number of subscribers for the Monthly, there has been a corresponding increase in those of the Semi-monthly.

In the Book Department, as a whole, there is an improvement. There seems to be a more general disposition on the part of the ministers and members of the Church to give it their patronage. And this they certainly owe to it, since it is the establishment of the Church, and, that not for the benefit pecuniarily of any particular individuals, but for that of the Church. There is still, we are sorry to say, a disposition on the part of too many to give their patronage to outside parties and ignore altogether the claims of their own Publication House. The Board would here emphatically reiterate the fact, that it has the ability and facilities for supplying any book or books at the same rates at which they can be had at any other house. Nothing, verily, is saved to the parties thus giving their orders to other houses, whilst it is that much gain to our own house, if they favor it with them. During the year,

31,850 copies of books, &c., were printed for this department.

The usual Committee to whom is assigned the special duty of taking an account of stock and investigating the financial condition of the establishment, was appointed. They attended to their duty and submitted the following report, which was adopted:—

# "Brethren of the Board of Publication:

"Your Committee appointed to take account of stock and report upon the assets and liabilities of the Board, respectfully offer the following. We find the Book department in good condition. We still have a considerable amount of unsaleable stock on hand, on much of which we place no estimated value. There is also some of the stock that has depreciated in value, which we reduced accordingly in our estimate of assets.

After throwing out all stock as valueless upon which we could not realize at once, and deducting for depreciation of stock and all bad or doubtful accounts, we find the Assets to be in sum total . . . . . . . . . . . . . . . . . \$42,949 47

Real Estate	• • • • • • • • • • • • • • • • • • • •	. 35,000 00
Liabilities,		\$77,949 47
mortgage, .	20,000 00	2
Excess of as	eta	. \$23,514 99

We are glad to be able to say that our expenses are now fully within our own income, and that the prospects are, we will be able gradually to reduce our liabilities even after paying the heavy amount of interest to be met annually on mortgage and loans.

All our Periodicals are now self-sustaining, and some of them pay a hand-

some profit, which meets the interest account.

The wholesale department of the Book Store is also paying well, but the retail department falls considerably short of expenses, if we count reasonable rent for store room on second floor.

Through the energy of our attorney, Daniel H. Wingerd, Esq., a large amount has been collected on old accounts. We heartily recommend that the good work be continued without respect to persons, until all the old accounts be collected up.

The outlook is very encouraging, if the Synods will allow us to go forward in our own way, and our ministers and members will give us their confidence

and patronage.

J. W. LOVE,
A. B. WINGERD,
GEO. GELBACH,

Committee.

Whilst it is the pleasure of the Board to report thus encouragingly of the interests under its charge, it is made to have feelings of sadness, when it here chronicles the fact that ere its present financial year had reached its close, its Superintendent and Treasurer, Rev. Samuel R. Fisher, D.D., was stricken down in the midst of his labors, and called up higher. Though death met him far from his home and the scene of his many years labor for the Church, he fell at his post of duty. It may well be said, that the present encouraging condition of the affairs of the Board, is mainly owing to his untiring energy and pronounced business qualifications, not to say, to his lifelong devotion and unselfish interest in the Publication affairs of the Church he loved so well, and for which he labored so abundantly. Verily, the Church will never know how much he has done and sacrificed in this particular, and owes him a great debt of gratitude for whatever she has to-day in the way of Publication interests. He closed his earthly career in the 72d year of his age, on Whitsunday (June 5th), 1881, in Tiffin, Ohlo, whither he had gone to attend the meeting of the General Synod. His remains were borne to Chambersburg, and deposited in the Cemetery of the Reformed Church, alongside of beloved dead, there to await the resurrection morn.

Immediately upon the announcement of the death of its Superintendent and Treasurer, the Board, at the call of its President, met at its rooms in special session, June 16, 1881. It recognized the life and character of its leto Superintendent and Treasurer, the adopting the following minute.

late Superintendent and Treasurer, by adopting the following minute:—

The Board of Publication has heard with profound sorrow of the death of Rev. Samuel R. Fisher, D. D., in Tiffin, O., on Whitsunday. His intimate and long continued association with the Church has endeared and familiarized him to the great body of its members, and his intimate and cherished relations with this Board gained for him the confidence and love of all who compose it. Identified with the ministry of his Church for nearly fifty (50) years, and connected with its Publication interests for more than forty (40) years, the Church most sensibly felt and keenly appreciated his usefulness as pastor, "preacher, editor and manager of its publications. Even "in a good old age," "his eye was not dim, nor his natural force abated." "He died in his harness," while engaged upon an important work for the Church, which, if he had been spared to complete, would have crowned his life of useful industry.

"As a shock of corn cometh in his season," has he been gathered by the Great Harvester to his eternal reward. "Neither shall his place know him any more on earth," but on the records of the Church, and in the hearts of its members, his memory shall be unfading. Where dwell the just made perfect, is the spirit of our dead brother and friend.

The Board at the same time requested the Rev. T. G. Apple, D. D., to fill the place of Synodical Editor of the Eastern Synod, made vacant by the death

of Rev. S. R. Fisher, D. D., until the next meeting of the Synod.

The Board also appointed Rev. Chas. G. Fisher, who had been his father's assistant for the past fifteen months, as its Superintendent and Treasurer until the meeting of Synods. Hence the business of the Board has gone on without any interruption and with usual care and attention, as the annual statement accommanying this report will show.

accompanying this report will show.

The Board, as has been mentioned in the report of the Committee of the Board, has been able to collect a goodly portion of its outstanding dues, and in this particular much is due to the Attorney of the Board Daniel H. Wingerd, Esq. The Board has directed the Superintendent to push the matter of collections, so as to bring its business more and more to a cash basis.

The General Agent, H. K. Binkley, has met with signal success in adding to the number of subscribers to "The Messenger" during the year. The Board asks for him the earnest and hearty co-operation of the brethren of the Church, whose charges he may visit from time to time in the prosecution of the work he has undertaken—a work that concerns the whole Church.

The Board during the year accepted the resignation of Rev. A. C. Whitmer, as Editor of the "Child's Treasury," and appointed Rev. R. L. Gerhart, as his successor, who has already entered on his duties.

The Board has resolved to issue during the coming year, two (2) grades of Lesson Papers—Advanced and Primary. In order to have a uniform and satisfactory series of Lessons and Comments for the Church, the Board would respectfully ask the Synods to allow it to see to the editing and preparation of the same for the coming year.

At the Special Meeting of the Board held last June, it was informed of the disposal made by its late Superintendent and Treasurer, in his last will and Testament, of his original investment and advances as Treasurer, viz.: "that if the Board so wished, \$15,000.00 of the sum total should remain for the use of the Board for 15 years, provided, good security should be given for its payment at the end of that period and that the interest be regularly paid." The Board by way of arriving at a settlement with the Executor of the Estate—as to the actual amount due said estate, found it to be—up to June 16th, 1881, principal and interest, \$17,886.66.

In the same will, the late Superintendent, devices to the Board of Publication, the Stereotype plates and Copyrights of his books published by the Board, viz.: "Exercises on Heidelberg Catechism," "Heidelberg Catechism Simplified," and "Family Assistant."

Among the liabilities of the Board were two notes amounting to \$2,900.00-held by the Estate of Mrs. N. Fisher, dec'd, of which Hon. John Cessna is Administrator. The Administrator having informed the Board by letter that it was his desire to settle up the estate as soon as possible, the Board made provisions for the immediate payment of the same, by making a loan through a note for four (4) months, thrown in bank. endorsed by individual members of the Board. The Board would respectfully request the Synods to make arrangements for providing the Board with funds sufficient to cancel the loan thus made when it becomes due, in the usual proportions from each Synod.

The term of service of D. W. Gross, one of the Trustees from the Synod of the United States, and that of Rev. J. W. Love, from the Synod of Pittsburgh, will expire on Jan. 1st, 1882. Hence it will devolve upon these two Synods to fill the vacancies that will thus occur in the Board at their Annual Sessions.

D. W. Gross, President.

CHAS. G. FISHER, Secretary pro tem. Philadelphia, Sept. 27th, 1881.

## REPORT OF THE COMMITTEE AS ADOPTED.

Your Committee on Publication would offer the following report:

The only papers that came into our hands were the Annual Report of the Board of Publication, from August 1, 1880, to July 31, 1881, and the Annual Statement of Receipts and Disbursements from August 1, 1880, to August 1, 1881.

After a careful examination of these papers we find them satisfactory in every particular. We are glad that they show that the publication interests are in such a prosperous condition. The Board deserves credit for their skillful and successful management of all the business committed to their charge.

And in order to encourage them and relieve them of embarrasement in the

future, we would respectfully make the following recommendations:

1. That the Board be allowed the full control of the editing of the Sunday-

School Lesson Leaves and Helps.

2. That the publication of Literature and all business affairs be placed entirely into the hands of the Board, to be managed according to their judgment.

3. Resolved. That Pastors be, and are hereby, ordered, to devote one collection in each congregation to the Publication Board before January 1, 1882. These collections are to be sent to the Synodical Treasurer, and he is to keep a separate account of this fund.

Respectfully submitted.

J. W. KNAPPENBERGER,
S. T. WAGNER,
J. W. PONTIOUS,
WM. WEITZEL,
JACOB ARMBERGER.

The Clerk was ordered to publish 2000 copies of the Synodical Minutes and distribute them as usual.

# TREASURER'S REPORT.

Rev. Pittsburgh Synod:

FATHERS AND BRETHREN: With this your Treasurer presents his report of the monies received and disbursed by him during the past year, showing the total amount received, less the balance in treasury at beginning of the year, to be \$3766.38, and the amount paid out, \$4211.39, and the amount now in treasury for current disbursements, \$1256.70, and amount at interest for B. E., \$425.

The quarterly salary of our missionaries is now due, and your Treasurer only awaits the order from the Tri-Synodic Board to make payment of same.

You will see that the obligation for the payment of the \$1000 debt on the

Cumberland church property is now paid in full.

Your Treasurer, using the discretion reposed in him by the Synod, compromised the balance of the Dr. Russell claim at the amount proposed by him, and it is now no longer an izritating subject of discussion at our meetings.

Respectfully submitted,

T. J. CRAIG, Treasurer

Ilem 2. Rev. C. R. Dieffenbacher was not excused.

Item 3. Rev. Wm. W. Deatrick was excused.

Item 4 was referred to the same Committee as item 1, of the report on Classical Minutes. This Committee reports as follows:

Your Committee to whom were referred the overture from the church at Latrobe and the petition from the church at Cumberland, Md., weuld offer the following :-

We find that the church at Latrobe has an indebtedness of \$1850 resting upon its church property, which proves a heavy burden to them and materi-

ally hinders the prosperity of the Mission.

In view of these facts, your Committee recommends that Synod assume \$300 of said debt to be paid in three equal annual installments, provided that the Mission pay the balance of \$1050 in two years, including the interest on the whole indebtedness and give the first mortgage to Synod for the \$800 thus

With respect to the Cumberland Mission, your Committee ascertained that the Mission has already received aid toward the liquidation of its church debt the sum of \$2000 from the former Westmorland Classis and \$1000 from the Pittsburgh Synod, for which they have given no security.

The present debt is \$2,500, of which the Mission asks the Synod to assume

and pay half.

In view of all the circumstances of the case, your Committee recommends the following action to be taken by the Synod:

That the Synod assume \$1000 of the present indebtedness of said mission to

be paid in five equal annual payments on the following conditions:

1. That the Trustees of the Cumberland Mission Church give the first mortgage on the property to the Pittsburgh Synod for three thousand dollars, already received from Classis and Synod.

2. That the Trustees of said Mission pay all the interest on their indebted-

nem as it becomes due from time to time.

3. That the Trustees pay one-fifth portion of the balance of \$1500 when-

ever the Treasurer of Synod is ready to pay \$200 towards the reduction of said debt.

4. That the Trustees confess judgment in favor of the Treasurer of Synod for each sum of \$200 paid by him, and at the last payment give a mortgage for \$1000 in exchange for the judgments thus confessed.

5. That the Treasurer of Synod be and is hereby instructed to pay \$200 on the debt of the Cumberland Mission, as soon as this can be done without injury to other objects, and he is satisfied that the above conditions have been complied with and thereafter pay \$200 annually on the same conditions until the debt is fully paid.

### REPORT OF COMMITTEE ON REFORMED CHURCH ASSEMBLY AT CONNEAUT TARE.

Your Committee to which was referred the paper from the Reformed Church Assembly of Conneaut Lake would respectfully report the following: Inasmuch as the frequenting of summer resorts has become a National enjoyment; and whereas St. Paul's Classis has entered upon a movement which looks forward to the establishment of a summer resort for the Reformed Church, at Conneaut Lake, for the purpose of social, moral and religious enjoyment, therefore, Resolved, That we, as a Synod, recognize said movement and give it our approval.

### ARTICLE XII.

### STATE OF THE CHURCH.

### REPORT OF THE COMMITTEE AS ADOPTED.

To the Pittsburgh Synod:—Dear Brethren in the Lord.—All the classical reports on the State of the Church represent said State as very prosperous, encouraging, hopeful. True, one report said, "The devil who never wearies of his ensuraging, nepetal. Artic, one report said. The devit who never weares of a cefforts to hinder the advancement of the Kingdom of Christ, has been painfully busy at his work in some parts of the fold of God," yet was the work of the Lord not stayed, but "where sin abounded, grace did much more abound."

None of our pastors were removed by death. Only a few were hindered from

their work by sickness, and that not to any serious or long continued extent. In the pulpit and from house to house, by day and by night, they toiled. Cate-chetical classes were large and well attended, resulting in large additions to the chetical classes were large and well attended, resulting in large additions to the communion membership of the church. The Holy Sacraments were neglected by but, comparatively, a small number. The parents at the altar of the Holy Eucharist, not forgetting that their children, were with themselves, called of God anto salvation, and so entitled to the Divine blessing as comprehended in, and administered by, the sacrament of Holy Baptism. The missionary work, that life-pulse of the church, has greatly increased, showing that the hearts of our people are becoming more pervaded with the renewing, sanctifying currents of the Christian salvation, proceeding from the Lamb of God, slain for the sin of the world, the Fountain filled with blood, ever full, ever flowing—on and on, until Satan's power shall have essed the actions he avered from sin and death until Satan's power shall have ceased, the nations be saved from sin and death, and Christ Jesus shall have come to reign, creation's Prince of life and peace.

The older missions, mostly, are progressing well. Several new ones have been established, giving good promise of early advancement and final success in the near future. Several new churches have been completed, and others are in process of erection. Only a few charges have been, and still are, vacant. Churches have been enlarged, renovated and beautified—making the house of the Lord more seemly and glorious. Several new charges have been formed. The church papers are receiving increased circulation, and are more earnestly and devotedly being read. The spirit of benevolence has been manifest in larger measure. Good will, peace and harmony, blessing and joy are found, largely, throughout all our churches—the evidence of love to God, and so, also, of the promise of the life that now is and of that which is to come.

And increment are the evidence of love to God, and so, also, of the promise of the life that now is and of that which is to come.

And, inasmuch as the gracious and bountifully giving Lord has again heard the heavens, and they the earth, and the earth the corn, the wine and the oil, and they the toils, cares and prayers of our people, in the gift of an abundant harvest—the earth yielding her increase on plain and valley, on rolling hills and steep mountain-sides, making the heart glad, and filling the soul with gratitude to God, may we not hope to witness still greater activity in the onward movement and growth of our beloved Zion,—so highly prized, so precious to each and all of us—during the synodical year into which we are now to pass.

But now whilst all the reports of the Classes warrant this pleasant, pleasing, hopeful picture of the State of the Church, some of them bring to view things which ought not so to be; things which need to be renovated and regenerated in order to the completest peace and fullest prosperity of the Church—things, calling for humiliation, repentance, fasting and prayer. Let us then return to our respective charges and fields of labor with cheerful hopes, renewed And, inasmuch as the gracious and bountifully giving Lord has again heard

seal and activities in the service of our blessed Lord,—knowing that our labor is not in vain in, by and through Him,—to His glory and the salvation of man.

### BETROSPECTIVE.

Thirty-nine years ago, May 28, 1843, the day and year Westmoreland Classis was organized, we had, throughout the large territory, now included within the bounds of this Synod, being the whole of Pennsylvania west of the Alleghenies, nine ministers, only seven of whom labored as pastors, having under their care

nearly fifteen hundred members.

In 1850, seven years afterwards, being thirty-two years ago, the time West-moreland Classis was divided and that of Clarion formed, and still covering the same large field as now occupied by the Pittsburgh Synod, the number of ministers had increased to eighteen; the membership, to 3,500, of which 3,200 communed. Then, i. e. thirty-two years ago, there were twenty-one Sunday Schools; and the Benevolent contributions only \$410.712.

True, as we well know, the statistics of thirty-two years ago are very imperfect, as, for instance, no mention is made at all of the baptized membership, and, in some cases, even that of the adult members is not given, which defect we supplied, approximately, from other sources. But this itself, is evidence of a good

progress.

My, brethren, let these facts and figures be compared with the statistics of this Synod, for this year, as here with presented, and see what the Lord has wrought. —He has done great things for us of which we are glad. Blessed be the name of the Lord!

"The Lord bless thee, and keep thee;
The Lord make His face shine upon thee,
And be gracious unto thee:
The Lord lift up His countenance upon thee,
And give thee peace."

Respectfully submitted,
JOHN McCONNELL, Chairman.

### MISSIONS.

### 1. REPORT OF THE BOARD.

### To the Synod of Pittsburgh:

Rev. Fathers and Brethren: We herewith transmit to your reverend body the annual reports of the Superintendent and Treasurer of the Tri-Synodic Board of Missions of the Reformed Church in the U. S. These reports speak for themselves and hence need no comments on our part. We only ask, through you, that the cause of Missions may receive enlarged sympathy from our pastors and people.

Respectfully submitted,

W. H. H. SHYDER, Secretary. J. O. MILLER, President.

The Tri-Synodic Board of Missions of the Reformed Church in the United States, at its recent session in this city, passed the following resolutions:

1. Resolved, That this Board is convinced that the more general circulation of the Missionary Herald in our congregations would greatly advance the cause of Missions, and we do hereby heartily commend it to the church, and respectfully request the Synods to take such action as would accomplish this result.

2. Resolved, That this Board calls the attention of the reveral Synods to the fact that the money assessed for the payment of the Washington Chapel is due, and we request that the necessary steps be taken to secure the amount as promptly as possible.

Respectfully submitted,

W. H. H. SHYDER, Sec'y of the Tri-Synodic Board of Missions.

To the Reverend Synods of Pittsburgh, of the Potomac, and of the United States:

RESPECTED BRETHERN:—The Superintendent of Missions hereby presents to

Indebtedness, \$1,600; but a plan has been in operation to reduce the debt, and \$400 had by this means accumulated in the treasury at the end of the year, which amount by this time has been used for the purpose intended. Appropriation last year, \$400. This year, the same. Pastor, J. J. Crist.

8. John's Chesch, Reading.—Members, 450; last year, \$50. S. S. scholars, 444; last year, 400. Baptisms, 68. Additions, 88. Benevolence, \$280. Local objects, \$2,200, including \$500, paid to reduce the indebtedness, for which the members are accustomed to make monthly contributions. Cost of property, including parsonage, \$22,000, but worth more at present. Under the Board ten years. Under the present pastor seven years. The indebtedness, which has hitherto prevented the mission from being self-supporting, is diminishing from year to year. Services well attended both German and English. Appropriation, last year, \$200; this year, \$100. Pastor, J. W. Steinmets.

Birdeboro' Mission.—This mission, supplied for several years past by Pastors Steinmets and Davis, of Reading, was served by licentiate, G. M. Zacharias, for several months during the winter, under the direction of the Board. Mr. Z. then withdrew, and arrangements were made by the Classis to connect it with other

withdrew, and arrangements were made by the Classis to connect it with other congregations in the neighborhood, so as to make it a self-sustaining charge. This, however, has not as yet been carried out, and the mission remains vacant. The congregation at Birdsboro' have quite recently dedicated their new church, 35 by 50 feet, at a cost of \$2,350. Some indebtedness. Appropriation last year, \$200.

Vacant.

St. John's Church, West Philadelphia.—This mission, after being vacant for five months, was again supplied with a pastor on the 1st of February last, since which time it has been doing well. As it was supplied by the Superintendent and others whilst it was vacant, its interests did not materially suffer, and when the Board whilst it was vacant, its interests did not materially suner, and when the noard succeeded in supplying it with a pastor, the members received him gladly and cheerfully united with him in working for the peace and prosperity of Zion. Members, 58. S. scholars, 85. Baptiams, 4. Additions, 10. Losses, 11. Church papers, 54 copies. Benevolence, \$16.58. Local objects, \$372. Cost of property, about \$7,000, but it is not worth that much at present. Indebtedness, \$2,400. An Aid Society raised \$35 in seven months to assist in paying the interest on the indebtedness. It is thought that the location of the church building, and its comments uninviting appearance are a harrier to the progress of the misand its somewhat uninviting appearance, are a barrier to the progress of the mission, and it is hoped that the way may be open before very long for the removal of this difficulty. Appropriation, last year, \$500; this year, the same. Pastor, J. P.

Grace Church, Philadelphia.—During the year this mission was successful in putting up a new church, in which, although still unfinished, it has been worshiping for the last three or four months. In other respects it had also been making a commendable degree of progress, until, during the summer its pastor, Rev. J. Saml. Vandersloot, found it necessary, on account of his failing health, to withdraw from the field, at the end of his first year's labor. Some loss has been incurred in this way, but it is hoped that it will in the end be overruled for good. After the withdrawal of the pastor, the Board immediately took steps to supply the mission with a suitable pastor, the pastor, the pastor in the steps took steps to supply the mission with a suitable pastor, but in this they have up to this date been unsuccessful. Members, 52; at its organization, about one year ago, 26. S. S. scholars, 144. Baptismas, 9. Additions, 27. Benevolence, \$25. Cost of church building when completed about \$1,800. Amount thus far paid, \$1,141.17. Amount needed to finish the church over \$200. Debt on the church at present, \$649.52. Other inchestedness about \$150. Mortgage on the ground, \$3,000. A Mite Society has been active in raising money to pay the semi-annual interest on the mortgage.

"The Little Gleaners," a society, after raising \$40 for furnishing the pulpit, now eco-operates with a missionary society lately organized. Appropriation last year, \$500. Vacant.

Second Church, Harrisburg.—Members, 115. S. S. Scholars, 285. Baptiams, 11. Additions, 12, of which 11 were heads of families. Benevolence, \$112. Local objects, \$671.30. Original cost of property, \$6,000. Present value, considerably greater. Church papers are patronized. Some 50 or 60 members in the mission-

ary society. The mission is growing in numbers and liberality, but it suffers from removals, which prevent it from making any rapid advance towards self-support. There is some prospect that it may hereafter be strengthened by the establishment of a new mission at Steelton, in the vicinity. It would be an important step towards becoming self-sustaining, if it could erect a parsonage in a vacant lot, which it owns in the rear of the Church. It has been a mission for about eight een years. Appropriation, last year, \$250; this year, the same. Pastor, G. W. Snyder.

Zaningli Church, Harrisburg.—Members, 85. S. S. Scholars, 65. Baptized, 7. Additions, 19. Benevolence, \$142. Local objects, \$491. Value of church property, \$10,000. Indebtedness, \$1,100. Some German papers circulated. No Missionary Society, but a Ladies' Society, composed of 27 members, collects funds and makes contributions for the aid of the church. The mission is making a gradual progress spiritually and financially, and, if not disturbed by changes in pastoral relations, as it was too much in the past, it has the prospect now of becoming a well-established Christian congregation. The present pastor took charge of the mission about one year ago, and since then he has been laboring efficiently and with much satisfaction to his people. His services are exclusively German. Appropriation last year, \$200; this year, the same. Pastor, H. A. Friedel.

Services well attended, and a good spirit pervades the congregation. Thus, after many years of struggle and conflict, this congregation has gradually been growing, and has come to stand on a good and permanent foundation. Under God its success and prosperity have been the result of the aid and encouragement of the church at large. After the 1st of January next it expects to be self-supporting. Appropriation last year, \$150. No further appropriation. Pastor, C. S. Gerhard. Wilkes-Barre Mission.—Two congregations, one at Wilkes-Barre and the other at Nanticoke. Members, 487; last year, 432. the 24th of September, with little or no debt. Dimensions, 36 by 65 feet. Members at Nanticoke, 135. The mission at Plymouth, which grew out of the mission at Wilkes-Barre, have recently put up a new church building. It is doing well under pastor, Rev. S. C. Meckel, who as he receives an appropriation from Classis, will hereafter be enabled to devote his whole time to the interests of the mission. Appropriation last year, \$225; this year, \$175. Pastor, F. K. Levan. Lock Haven Mission.—Two congregations. Members, 153; last year, 140. S. Scholars, 130. Baptisms, 7. Additions, 16. Benevolence. \$37. Local objects, \$525. Cost of property, \$2,200, but worth much more at present. Indebtedness, including repairs, \$1,000. As soon as present indebtedness is paid off the mission will be in a fair way of becoming self-sustaining. The present pastor has been in the field five years, during which the mission has increased largely in membership; a church was purchased for \$2,200, and repaired for \$600, the Classis of West Susquehanna, paying \$1,100 for the purchase of the building. 75 members

The mission has good prospects. Appropriation last year, \$300; this year, the same. Pastor, I. S. Stahr.

English Mission at Williamsport.—During the past year the congregation was divided so as to form two, one German and the other English. The German portion retain the old church, assume the debt, expect to support their own pastor, and pledge themselves for \$1,500 to assist the English brethren in the erection of a new church. The latter, not being able to support a pastor, have been taken under the care of the Board as a mission, and, by the recommendation of Classis, have been promised an appropriation. They are at present seeking to secure for themselves a pastor. With what they receive from the old congregation, and the promise of a \$1,000 from the Classis, they expect to go forward and erect for themselves a new church during the coming year. Appropriation, \$300. erect for themselves a new church during the coming year. Appropriation, \$300. Vacant.

Zion's Reformed Church, Stroudsburg.—This congregation was organized on the 17th of May last, and constituted a mission by the Classis of East Pennsylvania. It was then placed under the Board, and the Rev. G. W. Kerschner commissioned to take charge of its interests. It commenced with 35 members, but as there is a considerable amount of Reformed material in the town and neighborhood, it has encouraging prospects of increase in the future. Thus far Mr. K. has been holdeacouraging prospects of increase in the rature. Thus far art. A. has been adding his services in the court-house with good audiences, especially in the evening; but the further success of the mission depends on its having a house of worship of its own, and, accordingly, steps will be taken at as early a day as possible to put up a suitable church building. Had a congregation been organised in Stroudsburg twenty years ago, we might now have a flourishing church in that place. But it is never too late to do good, and as Providence seems so manifestly to have led to the establishment of this new congregation where to make up for lost time and lost opportunities. Mr. K. seems to be well adapted for the situation he has been called to fill, and to be appreciated in the community for whose spiritual interests he is laboring. Appropriation, \$300. Pastor, G. W. Kerschner.

East Liberty and Wilkinsburg.—Two congregations. Members, 111. S. S. scholars, 150. Baptisms, 7. Additions, 19. Erasures, 14. Benevolence, \$35. Local objects, \$1,290.71. Value of property at East Liberty, \$5,000; at Wilkinsburg, \$3,500. Debt on the former, \$350; on the latter, \$1,500. These missions are both overcoming the financial difficulties of former years, and a general feeling of hopefulness and encouragement pervades the members. We may now hope that a prosperous career in the future may be the answer to their faith and prayers.

Appropriation last year, \$550; this year, \$500. Pastor, J. W. Knappenberger.

Orbitonia, Huntingdon Co. This mission was supplied with a pastor on the 1st
of April last, and seems to have rallied again from the loss it sustained in being without a pastor for more than six months. Three congregations. Under the Board six years. Members, as far as ascertained, 92. Baptisms, 5. Additions, 3. S. S. scholars, 82. Benevolence, \$10. Local objects, \$350. Value of church have commenced the building of a new church near the town of Shirleysburg, which will be ready for dedication before the winter sets in. This mission requires a parsonage, without which it will be difficult for it for some time to come, to give its pastor an adequate support. The attendance on the means of grace is good, and the missionary feels encouraged to believe that with the blessing of God he will succeed in building up the charge. Appropriation, as requested by Classis, \$150. Pastor, C. H. Reiter.

Sulphur Springs, Bedford Co.—This field was without a pastor for eight months, when one was secured who entered upon his duties on the 1st of April last. It consists of three congregations. Members, 155. Three S. Schools. Baptisms, 5. Additions, 5. Value of property about \$4,000. Debt, \$40, which is soon to be paid. Under the Board as a mission since 1873. Four catechetical classes, at the present time, numbering 40 catechumens, the greater part of whom expect to be confirmed during the coming spring. The work of grace is reviving in the hearts of the people, and the labors of the pastor are appreciated. In a year or so, this mission should become self-sustaining. Appropriation, \$300. Pastor, E. H. Dieffenbacher.

Duncamon.—Vacant during the greater part of the year, but supplied with a pastor a short time ago. Two congregations, one at Duncannon, and the other at Marysville. Original cost of the church, \$2,100, which with the lot makes the present value, \$2,800. No debt. A balance on the heater debt—143, was paid during the year. Church periodicals of all kinds, 252. The Harbaugh Missionary Society with 40 members collects about \$15 per annum. Organized as a mission 34 years ago. Under present pastor two years. After he has practiced the most rigid economy, his support has been inadequate. Recently he received an overture from the Faculty of F. M. College, to beach one hour per day in the college, and to take charge of Harbaugh Hall these teach one hour per day in the college, and to take charge of Harbaugh Hall, these duties to be discharged in connection with the pastorate of the mission. As this arrangement is likely to prove mutually beneficial, it is hoped that the state of his health will allow him to accept of this offer. Appropriation last year, \$300. The fixing of the appropriation for the coming year referred to the Executive Council. Pastor, W. F. Lichliter.

Overton, Bradford Co.-Vacant for some time, but again supplied with a paster, since last January. Since then the mission has shown signs of new life and activity. The congregation at Overton is putting up a new church, and the one at Dushore, which has been worshipping in an old church belonging to another denomination, expect to erect a church for themselves at no distant day. New Custle.—Members, 49. S. s. scholars. 30. Baptisms, 1. Additions, 5. Benevolence, \$14. Local objects, \$450. The new church was dedicated in July. Its cost was \$3,669, on which \$2,500 have been paid, collected by the paster in the mission, in the town and neighboring congregations. The remaining indebtedness is \$1,050, for which \$600 have been provided in the way of subscriptions, most of which will be neighbor the design of the new shorts. which will be paid at no distant day. Since the dedication of the new church, the andiences on Sunday have very much improved. A case, however, of what seemed to be necessary discipline has disturbed the congregation, and interfered with the usefulness of the pastor. This is unfortunate, as the pastor has shown much energy and manifested a true spirit of of self-secrifice, and in view of his valuable services deserves the sympathy and support of all the members of the mission. Appropriation last year, \$450. This year the same. Pastor, J. M. Souder.

Marietta.—Two congregations. One at Maytown and the other at Marietta.

Members, 167. S. S. scholars, 225. Baptisms, 18. Additions, 11. Benevolence, \$30.50. Local objects, \$518. Cost of property at Maytown, \$3,000. German services are held every two weeks at Marietta, under the direction of a committee of Lancaster Classis, of which Dr. E. V. Gerhart is chairman. By this means a number of foreign Germans have been added to the church, and the prospect now is that the congregation will be materially strengthened from this source in the future. Appropriation last year, \$100. This year,

Tionesta, Forest Co.—This is a new mission, supplied with its first pastor during the past year. Three congregations. Members, 50. Baptisms, 6. Additions, 2. Benevolence, \$32. Local objects, \$152.25. Two church edifices, one of which is union. No indebtedness. The missionary reports difficulties in his field, which he thinks may be surmounted, and he is hopeful. The field is large, and there is an opening for the establishment of a number of preaching places, and there is an opening for the establishment of a number of preaching places, and the organization of new congregations in the future. The ground is well selected for the missionary activity of the church. Appropriation last year, \$250. This year the same. Pastor, D. G. Klein.

Dubois, Clearfield Co.—This mission was organized about two years ago, but it

was without a pastor until last February, when Rev. D. H. Leader took charge of it, by appointment of the Board. Since that time the members have been workit, by appointment of the Board. Since that time the members have been working earnestly with their pastor, and the mission has been advancing towards permanency. The congregation at Dubois expect to erect a church at no distant day. A new congregation has been organized at Boon's Mountain, with the prospect of rapid growth, including the erection of a church during the coming year. A similar movement is on foot to build a new church at another point in the country, where the missionary has been preaching. Members, 47. S. S. scholars, 25. Baptisms, 14. Additions, 23. Houtzdale, Churfield Co.—This mission was formally taken under the care of the Board during the past year. It was served for the first six months by the Rev. Meyersdale, Somerat Co.—This charge became a mission in consequence of the division of the Meyersdale charge, which took effect a little more than a year ago. It was believed that with the help of the Board in the course of a year or so, two self-supporting charges could be formed. Congregations, 2. Members, 306. S. S. Scholars, 130. Baptisms, 34. Will's Creek Mission, Someract Co.—This mission has been under the care of the Board since last October. It consists of four congregations, White Oak, Mount Lebanon, Fair Hope, and Hyndman. All of the congregations have church-buildings, except Fair Hope. A new church at Hyndman was erected and dedicated during the past year, at a cost of \$1700. Members, 195. S. S. scholars, 155. Baptisms, 23. Additions, 7. Benevolence, \$146. Local objects, \$842. Value of church property, \$4500, including interest in a union church. Indebtedness, \$450. The mission is a new charge, formed by the division of the Meyersdale charge. The results show the propriety of the change. The prospects are that the mission will become self-sustaining in a few years. The field is an interesting one, and offers favorable openings for mission ary work. It is also a difficult one to cultivate as the congregations are widely separated, and the a difficult one to cultivate as the congregations are widely separated, and the

### VIRGINIA.

Winchester.—Congregations, 2. Members, 110. S. S. scholars, 65. Baptisms, 7. Additions, 6. Losses, 10. Benevolence, \$50. Local objects, \$450. The mission has a valuable church building, a good parsonage, on the latter there is an indebtedness of about \$500, on which \$50 have been paid during the year. This mission has been a long time under the care of the Board, and the pastor expresses his regrets that difficulties beyond his control stand still in the way of its progress towards becoming self-supporting. He thinks that it will be best to build up chapels in the neighboring country, thus strengthening the charge and saving to the church those members who cannot be reached in any other way. At present he is preaching at a point about eight miles from the city, and at that place a chapel is to be erected during the coming year. If this succeeds, other points will receive attention. This course meets with the approbation of the Board. Appropriation last year \$250. This year, the same. Pastor, A. K. Kremer

Middlebrook, Augusta Co.—During the past year the Middlebrook charge was divided, as referred to in our last report. Both divisions were declared missions, and placed under the Board with appropriations, which it is thought will be needed not more than a few years at most. The mission at Mint Spring was connected with St. John's Church, so as to form one charge, whilst the congregations at Middlebrook and Newport remained to form another. The congregation at Middlebrook purchased an unfinished church belonging to another denomination, completed it, and dedicated it to the worship of God as a Reformed Church. This was a judicious movement, and the result shows that it has gone very far to attraction the interests of the church in that part of the Classic Church. This was a judicious movement, and the result shows that it has gone very far to strengthen the interests of the church in that part of the Classis. Members in this mission, 68. S. S. scholars, 165. Baptisms, 4. Additions, 3. Church property worth, \$2500. Indebtedness, \$300, under the Board since June last. It has much material which it may gather into the church, outlook encouraging. Appropriation, \$150. Pastor, S. L. Whitmore.

Mint Spring Mission.—Constituted a mission during the year. Supplied at present by a committee of Classis. St. John's Church has a membership of 100 members. congregation. One, however, will be organized as soon as a pastor can be secured. Church property owned by the mission is worth between four and five thousand dollars. The mission may hereafter be strengthened by establishing preaching points in the surrounding regions. Two Sunday-schools. Appropriation, \$150. Vacant.

### DELAWARE.

St. John's, Wyoming, Kent Co.—Members, 100. S. S. scholars, 76. Baptisms, 13. Additions, 18. Benevolence, \$35. Local objects, \$385. Value of property, \$2200. No indebtedness. Church papers, 26. Under the Board, 13 years. The mission has good prospects of being strengthened by the tide of foreign emigration flowing into the State. When the members become better established in their business interests, they will cheerfully withdraw from the shelter of the Board

and provide for themselves. The present fruitful season has been an advantage to the mission, and its prospects are more hopeful than last year when there was a failure in the crops. Appropriation last year, \$150. This year the same. Pastor, N. J. Miller.

their homes and seek employment elsewhere. Losses by deaths, and removals, 10. Under present pastor eight years. The debt and the strikes have operated unfavorably upon the mission, but the attendance on the means of grace has been good. The pastor attends to the wants of the young who are becoming English, and an English congregation is growing up in the bosom of the mother church. Appropriation last year, \$100. This year the same. Pastor, F. R. Schwedes. Ridgely, Caroline Co.—Three congregations, one at Ridgely, one near Easton in Talbot Co., and a third in Queen Ann Co. Members, 68. Losses by removals, 10, S. S. Scholars, 40. Baptisms, 4. Additions, 5. Church papers, 12. Benevolence, \$3.58. The new church at Ridgely was dedicated last spring. Its cost was about \$2000, with little or no indebtedness resting on it. The mission has been under the Board between three and four years. It is a matter of regret that the congregation at Ridgely has failed during this period of time to raise the salary for gregation at Ridgely has failed during this period of time to raise the salary for the pastor, which was expected when he became its missionary. The deficiency has partly been made up by the gifts and contributions of other churches, and partly by the manual labor of the missionary himself. To some extent his health has failed in consequence of exposure and hard word, and he thinks it would be best if the Board would assign him another field of usefulness. Appropriation

last year, \$320. This year, —. Pastor, J. H. Hannabery.

East Baltimore.—The establishment of a mission in the eastern section of the city of Baltimore, referred to in our last annual report, has made some, although not much progress during the year. An examination has been made for the location of a chapel, the Classis of Maryland have promised to assist in its erection to the amount of \$1000, and our conclusion, based on inquiries made, is that \$2000 more and have been set and the control of \$1000 and the conclusion has been of Baltimore. can be secured for this object in the churches of Baltimore—provided there is no further delay in initiating a movement to begin some actual work.

### NORTH CAROLINA.

Concord, Cabarrus Co.—As this mission seemed to be making slow progress, and had suffered some losses, our missionsry, Mr. Gurley, by advice of his brethren and the approbation of the Board, accepted of a position in Catawba brethren and the approbation of the Board, accepted of a position in Catawba College as one of its professors, retaining, however, his connection with the mission by supplying it himself or getting some one else to take his place. In addition, he supplied the East Rowan charge during the summer, after its pastor had resigned, preached, made pastoral visitations and catechised the youth. Under all the circumstances of the case, it has been thought best that Concord should be connected with the Central Rowan charge, and give its pastor a small appropriation. Mr. Gurley will then withdraw from this field at the end of this year—the 1st of November, and will need no further support. Appropriation \$250. This wear, \$50. Pastor, G. D. Gurley. This year, \$50. Pastor, G. D. Gurley.

Lincolnton, Cabarrus Co.—Our interest at this place remains about the same as it was one year ago. The attendance at divine worship—once a month—is good and some additions have been made to the church. It deserves the attention of the Board—at least until some arrangement can be made by which it may be connected with other points, so as to strengthen it and make it self-sustaining. Appropriation last year, \$50. This year the same. Pastor, J. A. Foil.

### DISTRICT OF COLUMBIA.

Grace Church, Washington.—Members, 62. S. S. scholars, 48. Baptisms, 4. Additions, 10. Benevolence, \$5. Local objects, \$500. Cost of chapel, \$4700. Of ground, \$3240. Present value, \$10,000. The indebtedness, about \$2200, has been

assumed by friends of the mission, with the understanding that it is to be paid hereafter by the assessments made by the Classis, for the erection of the chapel. As, however, interest must be paid on the notes as they are renewed from time to time, it is a matter of great importance that the congregations, which have not as yet paid their apportionments for the Washington Chapel, should do so with the least possible delay. In this way much interest may be saved, and the money be devoted for other useful purposes. The mission itself pays no interest, and so it may be said to be practically without any debt. As already announced in the papers of the church, the new chapel was dedicated to the worship of God on the last Sunday in April. It is a neat and attractive structure, in an eligible part of the city, and the Board congratulates the church in view of the success which has crowned its efforts to establish a Christian Church in the National Capital. A good beginning has been made in the structure which has been erected to serve for a time for the wants of the mission; but as the congregation grows and its wants increase, a larger and more imposing building will be needed, for which there is ample room on the lot of ground on which the present house stands. The building up of a distinctly Reformed Church in such a place as Washington is encumbered with difficulties of a peculiar kind; but with the continuance of the divine blessing, which has thus far rested on this undertaking, we may hope that the vine here planted will grow and be abundantly fruitful in future years. Since the mission has been permitted to worship in a home of its own, it has received a new impulse, and both pastor and people, thankful for what God has done for them thus far, have experienced a new inspiration to go forward with the work committed to their hands. Appropriation last year, \$500. This year the same. Pastor, C. F. Sontag.

NEW YORK.

German Evangelical St. Paul's Reformed Mission.—Under the care of the Board of the Eastern German Synod, but assisted in part by this Board. Members, 125. S. S. scholars, 125. Baptisms, 105. Contributions of Missionary Society, \$100. Members in the Missionary Society, 40. Attendance about 100. Quarterly rental on leased ground, \$112. Appropriation last year, \$300; this year, \$150. Pastor, F. Fox.

### KANSAS.

St. Paul's Church, Emporia.—During the past year this mission was unfortunate in losing its pastor, Rev. J. G. Shoemaker, who, on account of his health and inadequate support, felt compelled to withdraw from the field. Since then it has been vacant, and its interests as a matter of course have suffered. During the month of July the Rev. D. B. Shuey, under the direction of the Board, visited the mission, administered the communion, and by personal intercourse sought to encourage the members. With his consent he was elected pastor of the congregation, and the Board then tendered him the appointment of missionary to Emporia and of superintendent of our missionary interests in Kansas, which he has accepted. He expects to enter upon his duties in his appointed field of labor by the can for the purpose of erecting a parsonage and paying off the debt on the church at Emporia. The interests and success of the mission require the adoption of measures of this kind, and it is hoped that Mr. Shuey will meet with encouragement and support in this object, wherever he makes application. Both he and his work commend themselves to the generous liberality of our churches. His visit and the arrangement of the Board have had a happy effect upon the mission in the way of encouragement and hope, and the membership now show a willingness to make a new start and to do what they can. Appropriation, \$500. Pastor, D. B. Shuey.

### MISSOURI.

Tarkio Mission.—The Rev. L. M. Hensell, who was commissioned to labor as missionary in Kansas a year ago, visited various points and preached as opportunities presented themselves. In travelling from place to place he exposed him-

self a great deal, so that during the winter, becoming physically disabled, he asked to be relieved from further service under the Board. This request was granted.

### NEBRASKA.

Aurora.—During the past year our missionary, Mr. Erb, has done a large amount of work in the way of exploration. He reports that he finds Reformed people in all parts of the State, but so scattered that it becomes difficult to find them near enough to each other to form them into organizations. He now has six places at which he preaches once or twice a month, of which the farthest off from his home in Athora is 80 miles. During the fall and winter he expects to fill appointments during the week time. He continues to preach at Aurora, where we have members but as yet no organization. At York, where he preaches once a month, he expects to organize a congregation at the next communion, for which the people are now ready. At Hampton he preaches once a month to a few members with gradually increasing audiences. In Saunders Co. he preaches to an organized congregation, and the people show a willingness to do what they can for his support. Six miles from this place, at Ithaca, there are Reformed families, whom he expects to organize into a congregation. There are Reformed families in Salina Co., sixty miles from Athora, whom he expects to visit at an early day. A short time ago a colony of some twenty German Russians, twenty-five miles from Athora, applied to Mr. Erb for a Reformed minister, and he promised to do for them whatever he could in the future. Thus far he reports forty members. Many still stand aloof, who will be gathered into the church, as his work gives promise of permanency. Baptisms, 5. Additions, 5. Thus far the missionary has to a great extent been doing the work of a pioneer; but it is easy to see that, if it is kept up persistently for a number of years, it will result in a large increase, and the establishment of many new churches. Thus far he has been receiving only a small compensation for his services, but the prospects are that this will increase from year to year, as the country improves. Last winter he received help in the way of missionary boxs—one from a Presbyterian Church in Ohio, he kne

### CALIFORNIA.

Salem's Church, Napa.—After the withdrawal of pastor De Geller from Napa the Rev. George Macchtersheimer, our missionary in Washington Territory, was engaged by the Board to take his place at Napa. As there seemed no immediate prospect that the mission would become self-sustaining for years to come, pastor M. commenced preaching at three other points, with the view of strengthening his charge, at Sonoma, St. Helena and Valleys. There are favorable prospects of organizing a congregation at Sonoma at an early day, with 36 members. It is too soon to speak of his success at the other points, but it may be said that thus far there is no reason for discouragement. It is believed that in this way the mission will become self-supporting, and the course of the missionary is commended by the Board. The congregation at Napa holds its own, but its indebtedness—\$500—is still very much in the way of its progress. No statistics given this year. Appropriation last year, \$300. No appropriation for the present. Pastor, George Macchtersheimer.

Stockton.—During the past year, the Reformed Church at Stockton, in the beginning cherished and supported by this Board, but, for a number of years past, self-sustaining and apparently prosperous, met with a great calamity. After its regular pastor resigned and withdrew from the field, a so-called minister of the Gospel crept in unawares, occupied the pulpit, and succeeded in inducing a large portion of the members to withdraw from the Reformed Church and connect themselves with his own denomination. He further succeeded in getting the charter changed in one of the lower courts, on the false assumption that the congregation was a so-called Independent Reformed Church, and as such, had a right to alienate its property and transfer it to somebody else. Under these circumstances, the Board authorised the Rev. E. De Geller to proceed as our missionary to Stockton, and to do what he could to save the Reformed Church from entire destruction. In this

he has been thus far, under the blessing of God, successful. He has rallied such members as he could find that were true to the Church, and has been preaching for them in such places as were available. A suit has been entered, the intruder ejected for the time being at least, and the church closed by the sheriff, until the Supreme Court of California decides the true ownership of the church. The case

Supreme Court of California decides the true ownership of the church. The case was to be decided last week, and if there has been no postponement, we may expect to hear the result soon. The property is worth about \$5,000, and the cost of the suit may be somewhere between four and five hundred dollars. Appropriation the same as at Napa, \$300. Pastor, Eugene De Geller.

Alameda.—During the course of the year, pastor Hartman informed the Board that his labors at Alameda did not seem to be productive of good results, and so he made the request that he be assigned to some other field on the Pacific coast, where he could be more useful. He was unwilling to receive money from the church, unless he had some prospect of building up a Christian congregation among the Germans at Alameda. At the time he wrote to us he did not see that this could be done, and so he asked to be allowed to go elsewhere to preach the Gospel. Subsequently, however, a change took place in his prospects and he concluded to remain at his post. Some twenty persons at Oakland came forward and entreated him to organize them into a church, which he consented to do. The entreated him to organize them into a church, which he consented to do. The new organization is called "Immanuel's Church at Oakland." The course pursued by the missionary has been approved by the Board. His prospects now are more encouraging than they were one year ago. S. S. scholars, 70. Baptisms, 12. Appropriation last year \$400. This year the same. Pastor, C. Hartman.

### OREGON.

Portland.—Three congregations, Portland, Astoria and Oak Point. Members 130. S. S. scholars, 65. Baptisms, 40. Additions, 13. Benevolence, \$25. Local Objects, \$746. Property, \$8,000. No debt. Congregation at Astoria expects to build a church; have been offered a large amount of lumber for that purpose. At Oak Point the members are also adopting measures to build a church with good prospects of success. At Portland the congregation propose to build a parsonage during the year. The Anglo-German Institute belonging to the mission is taught by the daughter of the missionary, assisted by her father and another teach-It has met thus far with good success, and has proved itself a useful auxiliary to the mission. It is now proposed to convert this school into a Mission house, for the purpose of preparing young men for the office of the ministry and the pro-fession of teaching in the interests of the Reformed Church on the Pacific Coast, and the missionary asks for the counsel of the Board and the Synod in the matter. The mission proposes to be self-supporting after the 1st of October, 1882, under certain conditions. Appropriation last year, \$200. Self-sustaining. Under the Board eight years. Pastor, John Gantenbein.

Board eight years. Pastor, John Gantenbein. Salem.—Members, 56. Baptisms, 7. Additions, 7. S. S. Scholars, 20. Pastor Muellhaupt has ceased preaching at Waldo Hills, and referred the congregation to Classis for supplies, in order that he might give attention to other points, where congregations may be organized. Once a month he preaches, at present, in Albany city, where he has the prospect of organizing a congregation at an early day. Recently he visited a Swiss settlement in Washington Territory, destitute of the means of grace, where perhaps something may be accomplished in the future For the last six years the mission at Salem has been worshipping in a rented hall, which has been a barrier in the way of its progress. Encouraged by the Board, it has recently purchased a valuable property, consisting of a church, two lots, and an old parsonage, for \$2000. In a few years it will be worth double or treble that amount. Thus far \$450 have been advanced to effect the purchase, and the balance is to be paid in two annual installments, falling due on the 1st of Octothat amount. Thus are \$400 have been savaneed to effect the purchase, and the balance is to be paid in two annual installments, falling due on the 1st of October, 1883 and 1884, bearing interest at nine per cent. The Board has promised to assist the mission in this undertaking, to the extent of \$250, out of monies received for church-building purposes. Of this amount \$60 have been already paid by contributions sent from the Easton and Frederick congregations, which were thankfully received by the pastor and his flock. Appropriation last year, \$200. This year the same. Pastor Muellhaupt.

Stafford, Clackamas County.—In November last the two congregations organized by pastor Lange—St. Peter's, near Oregon City, and St. John's, near New

Era,—at his request were supplied with a pastor of their own, in the person of Rev. Frederick Ewald, sent to this country last year by the St. Chrischona Pilger Institute, at Basel, Switzerland. The thirty-six members of these two small congregations now support their own pastor. The first mentioned has erected a commodious parsonage, in which it worships for the present, and expects to erect a house of worship at an early day. The church at New Era, with the help of \$50 appropriated by the Board of Missions, for which the pastor and members express their heart-felt thanks, are at present building themselves a small house of worship, which will be finished and dedicated at an early day. Pastor Lange, on account of failing health, has been compelled to confine his activity to the single congregation at Meridian, where he has been preaching, teaching school, teaching music, and cate-chising the youth. Providence alone has prevented him from making long mission-ary tours, or assisting neighboring brethren, as he was formerly accustomed to do. It is now his purpose to make a visit to Germany, for the benefit of his health, but at the earnest entreaty of Classis and his congregation, he has promised to remain with his flock, if his health permits, until a successor comes in and takes his place. It will be observed that there are now two charges in his field, one of which is at will be observed that there are now two charges in his held, one of which is self-supporting, both of which may be said to have grown out of the small mission at Salem. Members of the Meridian congregation, 31. S. S. Scholars, 24. Baptisms, 3. Losses, 5. Additions, 2. Contributed for congregational purposes, \$400. Value of church property, \$900, dedicated, without any debt on it, in June last, amidst general rejoicing, in which neighboring congregations served by Pastor Lange took part. Appropriation last year, \$200. This year the same. Pastor Julius Lange.

West Union, Washington County.-This mission was taken under the care of the Board during the past year, and its pastor was received from a sister denomina-tion. He has one small congregation with seventeen members, and a Sunday-school with ten scholars; but he makes many missionary tours—on foot—from place to place, preaching every Sunday, and as often as he can during the week. He has the pleasure of seeing that his labors are appreciated. Some of his hearers travel as far as ten miles, on the Sabbath, to attend divine services. Much of his time is spent in visiting the people who are scattered about, so that he may converse and pray with them, and read to them the word of God. It would assist him very much in his work, he thinks, if he could take with him, in his visits, some good books and religious tracts in the German language, and present them to the people. Some of them have no Bibles, and others have no books to read. This missionary is inadequately supported. With \$56 as salary from the people, and a small appropriation from the Board, he cannot support himself and family. It is a case in which relief is needed, especially during the coming winter. Appropriation last year, \$150. This year, \$200. Pastor H. Stause.

### Washington Territory.

Scattel.—Pastor Kreuter, during the year, has rendered valuable assistance to pastor Gantenbein in his misionary work. For a while he preached at the Dalles, but owing to difficulties and changes in the place, he withdrew, and by advice of Classis, has been supplying the mission at Scattel. During the year he has also preached at Walla-Walla. Unfortunately, his annual report failed to reach the Superintendent, and he is not able to report the results of his activity. Appropriation last year, \$200. This year the same. Pastor A. Kreuter.

The following missions in Iowa were placed under this Board at the suggestion of the Potomac Synod, and by the request of the Classis of Iowa, and with this understanding, the Synod promised to contribute \$450 for their support during the year. The Synod of Pittsburg further promised to contribute \$250 for the same

object.

Pleasant Valley Mission, Fremont Co.—This mission was organized in May, 1879 by the Rev. D. P. Lefever with 17 members, and placed under the Board of

Missions of Iowa Classis, with an appropriation.

It has at present 65 members, a Sunday-school of 30 scholars, exclusive of the adults who are accustomed to attend regularly, and a catechetical class of ten young persons. Three children were baptised, \$50 contributed to benevolence,

and \$250 for local objects. The attendance on divine services is good and improving. The new church, built in September last, cost \$1500, and was dedicated without any debt resting on it. The mission is gaining a firmer foothold in the community, has based itself on true Christian principles, and seeks to make a stand against the surrounding tide of worldliness, intemperance, the foolish amusements of the world, and other sins abounding in a new country. The support of the pastor all told, including the appropriation of the Board, during the year, did not amount to more than \$275, from which it is plain enough that, unless he had employed some means of his own (his pension), must have come to want. Appropriation last year, \$125. This year, \$125. Pastor, D. P. Lefever.

Beamen Mission, Grundy Co.—The missionary commenced his work in this field on the 1st of October, 1881, with one organized cougregation. Since then he has organised another congregation at Liscomb in Marshall Co.—eighteen miles distant—with eight members. The charge thus consists of two congregations. Members, 31. S. S. scholars, 99. Benevolence, \$32.98. Local objects, \$55. One missionary society with 36 members, each paying ten cents per month. Church papers, 10. The Lord's supper administered quarterly. No church buildings, but in case there are no losses by removals or otherwise one, if not two, new churches will be erected during the coming year. Many of the members came from the East originally, and are liberal in their support of the church. Appropriation last year, \$250. This year, \$250. Pastor, Henry Bair.

Three other missions in the lowa Classis were taken under the Board, but from these no annual reports, giving statistics, have been received. They are as follows: Willow Mission Marshall Co.—appropriation \$105. Pastor & Co.—Appropriation \$105.

these no annual reports, giving statistics, have been received. They are as follows: Wilton Mission, Muscatine Co.—Appropriation, \$125. Pastor, S. C. Long; Brandon Mission, Buchanan Co.—Appropriation, \$180. Now vacant; and Leighton Mission on the rail-road running from Oskaloosa to Des Moines,

wacant, but supplied by Rev. J. H. Busa. Appropriation not given.

Ursinus Union.—The Rev. F. W. Kremer, D. D., Treasurer of the Missionary Committee of the Ursinus Union, reports that since the last annual meeting of the synod, he has received and paid out for missionary purposes \$771.61. A part of this amount was used for the support of a missionary under the care of the Board, and the balance has been paid into the treasuries of other missionary boards of the Church.

### FINANCIAL STATEMENT.

From the Treasurer's report it appears that the income of the Board during the year, from all sources up to date was, for missions \$11,804, for Washington Chapel \$3,065, and for Church Building Fund, \$54, in addition to some contributions to this object included in the general fund. Whole amount \$14,923. It compares favorably with the contributions of previous years.

For the coming year the Board will need \$16,500 in order to meet current expressed for which we recommend that the Sunda mice the following amounts:

penses, for which we recommend that the Synods raise the following amounts:

The Synod of the United States	\$9,000
The Synod of the Potomac	4,250
The Synod of Pittsburgh	3,250

### RECOMMENDATIONS.

The Board is pleased to see that our churches are beginning to send in their contributions to the Church Building Fund, and it recommends to the Synods to

reiterate their requests of last year, and encourage churches and individuals to do more for this object during the coming year.

As the Board finds it difficult to supply its missions with pastors, owing to the want of ministers, it recommends to the Synods, to adopt measures to induce more of our young men to devote themselves to the ministerial work.

The Board recommends to the Synods to adopt all suitable measures to diffuse

missionary intelligence, to awaken the missionary spirit, and to develop the liberality of our people in promoting the interests of Christ's Kingdom in the missionary work.

Respectfully submitted,

THEODORE APPEL,

### REPORT OF COMMITTEE ON MISSIONS.

Your Committee on Missions beg leave to offer the following report:

The documents placed in our hands are: The Report of the Superintendent of

Missions, and the report of the Treasurer of the Tri-Synodic Board.

It is a matter of gratification that the sacred cause of Missions has received from our Church, during the last year, so marked a degree of attention. The number of Missions has increased, and of those previously under the care of the Tri-Synodic Board, many have grown in strength, thus approaching nearer the time when they can be declared self-supporting.

The liberality of the Church in this important part of her work has been commendable. But it is plain that, in our alms, we have come short of the full measure of our ability, and have given but a small part of what the Lord really requires of us. While so many are hungering for the Bread of life, we should feel deeply the force of the command given by the Great Head of the Church, "Go ye into all the world, and preach the Gospel to every creature"; and should enter upon the missionary work during the coming year with renewed energy and seal, resolved to do all in our power to hasten the coming of that time when at the "name of Jesus every knee shall bow, and every tongue confess Him to be Lord to the glory of God the Father."

We recommend the adoption of the following resolutions:

1. Resolved. That the pastors within the bounds of this Synod be directed to

preach at least once during the coming year upon the subjects both of Home and

Foreign Missions.

2. Resolved, That the member of the Board of Missions in each Classis be a state of the Board of Missio each charge where they have not recently been held; but this action shall not apply to such Classes as have otherwise provided for this matter.

3. Resolved, That in order to diffuse missionary intelligence among the people, the pastors and consistories in the Pittsburgh Synod be, and are hereby, requested to use their influence in the circulation of the Missionary Herald.

4. Resolved, That all pastors be instructed to take at least one collection during the coming Synodical year for the Church Extension Fund, and that the Board now elected be directed to go forward and mature a plan for securing a fund by one hundred dollar subscriptions.

Respectfully submitted,

S. R. BRIDENBAUGH, H. D. DARBAKER

D. S. DIEFFENBACHER. S. C. REMSBERG.

A Missionary meeting was held on Sunday evening, presided over by the chairman of the Committee on Missions.

The order of exercises was as follows:

1. Divine services.

2. The Home Mission Field—Rev. S. Z. Beam.

8. The Foreign Mission Field—Rev. Joseph H. Apple, D. D.

4. The Missionary work of the Pittsburgh Synod—Rev. C. U. Heilman.

5. The Missionary work of the congregation—Rev. J. H. Prugh. The collection amounted to some \$20, which was devoted to Church

Extension and handed to said Board.

### I. REPORT OF THE BOARD OF TRUSTEES.

TO PITTSBURGH SYNOD OF THE REFORMED CHURCH IN THE UNITED STATES. BRETHERN:-The Board of Trustees of Theological Seminary respectfully re-

port:

The Board met in the usual Spring and Autumn sessions. At its May meeting it organized by electing D. W. Gross, President, G. W. Hensel, Vice President, John B. Both, Treasurer, Edward J. Zahm, Secretary.

At this meeting it took up the sotion of Synod in reference to the financial conditions of the Continuous series and the continuous series are the continuous series.

dition of the Seminary and concluded to send out circulars to every pastor in the Synod, interested in the support of the Seminary, and as far as practicable to every Classis.

This matter was attended to by our Executive Committee, but we regret to state the responses have been very few. One Clasis, Westmoreland, has responded through its treasurer, sending us \$77.35 from nine congregations, and two other congregations, one in West Susquehanna, and one in Philadelphia Classes have sent sums aggregating \$30.56. We have heard from a few other congregations promising collections, and we trust that the Synod may endorse our action and urge such Classes of congregations as have not yet taken action to give us the benefit of at least one collection as promptly as possible. Synods will see by the report of our Treasurer that the deficit in the income of

our Institution still continues and hence the continued need of efforts for its relief. This state of things will not be remedied until our endowment is increased. We have this in prospect but it is not yet available, and it would be much wiser for the church through the Synods to do all in its power to make good this

deficiency so that our endowment may not be impaired.

The Potomac Synod at its meeting in 1881 voted \$100 to pay its pro rata of the deficiency in the income of the Seminary. This we regarded as a proper plan, provided the money be forthcoming, but as yet nothing has been paid on this sum, but we suppose it will be at the coming meeting of that Synod. We also call the attention of Synods to the expenses of the Board in meeting and in the transaction of its business. The Board is composed of eighteen members,—nine from the Synod of the United States, six from the Potomac and three from the Pittsburg Synod. It is often difficult to get enough members together for a quorum and we are satisfied that one reason is the expense of traveling to and from the meetings. We suggest that the members from the different Synods who may attend the meetings. attend the meetings of our Board be directed to present, to the Synod from which they come, their bill of expenses incurred in attendance at the meetings and that the same be referred by the Synod to their Financial Committee, with the view of having them incorporated in the contingent expenses of Synod and that the Treasurers of the Synods be directed to pay said bills out of this fund.

In reference to the Seminary property at Mercersburg your Board recommend that the Synod of the United States, with the concurrence of the Pittsburgh

Synod, transfer, by deed, the entire property to Potomac Synod with such reservation as may be proper in the judgment of the Synods to prevent future friction or conflict between the Synods in reference to the matter of Theological Semi-

### REPORT OF THE BOARD OF VISITORS.

To the Reverend Synod of Pitteburgh:

RESPECTED BRETHER:—The undersigned presents the following as the annual report of the Board of Visitors of the Theological Seminary of Lancaster:

The following persons were admitted to the Junior Class at the beginning of The following persons were admitted to the Junior Class at the beginning of the year, three in number: Theodore G. Frank, Calvin B. Holler, and Lewis Reiter. The two latter are graduates of Franklin and Marshall College. Mr. Frank had received his preparatory training in a gymnasium before he came to this country from Germany. Mr. Reiter, after remaining a brief period in the Seminary, embraced what he considered a good opportunity to teach school for a year. In this way he expects to complete his studies in the Seminary with less dependence on the Church for his support.

The members of the Senior Class, five in number, having completed the course of study prescribed in the Seminary, and having sustained a creditable examina-

of study prescribed in the Seminary, and having sustained a creditable examina-tion in the presence of the Board of Visitors, received the usual testimonial setting forth these facts at the Anniversary of the Seminary in May last. Their names

are as follows:

WILSON D. DONAT, GEO. W. KERSCHER, JAMES B. LEWIS, JACOB J. ROTHROCK, CHRISTIAN W. SUMMY.

With one exception, they have all found their places in the Master's Vineyard,

and are now occupying posts of usefulness in the Gospel Ministry.

Of the Middle Class, twelve in all, three were absent from the Seminary during the year, for reasons that were deemed satisfactory to the Faculty and the Board. All the rest of the students pursued their studies without interruption during the entire term. Their conduct was good, their progress in study commendable, and their examinations satisfactory to the Board.

As the number of students in actual attendance in the Seminary—only sixteen —was much smaller than it was during previous years, the Board requested the Secretary to direct the attention of the Synod to this fact in his annual report. The decrease referred to is owing partly to the circumstance that a large class left the Seminary last year; partly to an impression that had gone out into the Church a few years ago that we had more ministers than were needed; but mostly to some more general cause, which had operated in the Churches of this country generally, which is shown by the fact that other Seminaries have the same experience to report as our own. A few years ago the supply of ministers in our denomination was nearly or quite equal to the demand. This, however, is not the case at the present time. There are very few of our ministers in this section of the Church, in the enjoyment of health and strength, that are not engaged in the active duties of the Ministry; but there are vacant charges and missionary fields which cannot be supplied at present without calling ministers from other fields, where they are usefully occupied. The Board, therefore, urges the Synods to adopt measures which will tend to encourage a larger number of the young men of the Church to devote themselves to the work of the Ministry. They should be sought out and induced to enter upon a thorough preparation for this high and holy calling. Unless this is done at the present time, the prospect now is that the progress of the Church, and of its missionary work, will in the next ten years be seriously retarded. Never before had we better openings for the extension of our borders than at present; but as God works by human instrumentalities, so he calls upon us to enlarge the place of our tent, to spare not, to lengthen our cords, and to strengtheu our stakes.

The following minute in regard to the death of the Rev. Dr. Fisher was adopted by the Board at its last meeting, and ordered to be entered upon its minutes, and

embodied in its annual report to the Synods:

"It is with deep and sincere sorrow that this Board here records the death of the Rev. S. R. Fisher, DD., who for forty-two years was a most faithful and efficient member of this body. His noble and large-hearted charity, his apostolic spirit, and especially his devotion to the institutions of learning, and the benevolent institutions and enterprises of the Reformed Church, will be cherished as a precious memorial of his untiring fidelity to the cause and kingdom of Jesus Christ."

Respectfully submitted,

THEODORE APPEL, Secretary.

#### REPORT OF THE COMITTEE ON THEOLOGICAL SEMINARY.

The Committee on Theological Seminary beg leave to report that the only paper that came into their hands requiring the action of Synod is the report of the Board of Visitors.

From this paper we learn that the number of theological students is smaller than usual and therefore we recommend the following resolution:

Resolved, That the classes of this Synod be instructed to urge upon pastors and consistories the importance of increasing the number of ministers, and that they seek out such young men as may be induced to offer themselves for the Holy Ministry.

We have but one literary institution within the bounds of Synod, viz: the Greensburg Seminary.

This school of the church is partially under our direction, and has received our fostering care. A quorum of the Board attended the last commencement exercises, which were interesting, and showed that teachers and pupils have been doing efficient work. The attendance of day and boarding pupils, during the year was almost one hundred. We again commend the school to the patronage of the church at large. At a late meeting of the Board J. W. Love was re-elected President, and Rev. D. B. Lady, Secretary. The term of office of elders H. L. Baer and John Truxel, and the undersigned expires with this meeting of Synod. As per the action of Synod only two members are to be elected for the ensuing three years.

J. W. LOVE, Pres.

Greensburg, Pa., September 20, 1882.

# II. REPORT OF THE BOARD OF DIRECTORS OF ST. PAUL'S ORPHAN HOME.

To the Synod of Pittsburgh:

The affairs of the Home have moved along pleasantly, and, in some directions, prosperously. The health of the inmates, with a few, though not serious exceptions, has been good. The number of soldiers' orphans has much decreased, thus lessening the income from that source very much, whilst at the same time the benevolent contributions of the church, as compared with those of former years, dwindled down to almost nothing, thus compelling the Board to deny shelter and food to many suffering little ones whose pious parents have been removed to a better world.

Impelled by the imperative necessity of the case, owing to the dilapidated condition of the old north wing, the Board had it removed, to be replaced by the erection of a substantial, though plain, brick structure. The building has been commenced and will be completed by early fall. The new wing will cost about three thousand dollars, and up to this time but little has been received for this

three thousand dollars, and up to this time but little has been received for this work, though the Board, for the past three years, through this Synod and the papers of the church and in all other suitable ways, made known this necessity to the church and praying for the means to accomplish it.

At the close of the year the Rev. F. T. Stauffer tendered his resignation as Superintendent of the Home, to take effect at once. The resignation was accepted, but at the request of the Board brother Stauffer consented to remain until his position should be filled by another. The Board at once elected the Rev. P C. Prugh, who, as we since learned, accepted the office, and will take charge of the

Home September 1st, 1882.

With the single exception of the large decrease of contributions by the church during the last year, owing, in part, perhaps, to the sad calamity which befell the Home at Womelsdorf, Mr. Stauffer leaves the Home, in every way, in a mots excellent condition. As regards the fertility of the soil and its cultivation: the general out and in-door improvements, the live stock and farming implements, the value of the Home during the term of his management was advanced

about fifty per cent.

During the year the Board lost two of its members in the deaths of Elders

whose warm devotion to the interests of the Abraham Meyer and Eli George, whose warm devotion to the interests of the Home deserves honorable mention. Owing to the extreme dryness of the season the products of the Home farm were, in large measure, a failure, yielding only to the estimated value of six hundred and sixty dollars—demanding increased aid from the church at large, which, unfortunately, instead of increasing, fell off largely above previous years, thus creating a heavy debt, as the orphans in the Home could not be turned out of doors to wander, suffer and perish.

The time of the following members of the Board expires with this meeting of Synod: Rev. J. W. Pontious, and Elders W. Schmertz, B. Wolff, Jr., and A. Moyer, deceased; and also the unexpired term of one year of Eli George.

Respectfully submitted,

JOHN McConnell, President of the Board.

# III. REPORT OF COMMITTEE ON INSTITUTIONS OF LEARNING.

The Committee on Institution of Learning desire to make the following report:

Two documents have been placed into our hands, viz: The Report of the St. Paul's Orphan Home and the Report of the Trustees of Literary Institutions.

From these reports we learn the following facts: That the health of the in-

mates of the Home has been good; that there has been a change of Superintendent; that there is an absolute need for largely increased liberality on the part of the people; that repairs, to the amount of \$3000, have been made in the rebuilding of the north wing; and also that the Greensburg Seminary is in a healthful condition; that the attendance has been more than ordinarily good during the year. In view of these facts, your Committee recommend the adoption of the following resolutions:

Resolved, That we rejoice in the present good condition of the Orphans' Home,

and that we appreciate the services of the retiring Superintendent, and pray that the blessing of God may follow him into his present field of work.

Resolved, That the different congregations of this Synod be requested to remember the orphans in their prayers and gifts, and that a special effort be made during the coming Christmas season to meet the demand and needs of the Home. Resolved, That we rejoice in the prosperity of the Greensburg Seminary, and that we again recommend it to the patronage of the church at large.

3. Duty of parents to the Sunday-school.

#### BENEFICIARY EDUCATION.

# I. REPORT OF BOARD FOR 1881--1882.

To the Reverend Synod of Pittsburgh.

Dear Brethren:—The work of Beneficiary Education of your Synod has been carried forward during the past year by your Board with the usual degree of success and care The Treasurer of Synod at all times responded to the call of the Board when money was needed.

Eight students are at present under our care, of whom one, vis, W. E. Ludwick, was received during the year. Of these but five received aid; the other three thought it necessary to engage in secular pursuits during the year, in order

to extricate themselves from financial difficulties.

No complaints have been brought against any of them as to their Christian conduct and behavior, and the grade circulars of these in attendance at our Institutions show that they have been diligent in their studies.

The term of the undersigned, as a member of the Board, expires with this meeting of Synod, and your attention is called to the election of a successor.

Our expenditures and receipts during the year were as follows:

Balance in Treasury Oct. 1881 . Received from Treasurer of Synod.	:	:	:	. \$ 98 00 . 650 00
Total Receipts Expenditures paid to Beneficiary Studen		•	•	. \$748 00 . 557 50

Total Expenditures . Balance in Treasury, September 20, 1882		:	:	. 663 60 . 84 70

To earry forward the work during the coming year, we ask an appropriation of \$1000. Respectfully submitted,

C. R. DIEFFENBACHER, President of the Board.

Greensburg, Pa., Sept. 1882.

## II. REPORT OF THE COMMITTEE AS ADOPTED.

To the Synod of Pitteburgh: - Your Committee offer the following:

From the report of the Board we have learned that there are eight students under its care, of which number five have received aid, and also that the young men have been diligent in their studies and consistent in their Christian conduct.

In view of the evident need of a more rapid increase of the Ministry of the Reformed Church and the ability of the Pittsburgh Synod to materially enlarge their contributions to the cause of Beneficiary Education, therefore, Resolved, That the Board be directed to increase the number of Beneficiary students, provided young men can be secured, who, after careful examination, shall prove mentally and spiritually qualified,

Repectfully submitted,

#### PUBLICATION.

#### I. REPORT OF THE BOARD.

To the Synods of the United States, the Potomac and Pittsburgh, The Board of Publication of the Reformed Church in the United States respectfully submits the following report:—

During the past year the Board has held three regular meetings. At the first meeting George Gelbach was elected *President*, and Chas. G. Fisher, *Secretary* and *Treasurer* for the ensuing year; the latter was also elected *Superintendent* of the Board. It is perhaps needless to say that at all these, due attention was given to the interests committed to its charge.

It gives the Board great pleasure to report that the year just closed has been one of decided improvement and great encouragement in its affairs and operations. In the two Departments—Periodical and Book—there has been an advance in the receipts over those of last year.

advance in the receipts over those of last year.

From the Annual Statement of the Superintendent submitted at the last meeting of the Board, the following summary is gathered, indicating the financial condition of the Establishment:—

Receipts of the year Disbursements	43,447.57 42,953.78	
Excess of Receipts	493.79	
Liabilities, July 31, 1881 Liabilities, July 31, 1882	34,434.48 30,827.32	
Decrease of Liabilities	3,607.16	
General Assets, July 31, 1881 General Assets, July 31, 1882		
Decrease of Assets	69.97	
General AssetsAdd Real Estate		
Total Assets		77,879.50
Aut To Balo		\$50,827.32
Excess of Assets	**************	\$27,052.18

As to the Periodicals, it is also gathered from this Statement, that there is, taken as a whole, a considerable increase in their number during the year. Some have suffered a falling off, whilst others have made a decided advance. This will be noticed as they are taken up in their order. "The Messenger" has had the addition of 232 subscribers over the discontinuances that usually occur—the whole number of subscribers being, at this time, a fraction less than 6500, which is more than double the number it had when the Publication Office was removed from Chambersburg to Philadelphia in 1864. The continued increase of sub-Binkley, in the different charges, he, with the co-operation of the Pastors, has been able to canvass.

In the number of subscribers of "The Guardian" there has been a slight decrease of 129. This has been mainly owing to the fact of the Board issuing during the year "The Scholars' Quarterly" which some teachers or schools have taken in preference to it as a help in giving instruction in the Sunday School. It was indeed expected that it would suffer a greater reduction in number, for the reason given, than it has. It gives the Board pleasure to say, that, as a magazine it is growing in favor among the young of the church and holding its former.

sine, it is growing in favor among the young of the church, and holding its former position among the Teachers as a valuable help to them in their Sunday School work.

There has also been a decrease of subscribers for "The Reformed Quarterly Review" to the number of 25. We should be enabled to report to the contrary in regard to this Periodical. We note also a small decrease in the number of subscribers for "The Child's Treasury"—Monthly and Semi-Monthly—115 in the one and 431 in the other. This may be accounted for in the fact that in the endeavor to strike a higher plane—namely, to meet the wants of the youth in our Sunday Schools—there has been a necessary turning from it on the part of the younger children, to "Sunshine," it seeming to meet their wants the better. This fact, however, does not detract from the character of the paper in the least, but is the natural consequence of that which has been stated. The paper has evidently been edited with marked ability and to the general satisfaction of its readers.

"Sunshine" has increased the greatest in number—1337, and is, we are glad

The decided increase in our Sunday School Helps as a whole, outside of "The Guardian," shows conclusively the wisdom of the Synods in committing the preparation of the Lessons and Comments to the management of the Board. The arrangement thus far, has proven satisfactory and they, as well as the form in which they have been issued, have met with general acceptance. Up to the end of the present fiscal year—running but three-quarters of the year—the number of subscribers for "The Scholar's Quarterly" has been 9800, and for the "Primary Lesson Paper," 5952, which is certainly up to the expectations of the most sanguine as to the circulation they would have the first year of their issue. Their present circulation is sufficient to insure their having, in due course of time, a wider and greater one and ably filling a long felt want in the Sunday School work of the church. This success of the new Periodicals, has necessarily caused a decrease of 4168 in the number of the former "Lesson Paper," now known as the "Advanced," but this is greatly overbalanced by the increase of all over what was the number issued last year, which increase is 11,569.

In the Book Department it gives the Board great pleasure to note, as last year

a marked improvement. The Church is more and more coming to the point of s marked improvement. The Church is more and more coming to the point of giving its patronage to its own Book Store. The receipts in this Department have been over \$2000 more than last year. This has been owing to an increase of trade and a more thorough collection of accounts. It is still believed by the Board that the Church will, in time, see its obligation in giving its undivided support to this particular branch of the Board's operations and find it to its interest to do 80.

The number of books printed for this Department during the year has been

26,250, including over 14,000 Church Almanacs.

Wishing to bring the business of the Book Department especially, as near as possible to a cash basis, with the beginning of the next fiscal year (Aug. 1st, 1882), it is proposed to allow a discount of 5 per cent. on all bills—if paid within 30 days of date of same. It is to be hoped that this will have the desired effect and prove to be beneficial to both the buyer and the seller.

The Committee, as in other years, to whom belongs the duty of examining the stock in the store and investigating the financial condition of the Board, was duly appointed, and submitted the following report, which was adopted:—

Philadelphia, Sept. 8th, 1882.

Brethren of the Board of Publication:—Your Committee appointed to examine the stock and accounts of the Publishing House beg leave to report:—

That we carefully went over the stock and found it in a good condition. We found it necessary to make but few deductions, and it is the opinion of your Committee that it is worth its present estimated value. We find the stock in the store so arranged that it is easy to see the amount of each class of goods. The store books we find in a good business condition. The new accounts are not large and but little loss need be sustained. The old accounts are in the hands of the collector, and a fair percentage is being collected. You will find statements of stock in store and also of book accounts accompanying this report.

# Respectfully Submitted,

A. B. WINGERD, B. Wolff, Jr.

The Board has made a satisfactory adjustment of the claim of the Estate of the late Treasurer against it, in the matter of advances made by him, and in accordance with his wishes as expressed in his last will and testament, which were

reported to the Synod last year.

During the year the Board has matured the plan of Life-Membership subscriptions of \$100.00 each for "The Messenger." This Plan had its origin in a sugtions of \$100.00 each for "The Messenger." This Flan had its origin in a suggestion to that effect, made by an Elder on the floor of Synod at Danville, Pa. The Board thinking well of it, followed it and the result is, a favorable beginning has already been made in securing such. The Plan has been fully explained in the columns of "The Messenger," so that it is not necessary to give it here. By resolution of the Board, the amounts received from this source are to be applied to the liquidation of the debt of the Board. An effort has been made to secure an efficient agent to canvass the church for the purpose of securing at least One Hundred such subscriptions. It is to be hoped that in this, the Board may be successful, and that the Plan itself may be put into full operation. It certainly

should commend itself to those who are possessed with the means that would enable them to come thus to the help of the Board in its endeavors to rise above its weight of debt, and thus help it to reach that day, when it will be able to

as weight or dept, and thus help it to reach that day, when it will be able to devote, what it now pays out of its income for interest, to enlarging its operations in the way of publishing books and the like.

At the last meeting of the Board, the Superintendent was instructed to issue the Music or Tunes for the "Hymns for the Reformed Church" as prepared by the Committee of the Synods, in a separate book; also a pocket, or a 32mo. edition of the Hymns alone, with and without the Forms of the Order of Worship. He was also instructed to re-stereotype with some improvements in a mechanical

edition of the Hymns alone, with and without the Forms of the Order of Worship. He was also instructed to re-stereotype, with some improvements in a mechanical way, the Heidelberg Catechism. It is proposed to issue these as soon as possible; one and perhaps all of them, before the end of the year.

The Board has always felt the great necessity of the Church keeping before it continually the wants of its Publication interests, and giving its members an opportunity of contributing towards them. This can be done by lifting at least one collection in each congregation during the year. In years gone by, the Synods have passed resolutions to this effect, but nothing has resulted therefrom. As there now seems to be a greatly revived interest in this part of church activity, the Board at its last meeting passed the following resolution:—

the Board at its last meeting passed the following resolution: "Resolved:—That we hereby renewedly overture the Synods represented in this Board, to see that at least one collection a year be lifted in each congregation belonging to the Synods and paid to our Treasurer, Rev. Chas. G. Fisher, for the use of the Publication Board."

Should the Synods take favorable action upon this matter, it is proposed to

Should the Synods take favorable action upon this matter, it is proposed to pursue a plan by which the pastors and congregations shall be kept in mind of the wish of the Synod to which they belong, in regard to this matter.

In February last, a change was made in the Business Agent in charge of the Book Department, by the retirement of Mr. Chas. H. Taylor who had been in the service of the Board for several years. Mr. Louis Boettger, lately in the employ of the American Tract Society, Philadelphia, and a member of the Reformed Church, was appointed to that position. It is to be hoped his long experience may enable him to bring his particular Department up to what it should be—a Church Book Store—as well as a source of much revenue to the Board.

At the request of the present Editor of the "Reformed Quarterly Review," the Board appointed Rev. J. M. Titzel, D.D., as Co-Editor of the same—the appointment to go into effect at the beginning of the next year—the addition of another Editor not involving an increase of expense in the way of salary. Important improvements are contemplated in the conduct of this time-honored Quarterly

with the opening of the new volume.

The terms of the following Trustees of the Board will expire at the end of the present year: —George Gelbach, from the Synod of the United States, and Adam B. Wingerd from the Synod of the Potomac. It will devolve, therefore, upon these two Synods, at their next annual Sessions, to fill the vacancies that will thus

occur in the Board.

The Board has great reason to be gratified at the present prosperous condition of the important interests committed to its care, and is greatly encouraged to go forward; all it asks is the hearty and united co-operation and substantial aid and support of the Church—which it has every reason to expect—and there is full assurance that greater results and a far brighter day for the REFORMED CHURCH PUBLICATION BOARD may be reached in the near future.

CHAS. G. FISHER, Secretary.

GEO. GELBACH. President.

#### II. REPORT OF THE COMMITTEE AS ADOPTED.

## REPORT OF COMMITTEE ON PUBLICATION.

Your committee would offer the following:—The only papers that came into our hands were the annual report of the Board of Publication from August 1,

1881 to July 31, 1882, and the annual statement of receipts and disbursements from August 1, 1881, to August 1, 1882.

After the examination of the paper we find them exceedingly satisfactory in every particular. It gives us great pleasure to note that the year just closed shows decided improvement in the affairs and operations of the Board. And greatly encouraged are its members from the fact that there is a decrease of all liabilities to the amount of \$3,600 more than of any years preceding.

As to the periodicals we are glad to gather from the report that there was, taken as a whole, a considerable increase in their number of subscribers during the year. And while commending again to the pastors and congregations, through the classes the time-honored Messenger, The Guardian, Child's Treasury and Sunshine. We recommend that the following be passed, that

WHERRAS, The Scholar's Quarterly and Primary Lesson Paper have fulfilled the expectations of the most sanguine and proven themselves invaluable helps to our Sunday Scholar themselves.

our Sunday School scholars, therefore,

Resolved, That the several classes of Synod be, and are hereby, requested to call the attention of their several schools to the latter, and urge upon all schools

to adopt them.

Item 2. We note with regret that the number of subscribers to the Reformed Quarterly Review has decreased during the past year. but commend most heartily the appointment by the Board of the Rev. J. M. Titzel, D. D., as co-editor of this valuable periodical.

In the book department it gives us great pleasure to note a decided improvement, and to more greatly encourage the Board.

Item 3. Resolved, that the several classes of Synod be, and are hereby, recommended to urge upon their several schools to give their patronage and undivided support to this particular branch of the Board's operations.

Item 4. And whereas the Board has overtured the Synods represented by them

Item 4. And whereas the Board has overtured the Synods represented by them to devote, each year, one collection among the several congregations for the use of the Board therefore,

Resolved, That pastors be, and are hereby, directed to devote, each year, one collection in each congregation for the use of the Publication Board. And in those congregations where the envelope system is in use that the interests of the Publication Board be made one of the objects of benevolence. These collections to be sent to the Synodical Treasurer for that purpose.

The clerk was ordered to publish two thousand copies of the Minutes of Synod and distribute them as usual.

Eli Sell,	Wm. Alshouse.

The Treasurer of Synod was instructed to secure the proper credit for the collection taken at the Synod of Greensburg and voted to the Mission at Washington, D. C. The Treasurer was also authorized to pay the expenses of the Board of Visitors to Theological Seminary hereafter.

# CONTINGENT FUND.

Elders S. C. Remsberg and C. H. Bicehouse were appointed to collect the usual fee for the contingent expenses of Synod. The committee reported in due time \$17 25 collected, and were ordered to pay the bill for printing tickets and to hand the remainder to Elder Jac. Brinker.

## ARTICLE XX.

# NOMINATION AND ELECTION OF BOARDS.

The Committee on Nominations reported. Their report was adopted, and the committee ordered to have one hundred tickets printed for Synod's use in the election. The election was made the order of the day for Monday, immediately after the opening of Synod. Revs. B. B. Ferer and F. B. Hahn were appointed tellers.
